LOCAL AND OTHER ITEMS

THE Southport made her first trip to Rocky Point, yesterday.

MR. D. MCKENZIE'S announcement to the farmers of the Island will appear next week.

THE old Charlottetown Hospital building is to be sold by public auction, Saturday.

HENRY MCEWEN, the gaol breaker, has been sent up for trial in the Supreme Court.

PARTIES from Rocky Point crossed to this city in a row boat, Friday, following in the Stanley's track.

MR. G. FRANK BEER, of Beer Bros., has returned from the old country where he had been selecting the firm's spring stock.

MR. H. J. MACDONALD, who has been home spending the winter with his parents at Green Vale, left by the Stanley this morning for Duluth, Minn.

RUMOR has it that knighthood will be conferred upon Premier Abbott and Lieut. Gov Angers, on the Queen's birthday.

THE Union Axe and Ladder Co., of Halifax, has decided to send a team to participate in the coming Firemen's tournament in this city.

THE floats on the Southport side of the river were placed in position Saturday, and the following day the Steamer Southport began making through trips from wharf to wharf.

THE bye-election in Prescott, Ont., takes place to-day. The candidates are Proulx, the unseated grit candidate, and Jos. Lemieux, Lib-Con. Proulx had a majority of 661 last March.

MR. JOHN CAMPBELL, a farm laborer aged about 60, broke through the ice near McEwen's Wharf, West River, Thursday afternoon, and was so chilled and exhausted when rescued that he died a short time afterwards.

DON'T forget the Lecture, on Daniel O'Connell, in the Lyceum to-night. The lecture will be by C. B McNeill Esq, and is under the auspices of the League of the Cross.

MESSRS. Jas. K. Dorsey and James Handrahan, of this city, and W. G. Burke of Georgetown have successfully passed their final examination in Medicine, at the University of New York, and received the degree of M. D. Congratulations are in order.

THE Stanley entered this port on Wednesday afternoon last, and is now making trips to Pictou every other day. Large quantities of freight are being carried both ways. The mails will be transferred to her as soon as the ice will permit of her making round trips.

JOHN CHISHOLM, a native of this Island, was instantly killed at the mill of the Webster Paper Co., at Orona, Me., last week. He had worked for the company for some time and was employed as reel boy. In some manner his clothes became entangled in the dryer and the result was that he was crushed to death almost instantly. Chisholm was 21 years of age and unmarried.

CYRUS SHAW, Esq., M. P. P., has received a letter from Prof. Robertson, Dominion Dairy Commissioner, in which the Prof., says he will be on the Island from April 2nd to 6th, inclusive, and that while here he will deliver three addresses on dairying. As can be seen by reference to our advertising columns the dates of holding two of the addresses have been fixed.

MICHAEL BURNS, a young man charged with having obtained goods and money under false pretences from Messrs. Prowse Bros, appeared before the Stipendiary Magistrate, Thursday morning. He was sentenced to three months' imprisonment with hard labor. He requested to be released on the opening of navigation as he intended sailing on the Barkt. Krema, which His Honor agreed to, provided he returnd to the owner the money falsely obtained. The offence was committed last November but the prisoner's capture was not effected till last week.

THE fourth of the course of Lenten sermons was preached in St Dunstan's Cathedral on Sunday evening last, by Rev. Dr. Morrison of St. Dunstan's College. His theme was the Apostolicity of the Church. The eloquent preacher handled the question in a most masterly manner. He adduced the most powerful and unanswerable arguments to prove that the church was Apostolic in her origin, her teaching and her authority. For about an hour he held the undivided attention of a very large congregation while he marshaled his array of telling arguments and proved point after point of his discourse.

WE are pleased to notice the *Guardian* has published the fact that a "Catholic" has given a donation of $60, to the Prince Edward Island Hospital, as well as a like amount to the Charlottetown Hospital and the St. Vincent de Paul Society. This gives an emphatic contradiction to the Guardian's correspondent, "Disgusted," of the 25th inst., who declared not one Roman Catholic contributes to the P. E. I. Hospital. The knowledge that the City Hospital had been dedicated to the Sacred Heart, seems to have been seized upon by this correspondent as an excuse for railing against that institution, as if he were possessed by an evil spirit; perhaps he was. We, of course, expect he will now withdraw his shanderous statements and make an ample apology for his unseemly conduct when under the influence of his evil genius.

THE Hon. Charles Young, LL.D., Judge of Probate, passed away Saturday evening, at the advanced age of 80 years. He was born at Glasgow, Scotland, in 1812 and received his education at Dalhousie College, Halifax, N. S. He was called to the bar of Nova Scotia and Prince Edward Island in 1838, and practised for a short time in the office of his elder brothers, Sir William and Hon. George Young, before coming to this Province. He sat in both the House of Assembly and the Legislative Council, and was Attorney General for two terms. He was also an advocate of responsible government and Land reform. In 1852 he was appointed Judge of probate, and in 1868 Judge in Bankruptcy. His wife, a daughter of the late John Steiza, of Halifax, survives him.

THE BEHRING SEA EMBROGLIO.

LONDON, March 28.—Lord Salisbury, under date of March 26, replying to Sir Julian Pauncefote, in response to Wharton's note of March 22nd says: "Notice has been given owners of ships sailing for the Behring Sea that both agreements are at present under discussion between Great Britain and the United States—that as to arbitration and that as to intermediate arrangement affecting liberty of sealing in Behring Sea. They have notice of their liability to possible interruption, and will sail subject to that notice. Inform the President that we concur in thinking that when the treaty has been ratified there will arise a new state of things. Until it is ratified our conduct will be governed by the language of your note of the 14th of June, 1890. We think the prohibition of sealing, if it stands alone, will be unjust to British sealers. If the decision of the arbitrators be adverse to the United States, we are willing, when the treaty is ratified, to agree to an arrangement such as that of last year, if the United States will consent that the arbitrators should, in the event of their decision being adverse to the United States, assess damages that the prohibition of sealing shall have inflicted on British sealers during the pending of arbitration, and have inflicted on the United States or its lesses. We are also willing, after the ratification of the treaty, to prohibit sealing in the disputed waters if the vessels be excepted from the prohibition which produces certificate that they have given security for such damages as the arbitrators may assess. In case the decision is adverse to Great Britain, the arbitrators are to receive necessary authority on that behalf. In this case, restriction of slaughter on the islands will, in point of equity, be necessary. Her Majesty's Government are unable to see any other than one of these two methods for restricting seal hunting in the disputed waters during the arbitration which will be equitable to both parties. A later note from Lord Salisbury to Sir Julian Pauncefote, dated March 26, says: "I am not prepared to admit that we have objected to the arbitrators having jurisdiction as to damages inflicted in the past by either party against whom the award is given. I only object to Her Majesty's government being liable for acts they have not committed. I am ready to consent to reference on this point on the following terms: That in case the arbitrators shall decide in favor of the British Government, that Government may ask them further to decide whether the United States Government have since 1885 taken any action in Behring Sea directly inflicting wrongful loss on British subjects, if so, to assess the damages incurred thereby. In case the arbitrators decide in favor of the United States, that Government may ask to decide further whether the British Government have since 1885 taken any steps in Behring Sea directly inflicting wrongful loss on the United States or their lessees,—if so, to assess the damages incurred thereby.

A Washington despatch states that the above reply is very satisfactory to the United States government, and that, with a few modifications, it will no doubt be accepted.

As will be seen by the latest reports concerning the Behring Sea affair, published in another column, President Harrison's spread eaglism has subsided and he expresses himself as satisfied to accept Salisbury's condition of a *modus vivendi*.

THE St. Vincent de Paul Society desires to return its thanks to the unknown friend who so kindly donated them the sum of $60 cash. We understand the same person has given a like amount to the Charlottetown and Prince Edward Island Hospitals.

CHEAP TRIP TO THE WEST.—The C. P. R excursion from the Maritime Provinces to the Canadian Northwest takes place on April 12 h next, and will doubtless be taken advantage of by a large number who, instead of locating in the U. S., as others have been in the part unfortunately, doing will settle on British soil. The fare is remarkably low, being only $13 50 from Pictou N. S, to Winnipeg. The Canadian Northwest, owing to its bountiful harvest last year, is attracting great attention amongst those who wish to make homes for themselves in the West, and it is desirable if our young people will leave for other places that they should go to the prairies of the Northwest and aid in building up this Canada of ours.

Walt. Whitman, the poet, died at Philadelphia, Saturday, aged 73.

THE C. P. R., strike has ended. All points of difference are to be decided by arbitration.

Hon. Daniel Hannington, leader of the Opposition in the New Brunswick Legislature, has been appointed Judge of the Supreme Court of that Province, vice Wetmore, deceased.

Petitions have been filed against the return of Jos Featherstone, Liberal member for Peel, Sam. Hughes, Lib Con. member for North Victoria, and Henry Cargill, Lib-Con member for East Bruce.

Dr. Tilden, formerly chemist of the National Museum, says that Guiteau, President Garfield's assassin, was drunk when hanged, the doctors having given him a big dose of brandy to keep him from collapsing. The assassin's body was taken to the boiler room of the museum, where it was boiled until the flesh came off, and the bones were then bleached. The skeleton will probably be placed among the museum,'s exhibits some day.

Great excitement was caused at Halifax, Monday by the discovery of several cases of yellow fever in the military hospital. The disease was brought to the city by the transport Atlas, from England, via St. Lucia and Jamaica, with drafts for the garrison. She arrived Friday evening flying the yellow jack. When she left Jamaica she had two cases of yellow fever on board; but the men having subsequently become convalescent, the health officer gave her a clean bill of health and the troops landed.

Alex. Patterson, of Dartmouth, and Gordon, of Montreal, skated a three-mile race in the Dartmouth rink Friday night. Patterson won easily, by a lap, in 12.11; the rink is a small one, and Gordon was at a great disadvantage.

Thursday night, at Pictou, Carroll and Gordon skated five miles for the amateur championship of Canada. Gordon led until the 63rd lap when Carroll sparted and passed him. In the last lap, 65th, Gordon fell, and Carroll was the winner, in 17 43. The time by miles was: 1st mile, 3.17; 2nd, 6.42; 3rd, 10.29; 4th, 14.20; 5th, 17.43.

The Rugby international championship has been won by England through their defeating Scotland at Edinburgh by 1 goal to nil. S. M. J. Woods, the famous bowler who was in Canada with Lord Hawke's cricket team, last summer, secured the run in from which the goal was kicked. He dribbled the ball over the line and touched down. There were 15,000 people present. On the same day Ireland defeated Wales at Dublin by 1 goal and 2 tries, or 9 points, to nil. The score between the two countries now stands: Wales won 4, Ireland 3, drawn 1.

Celery, per doz	0.60 to 0.72

CITIZENS MEETING IN MARKET HALL.

THE meeting of the citizens, in the Market Hall, Friday night, to discuss the merits and demerits of the "Act to abolish the Water Commissioners for the city of Charlottetown, and to make other provisions in lieu thereof," was a large one. The Mayor occupied the chair, and Mr. Duncan McIntyre was appointed Secretary. Messrs. Couns. Hogan and Taylor, H. C. Douse, I. Murley, E. H. Norton, J. P. Tanton, F. Curtis and D. Nicholson expressed themselves as favorable to the proposed change, while Commissioners, Laird and McKinnon and Messrs. Chas. Palmer, Henry Rackham and A. McNeill advocated the retention of the present *modus operandi*. The sentiment of the meeting was taken on resolutions moved by Messrs. Tanton and Palmer, and found to be overwhelmingly in favor of the abolition of the Commissioners' office.

Mr. Tanton's resolution, which was seconded by Coun. McKay was as follows: Whereas, The City Council have adopted and submitted to this meeting a bill to abolish the water commissioners of the City of Charlottetown and vest the power and authority now held by said commissioners under the Water Works Act in the Mayor and City Council of this city and whereas their further continuance in office, considering the work to be performed by said commissioners, would further entail a large and useless expenditure upon the rate payers.

Further Resolved, That this meeting of citizens approve of the action of the Council, and heartily endorse the Bill under consideration in the hope that the Legislature now in session will give effect to the wishes of the rate payers by placing it among the local statutes of the Province.

The following resolution was proposed in amendment by Mr. Palmer and seconded by Mr. Chas. Leigh: That while the meeting is anxious to curtail the expenses of the working of the Charlottetown Water Works as far as practicable, they nevertheless deem the proposed act objectionable in substance and form. This meeting considers it inexpedient at present at all events for many reasons to take the management out of the hands of commissioners elected by the whole city, and who are under heavy bonds and sureties for the faithful discharge of their duties, and to vest the same in the City Councillors, contrary to the terms of the Charlottetown Water Works Act, 1887.

The original resolution was on division declared carried.

The meeting, which opened about 8 o'clock and continued for about three hours, was extremely amusing to all present, except perhaps for some of the speakers. The acrobatic feats of some of the last mentioned while airing their ideas, were highly creditable to the tyros, while their outbursts of invective and eloquence, partook, at times, of both the sublime and the ridiculous.

The Secretary's report was offered us for publication, but want of space prevents its appearance.

MAIL CONTRACT

TENDERS addressed to the Postmaster General will be received at Ottawa until noon on FRIDAY, 29th April next, for the conveyance of Her Majesty's Mails on proposed contracts for four years from the 1st of July next, over each of the following routes, viz:
