*note $72 7000 586 or 6% of the contracts by number were not assigned by sector.

7.1 Contracts by Sector, by Region:

Africa:

*In Africa, by value, **Transport** dominated, with almost twice the [illegible] second-ranked sector, **Power**. **Industry** was the third-ranked sector, [illegible] very close fourth. Contracts in the **Transport Sector** more than [illegible] **in either the Industry or Education sectors**, however. When [illegible] contracts, on the other hand, rankings are altered. **Power** was first [illegible] **Transport** second with 65 contracts, and **Education** a close third with [illegible]*

Asia:

*In Asia, **Power** dominated in both number and value of contracts, with [illegible] contracts, followed by **Transport** with 19%, and **Education** with almost [illegible] **Power** contracts earned more than 5 times the value of contracts in the **Transport** [illegible] in turn earned more than 4 times the value of contracts in the **Education** [illegible]*

Latin America:
