The Compound Investment Policy

Possesses all the advantages of the Company's favorite Semi-Tontine plan, with the addition that after it has existed for ten years, the Company will loan to the holder, if he so desires, the premiums payable for the remainder of the term, to enable him to keep the policy in force to the end of the Investment period. Should death occur any time after the tenth year the full amount of the policy is payable, and the loan (if any) cancelled.

THE 7 PER CENT. 15 AND 20 YEARS BONDS

Provide that at the end of the period, fifteen or twenty years, the insured can draw out his cash surplus, have a paid-up policy for the full amount of the Bond and in addition draw an annual income of seven per cent. on the face of the Bond so long as he lives.

The Company offers to intending insurers all the ordinary plans of insurance as well as those specially mentioned.

It is noted for prompt payment of death claims immediately on completion of proofs.

Its policy contract is a simple one, free from onerous conditions and incontestable after three years.

OBJECTS OF THE COMPANY

The Company's Charter gives it power to execute every kind of Trust and Financial Agency. The following are some of the more important offices which the Company undertakes:

1. Trustee under the appointment of Courts, Corporations or private individuals.
2. Executor, Administrator, Guardian, Committee, Receiver or other fiduciary function.
3. Agent for any person holding any of the foregoing offices.
4. Agent and Attorney for the management and winding up of Estates.
5. Agent for the issuing and countersigning of stocks, bonds and other obligations, and for receiving and managing sinking funds.
6. Agent for investing money, collecting interest, dividends, mortgages, and generally for performing any financial offices.
7. Receiver and Assignee.

The necessity for some suitable corporate body, authorized to discharge the various important, responsible, but generally thankless and onerous offices above enumerated, had long been keenly felt in Ontario; and the large and steadily increasing number of cases in which the Company is called upon to exercise its several functions shews clearly that the public fully appreciate the boon which the creation of this Company (the first in the Dominion established for the purpose), has conferred on the community.

The appointment of the Company either as Executor, Trustee or Administrator, is now indeed a matter of almost daily occurrence, and these important duties, it is believed, have in every case been discharged to the satisfaction of the parties interested.

ST. LAWRENCE HALL

MONTREAL

FEW Hotels in the Dominion or on the Continent have won the wide-spread popularity for prompt and satisfactory management as has the ST. LAWRENCE HALL. For over 38 years the travelling public have found the "Hall" the best and most complete equipped house in the country, in all its departments. Every want that human foresight can supply, for the comfort and convenience of guests, the Management has ever provided for, and it is this attention that has given to the "Hall" its fame as the leading Hotel of Canada, both in the United States, Great Britain and the European Continent. For over a quarter of a century the "Hall" has held this proud position, and has had as its guests the most illustrious representatives of Royalty and the Peerage, who have in that period visited the Metropolis of the Dominion.

The location of the "Hall" on James St., the principal thoroughfare of the city, cannot be surpassed in a sanitary point of view, and is the most centrally situated for all travellers.

IMPROVEMENTS.—The growth of Montreal in the past few years, and the ever-increasing demand for first-class accommodation required by the travelling public, has called for large additions to the "Hall" which have been carried out and just completed. The massive and elegant exterior—five storeys high, with mansard roof, and a clear frontage of 125 feet on the most fashionable street of the city—at once attracts the attention of the tourist, and a visit inside soon leads to the conclusion, that, for polite attention and satisfactory management, the "Hall" has no superior. The new improvements have increased the accommodation for guests to over 300 well-lighted and airy rooms, furnished in the most tasteful style and with every modern convenience. Passenger elevators are also provided, and the whole of the corridors, reading and other public rooms have been lighted, furnished and decorated in the most artistic manner.

THE DRAWING-ROOMS.—The "Hall" is now provided with two of the handsomest Drawing-rooms in the city. The new room is one of the recent improvements, and is a marvel of beauty and elegance in its decorations, frescoes and furnishings. The whole of the wood-work is of red cherry, with lincrusta walton panellings in gold, rich mirrors adorn the walls, and massive gas candle chandeliers are suspended from the ceiling. The upholstering is of the richest and most luxurious description—the carpets, chairs, sofas, ottomans, etc., being specially made to suit the adornments in the room.

THE DINING-ROOM has been enlarged, making it 100 feet long by 50 feet broad, and capable of seating 400 guests. The room has been thoroughly renovated and decorated by the best Italian artists, and is lighted by gas and electric light.

Billiard, Hair-Dressing, Sample and Bath Rooms are all Connected with the Hotel.

All trains and steamboats are met by the "Hall" 'busses, and polite and attentive porters always in attendance to look after guests' baggage.

Rates from $2.50, $3.00 to $3.50 per day, according to location.

Mr. Hogan, the genial proprietor, still gives his personal supervision to all departments, thus securing for the guests every attention required.

Sailing between Montreal, Quebec and Liverpool in Summer, and Portland, Me., Halifax, and Liverpool, in Winter.

These Steamers are all of the highest class, full powered, and Clyde built, in water-tight compartments, and are commanded by men of large experience and thoroughly acquainted with the route.

The saloons, staterooms, music room, smoking room, and bath rooms are amidships, where but little motion is felt, and are handsomely and luxuriously furnished.

The route via the St. Lawrence is the most pleasant and comfortable for intending travellers, three days of it being spent in the comparatively smooth waters of the River and Gulf, with their magnificent scenery.

Rates of Passage from Montreal or Quebec, Cabin, $40 to $80, according to the Steamer and accommodation.

Second Cabin, $25 and $30. Steerage at lowest rates.

Reduced rates from Portland and Halifax in winter.

INTRODUCTION.

As in the past, every precaution has been taken by us to make our Toronto City Directory for 1893 as complete and reliable as possible; and, while we know there are errors and omissions, we think, when it is taken into consideration, the amount of detail we have to go through in so short a time, it should be considered very correct. We are well aware of the fact that we will be accused of making errors when such is not the case. The number of changes during printing this year has been more than usual, hence the names of the same parties will be found to have different addresses, also different occupations, in the different parts of our Directory.

While we are very anxious to have errors or omissions pointed out to us, and will feel very thankful for such, we trust the parties will be very careful to ascertain, before wasting our time or endeavoring to injure our reputation, that it is not their own want of knowledge of the spelling of the name, or from some of the many other causes they imagine that we are in error.

Our book has reached the size that it is not necessary to use heavy paper, large type or any other scheme to make it bulky; our efforts are now to keep it as small as possible without detracting from its usefulness.

You will notice that the names of the Churches, Public and Separate Schools, Halls, Chambers and Public Buildings are not inserted among the alphabetical list of names as formerly, but will be readily found in the Miscellaneous portion at the end of the book by referring to the index on page 44.

This is done for the purpose of avoiding what we consider a useless repetition, and they will be found there all together in their regular order.

We have not had time to make a correct calculation as to the increase of names this year over last, but sufficient to know that it is not so much as it was last year, and we are pleased to notice that the number of vacant houses is less than in 1892.

Wishing all our patrons the compliments of the season.

Yours truly,
MIGHT'S DIRECTORY CO.

J. M. MIGHT, General Manager.

Entered according to Act of Parliament in the Office of the Minister of Agriculture, in the year of our Lord one thousand eight hundred and ninety-two.

CAUTION

Pay no money in advance to itinerent Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting moneys in advance.

Before signing an Order see that it has Might's Directory Co. printed thereon

We ask no payment until the work is delivered, and our Solicitors have strict orders not to take payment in any case for either advertisements or subscriptions.
