For the Removal and Permanent Cure of all
NERVOUS DISEASES,
And of those Complaints which are caused by an impaired, weakened or unhealthy condition of the
NERVOUS SYSTEM.

This beautiful and convenient application of the mysterious powers of GALVANISM and MAGNETISM, has been pronounced by distinguished physicians, both in Europe and the United States, to be the *most valuable medicinal discovery of the Age.*

DR. CHRISTIE'S GALVANIC BELT
and
MAGNETIC FLUID,
is used with the most perfect and certain success in all cases of
GENERAL DEBILITY,
Strengthening the weakened body, giving tone to the various organs, and invigorating the entire system. Also in FITS, CRAMP, PARALYSIS and PALSY, DYSPEPSIA or INDIGESTION, RHEUMATISM, ACUTE and CHRONIC, GOUT, EPILEPSY, LUMBAGO, DEAFNESS, NERVOUS TREMORS, PALPITATION OF THE HEART, APOPLEXY, NEURALGIA, PAINS in the SIDE and CHEST, LIVER COMPLAINT, SPINAL COMPLAINT, and CURVATURE of the SPINE, HIP COMPLAINT, DISEASES of the KIDNEYS, DEFICIENCY OF NERVOUS and PHYSICAL ENERGY, and all NERVOUS DISEASES, which complaints arise from one simple cause—namely,

A Derangement of the Nervous System.

☞ In NERVOUS COMPLAINTS, Drugs and Medicines *increase the disease*, for they weaken the vital energies of the already prostrated system; while, under the strengthening, life-giving, vitalizing influence of Galvanism, as applied by this beautiful and wonderful discovery, the exhausted patient and weakened sufferer is restored to former health, strength, elasticity and vigor.

The great peculiarity and excellence of
Dr. Christie's Galvanic Curatives,
consists in the fact that they arrest and cure disease by *outward application*, in place of the usual mode of drugging and physicking the patient, till exhausted Nature sinks hopelessly under the infliction.

They strengthen the whole system, equalize the circulation of the blood, promote the secretions, and never do the slightest injury under any circumstances. Since their introduction in the United States, only three years since, more than

75,000 Persons

including all ages, classes and condition, among which were a large number of ladies, who are peculiarly subject to Nervous Complaints, have been
ENTIRELY AND PERMANENTLY CURED,
when all hope of relief had been given up, and everything else been tried in vain!

To illustrate the use of the GALVANIC BELT, suppose the case of a person afflicted with that bane of civilization, DYSPEPSIA, or any other Chronic or Nervous Disorder. In ordinary cases, stimulants are taken, which, by their action on the nerves and muscles of the stomach, afford *temporary* relief, but which leave the patient in a lower state, and with injured faculties, after the action thus excited has ceased. Now compare this with the effect resulting from the application of the GALVANIC BELT. Take a Dyspeptic sufferer, even in the worst symptoms of an attack, and simply tie the Belt around the body, using the Magnetic Fluid as directed. In a short period the insensible perspiration will act on the positive element of the Belt, thereby causing a Galvanic circulation which will pass on to the negative, and thence back again to the positive, thus keeping up a continuous Galvanic circulation throughout the system. Thus the most severe cases of DYSPEPSIA are PERMANENTLY CURED. A FEW DAYS IS AMPLY SUFFICIENT TO ERADICATE THE DISEASE OF YEARS.

CERTIFICATES AND TESTIMONIALS

"Truth is stranger than Fiction."
CURE OF
Rheumatism, Bronchitis and Dyspepsia.
REV. DR. LANDIS, A CLERGYMAN
of New Jersey, of distinguished attainments and exalted reputation:—
SIDNEY, New Jersey, July 12, 1848.

DR. A. H. CHRISTIE—Dear Sir: You wish to know of me what has been the result in my own case, of the application of THE GALVANIC BELT AND NECKLACE. My reply is as follows:

For about twenty years I had been suffering from Dyspepsia. [illegible] ... I determined to try the effect of the application of the GALVANIC BELT AND NECKLACE, with the MAGNETIC FLUID. This was in June, 1848. TO MY GREAT ASTONISHMENT, IN TWO DAYS MY DYSPEPSIA WAS GONE; IN EIGHT DAYS I WAS ENABLED TO RESUME MY PASTORAL LABORS, NOR HAVE I SINCE OMITTED A SINGLE SERVICE ON ACCOUNT OF THE BRONCHITIS; AND MY RHEUMATIC AFFECTION HAS ENTIRELY CEASED TO TROUBLE ME. Such is the wonderful and happy result of the experiment.

I have recommended the BELT and FLUID to many who have been likewise suffering from Neuralgic affections. They have tried them, WITH HAPPY RESULTS, I BELIEVE, IN EVERY CASE.

I am, dear sir, very respectfully yours,
ROBERT W. LANDIS.

DR. CHRISTIE'S
GALVANIC NECKLACE
Is used for all complaints affecting the Throat or Head, such as Bronchitis, Inflammation of the Throat, Nervous and Sick Headache, Dizziness of the Head, Neuralgia in the Face, Buzzing or Roaring in the Ears, Deafness, which is generally Nervous, and that distressing complaint, called Tic Doloreux.

DR. CHRISTIE'S
GALVANIC BRACELETS
Are found of vast service in cases of Convulsions or Fits, Spasmodic Complaints, and general Nervous Affections of the Head and upper extremities. Also in Palsy and Paralysis, and all diseases caused by a deficiency of power or Nervous Energy in the limbs or other organs of the body.

Tic Doloreux and Neuralgia.

These dreadful and agonizing complaints are immediately relieved by the application of the GALVANIC BELT, NECKLACE and FLUID. The Belt diffuses the Electricity through the system; the Necklace has a local effect, and the Fluid acts directly upon the affected nerves. In these distressing affections the application NEVER FAILS.

☞ No trouble or inconvenience attends the use of DR. CHRISTIE'S GALVANIC ARTICLES, and they may be worn by the most feeble and delicate, with perfect ease and safety. In many cases the sensation attending their use is highly pleasant and agreeable. They can be sent to any part of the country.

CRAMP AND PAIN KILLER.

THE MOST SUCCESSFUL REMEDY KNOWN
For the cure of all Rheumatic Affections—Pain in the Stomach, Back, Side or Limbs—Stitches in the Back, Side or Limbs—Cramp in the Limbs or Stomach—Darting Pains, Bilious Cholic, Dysentery and Diarrhœa, Colds and Sore Throat, all cases of Local Inflammation—Cuts, Wounds, Bruises, Headache, Toothache, Burns, Scalds, Frozen Limbs, &c. &c.

THIS wonderful Medicine has effected many truly surprising cures in some of the foregoing complaints. And we say no more than hundreds and thousands who have used it will assert, when we say there is no Medicine designed for that class of complaints, possessing more than a tythe of the power to relieve and cure as this.

We solicit particular attention to the fact that it does not contain a particle of *Opium* in any form. Neither does it contain *Camphor*.

It is free from any deleterious article, and cannot, in any supposable case, injure the patient.

It does not deaden the *Life Principle*, nor produce the burning, drying, parching sensations so much complained of in the use of other "Pain Killers."

It does not weaken the peristalic motion of the bowels, producing *Costiveness*, and its attendant evils, but is a promoter of digestion, and of proper and healthy action in the stomach and intestine canal.

IN ALL RHEUMATIC AFFECTIONS,
LOCAL PAINS, &c., it has proved *surprisingly* successful, rarely failing to cure, even in the most desperate and long standing cases. (See Certificate.) In these cases, the parts affected should be *freely* bathed, and then rubbed lightly, but briskly—not hard enough to hurt the patient, till an irritation is produced on the surface, and in severe cases the patient should take half a teaspoonful on sugar or molasses.

CRAMP IN THE STOMACH, OR BILIOUS CHOLIC.
We believe it will never fail to *speedily cure.* It should be a teaspoonful at a time, on sugar or molasses, or in any manner the patient can take it best, and the stomach and bowels freely bathed. And if in fifteen or twenty minutes the patient does not find relief, repeat the dose.

DYSENTERY OR DIARRHŒA
Are speedily and easily *cured* by it. It should be given a teaspoonful at a time, once in an hour or two, or oftener in severe cases, and bathe the stomach and bowels with the same.

EVEN THE CHOLERA,
Which during the past season has swept off such fearful numbers, has been cured by it, we believe in every case, where it has been early and faithfully applied. In Bangor, where it proved singularly fatal, it was found to yield to this remedy, and CURTIS & PERKINS' *CRAMP AND PAIN KILLER*, was the Medicine recommended by the first Physicians, and by the Press, as the first, the surest remedy to be used.

As a dressing for *Cuts, Wounds, Bruises, &c.*, it is without a rival. As also in cases of *Burns, Scalds, Frozes, &c.*,—relieving the *pain* and *healing* without scar.

FOR TOOTHACHE
It is, nine times out of ten, a *CURE.* We believe it will *never fail*, unless the tooth is ulcerated. If the tooth is hollow, saturate a little lint and put it in the cavity. Hold some of it in the mouth. If the face is swollen bathe with it.

Bathing the head with it is generally a cure for the *Headache.*

We are constantly receiving certificates from every part of the country, many of which may be seen in newspapers, and in pamphlets, which may be obtained of any of our agents.

P. S.—It is the best *HORSE AND OX LINIMENT* in the world.

Please read the following statement from John Bucknam, Esq., of Dixmont, Me.:—

—DIXMONT, July 11, 1848.

Messrs. Curtis & Perkins,—For two years past I have been entirely prostrated with the Rheumatism; both of my knees were swelled to twice their original size—a large bunch came out on my breast bone, appearing like a part of the bone thrown out. Another bone was thrown out of my wrist. In short, I endured the most excruciating pains for nearly three years. I obtained the best medical attendance the country afforded, and tried a great number of medicines and prescriptions, without the least benefit or alleviation, when I had the good fortune to procure a bottle of Cramp and Pain Killer, prepared by Messrs. Curtis & Perkins, of Bangor. Soon after taking it I found I could get some rest nights, and the pain became less violent. I have continued to take it and apply it externally, until I have used eight bottles. I took much larger quantities than was recommended.—The swelling has all gone down, both in my limbs and breast, and I am entirely relieved from pain. I have been able to do a good day's work at any time for the last three months, for a man of my age. No description of my case can convey the vast amount of benefit I have received from this article. I believe it is the best article in the world for Rheumatism. I have also used it for cholic and pain in the stomach, and always found immediate relief.

HEAR THE OPINION OF A PROFESSOR OF THE UNIVERSITY OF PENNSYLVANIA, WHICH WAS PUBLISHED IN THE MEDICAL JOURNAL, IN 1847.—In various local diseases I have tested the efficacy of *Dr. Sherwood's Embrocation* to my satisfaction. In Erysipelas, no matter where present, or of what description, he found the *Embrocation*, painted over the parts with a hair pencil brush, preferable to leeches, lotions, incisions, scarification or caustic. When pain and throbbing only existed, one or two applications of the Galvanic Embrocation cut short the disease, and, where suppuration had commenced, its repeated use, not only checked the progress of the disease, but caused the deposited matter to be absorbed. Not a single case of failure occurred when the Embrocation was applied before suppuration took place; and even then the pus was much less in quality than where poultices were used. In acute inflammation of the Joints, it was more efficacious than any of the ordinary local applications over the knee—if the skin be delicate, it may be applied, one half the strength, diluted with spirits of camphor, and the strength increased as required. When the hip is affected, the Galvanic Embrocation might be painted all around the upper part of the thigh and groin. In gout its application cuts short the attack, and in anomalous pains of the Joints, supposed to be gouty or rheumatic, its effects have been marked. In chronic inflammation and enlargement of the Joints, such as the hip and knee, the Embrocation is extensively employed over the parts, and the application is repeated once or twice a day, according as the case may require. In the ankle or wrist, when the enlargement is of old standing, the Galvanic Embrocation has never failed to cure. In scrofulous swellings of the glands, it either resolved the inflammation and caused absorption of the morbid deposits, or of limiting the formation of matter, and assisted in the cicatrization of the sore. In chilblains, Dr. Sherwood's Galvanic Embrocation is applied over the parts affected, and beyond the boundary of the surrounding inflammation. This must be repeated daily for some time, and the affected parts should be immersed every night in water as hot as can be borne. When the ulceration looks healthy, and the skin has lost its livid color, the Embrocation may be discontinued. In burns and scalds, it appears to act as in Erysipelas; when the integuments are not destroyed, although the cuticle may be in blisters, one or two applications of the Embrocation subdues the pain and redness, after which, the parts only require to be kept free from injury. Lastly—besides these affections, this remedy has been used in foul ulcers, scrofulous openings, gouty and rheumatic swellings of the small Joints, from thickening of their ligaments, malignant warts, [illegible] the stinging of wasps, diseases of the spine, united fractures, dissection and wounds. In Glotre, Dr. Sherwood's Galvanic Embrocation is a perfect remedy. The parts should be bathed every day, well rubbed with the [illegible].

As to the efficacy of Dr. Sherwood's Galvanic Embrocation in nervous diseases, the testimony borne by many eminent Physicians would be conclusive. It has removed Paralysis and Epilepsy. This Embrocation enters, as we have seen, the mass of blood, modify the condition of that fluid, and in this manner exert a new impression upon the capillaries of the diseased portions of the several system. We have often employed the Embrocation in all these cases with success, and similar testimony has been afforded by Physicians. In several cases of chronic diseases of the Liver, attended with Jaundice, Dr. Milligan found the Embrocation to produce a good effect; also, in Hypertrophy or enlargement of the Spleen, the Embrocation was applied over the region of the Liver and Spleen every day with decided advantage. Nocturnal pains in the bones, and diseases of the bones have likewise been particularly benefitted by the use of Sherwood's Embrocation, and the diseases have always yielded to this remedy, when all others have failed. When applied over the parts affected, in Bronchitis, and all affections of the lungs and chest, we have found the diseases to yield by a few applications. The Embrocation should be applied about the neck and chest, during the paroxysm of coughing, and immediate relief will be obtained.

In Chronic Fluor Albus, this Galvanic Embrocation is a reliable remedy. A young female had long suffered under this affection, which had reduced her strength, and did not yield to any of the means that had been employed, when the Embrocation was rubbed, morning and evening, on the inner surface of the thighs; after this plan had been continued for a few weeks the disease entirely ceased and disappeared. 297

Next to gold, perhaps the most wonderful and really most useful, is the "Soap Plant," which the natives use for washing themselves. It has lately undergone a series of scientific investigations, and the result is, that the saponaceous elements of the plant form the basis of "Bogle's Amole Shaving Compound," and thus the use of alkali, so destructive to the skin, is avoided. Its vegetable and detergent properties have the purest and most nourishing effect on the skin. It soothes and allays irritation; has a fine, thick, creamy lather, which does not dry on the face, and renders it altogether a luxury to be shaved with this soap, and as it is warranted the best article in use for shaving, the money will be refunded in all cases where it does not give entire satisfaction. JOY TO THE BED-RIDDEN.

A VALUABLE DISCOVERY FOR
THE INSTANT CURE OF PAIN.

RADWAY'S READY RELIEF
Cures the worst diseases in Minutes and Hours, and stops the most cruel pangs of pain in Seconds.

SO quick and efficient is RADWAY'S READY RELIEF, in stopping pain and curing disease, that it has frequently raised the diseased and helpless invalid from a bed of sickness in a few hours. It has frequently cured the worst pains of—

Rheumatism	In four hours.
Neuralgia	In twenty minutes.
Tic Doloreux	In ten minutes.
Toothache	In three seconds.
Nervous Headache	In fifteen minutes.
Sore Stomach	In five minutes.
Heart-Burn	In five minutes.
Bowel Complaints	In thirty-five minutes.
Cramps and Spasms	In twenty-five minutes.
Diarrhœa	In one hour.
Inflammation of the Bowels	In thirty minutes.
Local Inflammations	In ten minutes.
Influenza	In twelve hours.
Rheumatism	In ten hours.

Spinal Complaints, Swellings, Bruises, Sores, Wounds, &c. it will remove ten times quicker than any other remedy in use.

LET THOSE WHO SUFFER TRY IT!

It will prove itself in a few minutes. As soon as it is taken internally, or applied externally, its beneficial effects are seen. It is better than all other Remedies.

HERE IS THE PROOF

There is no other remedy that claims to subdue the cruel pangs of pain in seconds, minutes, or even hours. They require the patient to use dose after dose before a favorable change is produced. Not so with Radway's Ready Relief. Its effects are instantaneous; the first dose that is taken, or the first external application, commences its great work of relief from pain.

BEAR IN MIND,
That Radway's Ready Relief will cure either of the above-mentioned Diseases in one-tenth the time it takes any other Remedy to give even Partial Relief.

TAKING COLD.

This sentence is constantly in the mouth of every person, in order to explain certain complaints. Those who use it often, we think, have but a faint idea of its precise meaning. We will offer an explanation, which we believe to be the opinion of a majority of the most learned physicians. A person, for instance, has been over exerting any particular set of muscles—of the throat, from violent speaking—of the loins, by too much stooping or bending, or those or any other part of the body; these parts or muscles are, consequently, weakened and relaxed, and become a fair prey for any disease. The person who has been thus acting, accidentally or otherwise, exposes himself to the cold air, the perspiration immediately ceases, and the blood, which had been but just now circulating rapidly throughout the surface of the body, is repelled inwardly, and is sure to settle in those parts which have been previously wearied and relaxed. Here, then, we have an accumulation of blood, a congestion, which gives rise to all the pain and stiffness attendant upon such complaint. When this takes place in the throat, we have what is called Sore Throat; when in the loins, Lumbago or Stiff Back; when in the chest, Pleurisy. We also have it in the shoulder-blade, side, and other parts.

RADWAY'S READY RELIEF,
Taken Internally and applied Externally.

Its first action, when freely applied, is to blunt the acute sensibilities of the nerves, and almost instantly relieves the pain; its secondary action is to excite perspiration, and redden the parts over which it is applied almost to a glow, thereby determining the blood from the injured parts to the surface. In these cases, the READY RELIEF should be applied freely, at the same time rubbing the parts with a piece of flannel, and it will be found in every case to give immediate and permanent relief.

N.B.—If convenient, a piece of flannel saturated with the RELIEF, and tied or pinned around the parts, does good service.

A BAD COUGH CURED IN TEN MINUTES.

Mr. Rigdon, of Brooklyn, the celebrated Church Singer and Organ-Player, on the night of the 10th of December was attacked with a severe fit of coughing—so that he coughed from 9 o'clock until 12 o'clock, P. M., without three minutes intermission. One of the Clerks of Radway & Co., who sleeps in the next room, got up and gave him a tea-spoonful of the Relief internally, and bathed his throat, neck, and chest; he also saturated a piece of flannel with the Relief, and laid it over his chest. In a few seconds the coughing ceased, he could expectorate freely, and raised with perfect ease a great quantity of phlegm. The Relief instantly soothed the irritation of the throat, and removed the inflammation from the lungs, and gave free action to them, produced a free and copious perspiration of the throat and chest; and in ten minutes he was entirely free from pain, and sunk into a sound and pleasant sleep. In the morning he was free from hoarseness and cough, and has not been troubled since. Let every individual who is troubled with a cough, sore throat, influenza, or hoarseness, pursue the same plan, and we will warrant them a speedy cure.

LAMENESS.

If you have a stiff joint, a wrenched limb, a swelled leg, a bruise, or any thing short of a broken bone, Radway's Ready Relief will cure you. The lame have been restored to the free use of their limbs by a few applications of the Relief. The cripple, who has limped from spot to spot upon his crutch, has been relieved of his painful afflictions, and enabled to stand erect, as God designed that Man should stand, by a few times using the Relief.

THE RHEUMATIC,
Who has been bed-ridden for years, shut out from the busy world, and lingered with pain upon a couch of sickness, deprived of the society of friends, and of the pleasures of life, has been raised *from a lingering death* by the soothing, healing, and pain-relieving influences of Radway's Ready Relief. In all cases of Rheumatism—even the worst cases—one trial of Radway's Ready Relief will prove its superiority over all other remedies in use.

BLEEDING AND BLIND PILES,
Are instantly eased, taking the Ready Relief internally—say a tea-spoonful of the Relief in a table-spoonful of Molasses, and make a Cream of the Relief, by adding to it Sweet Oil, and anoint the parts affected. If the sores are very bad, take a leaf of tobacco, dip it in warm water, then wet it with the Relief, and lay it on the sores, you will have immediate relief and a speedy cure.

AGE VERSUS YOUTH.

Radway's Ready Relief renews the vigor of youth in old age. The old man of seventy is invigorated by its strengthening and exhilerating effects; it arouses the vital energies to life—the heavy and languid motion of the functions of the body is quickened to a healthy action—and the hitherto dull and moapish old man becomes active and vigorous in old age, and his life prolonged to the full number of his days.

FOR ALL PAINS,
Whether internal or external, take Radway's Relief, or apply it externally, it will relieve pain and cure disease quicker than any remedy in use.

RHEUMATISM CURED IN TWO HOURS.

Mr. Jones, of Clifton, Va., writes:—A lady in this place has been confined to her room for four months with Rheumatism; she purchased a bottle of Radway's Ready Relief—in two hours she was able to leave the room, and in the evening she walked out.

ST. LEON AND CAXTON SPRINGS.

MONTREAL, June 3, 1850.

For the past twelve months I have frequently recommended the Waters of the St. Leon and Caxton Springs and have formed a favorable opinion of their efficiency as aperients in various derangements and diseases. I have found both Waters well adapted, in the generality of cases, for accomplishing all the purposes of the ordinary saline aperient draughts, over which their tonic and alterative ingredients give them, for continued use, a superiority.

Dr. SHERWOOD'S
GALVANIC
EMBROCATION
NEW YORK.

THIS GALVANIC EMBROCATION is an unparalleled remedy for the Cure of Rheumatism, Acute or Chronic, seated in the Head, Joints or Limbs, Tic Doloureux and Gout, in its worst forms, Palsy, Fits, Scrofula or King's Evil, Spinal and Hip Complaints, Stiffness of the Joints, Lumbago, Neuralgia, Chilblains, Fever Sores, Salt Rheum, Ring Worms, White Swellings, Diseases of the Skin, Erysipelas, Goitre or Thick Neck. It is likewise highly recommended in the most confirmed cases of Scrofula and Scrofulous Affections of the Neck, Affections of the Spine, Mercurial Affections, &c. &c. &c.

It is now generally admitted, by the learned and scientific, that the mysterious power called Galvanism or Magnetism is in fact the principle of Vitality or Life, and that diseases, many of the most painful forms, is entirely owing to the absence of this Galvanic or Magnetic power in its healthy proportions. If, then, we can readily supply this wondrous power, when it is thus deficient, we can successfully combat disease; and this has been fully and perfectly attained by this most successful scientific discovery, of combining Magnetism or Galvanism with a Fluid which has cost the inventor of this remedy years of study and labor.

There is not an intelligent Physician, who has kept pace with the progress of science, that does not readily approve of the use of the Magnetic power in various diseases, and there is scarcely a Medical Journal, either in this country or Europe, which makes its appearance, without the statement of various cases showing some new effects of these wonderful agents, or corroborating previous experience of their beneficial use. The inventor of the Galvanic Embrocation has great pleasure in being able to state, that a majority of the most distinguished Physicians of New York constantly recommend this Embrocation in their practice, and from many of them he has received the kindest testimonials of approval and commendation.

ON THE INFIRMITIES OF YOUTH & MATURITY.
Just Published, 40th Edition, and may be had in French and English, in Sealed Envelope, 2s. 6d. Sterling.

SELF-PRESERVATION;

A MEDICAL TREATISE ON THE PHYSIOLOGY of MARRIAGE, and DISORDERS OF YOUTH and MATURITY, usually acquired at an early period of life, which enervate the Physical and Mental powers, diminish and enfeeble the natural feelings, and exhaust the energies of Manhood—with practical Observations on the Treatment of Nervous Debility and Indigestion, whether arising from these causes, close study, or the influence of Tropical Climates; Local and Constitutional Weakness, Syphilis, and all Diseases and Derangements resulting from Indiscretion—with Forty Colored Engravings, illustrating the Anatomy, Physiology, and Diseases of the Reproductive Organs, explaining their structures, uses and functions, and the various injuries that are produced in them.

BY SAMUEL LA'MERT, M. D.,
No. 37, Bedford Square, London,
Doctor of Medicine, Matriculated Member of the University of Edinburgh, Licentiate of Apothecaries' Hall, London, Honorary Member of the London Hospital Medical Society, &c.

This Work contains an accurate and complete account of the Anatomy and Physiology of the Reproductive Organs, and of their relative conditions in health and disease. Nor are these the sole contents of the Work: the means of escape, as well as the nature of the danger, are pointed out in clear and intelligible language. It scarcely requires the closest attention and study, for what subject can be of more importance than the preservation of health, and of the physical capabilities of which every man should be possessed. It unfortunately happens that the unhappy victim of excessive indulgence and vicious habits, whether acquired in early life, or from the follies of advanced age, while suffering from their inevitable consequences, unwisely entertains a fear of applying to a qualified physician for relief. Shame and the dread so frequently, but erroneously, entertained, that these complaints are beyond the reach of art, alike restrict him, and prevent the seeking for assistance where alone it can be procured. In acting thus, he forgets that accurate discrimination in ascertaining the causes of disease, sympathy with the sufferer, and, above all, secrecy, invariably characterize the intelligent and practical physician, and to the medical man, who can shew by his possession of the requisite legal qualification, that he is entitled to esteem and respect in his professional pursuits, the utmost confidence should be extended. DR. LA'MERT has obtained the highest medical honors, as his diplomas testify, and the great extent of his practice for many years, is a guarantee for his professional experience, which has reference almost solely to the treatment of these diseases.

IMPORTANT TESTIMONIALS.

Copy of a Letter from "Colonel Hawker," (the well-known Author on "Guns and Shooting.")

LONGPARISH HOUSE, NEAR WHITCHURCH, Hants, October 21, 1846.

SIR,—I cannot resist informing you of the extraordinary effect I have experienced by taking only a few of your LOZENGES. I had a cough for several weeks, that defied all that had been prescribed for me; and yet I got completely rid of it by taking about half a small box of your Lozenges, which I find are the only ones that relieve the cough without deranging the stomach or digestive organs.

I am, Sir, your humble servant,
P. HAWKER.

To Mr. KEATING, 79, St. Paul's Church Yard.

WILLIAM STREET, EAST INDIA ROAD, Poplar New Town, Nov. 3, 1849.

SIR,—I conceive that it is merely the manifestation of a proper sympathy for the afflicted, by informing you of the very decided and extraordinary relief which I have obtained from the use of your Cough Lozenges. I have for the last four years been afflicted with a distressing cough, with a difficulty of breathing. Accidentally hearing of your Cough Lozenges, I purchased a 2s. 9d. tin of your Agent, Mr. Kernot, Medical Institution, Chrisp Street, Poplar New Town, by which I am now perfectly cured, and beg to return many thanks, and am,

Sir, your obedient servant,
THOS. KEATING, Esq. CHARLES WOOD.

ELEGANT AND INVALUABLE
ARTICLES FOR THE TOILET.

BOGLE'S HYPERION FLUID,
FOR RESTORING PRESERVING, AND EMBELLISHING THE HAIR.

The following Certificate, from Dr. Winslow Lewis, one of the most eminent Physicians of Boston, will show the estimation in which it is held by the scientific and learned, being one only of many such certificates:

BOSTON, Feb. 18, 1847.

Mr. WM. BOGLE,—Sir,—The preparation invented by you for the hair, has been extensively used in my family, and they give it the decided preference over all other compositions of the kind. It invigorates and beautifies the hair, and cleans the skin of all impurities, without producing any ultimate deleterious effects, which are so frequently the result of many well-known puffed compounds.

WINSLOW LEWIS.

It is an indispensable article for the Ladies, as it keeps the hair in place and curl, and the skin or parting of the hair free from dandruff and scurf. For children, it lays the foundation of a good head of hair.

BOGLE'S AMOLE,
A COMPOUND FOR SHAVING.

This delightful article is totally different and far superior to anything yet invented for shaving. The base of it is derived from the Amole, or "soap plant," of California, and used by the natives of that country for washing. It [illegible] ... avoided. Its vegetable and detergent properties have the purest and most nourishing effects on the skin,—it soothes and allays irritation, and has a fine, thick, creamy lather, which does not dry on the face. It is a decided luxury to be shaved with this incomparable soap. It is done up in elegant style, calculated either for the dressing case of the "rough and ready" traveller, or the toilet of the most fastidious connoisseur.

BALDNESS CURED.

The following is from Sumner F. Barrett, Somerset Street, East Boston.

EAST BOSTON, Feb. 8, 1847.

Mr. William Bogle,—Dear Sir: For several years past, my head has been troubled with baldness on the Crown of the head, about six or eight inches in circumference. After repeated failures of other so-called remedies, and by the advice of friends, she was induced to use your Hyperion, for a while, and I am happy to say that its effect has been to cause the hair to grow all over the part affected. She has used only two bottles, and the hair is growing finely; and I would say it cleaner and more regular. I am convinced that the growth of the hair would have been accelerated. I am, Sir, yours respectfully, SUMNER F. BARRETT.

BOGLE'S HEBEAIONA,
FOR REFRESHING AND BEAUTIFYING THE COMPLEXION,

Eradicating Tan, Pimples, and other eruptions of the skin, and rendering it fair, delicate, and blooming. It is equally efficacious in protecting the skin from the hot suns of summer, and freezing blasts of winter, and is the most fragrant and delicious article to be found at the toilet of fashion.

All the above articles have stood the test of the strictest investigation, and are WARRANTED superior to anything yet invented.

LONGLEY'S GREAT WESTERN INDIAN PANACEA.

2. For Asthma, Liver Complaint, and Bilious Affections.
3. For Diarrhœa, Indigestion, and Loss of Appetite.
4. For Costiveness in females and males, and Nervous Complaints.
5. For Stomach Affections, Dyspepsia, Piles, Rheumatism, &c. The great points are, it is not bad to take, never gives pain, and never leaves one costive.

☞ Dyspepsia and Liver Complaint cured, and all Bilious and Malignant Fevers prevented, in every case, by the use of Longley's Great Western Indian Panacea, warranted to cure the most severe cases of the above Complaints. Loss of Appetite, Bilious Affections, and Indigestion, are permanently cured by its use. The great advantage is, it is not bad to take; it does not leave the bowels costive, and never gives pain in its operations. This panacea will remove all the bad bile from the stomach, and give tone to the system, and keeps off all attacks of malignant fevers. If the stomach is in a healthy state, and the pores of the skin are open, so as to admit of free exhalation from the body, there can be no attack of fever. This office the Panacea will positively perform, and we recommend all to try this article if they wish to ensure health during the year. As a family medicine, it is unparalleled for Coughs, Colds, and all Diseases of the Blood, and Kidney and Scrofula Complaints.

TO THE LADIES.

THE GENUINE BALM OF COLUMBIA FOR RESTORING THE HAIR.

"Long hair is a glory to woman," says Paul,
And all feel the truth of the pious quotation;
Preserve it then, ladies—your glory may fall,
Unless you protect it with this preparation.

If you wish a rich, luxuriant head of hair, free from dandruff and scurf, do not fail to procure the genuine Balm of Columbia. In cases of baldness, it will more than exceed your expectations. Many who have lost their hair for twenty years, have had it restored to its original perfection by the use of this balm. Age, state, or condition, appears to be no obstacle whatever; it also causes the fluid to flow with which the delicate hair tubes is filled, by which means thousands (whose hair was gray as the Asiatic eagle) have had their hair restored to its natural color by this invaluable remedy. In all cases of fever it will be found the most pleasant wash that can be used.—A few applications only are necessary to keep the hair from falling out. It strengthens the roots, it never fails to impart a rich glossy appearance, and as a perfume for the toilet it is unequalled. It holds three times as much as other miscalled hair restoratives, and is more effectual.

☞ CAUTION.—Never buy it unless you find the name of Comstock & Co., Proprietors, on the wrapper of each bottle, or you are cheated with a counterfeit article.

PLANTAGENET WATER.

Among the objects of attraction at the late Industrial Fair, the celebrated Plantagenet Water held a conspicuous position, and its exhibition was attended, we learn, with the most favorable results. The demand at the Depot for this health-restoring draught was so great, that it was with great difficulty strangers and visitors to the city could be supplied. The celebrity of these Mineral Springs has been so thoroughly and satisfactorily established that testimony of the most valuable character seems daily accumulating. The highly respectable certificates given in our paper of to-day will, if possible, increase their reputation, and add to their value throughout the Province. The testimony of the medical gentlemen is certainly highly favorable to the character and quality of these Springs—Drs. Nelson and Gibb placing them above all other Mineral waters on this Continent:—

"I believe I was one of the first Practitioners of the city who recommended the use of the Plantagenet Spring Water, and since that time I have prescribed it to a very large number of my patients with invariable advantage.

"Two members of my family, of feeble and delicate constitutions, have derived marked benefit from the use of the Water. One had nearly lost all power in the right arm, the result of a severe and protracted attack of Rheumatism; the other was excessively debilitated from derangement of the digestive and urinary organs.

"The aperient properties of the Water is admirably suited to the happiest results in constipation, arising from sedentary habits, and in aged persons.

"In heartburn, acidity, sickness, and the other complaints to which dyspeptic persons are subject, [illegible] ... these derangements as well as where there is over action of the kidneys and bowels, it should be taken in smaller quantities at a time, but more frequently.

"From an extended experience I am well satisfied with the operation of the Water as to speak, taking it in quite palatable, and I deem it preferable to any other of the Mineral Waters I am acquainted with. I look upon many of the Mineral Waters as a great boon conferred by Providence on mankind.

"WM. NELSON, M. D., V. R. Col.,
"Phy. & Sur., Canada East."

"Many months experience in the use of the Plantagenet Water in my practice, have fully convinced me of their value as a remedial agent, and I have not had reason on any single occasion to regret their use. I find that they operate [illegible] ... as a gentle aperient and mild tonic, and that their operation, they possess, in addition, decidedly tonic properties.

"Certainly, too much has not been said in their favor, for they are, probably, the most valuable Waters on the Continent.

"GEORGE D. GIBB, M. D.,
"Licentiate Royal College of Surgeons, Ireland,
"Physician to the Montreal Dispensary.
"Montreal, 5th August, 1850."

The following certificate is from the Hon. Peter McGill, a Member of the Legislative Council of the Province and President of the Bank of Montreal:—

"CHARLES LAROCQUE, Esq.

"SIR,—Having during the year past, used the Plantagenet Water, so well known and so highly commended to public favor by many of our most eminent Medical Practitioners, I can bear testimony to its salutary effects on my own, [illegible] ... The value of this water has been generally acknowledged in this community, and my own experience of its excellent qualities, fully warrants me in giving my testimony to its beneficial effects.

MOFFAT'S

Life Pills and Phœnix Bitters.

These Medicines have now been before the public for a period of FIFTEEN YEARS, and during that time have maintained a high character in almost every part of the globe for their extraordinary and immediate power of restoring perfect health to persons suffering under nearly every kind of disease to which the human frame is liable.

IN MANY THOUSANDS

of certificated instances, they have even rescued sufferers from the very verge of an untimely grave, after all the deceptive nostrums of the day had utterly failed; and to many thousands they have permanently secured that uniform enjoyment of health, without which life itself is but a partial blessing. So great, indeed, has their efficacy invariably and infallibly proved, that it has appeared scarcely less than miraculous to those who were unacquainted with the beautifully philosophical principles upon which they are compounded, and upon which they consequently act. It was to their manifest and sensible action in purifying the springs and channels of life, and enduing them with renewed tone and vigor, that they were indebted for their name.

Unlike the host of pernicious quackeries which boast of vegetable ingredients, the LIFE MEDICINES are purely and solely vegetable; and contain neither Mercury, nor Antimony, nor Arsenic, nor any other mineral, in any form whatever. They are entirely composed of extracts from rare and powerful plants, the virtues of which, though long known to several Indian tribes, and recently to some eminent pharmaceutical chemists, are altogether unknown to the ignorant pretenders to medical science; and were never before administered in so happily efficacious a combination.

The first operation is to loosen from the coats of the stomach and bowels the various impurities and crudities constantly settling round them; and to remove the hardened fæces which collect in the convolutions of the small intestines. Other medicines only partially cleanse these, and leave such collected masses behind to produce habitual Costiveness, with all its train of evils, or sudden Diarrhœa, with its imminent dangers. This fact is well known to all regular anatomists who examine the human bowels after death; and hence the prejudice of these well informed men against the quack medicines of the age. The second effect of the VEGETABLE LIFE MEDICINES is to cleanse the kidneys and the bladder, and, by this means, the liver and lungs, the healthful action of which entirely depends upon the regularity of the urinary organs. The blood, which takes its red color from the agency of the liver and lungs, before it passes into the heart, being thus purified by them, and nourished by food coming from a clean stomach, courses freely through the veins, renews every part of the system, and triumphantly mounts the banner of health in the blooming cheek.

The following are among the distressing variety of human diseases in which the VEGETABLE LIFE MEDICINES are well known to be infallible:

DYSPEPSIA, by thoroughly cleansing the first and second stomachs, and creating a flow of pure healthy bile, instead of the stale and acrid kind; FLATULENCY, *Loss of Appetite, Heartburn, Headache, Restlessness, Ill-temper, Anxiety, Languor*, and *Melancholy*, which are the general symptoms of Dyspepsia, will vanish, as a natural consequence of its cure.

Costiveness, by cleansing the whole length of the intestines with a solvent process, and without violence; all violent purges leave the bowels costive within two days.

Diarrhœa and Cholera, by removing the sharp acrid fluids by which these complaints are occasioned, and by promoting the lubricative secretion of the mucous membrane.

Fevers of all kinds, by restoring the blood to a regular circulation, through the process of perspiration in such cases, and the thorough solution of all intestinal obstruction in others.

The LIFE MEDICINES have been known to cure RHEUMATISM permanently in three weeks, and GOUT in half that time, by removing local inflammation from the muscles and ligaments of the joints.

Dropsies of all kinds, by freeing and strengthening the kidneys and bladder; they operate most delightfully on these important organs, and hence have ever been found a certain remedy for the worst cases of GRAVEL.

Also Worms, by dislodging from the turnings of the bowels the slimy matter to which these creatures adhere.

Asthma and Consumption, by relieving the air-vessels of the lungs from the mucous which even slight colds will occasion, and which, if not removed, becomes hardened, and produces these dreadful diseases.

Scurvy, Ulcers, and Inveterate Sores, by the perfect purity which these LIFE MEDICINES give to the blood, and all the humors.

Scorbutic Eruptions and Bad Complexions, by their alterative effect upon the fluids that feed the skin, and the morbid state of which occasions all eruptive complaints, sallow, cloudy, and other disagreeable complexions.

The use of these Pills for a very short time will effect an entire cure of SALT RHEUM, and a striking improvement in the clearness of the skin. COMMON COLDS and INFLUENZA will always be cured by one dose, or by two even in the worst cases.

PILES. As a remedy for this most distressing and obstinate malady, the VEGETABLE LIFE MEDICINES deserve a distinct and emphatic recommendation. It is well known to hundreds in this city, that the former proprietor of these valuable Medicines was himself afflicted with this complaint for upwards of THIRTY-FIVE YEARS; and that he tried in vain every remedy prescribed within the whole compass of the Materia Medica. He however at length tried the Medicine which is now offered to the public, and he was cured in a very short time, after his recovery had been pronounced not only improbable, but absolutely impossible, by any human means.

FEVER AND AGUE.

For this scourge of the western country these Medicines will be found a safe, speedy, and certain remedy. Other medicines leave the system subject to a return of the disease—a cure by these medicines is permanent—TRY THEM, BE SATISFIED, AND BE CURED.

Billous Fevers and Liver Complaints. General Debility, Loss of Appetite, and DISEASES OF FEMALES—these medicines have been used with the most beneficial results in cases of this description:—King's Evil, and Scrofula, in its worst forms, yields to the mild yet powerful action of these remarkable Medicines. Night Sweats, Nervous Debility, Nervous Complaints of all kinds, Palpitation of the Heart, Painters' Colic, are speedily cured.

MERCURIAL DISEASES.

Persons whose constitutions have become impaired by the injudicious use of Mercury, will find these Medicines a perfect cure, as they never fail to eradicate from the system all the effects of Mercury infinitely sooner than the most powerful preparations of Sarsaparilla. A single trial will place them beyond the reach of competition, in the estimation of every patient.

BE CAREFUL OF COUNTERFEITS.

Several have lately been discovered, and their nefarious authors arrested, both in the city of New York and abroad.
