THE GREATEST WONDER OF MODERN TIMES!

This Pills Purify the Blood, Correct all disorders of the Liver, Stomach, Kidneys and Bowels and are invaluable in all complaints incidental to Females.

The Ointment is the only reliable remedy for Bad Legs, Old Wounds and Ulcers, of however long standing. For Bronchitis, Diphtheria, Coughs, Colds, Gout, Rheumatism and all Skin Diseases it has no equal.

BEWARE OF AMERICAN COUNTERFEITS.

I most respectfully beg leave to call the attention of the Public locally to the fact, that certain Houses in New York are sending to many parts of this Province SPURIOUS IMITATIONS of my Pills and Ointment. These frauds bear one or all labels some address in New York.

I do not allow my medicines to be sold in any part of the United States. I have no Agents there. Medicines are only made by me, at 533, Oxford Street, London.

In the Books of directions affixed to the spurious make is a caution warning the Public against being deceived by counterfeits. Do not be misled by this audacious trick, *as they are the counterfeits they pretend to denounce.*

These counterfeits are purchased by unprincipled Vendors at half the price of my Pills and Ointment, and are sold to you as my genuine Medicines.

I most earnestly appeal to that sense of justice which I feel I may venture upon asking from all honest persons, to assist me, and the Public for as may lie in their power, in denouncing this shameful Fraud.

Each Pot and Box of the Genuine Medicine, bears aHer Majesty's Government Stamp with the words "HOLLOWAY'S PILLS AND OINTMENT," lowly engraved thereon. On the label is the ress, 533 Oxford street London, where alone they are Manufactured. *Holloway's Pills and Ointment bearing any other address are counterfeit.*

The Trade Mark of these Medicines are registered in Ottawa. Hence any one throughout the Dominion possessing those may keep the American counterfeits for sale, will be prosecuted.

Colborne.

The following pupils, in S. S No 3 Colborne, attended school over 200 days during the year 1879:—David Cunningham, Gordon Young, Annie Young, Annie Linklater, Emily Currey, Mary Young, Mary J. Rutledge, John Young. The total number of attending days during the year was 221.

The Christmas examination of U. S. S. No. 11, D. E. McConnell Teacher, was held on Tuesday 23rd, inst. Six teachers were present; as usual a large number of the parents and friends of the pupils were in attendance all seemingly as deeply interested in the examination and its results as the pupils. Assortments of prospective drawings with samples of writing and composition of each of the classes were exhibited. The examination was concluded by the reading of the Teachers report for the last quarter and the distribution of prize books by the trustees and teacher. A special prize was awarded to Lily J. Morrish a little girl ten years old, for punctuality, never having missed one teaching day during Mr. McConnell's term of three years in the section; if there is a parallel to this in any of the rural schools in the county we would like to hear of it. The following are the names of those standing highest in each of the respective classes. V. Form, Anna Burrows; IV. Form, D. W. Greene, J. K. Greene, Tilley Graham. III. Form, Mary J. Simpson, Fanny Burrows, Lilly J. Morrish; II. Form, D. J. Brinley, M. Brinley and Jas. Tigert. A pleasant while was spent in recitations and music, Miss Ida Haynes presiding at the organ. A few remarks were made by Mr. Morrish and Mr. Hathaway expressing themselves satisfied with the success which has attended the efforts of both teacher and pupils throughout the past year.

An entertainment was given by the school in the evening and although the room was crowded to excess very good order prevailed. Mr. F. Hathaway occupied the chair. The programme consisted of readings, recitations, singing and dialogues. Master D. W. Greene favorably acquitted himself in his different comical parts and John B. Graham in the character of Jonathan Scruggins in the laughable farce of "Belinda Jane and Jonathan" was entitled to the rounds of applause which he received. At the conclusion the Misses Anna Burrows and Ida Haynes on behalf of the school presented their teacher with a handsome goldring, a penknife and the following address:

To Mr. D. E. McConnell,

DEAR TEACHER,—We, the pupils of this school reluctantly avail ourselves of this opportunity to express our gratitude to you for the solicitude you have ever manifested for our progress and general welfare. We have ever found in you a true friend and faithful teacher and we hope that though we cannot suitably reward you that God will bless your labor for our good. We beg you to accept this ring and knife as a slight memento of our appreciation of you as a medium part of our early education and we desire that it may remind you of our affectionate regard for you. We trust that God will prosper you in all your future undertakings and although we may not meet on earth again, our sincere wish and prayer is that we may all meet in heaven. Wishing you a happy New Year we sign on behalf of the school.

IDA HAYNES, ANNIE BURROWS.

Mr. McConnell in his reply spoke in a commendable manner of the section, stating that during his three years in the school he had had no trouble in the discipline of pupils or with parents in meddling with his duties. At a late hour the programme was brought to a close all being apparently satisfied with the evenings proceedings.

PRESENTATION.— On Tuesday evening, 23 rd Dec. A very large number of the ratepayers of S. S. No 2 West Wawanosh, accompanied by their wives and grown up sons and daughters assembled in the School House to witness the closing exercises of the School for the current year. The room was tastefully decorated and presented a pleasing appearance. The children acquitted themselves with exceptional credit. Mr. S. Oliver was called to the chair. A good programme of readings, recitations and dialogues was carried out with commendable skill and good rendition. The programme closed, the event of the evening took place viz: the presentation to the teacher, Mr. Hamlin, of a beautiful writing desk, silver mounted inkstand and gold pencil. The presentation was made by Misses E. Scrimgeour and A. E. Washington. The following is a portion of the address as read by Mr. D. G. Bruce.

To W. I. Hamlin Esq: Dear Teacher: We the pupils of S. S. No 2 West Wawanosh, take this opportunity of expressing our kindly feelings towards you and of thanking you for the many acts of kindness you have shown us during the three years you have been our teacher. Your example will, we feel certain, largely assist your pupils in the years to come. Be assured that the good wishes of your pupils will ever attend you. We now ask you to accept this present as a small token of our esteem. In conclusion, our earnest wish is that the Giver of all good may grant you a long, happy and prosperous career.

Signed on behalf of the pupils,

D. G BRUCE,
E. SCRIMGEOUR,
A. E. WASHINGTON,

Mr. Hamlin made a suitable reply and assuring them that he would ever treasure up this souvenir and the accompanying expressions as mementoes of one of the happiest periods of his life. The presents on the Christmas tree were then distributed and the meeting brought to a close. Mr. Hamlin has brought the school up to a high standard of proficiency as evidenced by the large number of prizes taken at the competitive examinations held during his term of teaching, and the number who have passed the entrance examination into the High School. He intends to enter one of the learned professions.

Goderich Township.

SCHOOL.—The public examination of the pupils of S. S. No. 2, Goderich Tp, was held on Friday afternoon, Dec. 19th, in presence of the trustees and a very large number of visitors. The examination was conducted by the teacher, Mr. R. S. Miller, and Messrs. Donnelly, R. Miller and C. L. Crane sellor. The answering and general behaviour of the pupils reflected the highest credit on themselves and their teacher. A large number of handsome prizes were distributed among the pupils. Several of those present spoke in the highest terms of the value of Mr. Miller's work while teacher of this school and expressed great regret at the loss of his services. Mr. Miller has taught here for three years and during that time has gained the respect and regard of all.

S. S. No. 5. Dec. 16th, 1879.

DEAR SIGNAL.—I beg a small space in your well conducted paper. Now Sir, as the time is drawing near that our school teachers will be looking for their hard earned cash, and I have no doubt that the great majority are worth their payment in full for their honest labours, but I fear it is not so in every school section in the Township of Goderich for in the one in which I reside, I am informed that our trustees, engaged their old teacher, when he had only six months to teach on his certificate, at a salary of $425. Now I think we have a right to know what right he had, and who authorised him to come back and open the school when he had failed so often to renew his certificate at the board of examinations. I think the ratepayers have a right to know whether the board met with regard to this matter, and by whose authority he reopened the school. And again who hired this present teacher and what is the salary, he is paid, and by whom. I hope our trustees or our local superintendent will give some light on the matter.

A RATEPAYER.

To the Editor of the Signal:

SIR.—For a few weeks past my name has been somewhat freely used in Tory circles in connection with an appeal against the voters lists. They say that I have put the Township to unnecessary cost. Now I have just to say that this is not true and that the parties really responsible for the expense of these appeals are the township officials whose ungling (if not something worse than bungling) has rendered these officials necessary. When men who own and have owned and lived on their farms in the township for years are systematically left off the voters lists year after year for no other reason than that they are guilty of the heinous offence of being reformers, the only way we can get justice is to appeal.

In the case of the last appeal who was to blame? The Reform appeals were too late and some of our oldest electors were deprived of their votes—Reformers of course. I supposed the matter had dropped, but I was notified to attend the court by the clerk and it was then I found out how the Tory appeals got put in in time. It was proved by their own witnesses that Mr. Cox's name had been signed to the Tory notice of appeal without his authority and the clerk had to admit that he was the man who did it. This is the way those officials manipulate things to suit their own party ends, and I think it is time all right minded persons united in putting a stop to such business

The Great Shoshonees Remedy and Pills.

The success that these medicines have met with since their introduction to the public some years ago, proves plainly to the most skeptical that they are medicines that perform what they are advertised to do. The virtues of these medicines have been well tested, and have withstood their trial in a most satisfactory manner. For diseases of the Blood, Liver, Lungs, &c., they are unsurpassed. We have testimonials of miraculous cures of these diseases, and of many others, If any one is afflicted, let him try a bottle of the Remedy and a box of Pills. No injurious effects will follow their use to the most delicate person, as they are purely vegetable, there being no mineral matter in them. The cost is small while the advantages derived from their use will doubly repay you for your expense and trouble.

Try these great remedies and be convinced that they are no humbug. No one who has tried the Shoshonees Pills has ever pronounced an unfavorable opinion of them; no family where they have been used will be without them. Full information may be had on all particulars touching the use, and the experience of those who have used them, by securing the Treatise or the Circular from your druggist Free. THE REASON WHY.—Mr. Fellows, in his "Medical Monthly," gives reason for the peculiar action of his Hypophosphites in cure of diseases, which seem to be borne out by facts. From tonic actions of the Sympathetic Nerves all the Organic Muscles are strengthened and the patient overcomes his malady simply, pleasantly, and rapidly.

The Price of Wheat.

The value of Wheat in the Canadian Market is controlled to a great extent by the foreign demand. If Crops are short in Russia, France, and India, England must buy more Canadian Wheat, and the price consequently advances.

But the price of Wilson's Compound Syrup of Wild Cherry never changes. A twenty five cent bottle will cure any ordinary Cough or Cold and give marked relief in old standing cases of Bronchitis. In hundreds of cases 50 cent bottles have cured Coughs and Colds which have been proof against all other remedies, and the proprietors positively claim that a $1 Bottle will ensure a large family against any danger from Croup, Whooping Cough, Bronchitis, Catarrh, Loss of Voice, Coughs and Colds, and all kindred diseases.

This is no empty boast but a fact which has already been proven by thousands of Canadian Families to their entire satisfaction. 1703 1m

Good Advice.

Now is the time of year for Pneumonia, Lung Fever, &c. Every family should have a bottle of BOSCHEE'S GERMAN SYRUP. Don't allow for one moment *that* cough to take hold of your child, your family or yourself. Consumption, Asthma, Pneumonia, Croup, Hemorrhages, and other fatal diseases may set in. Although it is true GERMAN SYRUP is curing thousands of these dreaded diseases, yet it is much better to have it at hand when three doses will cure you. One bottle will last your whole family a winter and keep you safe from danger. If you are consumptive, do not rest until you have tried this remedy. Sample Bottles 10 cents. Regular size 75 cents. Sold by your druggist. 1711

☞ Is your throat sore, or are you annoyed by a constant cough? If so, use promptly "Bryan's Pulmonic Wafers." They will give you instant relief. They relieve the air passages of phlegm or mucous, and allay inflammation, and no safer remedy can be had for coughs, colds, or any complaint of the throat or lung, and if taken in time their efficacy will soon be proved. Sold by all druggists and country dealers at 25 cents a box.

A REALLY GOOD ARTICLE

We would call the attention of all interested to anarticle of undoubted merit, and which we would advise all in want of to give a trial. We refer to "Darley's Conditing Powders and Arabian Heave Remedy" now being extensively used by many of the largest horse dealers in the country; these men have discovered that it improves the condition of the horse by purifying the blood, and removes from the lungs and liver all that prevents their healthy action; its effects is soon apparent in the improved appearance of the animal, which is one great reason why horse dealers use it as they are thus enabled to get better prices and at the same time give their customers sound and healthy horses. WHAT THEY SAY OF IT. A FEW FACTS FOR THE PEOPLE.—There are but few preparations of medicines which have withstood the impartial judgment of the people for any great length of time. One of these is Dr. Thomas' Eclectric Oil. Read the following and be convinced:—Thomas Robinson, Farnham Centre, P. O., writes, "I have been afflicted with rheumatism for the last ten years, and have tried many remedies without any relief, until I tried Dr. Thomas' Eclectric Oil and since then have had no attack of it. I would recommend it to all." J. H. Earl, Hotel Keeper West Shefford P. Q., writes "I have been troubled with liver complaint for several years, and have tried different medicines with little or no benefit, until I tried Dr. Thomas' Eclectric Oil, which gave me immediate relief, and I would say that I have used it since with the best effect. No one should be without it. I have tried it on my horses in case of cuts, wounds, etc., and think it is equally as good for horse as man."—A. Maybee, Merchant, Warkworth, writes, "I have sold some hundreds of bottles of Eclectric Oil, and it is pronounced by the public, 'one of the best medicines they have ever used;' it has done wonders in healing and relieving pain, sore throats, etc., and is worthy of the greatest confidence." Joseph Rusan, Township of Percy, writes, "I was persuaded to try Dr. Thomas' Eclectric Oil for a lame knee which troubled me for three or four years, and I never found anything like it for curing lameness. It is a great public benefit."

Beware of Imitations.—Ask for Dr Thomas' Eclectric Oil. See that the signature of S N Thomas is on the wrapper, and the names of Northrop & Lyman are blown in the bottles, and take no other. Sold by all medicine dealers. Price 25 cts., NORTHROP & LYMAN, Toronto, Ont., Proprietors for the Dominion.

Goderich, Feby., 19, 1879. 1670

IS composed of Ingredients identical with those which constitute Health, Blood, Muscle and Nerve and Brain Substance, whilst Life itself is directly dependent upon some of them.

By its union with the blood and its effect upon the muscles, re-establishing the one and toning the other it is capable of effecting the following results:—

It will displace or wash out tuberculous matter and thus cure Consumption.

By increasing Nervous and Muscular Vigor it will cure Dyspepsia, feeble or interrupted action of the Heart and Palpitation, Weakness of intellect caused by grief, worry, overtax or irregular habits, Bronchitis, Acute or Chronic Congestion of the Lungs, even in the most alarming stages.

It cures Asthma, Loss of Voice, Neuralgia, St. Vitus Dance, Epileptic Fits, Whooping Cough, Nervousness, and is a most wonderful adjunct to other remedies in sustaining life during the process of Diptheria.

An endless chain of good effects is formed by Fellows' Compound Syrup of Hypophosphites,

and we are safe in saying, from a long experience in medicine, its virtues *are not possessed by any other combination*, as the following will demonstrate:—

IT IS ACCEPTABLE to palate and stomach.

SUFFICIENTLY POTENT to insure decided benefit, yet harmless, howsoever long its use may be continued. This characteristic is possessed by no other remedy.

IT ASSISTS DIGESTION and assimilation

IT VITALIZES THE BLOOD, supplying such ingredients as may be required.

IT RESTORES TONE to the nerves.

IT GIVES POWER of endurance and of concentration to the mind.

IT PROMOTES VIGOR in the organs which depend for health on the involuntary muscular action, viz., the Liver, Lungs, Heart, Stoma h and Genitals.

And whose all cases with some disease involving absolute organic loss, it will sustain the system until it reaches the age allotted to man by a beneficent Creator.

No PERSON will be disappointed in the effect of FELLOWS' HYPOPHOSPHITES, who rigidly follows the directions.

FELLOWS' HYPOPHOSPHITES INCRIPTION.

The experiments which perfected this preparation occupied many months, and were instituted with a view to curing that insidious disease,

TUBERCULAR CONSUMPTION,

and in order to supply the deficiencies in Hypophosphites already in use; for, though the remedies were correct as to theory, their preparations were owing to their imperfect organization, found wanting in practice.

While they caused the form to rise at times and generate heat they did not improve the blood. The nutritive effect upon the nerves and muscles was disappointed, and, owing to their diluted state, involving large doses, they were also too expensive.

The desideratum sought by Mr. Fellows were, A convenient, pleasant remedy;

Unalterable by time;

Harmless though used continually, yet might be discontinued at any time without any ill effect;

Which would induce an appetite;

Strengthen digestion;

Promote assimilation;

Create healthy blood;

Strengthen the nerves and muscles;

Enable one subject to successfully combat disease;

And, finally, economical for all.

All this has been in reputably attained. The success of the work is complete; and Fellows' Hypophosphites is now a favorite amongst the remedies for chronic organic diseases, possessing properties to which no other medicine has ever aspired.

ABSTRACT EFFECTS.

Fellows' Hypophosphites, on being introduced into the stomach, unites with the food, and immediately enters the circulation; and being perfectly miscible with the blood, speedily pervades every part of the system. Its effects are first perceived by a gradual but increased fullness and strength, a general excitation of the organic functions, and exhilaration of the intellectual powers. It superficiates on the brain and nerves sustance, increasing the activity of the nerves and renewing the blood, thus causing the healthy muscular formation so necessary in restoring the functions of the previously weakened organs.

Being the tonic of the nervous and circulatory system, it follows that, when there is a demand for extraordinary exertion, its use is invaluable, since it supplies the waste through the circulation, and sustains the general system.

At no period of life is watchful care over the function of the brain more requisite than during the acquisition of knowledge by the youthful mind. Long, persevering study requires a store of vigorous, nervous force, or the child may sink under the mental toil.

Stern necessity may compel the student to strain his powers beyond the dictates of prudence, and the early promise of excellence may be blighted thereby.

Though we recommend Fellows' Hypophosphites it will not only restore the sick to health, but it will make the rolling stone to possess his mental faculties in a healthy state without serious injury.

NOTE.—Beware of worthless compounds recommended simply because they are cheap. Although they may be sold at a large profit, yet they will not satisfy the purchaser, and those who offer them are prompted solely by a desire for gain. Such practice is unworthy of the name of druggist, and honest physicians and druggists will not press their patrons to accept a spurious article when they know the high medicinal merits of the genuine article.

Price $1.50 per bottle. $7.50 for six bottles.

Orders will be attended to.

A LECTURE TO YOUNG MEN.

We have recently published a new edition of DR. CULVERWELL'S CELEBRATED ESSAY on the RADICAL AND PERMANENT CURE (without medicine) of Nervous Debility, Mental and Physical Incapacity, Impediments to Marriage, etc., resulting from excesses.

☞ Price in sealed envelope, only 6 cents, or two postage stamps.

The celebrated author, in this admirable essay, clearly demonstrates, from thirty years successful practice, that alarming consequences may be radically cured without the dangerous use of internal medicine or the application of the knife; pointing out a mode of cure at once simple, certain and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately and radically.

☞ This lecture should be in the hands of every youth and every man in the land.
