### THE EASTERN LEAGUE.

New York, Nov. 29.—President P. T. Powers gives notice that the annual meeting of the Eastern League will be held at the Fifth-avenue Hotel on Wednesday, beginning at noon. The Board of Directors of the league will meet the same day and place at 10 a.m.

# VARSITY BEATS OSGOODE.

## Played Association Football for the Faculty Trophy.

**Legalites Had the First Look-in, but it Was their Only Goal—Play in the First Half Was Pretty Even and it Ended 2 to 1—Varsity's Second Victory for the Inter-Collegiate Championship—This Week's Rugby Program.**

The last match in the Inter-Collegiate Association football series was played off on Varsity lawn Saturday afternoon, and resulted in a complete victory for Varsity, though Osgoode succeeded in securing the first goal. There was a nominal entrance fee of 10 cents charged, and about 1000 took advantage to see the two crack college elevens compete for the Faculty Trophy.

During the first half the playing was very even, and it looked as though it might be anybody's game.

After some good passing between Hayes, Burns and Porter, the last-named made a quick dodge, a sure kick and a goal was chalked up to Osgoode's credit. Varsity began to hump, and in a few minutes after some hard forward work, Wrenn, for Varsity, evened up the score. Dan Sinclair tallied another for Varsity near the end of half-time, and this was all the scoring done in the first half.

On lining up for the second half, both teams pressed hard, but the legal lights soon began to weaken, and played ragged ball, allowing Wrenn and Patterson to each score a goal.

Varsity now holds the championship of the Inter-College League for the second time, having won it last year from Pedagogy.

For Osgoode, Burns, Brown, Porter and Merrick put up a good game, while Wrenn, Sinclair, French, McKinley and Jackson did the same for Varsity. The teams:

Varsity (4)—Goal, Armstrong; backs, Munroe, McKinley; halves, Jackson, Gibson, French; forwards, Sinclair, Wrenn, Patterson, Cooper and Dickson.

Osgoode Hall (1)—Goal, Brown; backs, Merrick, Little; halves, Elliott, Burns, Knox; forwards, Hay, Graham, Moss, Porter and Hayes.

Referee—W. S. McLay, B.A.

### COMMERCE 14, IMPERIAL 1.

A small crowd journeyed up to Rosedale Saturday and saw representatives of the Bank of Commerce and Imperial Bank battle on the Rugby field. The result was a victory for Commerce by 14 points to 1. The teams were as follows:

Imperial—Kavanagh, back; Francis, Cosby, Creelman, halves; Cartwright, quarter; Wilson, Nasmith, Whitley, Patterson, Wood, Temple, Watson, wings; Coulson, Thorne, Spragge, scrimmage.

Commerce—McMaster, back; Gower, Stevenson, Cowan, halves; Holmsted, quarter; Moss, Chisholm, Pemberton, Hoskins, Jones, Hedley, Winans, wings; Complin, Fitchell and C. Pemberton, scrimmage.

Referee—Billy Smith of the T.A.C.

### RUGBY AT VARSITY.

There will be a meeting of the Varsity Rugby Football Club in the Gymnasium this afternoon at 4.30 o'clock to elect officers for the coming year and to wind up all the business of the season.

All the week will be taken up with the inter-year matches for the Mulock Cup, in which a great deal of interest is taken. This afternoon the first two years in medicine will battle against the last two, and should make it hot for them, as the juniors have some strong men. The game is called for 2.30.

To-morrow afternoon the Theologs of Knox will go up against the Dentals. Knox has a strong team.

### FOOTBALL KICKS.

On Thanksgiving Day the Hurons of Toronto visited Stouffville and played the local club at Association football. Each side scored one goal.

The Crawford F.B.C. accept the offer of the Riverside F.B.C. to play on the Ball grounds next Saturday afternoon at 3 o'clock.

The Seaton Football Club defeated the T.H.S. in Rosedale on Saturday afternoon for the junior championship of the city. The score was close, being 2 to 4, honors being divided up evenly among the players. McGinn and Phipps' scrimmage work was not surpassed, while MacMillan, Trowbridge and Werrimer's combination work was not surpassed.

### OTTAWA V. PRINCETON IN '97.

Ottawa, Nov. 29.—(Special).—The students of Ottawa University are greatly disappointed to learn that they are not to have an international match this season with the Princeton team, the football champions of the United States. Arrangements have been made to have an international match played next season, both on Canadian and American grounds, consequently the college team intend to practice the American game as much as the Canadian game next season.

### A TIE FOR FIRST PLACE.

Hamilton, Nov. 29.—(Special)—Waterdown and St. Matthew's Association football teams are now tie for the league championship, the East End Rangers having defeated the St. Matthew eleven at Dundurn Park yesterday by a score of 1 to 0, and Burlington having defaulted to Waterdown on the latter's grounds.

### THE CLEVER KENSINGTONS.

On Saturday afternoon at the baseball grounds the Riversides beat the Kensingtons by 4 goals to 3. At half time the score was 3 to 1 in favor of the Kensingtons, but on crossing over the Riversides quickly put on 3 goals. The Kensingtons are all that their manager has claimed for them. They are a very evenly-balanced team and play a most gentlemanly and sportsmanlike game. It is extremely creditable to them to have put up such good play against the champion Riversides, in whose team several of the seniors were playing, although not in their regular places.

In a season or two, and with the additional weight which two years will give, the Kensingtons should make a brilliant team and help to make the competition in Association football interesting.

The monthly meeting of the R.C.Y.C. will be held to-night at 8 o'clock.

### PREPARE TO CHASE THE PUCK.

**Two More Teams Join the Toronto Junior Hockey League—The Officers.**

The fifth annual meeting of the Toronto Junior Hockey League was held Saturday night at Clancy's, there being in attendance: President R. G. Fitzgibbons in the chair, Vice-President W. G. Lilly, Treasurer W. H. Lamont and Representatives Jack and Willmott, Parkdale; Brown, Darling and Macdonald, U.C.C.; Edwards and Spence, Wellingtons, and G. C. Gale, Granites.

Officers were elected as follows: Patron, His Honor the Lieut-Governor; Hon. President, Senator Cox; President, A. A. Macdonald; Vice-President, W. B. Lilly; Secretary, F. R. Spence; Treasurer, W. H. Lamonte; Committee, Fitzgibbons, Gale, Darling and Jack.

T.A.C. and the Orients were admitted to membership. Parkdale changed its name to Old Orchard.

### HOCKEY POINTS.

The annual meeting of the Wellington Hockey Club will be held Friday at the T.A.C.

There will be a meeting of the T.A.C. Hockey Club in the club house, College-street, at 8 o'clock, to arrange matters for the coming season. All members interested are requested to attend.

The Lancaster Hockey Club of Cornwall has organized, with the following officers: Hon. presidents, Dr. A. Harkness, D. M. Macpherson, M.L.A., and Rev. A. Graham; president, A. D. Cameron, L.D.S.; vice-president, James McGillis; secretary-treasurer, D. J. Tobin; captain, J. S. Rayside, late of Queen's College; committee, A. Macdonald, John Harkness, J. A. McLean, J. A. Fraser and D. Macpherson. It was decided that an endeavor be made towards forming an Eastern District League of all clubs lying east of Brockville, to the province line, but, if possible, including Valleyfield and Huntingdon. Such a league would no doubt prove a great incentive toward booming the winter sport.

### THE GRANITE SKIPS.

The Granite Curling Club elected these skips Saturday night:

Ontario Tankard—George R. Hargraft, W. J. McMurtry.

City Trophy—George R. Hargraft, W. J. McMurtry, W. C. Matthews, C. C. Dalton, E. A. Badenach, O. F. Rice, T. G. Williamson, A. R. Creelman, W. A. Littlejohn, J. T. Hornibrook, C. N. Candee, D. L. Van Vlack.

### SHOT BLUE ROCKS, GOT TURKEYS.

The open matches of the Stanley Gun Club at the Woodbine on Saturday afternoon were under the management of W. McDowall and consisted of blue rock shoots, with turkeys as prizes. Five targets were shot in each event, and ties were usually settled in the following shoot. Most of the competitors succeeded in capturing one or more birds during the afternoon. The scores were as follows, winner's name first:

Shoot No. 1—W. Moore 5, W. Cox 5, J. Menzies 4, T. Lucas 4, H. Taylor 4, F. Roberts 4, J. Ramson 3.

Shoot No. 2—Moore 5, McDuff 5, Cox 4, James 4, Menzies 4, Bellamy 4, Edwards 3.

Shoot No. 5—McDuff 5, Roberts 5, Lucas 4, Hinnes 4, Tyler 3, Greenwood 3, James 3.

Shoot No. 6—McDuff 4, Cox 4, Wilton 4, Hinnes 4, Lucas 3, Edwards 3.

### THE MANCHESTER HANDICAP.

London, Nov. 28.—The Manchester November Handicap was won to-day by W. M. G. Singer's Telescope, J. T. Wood's Winkfield's Pride second and Murray Griffith's Sambre third. The final plate was won by W. R. Reid's Rosythe, C. Hibber's Mack Briggs second, and A. Belmont's Terpsichore II. third.

### SPORTING NOTES.

The second attempt to bring the big billiard players together in Chicago has failed. The entries to the tournament proposed by the manufacturing company, for which a purse of $5000 was offered, closed Saturday, and the project has fallen through, like its predecessor, the international tournament, by reason of Schaefer, Ives and Slosson having failed to enter.

Shadow Maber of Australia, who was recently in Toronto, and Billy Layton of New York, fought in Pine Bluff, Ark., Saturday night, for a purse of $250. Maber had the best of the fighting, but, as both men were on their feet at the end of the 15th round, the referee decided the fight a draw.

It is generally considered in New York that Dixon got the worst of the decision on Friday night, and the best Erne was entitled to was a draw. Dixon did all the leading. He will try and get on another fight with Erne. The Buffalo featherweight wants to meet Tommy White or Solly Smith.

Billy Plimmer and Sammy Kelly have been matched to fight at the Olympic Sporting Club, Birmingham, on March 2 next, for £200 a side and a purse of £400. Eddie Connolly of St. John, N.B., who on Tuesday last defeated Tom Causer, the English lightweight, at Birmingham, has challenged Dick Burge to fight for £500 a side in February.

The business of the company, as per its charter, will be buying, selling, operating, leasing, prospecting and developing mining properties in the Dominion of Canada and elsewhere. Also the buying and selling, as principals or agents, of the stocks, bonds, mortgages, deeds, etc., of mining corporations; also smelting, mining and assaying, etc., and any other business pertaining to the mining industry.

SUBMITTED BY..... MESSRS. LOWNSBROUGH & CO., Bankers and Brokers, 22 KING STREET EAST, TORONTO.

....PROSPECTUS....

This company is an Auxiliary Company of the COLORADO GOLD MINING & DEVELOPMENT COMPANY, and will be under the same management and conducted on the same lines as those which have made such a marked success of the parent company.

Owing to the violent objections made by many of the subscribers of the COLORADO GOLD MINING & DEVELOPMENT COMPANY to their names appearing as shareholders, none will be published by this company.

The Board of Directors, as it stands, is provisional and subject to ratification at the first stockholders' meeting, and at the same time the Board will be completed by the addition of two more directors selected from among the shareholders, as the majority decide.

THE KOOTENAY will operate in the Dominion of Canada exclusively and particularly in the Trail Creek district of British Columbia and the New Ontario gold fields. We have control of some of the best properties in these districts, but our especial attention at the present time will be given to taking up and actively developing the Southern Cross, Wolverine No. 2, and Iron Hill, owned by the Southern Cross and Wolverine Consolidated Gold Mining Company.

These properties adjoin the Crown Point, which, as everyone knows, is the most famous property in the South Belt. At the present time they have probably 200 or 300 tons of ore on the Crown Point ready to ship, which will average $58 per ton, also from 400 to 600 tons with an average value of $30 per ton.

The following is taken verbatim from the official report of William A. Carlyle, Provincial Mineralogist, to the Minister of Mines:

"South of the Crown Point grant are three claims, the Southern Cross, Wolverine No. 2, and Iron Hill, on the first of which is a Crown grant, owned by the Southern Cross and Wolverine Consolidated Gold Mining Company. On the Southern Cross are two open cuts and two tunnels, one 75 feet, the other 90 feet long, which are made in the very iron-stained diorite to develop a well-defined fissure, in which the ore in places widens out from nothing to two or three feet of solid sulphides. In the 90-foot, or working tunnel, at ten feet, is encountered what is probably the Crown Point dyke, down along which a winze was sunk 25 feet with two or three feet of low-grade pyrrhotite, copper pyrites, and blende, when water caused work to be stopped. On the Wolverine there is a large exposure of iron-stained rock with stringers of sulphides, but no work has been done yet to develop the conditions that may prevail."

These properties have been tendered us on such satisfactory terms that we believe we can accomplish our purpose and put them on a paying basis at an early date.

In nine months we succeeded in making the COLORADO GOLD MINING & DEVELOPMENT COMPANY a dividend-payer, and we think we can do equally as well, if not better, with the KOOTENAY EXPLORATION COMPANY, LIMITED, as the properties we have are of well-known merit, which need but proper development to make them among the best producers in their districts.

As we purchase only such properties as show an actual value, and will yield a return on the investment, and do not buy undeveloped "prospects," whose chief asset is "hope," the element of loss, so prominent in the average mining venture, is practically done away with. Then, too, the co-operation under our plan of so much capital would allow of failure after failure in our developments, and yet enable us to pay a handsome dividend if only one mine out of 20 proved good. The majority of miners have not sufficient means, nor are they in a position to procure necessary capital to develop their claims, even after their value has been successfully demonstrated, so that many of these properties can be purchased for figures which are nominal in comparison to their true value, and we expect to develop a large number of such properties.

You are not asked to subscribe for stock in a company having but one or two claims which cost but a few thousand dollars and were then capitalized at a million, a small part of which was sold at such a price that more than paid for all the claims, including development work, leaving the officers of the company with a majority of the stock at no cost to themselves.

Under our plan all stand on an equal basis, and you are entitled to your share of the profits from all properties now belonging to the Company, or that it may acquire, and your proportion will be in just such ratio as the amount you have invested, as no stock is set aside for an officer or director, except as it is subscribed and paid for, the same as by any other shareholder, and all are equal participants in the profits as their interests may appear.

This is worthy of your serious consideration, for until the COLORADO GOLD MINING AND DEVELOPMENT COMPANY was brought out never before did the small shareholder have an equal chance with the promoters of the company.

We have a large number of applications to develop, lease, buy and operate mining properties all over this country, some of them undeniably good. It is such, after careful examination by experts and engineers and approved by us, that we take up. Statistics say that 97 out of every 100 who enter business fail. Can you imagine any such number failing to secure gold by mining if they invested the same capital and applied the same thought and work in that line?

TEN THOUSAND DOLLARS INVESTED IN OBTAINING GOLD FROM A MINE DIRECT CAN PAY YOU MILLIONS!

When you become a shareholder in this company you are as much of a miner in proportion to your investment as though the title was vested in you direct, as every dollar goes for the promotion of the interests of the whole company.

OVER-CAPITALIZATION, WITH A LACK OF SUFFICIENT TREASURY STOCK TO PROVIDE FUNDS FOR PROPER DEVELOPMENT, RUINS MORE COMPANIES THAN ALL OTHER CAUSES COMBINED.

Every share of this company's stock is treasury stock, and ALL goes for development purposes, instead of nine-tenths of it remaining in the hands of the promoters at no cost to themselves, as has been done by the average mining company.

The profits from legitimate mining are enormous and the fluctuations in the value of stocks almost beyond belief.

LET US LOOK AT A FEW EXAMPLES:

The discovery of the Crown Point's Bonanza on the Comstock Lode advanced the price of its stock within a year from $2 a share to $1825 and lifted stock of Belcher, the adjoining mine, from $1.50 a share to $1525, then the capital stock was well "watered" and the price per share became proportionately less. During five years this mine paid out nearly $16,000,000 in dividends.

Alpha, another mine on the Comstock Lode, fluctuated between $3 and $1570 per share within five years, with many lesser changes during that time.

It is as certain as the sun shines that if the mines in British Columbia and other favored parts of the Dominion prove one-quarter part as good as experts and mining engineers report them to be that we shall see one of the greatest booms in mining properties this country has ever seen. Good, bad and indifferent will advance, but if the investor will be a little conservative and look into the scheme that is presented to him, studying its possibilities of profit, and going in at the beginning, he may rest assured that profits surely await him. A thousand per cent. profit over the actual cost is only a fair return in mining.

Already the original shareholders of the COLORADO GOLD MINING AND DEVELOPMENT COMPANY are deriving an income at the rate of 60 per cent. per annum. That company expects to double its present rate of dividends early in the new year and when the improvements, now under way, are completed, it will be four times the present amount.

We believe the KOOTENAY EXPLORATION COMPANY, LIMITED, will be equally successful, and invite you to join us, and should be pleased to receive your subscription for the number of shares desired. Price, 10c per share.

ONE HUNDRED AND FIFTY THOUSAND SHARES HAVE ALREADY BEEN TAKEN UP AT THIS PRICE.

Subscription books are now open at the office of LOWNSBROUGH & CO., bankers and brokers, 22 King-street east, Toronto, Ont., where J. GRANT LYMAN, Managing Director, will be pleased to receive your subscription. No certificate will be issued for less than 100 shares.

Shares are of the par value of $1, full paid and non-assessable, and subject to no further call.

Correspondence invited.
