Dark Hair

Do you want it? All that dark, rich color your hair used to have? Easy enough, so long as you can buy Ayer's Hair Vigor. It always restores color to gray hair. It stops falling of the hair, too, and sometimes makes it grow very long and heavy.

"I am over 50 years old. My hair is long and heavy, and of the dark, rich color of youth, thanks to Ayer's Hair Vigor."
Mrs. R. A. Lloyd, Hampton, Va.

$800 FOR TORONTO.

Annex and Alterations to the Drill Hall Provided for.

Ottawa, May 6.—In the House this morning, upon the item for annual drill and musketry of the militia, Hon. Dr. Borden, replying to Mr. George Taylor, said that he was not quite sure all the June camps would be held this year, but the cavalry and field artillery will be drilled full strength. The drills in the cities will, of course, go on as before.

A large portion of the further sum of $31,000 required for the Dominion Arsenal was, Dr. Borden said, for the purpose of repairing, etc., the guns and material injured in the South African campaign.

Dr. Borden stated that $300 had been placed in the estimates for an annex to the Toronto Drill Hall, $300 for alterations to the drill hall and $200 for fitting up the Field Hospital Battery Corps and artillery.

RUSSIAN IRON FOR ENGLAND.

London, May 6.—According to The Westminster Gazette, a Russian firm has sold 24,000 tons of cast iron, for delivery in England. The paper says this sale must be regarded as indicating "the necessity of realizing on stocks rather than as an onslaught on the British market; yet, the British markets in the Mediterranean may be affected by Russia, which is seeking outlets there both for coal and iron."

Navigation Notes.

Capt. Enright, who will command the steamer Garden City of the Niagara, St. Catharines and Toronto Navigation Co., this year, was at the bells of the Lakeside yesterday. Capt. Wigle was taking a holiday. It is expected that the Garden City will commence running about the middle of next month. Special excursions will be run to St. Catharines on Wednesday and Saturday afternoons this summer.

Henry Patterson, manager of the R. & O. Hotel Manoir Richelieu, at Murray Bay, was in the city yesterday. Mr. Patterson reports prospects for a busy season exceedingly bright.

Manager Lawrence Solman of the Toronto Ferry Company will shortly visit New York to secure attractions for the Point this season. It is his intention to have a change of performance every week, and to secure none but the best in the business. The attractions will commence on May 24, a balloon ascension and other features being billed for that day.

The Niagara River Line has opened its baggage office at Yonge-street Wharf, with the popular William E. Tibbits again in charge. The Chicora of this line commences runping on May 14.

With a full cargo of freight and a number of passengers, the Hamilton cleared for Montreal last night. Business to the east this season, so far, has been very heavy.

The office of the Oakville Navigation Company, at the entrance to Yonge-street Wharf, is open.

Two Unknown Dead Men.

Port Chester, N. Y., May 6.—The bodies of two men were found on the railroad tracks just south of the station here. The bodies were badly mangled, and there was nothing found on either which would lead to identification.

CHARITIES ASK FOR MONEY

Several Worthy Institutions Place Their Claims Before the Board of Control.

ALL SEEMED TO BE VERY WORTHY

But Controllers Are Carefully Considering the Disposition of Funds—City Hall Notes.

The good work being done by various out charities in Toronto was very fully impressed upon the Board of Control yesterday afternoon by influential deputations, representing several institutions. The controllers were sympathetic, but reached no decision in regard to the requests.

The day nursery, known as the East End Creche, was ably represented by the president, Mrs. McDonald, and a deputation of workers. They made a splendid case in requesting a $700 grant instead of $250, which was provided last year. The work of the creche is to look after children of women who have to work during the day. A charge of 7 cents per day is made per child, or from 4 to 6 children of one woman for 25 cents a day. Arrangements are also made for the mothers to secure work. The creche is conducted on real economical lines, with no large salaries for officials. Controller Loudon suggested that $400 be granted, but the matter will be further considered.

Another Good Cause.

Miss Sanderson headed a deputation from the Haven, to ask that the $700 per annum grant be continued. This charity does a good work, and the government allowance of 7 cents per day for inmates and 2 cents a day for infants is not considered sufficient. The city gave them $700 per annum until last year. The ladies reported that their financial standing was far from satisfactory, and they looked upon the city to shoulder part of the burden. At present, the city pays a per diem allowance for persons it sends to the institution.

Dr. B. E. Mackenzie asked an allowance for the Orthopedic Hospital, on the basis of grants to the other hospitals in the city.

House of Providence.

Mr. C. J. McCabe was at the head of a deputaion representing the board of the House of Providence. They get $6000 a year, which is about 3 1-2 cents per patient per day. Of 741 patients at present, 338 are incurable, and it is requested that, instead of 3 1-2 cents a day, 7 cents be granted for these.

The board adjourned until 11 o'clock this morning, when the controllers will have a quiet smoke in the Mayor's office and talk over the City Council's opinion in regard to the School Board estimates. There will be a public meeting at 3 o'clock this afternoon.

A Large Proposition.

The Mayor is preparing to submit to the Executive Committee of the Union of Canadian Municipalities, of which he is president, a scheme for the funding of the debts of various municipalities, with a view to getting cheaper money. The project is a big one.

To Protect the Curious.

In his monthly report to the Board of Health, Dr. Sheard draws the attention of the board to the need of a barbed wire fence around the Swiss Cottage Hospital, in order to prevent strollers from coming in contact with the institution or investigating its interior when the building is closed. As he anticipates it will be closed in a few weeks, he thinks arrangements should be made at once to put up a fence.

Contagious Diseases.

The number of cases of contagious diseases reported for the month of April is: Diphtheria 80, scarlet fever 68, typhoid fever 8. The number reported for the preceding month was: Diphtheria 81, scarlet fever 97, typhoid fever 2.

The annual house-to-house inspection is now under way, and will probably be completed in about two weeks.

City Hall Notes.

W. J. Boland has written the Mayor, complaining about the condition of the sidewalks and roadways on Lansdowne and St. Helen's-avenues.

The Assessment Commissioner does not know when the investigation asked by the Retail Merchants, into the workings of his department, will commence.

The City Engineer and Manager Keating of the Toronto Railway Co. have conferred again regarding the Parliament-street car line extension, but no agreement was reached.

The assessment return for Ward 1 will be completed and made public in about 10 days.

William Wanless Dead.

London, May 6.—Mr. William Wanless, one of London's best known and most popular young men, died here this morning, at the residence of his mother, 877 Dundas-street. Mr. Wanless was a native of Sarnia, being born there in 1861. He came to London 20 years ago, and for 17 years had been in the employ of Robinson, Little & Co. He was a leading spirit in the Young Liberal Club.

150 Persons Disappear.

St. Thomas, D.W.I., May 6.—The flow of lava from the volcano on Mount Pelee, Island of Martinique, which began Saturday last, has completely destroyed the Guerin factories, situated about two miles from St. Pierre; about 150 persons have disappeared.

HER HUSBAND WAS A DRUNKARD

A Lady Who Cures Her Husband of His Drinking Habits Writes of Her Struggle to Save Her Home.

A PATHETIC LETTER.

"I had for a long time been thinking of trying the Tasteless Samaria Prescription treatment on my husband for his drinking habits, but I was afraid he would discover that I was giving him medicine, and the thought unnerved me. I hesitated for nearly a week, but one day when he came home very much intoxicated and his week's salary nearly all spent, I threw off all fear and determined to make an effort to save our home from the ruin I saw coming, at all hazards. I sent for your Tasteless Samaria Prescription, and put it in his coffee as directed next morning and watched and prayed for the result. At noon I gave him more and also at supper. He never suspected a thing, and I then boldly kept right on giving it regularly, as I had discovered something that set every nerve in my my body tingling with hope and happiness, and I could see a bright future spread out before me—a peaceful, happy home, a share in the good things of life, an attentive, loving husband, comforts, and everything else dear to a woman's heart; for my husband had told me that whiskey was vile stuff and he was taking a dislike to it. It was only too true, for before I had given him the full course he had stopped drinking altogether, but I kept giving him the medicine till it was gone, and then sent for another lot, to have on hand if he should relapse, as he had done from promises before. He never has, and I am writing you this letter to tell you how thankful I am. I honestly believe it will cure the worst cases."

FREE SAMPLE and pamphlet giving full particulars, testimonials and price sent in plain sealed envelope. Correspondence sacredly confidential. Enclose stamp for reply. Address THE SAMARIA REMEDY CO., 23 Jordan-street, Toronto, Canada. Also for sale at Bingham's Drug Store, 100 Yonge-street.

EX-ALD. SCOTT'S ESTATE.

Left $291,000 and Remembered Many Worthy Institutions.

The will of the late ex-Ald. James Scott, lumberman, who died in March last, was entered for probate yesterday by the Toronto General Trusts Corporation. He was possessed of an estate aggregating $109,064 in Ontario and $182,414 in the United States. The only real estate in this province is 173 Jameson-avenue, valued at $8800. The personalty includes $60,603.33 in stocks and $29,649.20 in other securities, and the balance in household goods and other personal property.

A paragraph in the will alludes to the kindness and love displayed by his sister, Mary Jane Scott, as entitling her to the fullest recognition of appreciation. She will receive the residence, with all effects. St. James' Cathedral will have a memorial window, not exceeding $2000, to the memory of Harvey Stanley Buck. The I. P. B. S. is given $100; James Smart of Brockville, $5000. Mr. Scott's clothes will go to the poor. Mary Jane Scott, the sister, is to receive an annuity of $6000. Sarah Agnes, another sister, will get $1500 cash and $600 per year. The succession duty will not be deducted from the beneficiaries. At her decease, Mary Jane may dispose of $50,000, and the will suggests that the sum be used in aid of a hospital for consumptives in the vicinity of Toronto or Kingston. If this is not done, the Western Hospital is to receive $20,000; Trinity College, $10,000, and the balance of $20,000 to the Kingston General Hospital. At the death of this sister, $5000 is to go to Trinity College. The balance of the estate goes into 15 parts—three-fifteenths to the Sick Children's Hospital for endowment of cots to the memory of Joseph and Jane Scott, parents of the deceased, and the late Harvey S. Buck; three-fifteenths to the Mission Fund of the Church of England, one-fifteenth to the superannuation fund, one-fifteenth to the widows' and orphans' fund, and one-fifteenth each to Home for Incurable Children, Orthopedic Institution, Home for Incurables, Children's Aid Society, St. James' Sunday School, St. George's Sunday School, Kingston, Y.M.C.A. of Kingston.

Besides $25,000, which is set apart after the death of Mary Jane Scott to make up the funds mentioned, $5000 will found scholarships in Trinity College, and $15,000, in equal shares, to three sons of deceased's brother, Robert.

Francis Gallow, commercial traveler, of this city, owned $6131.43 of this world's goods when he died last month. Mrs. Gallow, widow, is the sole beneficiary under the will.

John Stark, as Canadian agent for the estate of Edward F. Hubbuck, a wealthy squire of England, who died in August last, applied for probate of the will as relating to $25,723.67 in mortgage securities in this province. The total estate aggregates $600,000, all of which goes to English people.

Mrs. Fanny Charlton of Davisville, who died intestate, left $3333.34 in property in Vaughan Township, and nearly $6000 in cash. Thomas, the eldest son, seeks administration.

All the Afternoon on Toronto Bay for 15 Cents.

A Boon to Mothers.

The Toronto Ferry Company will this coming summer issue a ticket for 15 cents which will entitle the holder to ride on the company's large steamers, Primrose and Mayflower, to and from the Island all afternoon. This will be a great boon to mothers and nurses. This system has been in operation in Detroit, between there and Belle Isle, during the past two years, and has proven a great success, and we have no doubt of its becoming popular here.

Killed By Molten Metal.

Harrisburg, Pa., May 6.—Four men were killed, two were fatally injured and two others were terribly burned by being caught in a torrent of molten metal last night in an open hearth pit at the Pennsylvania steel works, at Steelton, near here. All of the men were Austrians, and of three who died this morning at the Harrisburg hospital, where they were taken during the night, two have not yet been identified.

Drowned at Kingston.

Kingston, May 6.—John Hastings, seven-year-old son of Mrs. Louisa M. Hastings, was drowned at noon in the waters near to the Kingston & Pembroke Railway roundhouse.

"NO SON OF MINE A TRAITOR."

Oom Paul Says All His Boys, Living and Free, Are Fighting.

The Hague, May 6.—President Kruger granted an interview to The American and Journal correspondent, "to correct the dastardly lie that his son, Kaspar, had gone over to the English.

"Far from taking the oath of neutrality, Kaspar is still with his commando," said the President. "It was his son Peter who agreed to lay down arms.

"He had to, because he lost an arm and a leg in battle, and saw no reason why he should lose his life also, seeing that he had fallen into British hands. Peter is now with me. Kaspar's second son, Stephen, is with Delarey, sorely wounded. His third son, John Henrick, is with his father. My other son, John Adrian, is in the field fighting. John's three sons all died for their country, one after the other. My third son, Piet, is a prisoner at Ceylon, while my fourth son, Tjaard Andries, died of his wounds, a British prisoner, in Pretoria.

"As to my sons-in-law, Fourie is dead on the field of honor. Tennies Eloff and his young son are still with the fighters.

"Tell this to the American people."

ESCAPING BOER PRISONER SHOT.

British Sentry on Tucker's Island Killed Fleeing Man.

Hamilton, Bermuda, May 6.—Frederick Hendrick Bosch, a Boer prisoner of war in the prison camp on Tucker's Island, 19 years old, was detected by a sentry in the act of breaking thru the wire entanglement on the night of April 26. The soldier fired at the escaping prisoner, and the latter ran into the brushwood. A second shot, which passed thru his body, brought him down. The wounded Boer was at once taken to the hospital at Pont's Island, where he received every care and attention. His wound, however, proved fatal, and he died at sunrise on Sunday morning. Bosch had made three previous attempts to escape, but had been recaptured each time.

GOOD NEWS FOR MARKSMEN.

Long Branch Rifle Ranges to Be Rearranged.

Major Sankey received from the Dominion government yesterday the plans for the reconstruction of the rifle ranges at Long Branch. Marksmen in Toronto will be pleased to learn that ample accommodation will be provided for everyone who wishes to shoot and that by the middle of July the ranges will provide them with every facility for practice and for matches. According to the new plan, which is approved of by the government, and on which contracts for work are being asked, there will be 20 targets at the 200 yard range. The 400 yard range is abandoned. At the 500 yard range there will be 22 targets, and on the 600 yards range there will be 40 targets. Major Sankey says that every militiaman in Toronto who takes an interest in marksmanship will be pleased and that the results will be of benefit to the country.

BRET HARTE IS DEAD.

"Poet of the Sierras" Passes Away Suddenly in London.

London, May 6.—F. Bret Harte died here last night. Mr. Harte had been suffering from swollen tonsils since December last, but he did not consider the attack to be serious. A week ago he went to visit friends at Camberley and was present at lunch as usual yesterday. But he suddenly became ill in the afternoon, went to bed and died in a few hours. His end was peaceful.

Francis Bret Harte, born at Albany, N.Y., Aug. 25, 1839, was well known as an author the world over. His poems and stories, "The Heathen Chinee," "Luck of Roarin' Camp," and similar productions of the mining regions won the popular taste, and made "the Poet of the Sierras" one of the best-read writers of the day. His early days were spent in the mining regions of California, later he engaged in newspaper work, became editor of The Overland Monthly, afterwards was appointed U. S. Consul at Crefeld, Germany, in 1878, and later at Glasgow, Scotland, where he remained from 1880 to 1885, and since then had resided in London, where he died.

WILL INTERVIEW PREMIER LAURIER

Board of Trade Delegation Will Wait on Him Tuesday.

Committees representing the Canadian Manufacturers' Association and the Board of Trade, appointed to consider the establishment in London, Eng., of a commercial depot, held a joint meeting yesterday afternoon. A report containing recommendations as to the carrying out of the project will be presented to Premier Laurier next Monday by J. F. Ellis and James D. Allan, representing the Board of Trade, and George H. Hees and Secretary Younge of the Canadian Manufacturers' Association.

A Pure Invention.

New York, May 6.—Hugues LeRoux, the distinguished French lecturer, denies that, while in Chicago, a few days since, he stated that Captain Dreyfus had confessed his guilt. Mr. LeRoux says that he did not make any references to Dreyfus in the lecture referred to, and that the interview widely published thruout the country was a pure invention.

Married at Brockville.

Brockville, May 6.—Mr. F. A. Bapty of Sault Ste. Marie, Ont., and Miss Margaret Connolly of Brockville, daughter of Mr. John Connolly, Inspector of Schools, were married today at the residence of Mr. Connolly.

Cloudburst Kills Nine.

Oklahoma City, O.T., May 6.—A cloudburst at Foss, 100 miles west of this city, drowned nine persons Sunday night and left many families homeless.

Earthquakes in France.

Paris, May 6.—Violent earthquake shocks, which occurred at 3 o'clock this morning, are reported from Bordeaux, Bayonne, Pau and other places. They lasted 15 seconds.

Will Come to Toronto.

Owen Sound, May 6.—President C. Eaton and S. J. Parker will represent Owen Sound at the convention of the Boards of Trade in Toronto on June 4 and 5.

We are receiving daily fresh importations of coal of the very best quality. P. Burns & Co., 38 King east.

DEWAR'S SCOTCH

Is the Whisky of the millions, and it is also the royal drink of Royalty by Special Royal Warrant. Warrant granted in 1893 and renewed in 1901.

SUPREME COURT JUDGMENTS.

Many Interesting Cases Set at Rest By Judges at Ottawa.

Ottawa, May 6.—The Supreme Court this morning delivered judgment in the following appeals:

Toronto Railway Co. v. Balfour—Appeal dismissed with costs.

Permanent Savings Life Assurance Co. of N.Y. v. Mowat—Appeal allowed with costs, and action dismissed with costs.

G.T.R. Co. v. Niagara Bridge, Suspension Bridge Co. and N. F. International Bridge Co.—Appeal and the cross appeal dismissed with costs.

Brophy v. North American Insurance Co.—Judgment of Mr. Justice Street upheld. The policy will be cancelled, but premiums will be returned.

PROMPT ACTION IS IMPERATIVE.

Time Lost At This Season Means Increased Suffering, Perhaps Death.

Paine's Celery Compound

Is the Never-Failing Health Restorer in Springtime.

It is now an established fact that nervous prostration, insomnia, rheumatism, neuralgia, dyspepsia and blood diseases are curable, if Paine's Celery Compound is honestly and faithfully used at this season. It is well known that many of our most successful physicians are daily prescribing and recommending Paine's Celery Compound. This fact proves the superiority of the great medicine over all the regular drugs usually prescribed for the troubles mentioned above.

Paine's Celery Compound is preeminently adapted for correcting unhealthy nerve action; it feeds the nerve centres with elements needed to strengthen them and build up healthy tissue. It purifies the blood, taking away every trace of poison, and encourages a rapid growth of red corpuscles upon which the vigor of the entire system depends.

Weariness, tired feelings, despondency and unrest, so prevalent in the last days of spring, are banished after a week's use of Paine's Celery Compound, and full vital energy and strength take the place of lassitude and weakness.

Now is the time to strike at the root of your besetting troubles. The work of recuperation begun to-day will save you future weeks, perhaps months, of torture and mental agony.

The immense and unprecedented demand for Paine's Celery Compound—earth's best medicine—is an indication that thousands are throwing off disease and seeking health. Past experience and the happy results given by Paine's Celery Compound all combine to make clear your path of duty. Begin to-day with Paine's Celery Compound if you would establish health and vigor for the coming summer season.

Trouble in Portugal.

London, May 5.—A despatch to a news agency from Madrid says that advices received there from Portugal indicate that there is danger of an actual revolution in that country.

Pope Was Distressed.

Rome, May 6.—The Pope was greatly distressed when informed of the death of Archbishop Corrigan of New York.

Died in Guelph.

Guelph, May 6.—Mrs. George Lee, who was burned while burning rubbish on Friday, died yesterday.

THE HARVEST.

WHAT WE SOW, THAT SHALL WE ALSO REAP.

If We Err, Punishment is Sure to Follow—Carelessness or Neglect of Our Bodies Always Succeeded By Suffering.

It is an unalterable law of Nature that sin is always punished.

One of the first duties of man is to care for his body.

If we violate this law, Nature is sure to visit us with swift and sure punishment.

Sometimes a man or woman inherits the seeds of Disease, which, in spite of all care, will blossom into a harvest of sickness and suffering some time during his life.

But oftener, by ignorance or wilful carelessness, he sows the seeds of Disease himself.

Perhaps no organ of the body suffers more from this ignorant or indifferent neglect than the Stomach.

Great meals of indigestible food, often poorly selected and poorly prepared, are forced down without a thought as to the Stomach's ability to properly digest the heavy load.

Drinks too hot or too cold are swallowed, with never a care as to the probable effect on the Stomach.

We eat too fast; we eat too much; we overload and overtax the Stomach, until it is no wonder that this faithful servant sometimes cries out in the voice of Heartburn, Sour Stomach, Bloating or other symptom—"Oh! Give me a little chance to rest!"

Having sown the seeds of Disease by this neglect, what harvest may we expect?

Pain in the Chest after meals; feeling of weight and discomfort, Bloating, Coated Tongue, Loss of Appetite, Bad Taste in the Mouth, Heartburn, Headache, Palpitation of the Heart, Skin Eruptions, Constipation, Foul Breath, Sallow Complexion, Melancholy and Irritability.

Truly an awful harvest!

How may all this be avoided?

Dodd's Dyspepsia Tablets have satisfactorily answered that question in thousands of cases.

Dodd's Dyspepsia Tablets will instantly relieve and permanently cure any case of Stomach Trouble.

CANADIAN PHYSICIANS

Prescribe and Use

Powley's Liquified Ozone.

Dr. Austin's Statement.

I have used Powley's Liquified Ozone in connection with my practice for the last year. Have found that its therapeutic action on the system is the same as condensed oxygen or ozone, being a powerful antiseptic and blood food. I find it exceedingly valuable in the treatment of chronic diseases, and have used it with remarkable success in my practice in curing malaria, on account of its germicidal properties. I do not hesitate to recommend its use to the medical profession. (Signed) H. N. AUSTIN, M. D., 72 Howard St., Toronto.

Dr. Price Writes About Ozone.

In the fall of 1900 I commenced taking Powley's Liquified Ozone, and find that when I feel office work and confinement telling on me, by taking Powley's Liquified Ozone for a short time, I am quite a different person, and can work so very much better. In my family they consider it without an equal. They find it a sure cure for the grip, sore throat, colds, etc. I have recommended it to a great many people, who, when they have used it, give it great praise.
(Signed) Dr. J. E. PRICE, L. D. S., Walkerton, Ont.

Dr. Shier Says:

Powley's Liquified Ozone is a preparation I respect and of which I have seen good results.
(Signed) D. W. SHIER, M. D., Lindsay, Ont.

This is What a Prominent Illinois Physician Says About Powley's Liquified Ozone.

I am now using Powley's Liquified Ozone in my practice and find it exceedingly valuable in the treatment of chronic catarrhal disease and rheumatism. I recommend its use to the medical profession.
Yours truly,
J. T. PINKSTAFF, M. D., Greenup, Ill.

The physicians of Canada and the physicians of the world have been watching Powley's Liquified Ozone with a deal of interest. They knew the immense value of Ozone or condensed oxygen in treating disease. They recognized that its action in increasing the oxygen-carrying power of the blood—augmenting the hemaglobin as it is called technically—is the ideal action because it creates health conditions and is destructive to disease germs. They were doubtful that Liquified Ozone could be made; or that the system could use it with benefit. They were until the advent of Ozone, accustomed to the inhalation process. With the extraordinary success of Powley's Liquified Ozone their doubts have disappeared; we now receive many letters from prominent Canadian doctors who tell us they are prescribing Ozone with great success and using it themselves too. Many of them speak of the great advantage they experience in having Powley's Liquified Ozone in a bottle. They admire it for its efficacy and inexpensiveness.

THE NEW FRENCH REMEDY

TRADE THERAPION MARK.

This successful and highly popular remedy, as employed in the Continental Hospitals by Ricord, Rostan, Jobert, Velpeau, and others, combines all the desiderata to be sought in a medicine of the kind and surpasses everything hitherto employed.

THERAPION No. 1 in a remarkably short time, often a few days only, removes all discharges from the urinary organs, superseding injections, the use of which does irreparable harm by laying the foundation of stricture and other serious diseases.

THERAPION No. 2 for impurity of the blood, scurvy, pimples, spots, blotches, pains and swelling of the joints, secondary symptoms, gout, rheumatism, and all diseases for which it has been too much a fashion to employ mercury, sarsaparilla, &c., to the destruction of sufferers' teeth and ruin of health. This preparation purifies the whole system through the blood, and thoroughly eliminates every poisonous matter from the body.

THERAPION No. 3 for nervous exhaustion, impaired vitality, sleeplessness, and all the distressing consequences of early error, excess, residence in hot, unhealthy climates, &c. It possesses surprising power in restoring strength and vigour to the debilitated.

THERAPION is sold by all the principal Chemists and Merchants throughout the World. Price in England 2/9 & 4/6. In ordering, state which of the three numbers is required, and observe the above Trade Mark, which is a fac-simile of word "THERAPION" as it appears on the Government Stamp (in white letters on a red ground) affixed to every package by order of Her Majesty's Honourable Commissioners, and without which it is a forgery.

Sold by Lyman Bros. & Co., Limited, Toronto.

For particulars of Therapion, send address (on postcard) for Pamphlet to Mr. E. TERRY, 60 Quadrant, London, Eng.

No person should go from home without a bottle of Dr. J. D. Kellogg's Dysentery Cordial in their possession, as change of water, cooking, climate, etc., frequently brings on summer complaint, and there is nothing like being ready with a sure remedy at hand, which oftentimes saves great suffering, and frequently valuable lives. This cordial has gained for itself a widespread reputation for affording prompt relief from all summer complaints.
