DIRECTORY BORROWERS

The patrons of our Directory are frequently inconvenienced by borrowers; not the stranger or private citizen, who steps into the office, looks at the Directory, gets his information, and goes out; but by business men, who continually need it for reference, yet are too mean to buy one. These are the men who carry off your Directory "just for a few minutes," which generally means a few days or weeks, unless you send for it before; it is scarcely in its place before another request—*Please lend me your Directory for a few minutes*—The same borrowers tell our canvassers that they have no use for a Directory—SHAME.
