## AN OLD MAN'S LOVE LEVANTS.

**She Signed a Written Agreement To Wed and After Naming the Marriage Morn She Disappears.**

WOODSTOCK, July 28.—Yesterday "Corncracker" Hutchinson, a machinist at Whitelaw's foundry, was to have been married in fulfilment of this contract:

WOODSTOCK, June 1, 1893.

This is to certify that I have consented to marry Mathew Hutchinson without dishonor because I love him, whenever he may fix the date. This agreement is to hold good for six months from date.

Virgin's name, MAGGIE DEVOIR.
do. MATHEW HUTCHINSON.

The woman who signed this was Joseph Devoir's wife. She came here from Hamilton nearly a year ago with her husband. Devoir skipped to Winnipeg after victimizing Mrs. Cole of $50 for board and various friends for small loans. "Maggie" took service at the Central Hotel and the boarders persuaded the old man that she was in love with him and single. She had an illness and as she lay on her sick bed Hutchinson promised to marry her if she could produce a medical certificate that she was free from consumption. She produced the document—in her own handwriting.

The old man took her out driving, bought several new dresses and lots of trinkets, and the above agreement to marry was drawn up and signed. Ten dollars and various other sums were contributed by Hutchinson for the bridal outfit, but when yesterday dawned his brunet love had gone to join her husband. And "Corncracker" is disconsolate.

He believes he has been cruelly wronged. He says he is 39 years of age, but he looks to be 80. Someone, he says, had told him that the Board of Health had recently passed a law prohibiting the marriage of men over 40 to girls under 14, and it is this doubtless that causes Matthew Henry's age to be 39.

### THE MARIPOSA.

**The New Steamer Arrives at Montreal—Description of the Vessel.**

The new steamer Mariposa, chartered from the Atlantic Transport Company by the Beaver Line for their Liverpool and Montreal route, has arrived at the latter city. This steamer is now the largest trans-Atlantic ship running from Montreal. She was built last year in Newcastle for the McIver line, which now owns her. She has accommodation for 70 saloon passengers. There will be a special excursion to Europe by the Mariposa on Aug. 2 from Montreal. Rates can be had on application to Robert Melville, at his steamship registry, next the Post-office.

### The Trade of the Week.

NEW YORK, July 28.—Bradstreet's to-morrow will say: General trade in the Province of Quebec is only moderately active, but the outlook for fall trade is regarded fair. Some anxiety is felt at the continued depression with accompanying embarrassment of banks in the United States. Toronto wires that some Buffalo and Detroit citizens have been making deposits in Toronto banks. Nova Scotia reports a fair opening of fall trade, with good crop yields except of hay. Bank clearings at Halifax, Montreal, Hamilton and Toronto aggregates $17,739,000, a decrease of nearly 10 per cent. as compared with the week before and the like week last year. Canadian business failures this week number 30. Last week the total was 46 and a year ago it was 22.

### That Military Moonlight.

The largest excursion that has left Toronto this year sailed from Milloy's wharf on the steamers Garden City and Greybound on Thursday night. It was a combined excursion and band concert by the 48th Highlanders of Toronto and the 13th Battalion of Hamilton. The excursionists arrived at Oakville at 11 p.m., where the Modjeska, bearing the 13th, was waiting. The three boats tied up at the wharf, where a concert was given by the bands of the two regiments. About 12 o'clock the Toronto and Hamilton boats parted company, and the former arrived in Toronto at 2 a.m.

### A Couple of Ministers Dead.

Mr. Alfred Wattam, son of Mr. W. Wattam of Portland Township, died a few days ago. Deceased had been for several years a zealous member of the Free Methodist Church and had commenced studying with a view to entering the ministry. He had charge of a circuit in Toronto for a short time and thence was transferred to Hamilton, from which place he was compelled to return home owing to ill-health.

Rev. Wilson McDonald, Methodist minister, who for a couple of years was stationed at Port Carling, is dead at Hawkstone.

Clark, Derby Line; Scott Fellows, Wells River, W.; Mr. Charles Darrian, Mrs. John Simons, Mr. and Mrs. Amos Campbell, Quebec.

Some persons have periodical attacks of Canadian cholera, dysentery or diarrhœa, and have to use great precautions to avoid the disease. Change of water, cooking, and green fruit is sure to bring on the attacks. To such persons we would recommend Dr. J. D. Kellogg's Dysentery Cordial as being the best medicine in the market for all summer complaints. If a few drops are taken in water when the symptoms are noticed, no further trouble will be experienced.

### The Judge's Fly.

The Swamp Angel Angling Club, composed of Judge Morson (Supervisor), Dr. Bingham, Arthur Croll, Dr. Baines and George Bethune, leave this evening for an expedition to Steal River, on Lake Superior. The Judge is after six-pound trout only and is armed with a special fly therefor. There is but one such fly and he has it.

Why suffer from disorders caused by impure blood, when thousands are being cured by using Northrop & Lyman's Vegetable Discovery? It removes pimples and eruptions of the skin. Mr. John C. Fox, Olinda, writes: "Northrop & Lyman's Vegetable Discovery is giving good satisfaction. Those who have used it say it has done them more good than anything they have ever taken."

The Treasurer of the Aged Woman's Home, Belmont-street, acknowledges the following additional subscriptions to the building fund: Mr. W. G. Gooderham, $100; Mr. A. E. Gooderham, $25; Mrs. W. TIPS FROM WALL-STREET.

Monroe, Miller & Co. of New York send the following despatch over their private wire to their Toronto office:

NEW YORK, July 28.—Stocks opened very feverish on unsettled advices from London, whose first cable was advanced, but later declined on four failures. Most of the active list opened up from ¼ to 1½ per cent., the market then sold off to about last night's closing prices, and held fairly steady; there is, however, a pressure to sell and good demand in ldans. New York Central loaned at ⅜ per cent.

12 m.—Prominent bears resisted any further advance and are liberal sellers on rallies. The borrowing demand continues brisk, the majority of the active list commanding a premium.

2 p.m.—The support in General Electric is nil, and the liquidation is something surprising. fluctuations thus far to-day ranging about 15 per cent. Chicago Gas crowd is made up of bear traders, whose talk corresponds. There appears to be a little support, however, around 48. General market dull and steady.

3 p.m.—There was absolutely no support to General Electric, and all active brokers have orders to sell. A slight rally occurred after a block of 5000 shares had been marketed, but it is in a panicky condition. Stocks closed feverish and at slightly better figures than lowest of day. Money closed offered 3, high ⅜ and interest, low 3, last 3.

GOSSIP FROM CHICAGO.

R. Cochran received the following despatch from Kennett, Hopkins & Co. to-day:

CHICAGO, July 28.—Forced liquidation caused by loans on wheat being called by banks ex plains to-day's break. Money to carry stock from July to September was furnished grudgingly with understanding that the wheat should be moved out as rapidly as it could be marketed at fair prices, but the elevator men failed to keep their agreement, the enormous carrying charges being too profitable. Light money continuing, the banks have finally been compelled to call some loans and insist on the wheat being moved out, consequently offerings of cash wheat have been very liberal to-day and largely in excess of the demand, and at one time the September premium over August representing an annual interest charge of 4 per cent. Its likely that prices will recover some from this sharp decline, but there is still little prospect of a material and permanent improvement.

Corn and oats have held up remarkably well considering the weakness in wheat. An excellent shipping demand for corn has existed. Probably several hundred thousand bushels have been taken for shipment, and possibly one million bushels would have been worked if staple rates of exchange had been possible.

Provisions—The clique are still holding up the prices of lard, but ribs have been very weak.

John J. Dixon & Co. received the following despatch over their private wire from Walker & Co. to-day:

CHICAGO, July 28.—Receipts of hogs were over the estimates and prices largely lower. Provisions opened lower on this showing and declined further on selling by the longs and packers. Without doubt Armour took the lead in selling ribs, causing the last sharp decline at the extreme low prices. Wright supported ribs and Barker took all offerings of lard at $6.70, probably for Cudahy. Ribs are relatively much cheaper than pork or lard and we think should be purchased. Another new record in September wheat to-day 68 1-8, being low market, broke 25 8 cents from the opening prices. The same old cause brought out long wheat, cash wheat being thrown on the market, rumors that banks had called in their loans on it and that they had issued clearing house certificates. Cables lower, clearances lighter than for some days and receipts are beginning to show an increase. It looks as if it was a case of necessity for farmers to sell as it is here with everybody who have money invested, everything looks black now but the old saying is: "It is always darkest before dawn."

Corn has been weak and lower, the same influences exist in this cereal as in wheat. Weather good for growing crops and receipts big, long stuff came out.
