DOG SHOW WAS BIG SUCCESS EVERY WAY

Officers of Association Well Pleased With Results.

ATTENDANCE WAS GOOD

Large List of Prize-Winners Announced—Will Be Repeated Next Year.

The London Canine Association two-day dog show was brought to a close in the old city hall Saturday night. It was, according to the officials, the most successful held. Keen competition and the fine quality of the dogs were the predominating features. Dog fanciers turned out en masse, and the attendance was far beyond the expectation of the promoters.

Thomas McCarroll and Mrs. Walters, St. Thomas, and A. H. Graydon acted as judges for the show, giving entire satisfaction to the competitors.

Following the show, Secretary Smith stated that the results were satisfactory, and the show would likely be repeated.

IRISH HAVE FORGIVEN BAND OF THE GUARDS

No More Unfriendly Feeling Exists For the British Army.

[Canadian Press.]

DUBLIN, April 4.—10:25 p.m. — A band of the Irish Guards, which even a few months ago would have received an unfriendly greeting anywhere in Ireland, arrived here today on a recruiting tour, and was enthusiastically cheered as it marched to the Mansion House, playing "St. Patrick's Day."

The bandsmen were received and welcomed by the lord mayor and sheriffs.

There was another remarkable scene here today when John E. Redmond, the Irish Nationalist leader, reviewed a column of the Irish National Volunteers, and in a speech said that of the Nationalist and Ulster volunteers who had organized to fight one another, more than 50,000 were now fighting side by side on the continent, or in training to go there.

Limerick also has altered its opinion of the British army. Officers who during the week secured 300 recruits in Limerick were heartily welcomed by the people, and the recruits were lustily cheered when they presented themselves.

Perhaps for the first time in Irish history such scenes have been witnessed, and certainly there has been a change from the days when an Irishman who joined the army was shunned by many.

OPERATION ON KING CHRISTIAN.

LONDON, April 4.—Reuter's Copenhagen correspondent says King Christian underwent a slight operation Friday, but that he has recovered and no further bulletins will be issued concerning him.

NO TRACE FOUND OF PRINZ MAURITS

Fear Felt That Fifty Persons On Board Ship Have Perished.

BARGE CREWS SUFFER

Great Damage Done By Storm Which Swept the South Atlantic.

[Canadian Press.]

Norfolk, Va., April 5.—Every possible effort, both from land and sea, was being made today to learn the fate of the Royal Dutch West Indies Company's steamer Prins Maurits, believed to have foundered off Hatteras with a loss of about fifty persons in the great storm that lashed the South Atlantic coast on Saturday.

Coastguard cutters, warships and other craft searching for the Maurits fear crew and passengers shared the fate of the crew of the tug Luckenbach, drowned off False Cape when the storm claimed the tug as a victim. No news of the Maurits had come early today from coastguard stations.

Barges Suffered.

Barges fared worse than other vessels in the storm. Many broke away from tugs and were driven ashore. Lightships were torn from their moorings and driven before the wind, and beaches were strewn with wreckage of small craft. It was feared thirteen men aboard the barge Tampico, which broke from a tug last Tuesday, were lost.

Many thrilling rescues are reported. The captain and crew of six of the schooner Alice Murphy were taken from their waterlogged vessel by the steamer Lenapes crew after they had been lashed to the mizzenmast for 36 hours. A small boats made the perilous trip from the Lenape to the Murphy and back again with the seven men.

More Rescues.

The Morgen Line steamer rescued the crew of the barge Northwestern, adrift for more than 24 hours. The crew of the schooner M. H. Cressy were taken from their vessel by the Diamond Shoals lightship. The barge San Antonio was towed into Charleston by tugs. Other barges found adrift were towed in.

The fury of the storm lasted as it moved up the coast. Ten men were lost off the Delaware Capes when the tug Cumberland lost barges it was towing, and as far north as the Massachusetts coast came reports of heavy shipping damage.

FIFTEEN LOST

[Canadian Press.]

New York, April 5.—The Luckenbach Steamship Company, owners of the seagoing tug Edward Luckenbach, which went ashore at False Cape, Va., during the gale Friday night, received word today from their Norfolk agents that all but two of her crew of seventeen has been lost, and that the tug was a total wreck. The two men saved were washed ashore with the wreckage, one of them being lashed to a mast, it was said. Two of three barges which the tug had in tow at the time had been saved, according to the message, and the third one wrecked.

EIGHT VESSELS LOST WITHIN THREE DAYS

LONDON, April 4.—11 p.m. — The steamer City of Bremen, of Dublin, has been sunk by a German submarine off Wolf Rock, in the English Channel, about fifteen miles south Land's End, Cornwall. Four members of the crew of the steamer were drowned. Twelve survivors have arrived in Penzance.

The British steamer Lockwood was torpedoed Friday night off the Devonshire coast. All the crew were saved.

Available shipping records do not contain the name of the City of Bremen, of Dublin. This is the seventh loss reported in three days.

FRENCH BOAT LOST.

FECAMP, France, April 4. — The three-masted fishing vessel Paquerette, of Fecamp, was sunk yesterday afternoon by a German submarine off Etretat, nine miles southwest of Fecamp. The crew of the fisherman was rescued in the ship's boats or by the boats of nearby sloops.

The Paquerette had just sailed for the Newfoundland fishing banks with a crew of 32 men. Nine other vessels belonging to the same company which owned the Paquerette had preceded her, but apparently safely passed the danger zone.

GERMAN MAY DISCLOSE SPY SYSTEM AT DETROIT

PORT ARTHUR, April 4. — Karl Schmidt and Gustav Stephens arrested on suspicion of being German spies, pleaded guilty yesterday to carrying loaded revolvers and were sentenced to three months' imprisonment. After completing their time they will be charged with espionage.

It is stated here Schmidt has offered to assist the authorities, getting full information regarding the source from which they were employed in the United States and sent across the border at Detroit.

The men were arrested after acting in a suspicious manner along the Canadian Pacific Railway lines.

Beskid Mountains Part of the Carpathian Range

The Beskid Mountains referred to in last night's Austrian statement form part of the boundary between Hungary and Galicia. They are a section of the great Carpathian range, the natural barrier upon which Austria-Hungary relies to halt the Russian advance.

On the mountain heights and in the passes fighting has been in progress all winter, notwithstanding the snows and bitter cold. Recently the Russians have announced important successes in this struggle, although these claims hitherto had not been corroborated in Vienna. The fighting in the Beskids has been severe recently, as is shown by the official reports. The Austrian statement Friday said it had been ascertained that all the Russian divisions released by the fall of the Galician fortress of Przemysl were now on the Carpathian front.

EARLY CLOSING IN SOUTH AUSTRALIA

People Vote In Favor—Premier Follows King's Lead —Labor Resolution.

[Special Cable to The Advertiser.]

London, April 5—(From Melbourne, April 4).—The labor conference of Victoria, which controls the entire labor machine of that state, has declared an open war upon the Roman Catholic Federation which has made Catholic claims vital when selecting candidates for its support. The conference resolved that no elector may belong to any other organization, secular or ecclesiastical which intervenes in elections or supports candidates.

The referendum in South Australia has resulted in favor of closing all drink bars at 6 o'clock during the period of the war. Premier Fisher, applauding King George's lead, says: "I will neither drink nor keep alcohol in my house."

FACES COURT-MARTIAL FOR KILLING HIS WIFE

French Officer To Be Tried, Having Recovered From Illness.

[Canadian Press.]

Paris, April 5.—Capt. Herail, an officer in the French cavalry, will be tried by court-martial Saturday for killing his wife at Compiegne because she persisted in following the army to be near him, in direct violation of orders issued by the military authorities. For some time after the crime Herail was a mental and physical wreck. It was feared he would not survive, but he recently recovered and was turned over to the military police by the hospital authorities. He will be defended by Henri Robert.

Loved the Woman.

After Capt. Herail was sent to the front, his wife, to whom he was deeply attached, learned that he was stationed at Compiegne, and followed him there. This was at the time when the general-in-chief issued a circular prohibiting all officers and soldiers from receiving their wives during the campaign. His superior officer remonstrated with Capt. Herail, and he tried to induce his wife to leave, but she continued to postpone her departure. A second warning was given the captain with no better result. When a third warning came he was told he would be cashiered unless Mme. Herail left at once. This she refused to do, and the captain, fearing dishonor and degradation, shot the woman he loved.

AUSTRIAN STEAMER BLOWN TO PIECES

NISH, Servia (via Paris), April 5.—An official statement, issued here today, says: "The Austrian ammunition ship Belgrade, sank in the Danube, opposite Ritopek on the night of March 30. An explosion was caused aboard the Belgrade by the Servian gunfire. Of a crew of nearly forty, only two were saved."

PARIS, April 4.—Thirty-five members of the crew were drowned by the destruction of the Austrian steamer which blew up in the Danube on the night of March 30, after striking a mine near Ritopek, according to a dispatch from Nish to the Havas Agency. The character of the wreckage has given rise to the belief that the steamer was especially armor-plated and loaded with a large quantity of munitions and artillery supplies destined for Turkey.

FIFTY SEE MAN PLUNGE OVER FALLS

NIAGARA FALLS, N. Y., April 4.—An unidentified man climbed over the railing at Prospect Point this afternoon and plunged into the river. A few seconds later he was swept over the American falls. No trace of the body has been found.

At least fifty persons saw the man take the fatal plunge, but none were near enough to interfere. The man was about fifty years of age and well dressed.

SAYS OBREGON HAS VOWED TO WIPE OUT CAPITAL OF MEXICO

American Attorney Also Says There Have Been 11 Foreigners Assassinated.

[Canadian Press.]

San Antonio, Texas, April 5.—Eleven foreigners have been assassinated recently in the city of Mexico, according to Arthur Bullard Johnson, an attorney representing jointly the two thousand Americans of the city and the international committee of the capital district, who passed through here last night on his way to Washington. The persons assassinated, according to the statement of the international committee counselled by the diplomatic corps, says Mr. Johnson, were an American, a Swede, three Ottomans and six Spaniards.

"I carry affidavits," continued Mr. Johnson, "to the following statement: "Obregon stated at the time of the first occupation of the capital he would not recognize foreigners until foreigners recognized him, and publicly stated at the time of the second occupation that he would 'live to see the day when a cross would mark the place where the city of Mexico once stood'."

TRIPLE MURDER IN CELLARS OF CAFE

New York Restaurant Keeper and Employees Slain, Supposedly By Burglars.

[Canadian Press.]

New York, April 5.—Otto Zinn, a restaurant-keeper, and two of his employees, a porter and a cook, were killed early today in Zinn's restaurant, supposedly by burglars. Zinn and his wife, who slept over the restaurant, were awakened by a crash downstairs, and the proprietor went down to investigate. When he failed to return, his wife called a policeman, who found the restaurant-keeper and his two employees dead in the cellar.

In the cellar was found also a safe, which had been moved from a place on the floor above and evidently thrown downstairs. It had not been broken open.

Beside the dead man lay three bloody cleavers with which the burglars had battered in their victims' heads. The police found also a revolver and a set of burglars' tools.

The porter and the cook had been surprised and killed when they came down to get coal. The proprietor apparently had surprised the thieves at work trying to open the safe.

The two employees were Rolan Held, porter, and Stephen Bovorisky, cook.

COUNT ZEPPELIN ANGRY AT LACK OF SUCCESS

Calls Down His Engineers and Captains For Showing White Feather.

[Canadian Press.]

Romanshorn, Switzerland, Friday, April 2.—Via Paris, April 5.—Count Zeppelin is not satisfied with the manner in which his airships are being handled. He called together one day this week his engineers and the captains of the dirigibles now at the Zeppelin works at Friedrichshafen and criticized them on several scores.

The count said that the full power of Zeppelins had not been employed and that longer raids than any made heretofore were possible. He also said that there was too much of a disposition to await favorable weather conditions instead of responding without delay to military requirements. He believed that an attack upon London and the lower Thames has been delayed unnecessarily. The count also is understood to have criticized his captains for retreating from hostile airmen.

FRENCH GENERAL LOSES YOUNG SON

German Leaders Write Him, Expression Admiration For Boy's Courage.

[Canadian Press.]

Paris, April 5.—Gen. A. G. L. d'Amade, commander of the French expeditionary forces at the Dardanelles, has lost his youngest son, aged 18, who was a second lieutenant of infantry. A friend of the general has just received from him the following letter written while he was on the way to the Dardanelles:

"At Sea, March 31.

"Dear Sir,—I am very late in acknowledging the receipt of your letter of December 28. The cause of the delay is a great misfortune which has come upon us. I have lost my youngest son, Gerard d'Armade, a second lieutenant, of 18 years, who had only just been received at St. Cyr in the last competition of July, 1914.

Fell Gloriously.

"He fell gloriously for France, during a night reconnoitering expedition in the Argonne on January 25. Mortally wounded, he fell upon the very trenches of the enemy, which he had received instructions to reconnoiter.

"Two German generals, who were witnesses of his bravery and courage, wrote to me, expressing spontaneously their admiration, and informed me that our poor child had been buried near V—— in the great forest of Argonne.

Mourn After War.

"I have no need to tell you that it is a great pain, but we could offer to God and to France nothing more beautiful, nothing more pure, nothing more generous than that child. We are proud of him, but after the war we shall mourn him until death.

"I carry with me in my new mission this pain, engraved deeply in my heart, as an example of courage, and as a great reason to hope you may never know the pain that we have suffered."

ACTORS TRAPPED IN HOTEL BLAZE

Several Missing In Fire At Niagara Hotel, Toledo, Ohio.

[Canadian Press.]

Toledo, O., April 5.—Police and firemen were attempting this morning to reach the interior of the Niagara Hotel, a four-story structure, in the centre of the business district, occupied principally by members of the theatrical fraternity, who were trapped in their beds by a fire at 1 o'clock. Several are reported missing, but names are not obtainable on account of the heat and smoke.

Hal Oates, of Chicago, and his 15-year-old son, vaudeville actors, were badly burned about the feet and hands and were rushed to a hospital.

BAVARIANS AND SAXONS SUFFER FOR PRUSSIANS

Former Say They Were Mishandled at Neuve Chapelle —Wounded Neglected.

[Canadian Press.]

London, April 5.—"Prussians, Bavarians and Saxons took part in the fighting at Neuve Chapelle, but their cooperation does not seem at all points to have been very hearty," says the eye-witness attached to British headquarters in France in a communication dated April 2.

"Our prisoners of the two last mentioned nationalities expressed great indignation," the writer goes on to say, "at the manner in which they were flung into action during the counter-attacks from Bois Dubliz.

Grossly Mishandled.

"Orders were given them, so they have said, to reinforce the firing line, but on advancing from the wood they found no firing line, but discovered instead that they were alone and unsupported. Many surrendered in consequence. On the whole they are under the impression that they were grossly mishandled by the Prussian officers.

No Care of Wounded.

"The treatment of their own wounded by the Germans was callous to a degree. Although numbers were lying in front of the trenches in many places, no effort was made to pick them up. At last our men were compelled by pity, at considerable risk to themselves, to endeavor to reach these wounded, but the Germans continued to shoot, and they hit some of our men while engaged on this errand of mercy, although their intentions were obvious. There is reason to believe that many of the wounded were Bavarians and Saxons, while the men in the trenches were Prussians."

BELIEVES TURKEY IS SEEKING PEACE

Rome Places Little Reliance On Denials of Turkish Envoy.

[Canadian Press.]

Rome, April 4, via Paris, April 5.—In spite of various official denials from some of the belligerent nations that preliminary steps have been taken to conclude peace, especially by Austria and Turkey, without consulting Germany, the report that Djavid Pasha, Turkish minister of finance, who now is in Switzerland on a mission of peace, finds credence here.

It is pointed out that Djavid Pasha was one of the first Turkish envoys to undertake at Ouchy, Switzerland, the conclusion of an Italo-Turkish peace, and that he conducted his preliminary negotiations by roundabout means through neutral diplomats. While he has denied emphatically that he is at present engaged in a similar mission, it is considered here that this denial should not be taken too seriously, because he scarcely could admit at this time that his Government seeks a cessation of hostilities. Similar denials were made by him when he first undertook the task of bringing about an agreement between Italy and Turkey.

CANARY ISLANDERS RESENT GERMAN ACTS

Sinking of Steamers Rouses Feeling Against Colonists.

[Canadian Press.]

Madrid, via Paris, April 5.—Feeling among the natives of the Canary Islands, according to a Las Palams dispatch, is bitter against the German colony because of the sinking by German submarines of the steamers Falaba and Aguila which were carrying 2,800 sacks of flour and 800 tons of provisions to the famine-stricken inhabitants of the islands.

The Spanish Government has sent the cruiser Catalana and the gunboat Laya to Las Palmas to prevent another incident similar to the escape of the interned Hamburg-American steamer Macedonia.

The Espana Neuva prints a dispatch from its Lisbon correspondent, stating that Dr. Alfonso Costa, former premier and leader of the Opposition party, has suddenly left the country.

TURKISH CLAIMS

Two Boats and Mine-Sweeper Said to Have Been Sunk.

[Canadian Press.]

Berlin, via London, April 5—8:50 a.m. —A dispatch from Constantinople says the following statement has been issued by the Turkish war office:

"Our fleet yesterday sank two Russian ships, the Provident, of 2,000 tons, and the Vastochnaja, of 1,500 tons, at Odessa.

"Our batteries off Kum Kale sank an enemy mine-sweeper, which attempted to approach the entrance to the Dardanelles."

Neither the Provident nor Vastochnaja is mentioned in the latest shipping records.

GERMAN SOCIALIST ASKS "COMMON SENSE PEACE"

[Canadian Press.]

London, April 4.—Eduard Bernstein, a Socialist member of the Reichstag, who refused to vote for the budget, although he did not vote against, has written to the Leipsic Volks Zeitung an explanation of his attitude. A Copenhagen dispatch to the Exchange Telegraph Company says that Herr Bernstein refused to approve the budget "because it was necessary that a voice be heard crying for a common sense peace."

"If Germany made a beginning," Herr Bernstein wrote, "followers of the movement in other countries would soon be heard."

NEW PRINCIPAL.

[Canadian Press.]

London, April 5.—The Rev. John Herkless, regius professor of ecclesiastical history at St. Andrew's University, has been appointed principal of that institution.

PULPIT APPEALS FOR ABSTENTION

King's Example Set Before the People In Britain By Archbishop.

[Canadian Press.]

London, April 5.—The question of prohibition and the example set by the King in offering to abstain from the use of liquors were referred to in almost all the pulpits in London yesterday. The Archbishop of Canterbury in the Canterbury Cathedral strongly advocated voluntary abstention from drink by the people. He said King George had announced his readiness to set the example, and that he was in a position to tell his hearers how confident the King was that the response of the people to the suggestion for abstention would be ready and widespread.

According to statistics prepared by the Times, there has been during the last four months less beer drinking, but a great increase in the consumption of spirits. This is accounted for particularly by the heavy duty placed on beer in the last budget. The increase in spirit drinking was especially noticeable during February and March.

RETREAT FROM MEMEL COST RUSSIANS 149 MEN

PETROGRAD (via London), April 4. —An official communication concerning the recent Russian retreat from the Memel district of East Prussia, was issued tonight. It says:

"During the retirement of our troops our casualties were only 149 men including killed, wounded and missing."

The Russians previously stated that their invasion of this section of Prussia was merely a ruse to draw off the German army further south.

INQUIRY INTO WAGES OF PULLMAN EMPLOYEES

[Canadian Press.]

Chicago, April 5.—Wages paid Pullman car porters and conductors, hours they are required to work, and what percentage of their earnings is paid by the public in tips, was information desired by the federal commission on industrial relations, which opened an eight-day hearing today.

The Pullman Company employs about 6,000 negro porters and about 2,000 conductors, it was said.

BACKACHE WAS SO BAD

COULD NOT SWEEP THE FLOOR

For backache, lame or weak back, one of the commonest and most distressing symptoms of kidney inaction, there is no remedy to equal Doan's Kidney Pills for taking out the stitches, twitches and twinges, limbering up the stiff back and giving perfect relief and comfort to all poor, suffering women who suffer so much from a weak, lame back.

Mrs. Blackburn, R. R. No. 1, Fishburn, Alta., writes: "I take pleasure in writing you, stating the benefit I have received by using Doan's Kidney Pills. About three years ago I was terribly afflicted with lame back, and was so bad I could not even sweep my floor. I was advised to try your kidney pills. Before I had used one box there was a great improvement as my back was much better. However, I kept on taking them until my back was completely cured. I highly recommend these pills for lame back."

Doan's Kidney Pills are 50 cents per box, or 3 boxes for $1.25, at all dealers, or mailed direct on receipt of price by The T. Milburn Company, Limited, Toronto, Ont.

When ordering direct, specify "Doan's."

DAYS OF RHEUMATISM NOW OVER! WONDERFUL MIRACLES WORKED BY "NERVILINE"

Its Strange Power is the Marvel of Thousands it Has Cured.

You will welcome the good news that "Nerviline" rapidly relieves the most excruciating pains.

Nerviline penetrates deeply into the tissue, and possesses pain-subduing power at least five times greater than anything heretofore discovered. Its curative influence upon rheumatic pains is really wonderful.

Nerviline is offered to the people of this community under a positive guarantee of its reliableness.

As a curative agent of severest pain, every rheumatic should test this great remedy.

Rheumatism is the greatest test Nerviline has to meet. It cures pains, big and little, but to rheumatics especially it is a great blessing, just as it is to those who suffer from neuralgia, sciatica, lumbago, stiffness or enlarged joints.

Remember this: There is nothing harmful in Nerviline.

You can use it freely on your children for their aches and pains. It is dependable, reliable, safe. Nothing to equal good old Nerviline as a general family remedy.

Get the large, 50-cent, family bottle; it is far more economical than the 25-cent trial size. Sold by dealers everywhere, or direct from The Catarrhozone Company, Kingston, Canada.
