MARKETS AND EXCHANGES.

Dull Exchanges—Washington's Birthday Prevents Receipts of American Markets.

SATURDAY, Feb. 22.

On the stock exchange this morning here was a fair trade done. Sellers of Montreal conceded ¼. Ontario was stronger, sellers advancing 1 and buyers increasing their bids ¼. Molson's was wanted at ½ increase. Standard went up ½ all round, and a few shares changed hands at 140. Northwest Land Company was active at about yesterday's figures. Canada Permanent is still wanted at 201½, and Union bids increased ½ with no sellers. B. & L. sellers raised ½ and although buyers offered ½ better than yesterday there were no transactions. A brisk enquiry for London and Canada at ½ increase resulted in the sale of 300 shares at 134½. Ontario Industrial was wanted at 117, an advance of 1. Total transactions 680 shares.

THE STREET MARKET.

Fair sleighing resulted in larger deliveries of grain to-day.

Wheat—Over 500 bushels brought in, with steadier prices. White fall is worth 87c, red 84c to 85c, spring 81c to 82c, and goose 65c.

Barley—3100 bushels at 38c to 45c.

Oats—The market is easier, with sales of 700 bushels at 30½c to 32c.

Peas—Quiet, with sales of 200 bushels at 54c to 56c.

Hay—The supply continues larger, between 35 and 40 loads being marketed. There was a weak demand, however, and only two loads brought $12.50; the average may be quoted at $9 to $11 for timothy and $7 to $8 for clover.

Straw—Eight loads sold at $6.50 to $7.

Dressed hogs—Although the offerings were large, all brought in found purchasers at $5.50 to $5.70 for heavy and $5.75 to $6.25 for choice lights.

IN BUTTER THERE IS A GOOD DEMAND for choice in rolls or tubs, it being quite scarce. We look for a little higher prices for both. Eggs are now steady at 15c for fresh. Consignments of above solicited. We have for sale choice butter in tubs, pails, crocks and rolls, choice cheese from the County of Halliburton, Canadian and American lard, a car of fine potatoes, for which we solicit your orders.

YOUNG, ANDREWS & Co.

ST. LAWRENCE MARKET.

As usual on Saturday the market was thronged with farmers' sleighs to-day. Choice roll butter is still worth 20c to 22c, with 25c paid in a few instances. Large rolls are quoted at 16c to 18c. Fresh eggs remain unchanged at 25c. per dozen. The gradual disappearance of poultry from the market has enhanced prices and dealers are firm, preferring to hold their stocks to selling at a reduction. Turkeys bring 12c to 15c per pound, geese 8c to 10c, ducks 90c to $1.25 per pair and chickens 60c to 80c per pair.

Lamb and veal are both scarce with higher prices than those ruling a week ago; the former sells at 9c to 11c and beef at 8c to 10c. Beef continues to be marketed in abundant quantities while prices are steady, hindquarters bringing 5½c to 7c and forequarters 2c to 5½c. There was a liberal offering of vegetables. Potatoes are worth 60c to 65c by the load, and 65c to 70c single bag; carrots 35c to 40c a bag; turnips 30c to 35c; parsnips 50c per bag; onions $1.10 to $1.20; cabbages per dozen 40c to 50c; beets per bag 75c to 85c; parsley per dozen 15c to 20c; apples per barrel $2 to $3; rhubarb per bunch 15c to 20c; lettuce per dozen 40c to 50c; celery per dozen 40c to 50c; artichokes per peck 30c.

Provision dealers report a fair trade with no changes in prices to chronicle.

To-day being Washington's birthday there were no Oswego, Chicago or New York grain markets

Business Embarrassments.

At a meeting of the creditors of J. S. Pearson, soda water manufacturer, 678 Ontario-street, held at the office of J. McArthur Griffin, a statement was presented showing liabilities of $7175 and assets of $3013, subject to a mortgage for $800. The meeting was adjourned until Thursday next to give Mr. Pearson an opportunity of making an offer.

Creditors of Atkinson & Co., crockery merchants, College-street, recently sold out, will receive more than 10 cents on the dollar, having put $125 left after payment of expenses to pay liabilities of $1000.

How rapidly does lung irritation spread and how often that often in a few weeks a simple cough terminates in tubercular consumption. Give heed to a cough, there is always danger in delay. One bottle of Dickie's Anti-Consumptive Syrup will cure yourself. It is a medicine unsurpassed for all throat and lung troubles. It is compounded from several herbs, each one of which stands at the head of the list as exerting a wonderful influence in curing consumption and all lung diseases.

More License Commissioners.

The following have been appointed License Commissioners:

West York—James Milton Cotton, Michael Naughton, Herbert Hartley Dewart.

Ottawa—Robert E. Jamieson, James M. Quinn, Etienne LeBlanc.

Centre Simcoe—John Lummis, Neil Harkin, John McNab.

North Renfrew—Robert Allen, Thomas Cook, Andrew Meehan.

North Brant—Thomas Ryall, Justis Vanalstine, Christopher Barker.

South Wellington—William H. Jacomb, Robert Millar, Allan McIntyre.

West Peterboro—Robert Walton, Robert Graham, Thomas Dolan.

North Lanark—William Snedden, William Taylor, William Stephenson.

Parry Sound—Julius Marcus Ansley, George Todd, William Henry Hall.

Prescott—David Bertrand, Joseph A. A. Raizenne, John Dougall Campbell.

North Oxford—John Douglass, William Stuart, William Stewart.

Nipissing—Francis Mindle, John Frawley, John G. Cormack.

East Middlesex—William B. Scatchard, Allan Bogue, John Kennedy.

Peel—William Golding, John Devlin Hickey, William Clark.

Resolutions.

Whereas, We are a free and enlightened people, and in duty bound to take the greatest care of the health of the community in general and of ourselves in particular. Therefore, be it

Resolved, That in all cases where we are afflicted with constipation, inactive or diseased liver, biliousness derangement of the stomach, jaundice and kidney troubles—we will procure Dr. Pierce's Pleasant Pellets and use the same immediately.

TERRIBLE LOSS OF LIFE.

Three Thousand Chinese Fishermen Swept to Sea and Drowned—The Coast Strewn with Corpses.

SAN FRANCISCO, Feb. 22.—The steamer China, from Hong Kong and Yokohama, reports that during the storm along the Boshu coast on Jan. 24 1000 fishing boats with nearly 3000 fishermen drifted out to sea. Nine hundred boats with all on board were lost. Most of the bodies drifted upon the beach. The grief of the families and friends of the lost was heartrending. The same day eleven boats were wrecked off Tobishima during a storm and 50 fishermen were drowned. On Jan. 23, 23 fishermen were drowned on the coast of Maschawa.

A storm swept over the coast of Toukomo and the Choshi Kadsusa district the night of Jan. 26. Over 300 fishing boats that were out never returned. Funeral ceremonies for 600 fishermen, supposed to have been drowned, have been observed. Whole villages are in mourning.

Three Europeans, M. D. Argence, his wife and son, were recently assassinated. Their bodies were found in a house they had been occupying.

Messrs. Rogue and Costa, who were recently abducted, are still detained by bandits in the mountain fastnesses. The bandits demand heavy ransoms.

EAST YORK.

Plenty of "Big Work" Being Done Already in Order to Get the Conservative Nomination for the Commons.

The next Dominion election is to all appearances many moons off but there is more than an active scramble already on for the Conservative nomination for East York. Since the report in The World of the proceedings at the Conservative meeting at Markham appeared there has been a lot of talk in the county and in the city in connection with the candidate. A dark horse has already entered and is as a matter of fact now prancing through that riding at a lively gait. He is none other than Ald. E. A. Macdonald, who appeared as "the big worker" in the convention at Markham the other day. Both parties have now their eyes on the energetic alderman from St. James' Ward; the Reformers see a possibility of losing the riding now held by Hon. Alex. Mackenzie, and the Conservative managers are concerned at the prospect of so young and so independent a politician controlling so important a constituency when other and tried warhorses are looking for recognition.

"What about E. A. for East York?" asked The World of a St. Matthew's Ward man on Saturday. "Is he a Conservative to begin with?"

"I suppose he is that all right. Four years go when he entered the council the papers classified him as a Reformer but he pulsarily refused to be so considered and soon after declared by mouth and contributions that he was with the Conservatives. But besides his party standing he has through his business or real estate transactions made for himself hundreds of personal friends; for not one man who has had a 'deal' with him but has made money out of it, and throughout St. Matthew's Ward, Chester, Cudmore, Todmorden and down to the Scarboro line he is regarded as the 'maker of the place.' In this way he has a big following; he has also friends in the townships, and as he is a worker to his finger tips I imagine he will be the favorite for the nomination at the convention next month."

THEIR NEW CHURCH.

Hazelton-avenue Congregationalists Will Soon Have a Handsome Edifice.

The corner-stone of the Congregational Church in Hazelton-avenue will be laid at 3 p.m. to-day. The church was organized about twelve years ago in Yorkville. The chief promoters of the Yorkville Congregational Church were: Messrs. George Hague, Montreal; H. J. Clark, Copp-Clark & Co., of this city, and a number of the charter members of the church still living and worshipping in the Hazelton-avenue Church. The congregation for some time worshipped in the old Methodist Chapel, which occupied the site on which now stands the Fire Hall, Yorkville-avenue. The church secured a lot in Hazelton-avenue, and a suitable church building with school-rooms was erected. The congregation has steadily grown until a new building became necessary. The first pastor was Mr. George Hague, who retired from the pastorate at the urgent call of the Merchants' Bank of Canada to become its general manager. The next pastor was the Rev. W. H. Warriner, B.D., now of Zion Church, Montreal. He was succeeded by the Rev. John Salmon. After Mr. Salmon's ministry of four years the present pastor, Rev. George Robertson, received a unanimous call to the pastorate. Mr. Robertson has ministered to the people nearly three years.

The contracts for the new building were awarded last fall and work was begun at once. The contractors for the stone, brick and wood work are Bedford & Son. The building will be of red brick relieved with Credit Valley and Ohio sandstone. The principal entrance will be at the south corner through the tower. There will be two other entrances from the east and west corners. The church will seat on the ground floor 650 people. The estimated cost is $20,000. The architects are Messrs. Wickson & Dick, Toronto.

Have you tried Holloway's Corn Cure? It has no equal for removing these troublesome excrescences, as many have testified who have tried it.

Harry Brown Released.

Mr. Justice Falconbridge on Saturday granted an order releasing Harry Brown from liability on his bail, under the capias issued at the instance of A. E. Osler for a debt of over $1000. The ground of Brown's arrest was that it was his alleged intention to leave the country to defraud Mr. Osler of this debt. His Lordship was convinced that Brown had no such intention and therefore relieved him from all liability under the capias. The costs are to be paid by the unsuccessful party in the action unless Mr. Osler elects to pay them within five days and so preclude Brown from bringing any action for false arrest.

The Waterworks Report.

According to Superintendent Hamilton's report, to be submitted to the Waterworks Committee meeting to-day, the engines at the main pumping station consumed 367 tons of coal and pumped into the city 171,643,356 gallons of water. According to Engineer Patrick of St. Alban's Ward station John Beatty is excavating sand to such an extent next the city property that the stability of the pumping station there is greatly endangered. There have been 150 services put in up to date. Mr. Hamilton expresses himself in favor of giving a one-year's test to the scheme of laying mains by day labor instead of by contract.

First Help for the Wounded.

In all cases of wounds, bruises, sores, cuts and sprains prompt action is necessary and the wisdom of those who keep Hagyard's Yellow Oil on hand is demonstrated. It is a prompt, effectual and reliable cure for all injuries, croup, rheumatism, sore throat, etc. Use internally or externally.

UNITED STATES NEWS.

The Union Stock Yards at Chicago, the largest in the world, will soon be owned by a British syndicate. The price of the plant is $30,000,000.

A cold wave prevails in the Adirondacks. Saturday was the coldest morning of the winter, the thermometer registering 16 degrees below zero.

Governor Hill has appointed James M. Fitzsimmons as one of the city court judges of New York in the place of William F. Pitschke, deceased.

The National Association of Mexican Veterans convened in Washington Saturday. There are about 15,000 of the United States soldiers of that war still living.

The large three-masted schooner Mary L. Allen, from New York for Charleston, was wrecked during a storm Thursday near Cape Hatteras. The crew were saved.

Splendid ice is making rapidly in the Mohawk River. The stream is entirely frozen over and being staked out. Canal ice of 10 inches thickness is being harvested all along the Erie.

Engineer Twombley and Fireman Laclochе, who were charged with manslaughter in negligently causing the death of seven persons in a collision near Chicago, were acquitted Saturday.

The jury in the Cronin jury bribing case at Chicago found Jeremiah O'Donnell, the only remaining defendant on trial, guilty and fixed his punishment at three years' imprisonment in the penitentiary.

Rev. Henry Duncan, a Freewill Baptist minister, was hanged at Ozark, Ala., last week for poisoning his wife. Duncan's love for a handsome young woman with whom he eloped the day after his wife's death, was the cause of the crime.

THE THERMOSTAT.

An Instrument That Gives an Automatic Fire Alarm.

Truly this is the age of invention, and could the famous writers and men of science who lived in the days of coaches and candles have witnessed the exhibition given by the Dominion Electrical Manufacturing Company on Saturday last they would undoubtedly have had just reason to echo the sentiment. The Dominion Electrical Manufacturing Company have introduced the Cortland automatic fire alarm system in Canada, and on Saturday morning they made a public test at Messrs. Christie, Brown & Co.'s factory, Duke-street. The system is simple but effective, as the result showed. On the ceiling of each flat a small instrument called a thermostat is placed, connected with a battery with an open circuit. This battery in its turn is connected with gongs in different parts of the building, also with the central fire station. This thermostat is affected only by heat and is set at a certain degree above the temperature of the room in which it is placed. Should a fire break out in the building the heat acts immediately upon the thermostat—closes the circuit, sets the battery in motion, sounding the alarm throughout the building to warn the occupants and at the same time summoning the fire brigade to the spot. There is no need for exertion on the part of anyone, as the heat of the fire does the whole work.

On this occasion a large number of citizens were present and the greatest interest was manifested. At 11¼ o'clock the flame of a match was applied to one of the thermostats and immediately the gongs were sounded in different parts of the factory. A rush was then made for the door to watch for the appearance of the firemen. Exactly 52 seconds from the time the match was applied Lombard-street reel dashed up. The test caused a great deal of comment and the general opinion was that greater recognition should be given the system. It may also be stated that an annunciator placed on the outside of the building shows what flat the fire is on by means of a steel pointer connected with the battery.

Caswell, Massey & Co.'s Emulsion of Cod Liver Oil, with Pepsin and Quinine, is recognized as the best preparation known. Prescribed by the leading physicians. W. A. Dyer & Co., Montreal

ALD. LESLIE'S DISCOVERY.

A Clause in the Registrar's Act Which Has Been Overlooked.

The proposition to erect a new registry office, as practically approved of by the Property Committee, is being eagerly canvassed in real estate, legal and Reform political circles. To the two first a new office would be a great boon, but to the third a little discovery made by Ald. J. K. Leslie may prove to a great extent very disheartening. It will be recollected that the Property Committee referred back its sub-committee's report recommending the new departure on the strength of a statement by the member from St. Matthew's Ward, pending an opinion from the City Solicitor.

Ald. Leslie's contention was that a clause in the Registry Act specified that parties interested could deposit with the registrar the original of all executed instruments, or have copies of them filed as might suit their convenience. The registration of originals calls for a fee of 25 cents while the registration of duplicates generally is $1.50. He contended that if the people got acquainted with the fact that originals could be registered at a much less cost than duplicates, they would deposit the former, and at the same time materially diminish the revenues of the office. If they did so it would have a further saving in that not so much space would be required to store away originals as would ponderous tomes filled with copies. From all this he argued that the city should go slow in the matter of a new registry office to see whether the present one with some rearrangement would not do.

This clause in the Registry Act has been a revelation to some and the question has been asked whether the office of City Registrar is such a great windfall for Peter Ryan as has been generally supposed. The act, however, distinctly specifies that:

Every registrar shall be entitled to retain to his own use in each year all the fees and emoluments received by him in that year up to $2500.

If it is in excess of $2500 and not exceeding $3000 he can retain 90 per cent., not exceeding $3500 80 per cent., not exceeding $4000 70 per cent., not exceeding $4500 60 per cent., out of all fees, no matter how large, over and above $4500 he may retain 50 per cent.

In these fees and emoluments are not included any sums receivable from the municipality for the preparation of abstract indexes, etc.

It will be seen from the above that no matter what the revenue, the registrar has been accorded the privilege of taking the first helping.

Last winter my little girl caught a severe cold which lasted all season. I doctored with every thing I could get but to no avail. Finally I got Hagyard's Pectoral Balsam and gave her two doses which improved her and in a week she was entirely cured by its use.

MRS. C. NORMAN, Cornell, Ont.

The Boys in Green at Church.

The Q.O.R. regiment held its first parade of the season yesterday to All Saints' Church, and despite the unfavorable weather there was a creditable turnout. The parade was at 2 o'clock at the drill shed, nine companies attending under the command of Col. Hamilton. The route was Jarvis-street, Wilton-avenue and Sherbourne-street. Headed by the brass and bugle bands the regiment made a fine show as it marched along. There were many spectators and a large crowd at the church. The sermon was preached by Chaplain Lloyd of Penetanguishene, from the exhortation: "Honor All Men. Love the Brotherhood. Fear God, Honor the King" (I Peter ii. xvii). The regiment returned to the drill shed via Sherbourne-street, and the companies were congratulated by Col. Hamilton upon their fine appearance and soldierly bearing.

CARTER'S LITTLE LIVER PILLS.

CURE

Sick Headache and relieve all the troubles incident to a bilious state of the system, such as Dizziness, Nausea, Drowsiness, Distress after eating, Pain in the Side, &c. While their most remarkable success has been shown in curing

SICK

Headache, yet Carter's Little Liver Pills are equally valuable in Constipation, curing and preventing this annoying complaint, while they also correct all disorders of the stomach, stimulate the liver and regulate the bowels. Even if they only cured

HEAD

Ache they would be almost priceless to those who suffer from this distressing complaint; but fortunately their goodness does not end here, and those who once try them will find these little pills valuable in so many ways that they will not be willing to do without them. But after all sick head

ACHE

is the bane of so many lives that here is where we make our great boast. Our pills cure it while others do not.

Carter's Little Liver Pills are very small and very easy to take. One or two pills make a dose. They are strictly vegetable and do not gripe or purge, but by their gentle action please all who use them. In vials at 25 cents: five for $1. Sold by druggists everywhere, or sent by mail.

CARTER MEDICINE CO., New York.

Small Pill. Small Dose. Small Price.

LOST.

LOST—AT THE CORNER OF CHARLES AND Yonge-streets—about seven o'clock last evening, a black collie pup, about five months old, with a white breast; answers to the name of Rex. Finder will be liberally rewarded by returning to Alared Macdougall, 44 Charles-street.

OFFICIAL ASSIGNEES.

BLACKLEY & ANDERSON, TORONTO AND Hamilton; accountants, assignees, receivers; registered cable address, "Junior." Telephone 1716. Toronto office, Stanley Chambers 37 Yonge-street. Hamilton office, 24½ James-street South.

THE ALASKA SEALS.

Several People Bid Big Sums for the Exclusive Right to Catch Them.

WASHINGTON, Feb. 22.—Bids were opened at the treasury yesterday for the exclusive right to take fur seals upon the islands of St. Paul and St. George, Alaska, for 20 years from May 1, 1890. There were 12 bids. Two were rejected because they did not comply with the conditions. The Alaska Commercial Company's bid contemplates an annual revenue to the Government of $875,000. The company also offers to pay as much as any other company. The North American Commercial Company of California, offers on the basis of a catch of 100,000 seals over $1,100,000 per year, and agrees to pay 10 per cent. more than any other bidder. The Atlantic & Pacific Company of New York offers over $950,000 per year. The remmaining bids are lower.

Out of Sorts—Symptoms, headache, loss of appetite, furred tongue and general indisposition. These symptoms if neglected develop into acute disease. It is a trite saying that an "ounce of prevention is worth a pound of cure," and a little attention at this point may save months of sickness and large doctor's bills. For this complaint take from two to three of Parmelee's Vegetable Pills on going to bed, and one or two for three nights in succession and a cure will be effected.

Freedom for the Provinces.

[From the London Free Press.]

It would be at least fair that the Northwest Provinces, including Manitoba, were to be permitted to conduct their own affairs in relation to such matters as the public schools and the language that should be used in the Legislature and the courts. It is true that Ontario was driven into the establishment of separate schools in the face of the earnest remonstrances of its representatives; but that is no adequate reason why the new provinces, those whose race is about to begin, should be hampered and shackled in the same way. When the Separate School Act was introduced at Quebec in 1863 it was resisted by a large majority of the representatives of Ontario, but was passed over their heads by the members from the French parishes. Ontario has always protested against the necessity of a dual school system, in which one portion of the youth are taught on lines altogether different from those laid down to the other section. Is it not the fact that we have had enough of that kind of thing, and that it shall no longer be permitted that the French vote shall rule Ontario and the Northwest as well as be the means of introducing His Holiness the Pope as a main factor in Canadian legislation? In fact this overruling, overshadowing influence on the part of Quebec is becoming rather monotonous, if not, indeed, singularly distasteful. If it be not the desire that the people of this province should determine to be as self-asserting, as obtrusive and overbearing as those of Quebec manage to make themselves, and thus bring about an hostility the end of which none of us can see, it will be well for the French to cease to endeavor to force their peculiar institutions in quarters where they are neither needed nor desired.

INEVITABLE RESULT OF CATARRH

Catarrh in Its Destructive Force Stands Next to and Undoubtedly Leads on to Consumption.

It is therefore singular that those afflicted with this fearful disease should not make it the object of their lives to rid themselves of it. Deceptive remedies concocted by ignorant pretenders to medical knowledge have weakened the confidence of the great majority of sufferers in all who advertise cures. They give way to a life of misery and refuse to further listen at remedies. But this will never do. Catarrh must be met at every stage and combated with all our might. In many cases the disease has assumed dangerous symptoms, and if let alone, it eats into the very vitals and renders life but a long drawn breath of misery and diseases. Of those afflicted and of perseverance, William Young, who resides at 120 Bond-street, in this city, may be cited. Mr. Young is 35 years old and had for two or three years been a sufferer with catarrh; his head was continually stopped up, he felt dizzy and had become very weak, had headache, his appetite was gone, had dull pains in back, shoulders and head, all ambition was gone, pulse had run up to 110 and the disease had made such progress that the right lung became affected. After trying several remedies without receiving any benefit he was induced to consult the physicians of the Medical Institute, located at 198 King-street west, and after being treated by them for four months the result was that he was entirely cured and is to-day a well man and will converse with any one about his case that may wish to call on him. This institute treatment is mild and agreeable and based on scientific principles.

Besides treating catarrh they treat dyspepsia and all chronic diseases. They especially invite cases which have been treated by other physicians without being cured.

Office hours, 9 a.m to 8 p.m.; Sundays, 1 p.m. to 3 p.m.

MEDICAL INSTITUTE, 198 King-street west.

Stop that CHRONIC COUGH NOW!

For if you do not it may become consumptive. For Consumption, Scrofula, General Debility and Wasting Diseases, there is nothing like

SCOTT'S EMULSION

Of Pure Cod Liver Oil and HYPOPHOSPHITES Of Lime and Soda.

It is almost as palatable as milk. Far better than other so-called Emulsions. A wonderful flesh producer.

SCOTT'S EMULSION

is put up in a salmon color wrapper. Be sure and get the genuine. Sold by all Dealers at 50c. and $1.00.
