The annual engagement of Frank Daniels in this city will be played next Tuesday. This popular young comedian will be seen in his great comic success, "The Idol's Eye," his great triumph of last season. There is scarcely need of saying anything of Frank Daniels' abilities as a comedian. He is, or at any rate should be, known to all lovers of clean comedy, as one of the very funniest men on the stage. His humor is unique and contagious. The support which Daniels will bring with him has been pronounced by the press of the eastern and western part of the country in which he has been playing, to be the very best he has ever secured. Daniels' manager, Kirk La Shelle, has surrounded him with new scenery since last season, and supplied new costumes throughout. New verses have been added to Daniels' topical songs, bringing them up to date and increasing the already great effectiveness of the opera. Quite a number of seats have been spoken for for parties, indicating that the engagement will partake of the nature of a social event.

BIRDS OF PASSAGE

Get Away With Two Good Watches and a Chain.

Two "sons of rest" applied at the lodging-house of Mrs. Weshin, on the market square, last night, for lodgings for the night. This morning the "visitors" had disappeared, and so had two gold watches and a chain. Detectives Nickle and Rider were notified, and soon had their men in custody. Neither of the missing articles were found upon the men, and it is supposed they were sold at a small figure. One of the watches is a lady's hunting-case, size 6, filled case, with engravings, cylinder movement, and lever set. The other is a man's gold-plated watch, size 18, cylinder movement, and lever set. The chain (lady's) is a long gold-plated one.

FAILED TO AGREE

Long and Lively Meeting of Prohibition Advocates at the Capital.

Majority and Minority Reports Presented—No Decision Reached.

[Special to The Advertiser.]

Ottawa, April 20.—There was a long and noisy meeting of the executive committee of the Dominion Alliance and legislative committee in the railway committee room this morning to receive the reports—majority and minority—of the public committee of members of parliament appointed to recommend the best course to pursue in regard to placing prohibition before parliament.

Mr. Flint presented the majority report, which was, in effect, a recommendation to adopt an enlarged Scott act. It was supported by Mr. Spence and Mr. Dougall, of the Dominion Alliance.

Mr. Ganong presented the minority report, which was in favor of a resolution in the house in favor of prohibition, if private bills could not be introduced on the subject.

The minority report was voted down by 18 for to 19 against,and the majority report was also voted down by 17 to 18.

The meetitng adjourned until 7 tonight.

CITY HALL NOTES

West London residents are incensed at their representatives in the city council over the stand they took on the school grant. When the council had the word of the aldermen for No. 2 ward that a new school was not needed in West London, naturally the $4,000 asked for by the board for that purpose was lopped off. Now Ald. Douglass says that when the bylaw for debentures come up it will be knocked out altogether. West London people say they are badly in need of more school accommodation. At present they have only a six-roomed school to accommodate 325 pupils. To provide for the kindergarten class the board of education pays $150 a year rent for an unsuitable room in Jones' hall. It would be economical, as well as desirable on every other ground, they say, to erect a new two-roomed building for the kindergarten and primary classes.

Henry Burdick's sudden decision to become a painting contractor instead of caretaker of Queen's Park, gave Ald. Douglass, as chairman of the board of works, an opportunity to appoint Harry Wallace to the position of caretaker pro tem. Wallace assumed his new duties this morning, and was relieved as asphalt pavement cleaner by Patrick Keough. There will be a regular meeting of the board of works tonight.

Some of the city streets are being deluged instead of sprinkled these days.

City Engineer Graydon says Government Engineer Johnston, with whom he inspected the St. Thomas street railway crossing over the London and Port Stanley tracks yesterday, will order derailers and switch signals at Talbot and Wellington streets.

Building permits have been issued to James Moran for a brick house, one and a half stories, on Francis street, and to F. F. Pepper for a frame cottage on Wharncliffe road north.

TOO REALISTIC

Leonard Esper Amateur Actor Lost His Life—Terrible Accident on a Detroit Stage.

Detroit, April 20.—Amateur theatricals Tuesday night were responsible for the death of Leonard Esper, aged 23, of Springwells. The tragedy occurred at St. Alphonsus Church Hall.

A rehersal of "The Confederate Spy," to have been produced for the benefit of the church, was in progress. With an idea of adding to the realism of the mimicry, several old muskets, borrowed from the neighborhood, were carried by the performers.

All went well until the scene was reached where the rebel spy—played by Esper—attempts to escape from the Union guardhouse. As he starts away, four Union soldiers step forth and are supposed to shoot him down.

There was no pretense about the dramatic incident. As the crash of the report reverberated through the hall, Esper was seen to stagger toward the wings, with one hand pressed to his side, and the other blindly groping for support.

"My God, boys, I'm shot!" he huskily cried, sinking upon a chair. It was found that a lot of No. 7 shot had entered the young man's body, making 50 holes in the intestines. He was carried home, and an operation performed, which resulted in the removal of 15 shot. Death followed fifteen minutes later.

Frank Schaefer, who fired the fatal shot, is 18 years of age, and lives with his brother, proprietor of the Six-mile House. He is deeply grieved over the tragic affair.

ENGINEER GRAHAM,

Of Montreal, Cured of Diabetes by Dodd's Kidney Pills.

Montreal, April 24.—Proof positive and convincing has already been given in Montreal that Dodd's Kidney Pills are the only sure cure for that dread disease Diabetes. And day after day fresh evidence comes to light, to make the proof more emphatic and convincing.

Engineer James Graham, 50 Victoria Square, says: "I suffered with Diabetes for six years. One of our best doctors told me I could not be cured.

"I read of Dodd's Kidney Pills and decided to try them. Three boxes made me well, and I have not suffered from Diabetes since."

Such cures as this prove the efficacy of Dodd's Kidney Pills.

ARKONA.

Arkona, April 19.—The infant child of Charles Barnes has been very ill this week, but is thought to be recovering.

The peach crop in this section is not entirely killed, and those who have peach orchards expect to have a small crop at least.

Dr. Copeland has moved into the Henderson House, while his home is being remodeled.

Mr. and Mrs. Albert McAuslin, of Inwood, gave Arkona friends a call last week, while on their wedding tour. The many friends of Mrs. McAuslin join in wishing them a long, happy and prosperous life.

Mr. Harry Plumb met with quite a serious accident on Tuesday. While splitting wood the axe glanced, striking his left foot, laying the flesh open to the bone. Dr. E. M. Copeland dressed the wound and Mr. Plumb is doing nicely.

Mrs. Joseph Thorpe is the happy possessor of a wheel.

Quite a number from town and vicinity attended the marriage of Miss Maude Barnes to Mr. Brent, both of Warwick, at the Bethel Church, on Tuesday evening.

Secretary Alger has received a report from Gen. THERE is not a more dangerous class of disorders than those which affect the breathing organs. Nullify this danger with Dr. Thomas' Eclectric Oil—a pulmonic, of acknowledged efficacy.
