The special features of this Company are its **Tontine Investment** and **Semi-Tontine Investment Policy**, and its **Commercial Policy.** It also issues annuities, and all forms of Life Policies.

The first two secure a large return for the money invested, while the latter yields maximum insurance for minimum outlay. Its Semi-Tontine Policies **are Non-forfeitable after three annual premiums are paid.**

During the period of life when insurance is specially needed, this plan places reliable life insurance within the reach of the masses at an estimated cost of about 50 per cent. of the ordinary life rates, its regular quarterly premiums being very moderate.

It is the best plan for those who want insurance only, and the easiest for agents to work.

This Company's Policies are printed in clear, large type, in plain, simple language, and are as liberal in their conditions as it is possible to have them, consistent with safety and equity to the policy-holders generally.

Observe the following points, viz. :

(*a*) **The Policies are indisputable after three years from date of issue.**

(*b*) Travel without permit in any part of the world **will not invalidate the Policy,** which becomes subject to an extra premium only where an extra risk is incurred.

(*c*) Surrender Values are allowed upon its ordinary and Semi-Tontine Policies after they have been in force three years, either by Paid-up Policies or in Cash ; Loans are made on such Policies after being in force three years.

(*d*) The age of the insured will be admitted at any time by the Company on reasonable proof, but if not so admitted, any error in the age **will not invalidate the Policy.**

The following letter speaks for itself :

WM. McCABE, Esq., NEW YORK, March 23rd, 1882.

Managing Director North American Life Assurance Co., Toronto.

DEAR SIR,—As requested by you, I have examined your "Book of Estimates" in relation to Tontine Savings Fund Policies as issued by your Company.

The assumed rates of mortality, interest and expense upon which the estimates of probable results have been based, are less favorable than the experience among Canadian Companies would have justified, while the estimates of surplus are far within the results actually realized by other Companies issuing Tontine Policies, and hence may be anticipated with confidence. In brief, these estimates are, in my opinion, both safe and conservative.

Very respectfully yours,

SHEPPARD HOMANS, *Consulting Actuary.*

The Temperance & General Life Assurance Company

OF NORTH AMERICA.

HEAD OFFICE, - - TORONTO.

Guarantee Fund, $100,000.

INCORPORATED BY SPECIAL ACT OF THE PARLIAMENT OF CANADA.

HON. G. W. ROSS, Minister of Education, PRESIDENT.
H. O'HARA, MANAGING DIRECTOR.

The question has often been asked, Why don't our prominent temperance and business men organize a Life Assurance Company in Canada, on the basis of the United Kingdom Temperance and General Provident Institution of Great Britain? To meet this want the above Company is being formed, and applications will now be received, and policies granted on the organization of the Company.

This is the only Canadian Company that in any way secures to abstainers the full benefit of their superior health and lives.

The Importance of Assuring in the Abstainers' Section of this Company will be manifest from the following:

1.—The Death Rate amongst the General Insuring Public is fully **one-third higher** than the experience amongst abstainers.

2.—All Policies on the lives of Abstainers are kept apart from the General Business of the Company, the whole extra profits being thus preserved for the benefit of members in that section.

The experience of the "United Kingdom Temperance and General Provident Institution" for the last eighteen years is over thirty per cent in favor of Total Abstainers. The Manager of the Whittington Life Assurance Company of England says: "Three years ago I stated that the death rate in the Temperance Section had in three years been 23 per 1,000 against 50 per 1,000 in the General Section. For the last three years it has been a little more favourable, being 22 per 1,000 in the Temperance Section, and 51 per 1000 in the General Section."

The Manager of the Sceptre Life Assurance Company of Britain, calls attention to the fact, that, for the past ten years, the deaths in the Total Abstinence branch of the Company, amounted to only forty-five per cent of the number anticipated.

The Great North-Western Telegraph Company

OF CANADA.

Operating the Lines of the Montreal and Dominion Telegraph Companies.

MILES OF LINE, 34,000. NUMBER OF OFFICES, 2,000.

ERASTUS WIMAN, President. H. P. DWIGHT, General Manager

HEAD OFFICE, - - TORONTO, ONT.

This Company is now working the lines of the Montreal and Dominion Telegraph Companies of Canada. At its commencement the Company's property and operations were confined entirely to the Province of Manitoba, but since then its scope and influence have been vastly extended. The ample provisions of the charter of the Company were made available for the purpose of consolidating the conflicting telegraph interests of the Dominion, which, through ruinous competition, had been seriously impaired. The low rate for telegraph tolls which prevailed for the two years previously had so weakened the power of the telegraph companies to pay interest on the capital invested, and at the same time maintain the property in an efficient condition, that the prospects seemed most serious for all persons interested in this kind of investment. An arrangement was, however, effected, by which the rival companies were combined under one management, resulting in the introduction of large economies on the one hand, and the establishment of a uniform rate of 25 cents for telegraph tolls on the other. Investors in telegraph property were thus assured of a fair return for their investment, and the public provided with a more efficient service.

This company has a close alliance with the Western Union Company, and thus secures for its customers prompt and easy communication with every point on this continent, to which the vast net work of wires amounting to 450,000 miles owned by the Western Union Company extends. The various important inventions, secured by patents in most cases, which the Western Union Company now control, have also been placed at the disposal of, and will hereafter be used by this company.

The sending Money Orders by telegraph between the principal offices in Canada, and also between this country and the whole of the Money Transfer Offices of the Western Union Telegraph Company, has been in vogue for some time and greatly appreciated by the public.

Mr. H. P. Dwight, formerly Western Superintendent of the Montreal Telegraph Co., is the General Manager of the Company.

INTRODUCTORY.

In presenting our fourth annual edition of the Toronto City Directory to our patrons, we beg to congratulate them on the steady and rapid increase of the population of the City, and in the apparent prosperity of its manufacturing and mercantile interests. The encouragement we have received heretofore has been the means of our presenting our patrons with the most complete and comprehensive City Directory published in Canada, and has enabled us to go to increased expense in the procuring of information and data for its compilation. When one sees the important bearing such a work must have, in illustrating the advantages our City has, as a market for all lines of manufactured goods, we feel assured that our labours will be appreciated, and that a liberal patronage will continue to be accorded us.

We send copies of the directory to other cities far and wide, and thus advertisers gain a wide-spread circulation offered by no other single advertising medium.

Our classified business directory is a guide to the business community outside of Toronto, as to the lines of goods to be procured here, and we make this department of our book as full and complete as possible, an advantage which no other publisher of a Canadian City Directory offer their patrons.

The number of names contained in this issue of the directory, is (after deducting the names of business firms and corporations), 41,287, which, multiplied by 3 (a very low estimate), gives us a population of 123,861 or an increase over last year of 5,634. Although this increase in the city proper is less than that of 1885, it must be remembered that two

new wards were added to the city last year, which accounts for the difference; thus, it will be seen, that our population is increasing in a greater ratio from year to year, which, of necessity increases the city's wealth and importance.

Following are the names appearing in each year's publication for the last ten years:

Year.	Names.
1877	18,979
1878	19,354
1879	20,226
1880	21,919
1881	23,166
1882	23.879
1883	33,592
1884	36,359
1885	39,409
1886	41,287

Respectfully,

CAUTION.

Pay no money IN ADVANCE to Directory Canvassers. Our Canvassers are not authorized to collect in advance of publication of the book. See that our name (R. L. POLK & CO.) is on all orders before signing. We are led to thus caution the public, as itinerant Directory Publishers procure orders by misrepresenting their works, and leading the public to believe they are subscribing to the regular City Directory.

CAUTION.

Pay no money IN ADVANCE to Directory Canvassers. Our Canvassers are not authorized to collect in advance of publication of the book. See that our name (R. L. POLK & CO.) is on all orders before signing. We are led to thus caution the public, as itinerant Directory Publishers procure orders by misrepresenting their works, and leading the public to believe they are subscribing to the regular City Directory.

CAUTION.

Pay no money IN ADVANCE to Directory Canvassers. Our Canvassers are not authorized to collect in advance of publication of the book. See that our name (R. L. POLK & CO.) is on all orders before signing. We are led to thus caution the public, as itinerant Directory Publishers procure orders by misrepresenting their works, and leading the public to believe they are subscribing to the regular City Directory.

CAUTION.

Pay no money IN ADVANCE to Directory Canvassers. Our Canvassers are not authorized to collect in advance of publication of the book. See that our name (R. L. POLK & CO.) is on all orders before signing. We are led to thus caution the public, as itinerant Directory Publishers procure orders by misrepresenting their works, and leading the public to believe they are subscribing to the regular City Directory.

HIGH SCHOOLS OF ONTARIO.

Each of these schools (which form the Intermediate link between the Public Schools and the Universities), is managed by a board of Trustees appointed jointly by the county and town councils. In cities the trustees are all appointed by the city council, except where there is only one school in the county. The head master must be a graduate of a British or Colonial University, and obtain a certificate of fitness from the Education Department. Besides fees, local rates or contributions to the extent of the Government grant must be raised.

An extra grant is provided for masters taking certain meteorological observations, and giving preparatory scientific military instruction. Pupils attending these schools are prepared for matriculation in the Universities.

CAUTION.

Pay no money IN ADVANCE to Directory Canvassers. Our Canvassers are not authorized to collect in advance of publication of the book. See that our name (R. L. POLK & CO.) is on all orders before signing. We are led to thus caution the public, as itinerant Directory Publishers procure orders by misrepresenting their works, and leading the public to believe they are subscribing to the regular City Directory.
