JUDGMENT RESERVED IN POHLMANN CASE UNTIL NEXT TUESDAY

Evidence Is Heard in Charge Against Hamilton Man.

Judgment was reserved until Tuesday next at 11:30 o'clock by Judge J. C. Judd in the case of Frank R. Pohlmann, who was tried yesterday on a charge of forgery.

The hearing of the case required from 10 o'clock in the forenoon until 6 o'clock last evening, with the exception of an hour's recess from 1 o'clock to 2 in the afternoon.

Forgery Alleged.

Pohlmann is charged with forging the name of M. M. Ferguson, a former employer, to a check for $65, which was cashed on April 22nd at the market branch of the Huron and Erie Mortgage Corporation.

At the opening of court in the afternoon the defence's remaining witnesses were called.

Charles Woodworth, manufacturer of automobile accessories, Niagara Falls, stated Pohlmann had called upon him in solicitation of some advertising. He was unable to place an exact date when Pohlmann had called.

Garnet Cramp, chief dispatcher for the Grand Trunk at Hamilton, produced the original sheet showing train movements out of Hamilton for Niagara Falls on Monday, April 22. Dispatcher Cramp and others were called by the defence in an effort to show that Pohlmann could not have been in London at the time stated by crown witnesses. Fred Sharpe, chief G. T. R. dispatcher at the local depot, showed from the train sheet of April 22 the times of departure of trains for Hamilton and the times that these trains arrived in Hamilton.

W. J. Warnack, trainmaster for the T., H. and B. Railway, gave from a train sheet of April 22 the times of arrival of connecting trains via C. P. R. from London and times of departure for Niagara Falls.

E. G. Killingsworth, chief dispatcher for the C. P. R. at London gave similar information with reference to movements of trains out of London for Hamilton on the day in question.

Mrs. Frank R. Pohlmann, wife of the prisoner, stated that she came from Hamilton to London the day following her husband's arrest.

Two postcards dated and postmarked Niagara Falls, April 22, and addressed to Mrs. Pohlmann, were identified by her in court. She remembered that her husband was in Hamilton on Monday morning, April 22, and had left at 9 o'clock that morning, stating that he was going to Niagara Falls. The night before both had attended church and did not go to bed until late that night.

Went to Niagara.

E. G. Park, salesman at J. H. Chapman & Co.'s store, testified he had gone to Niagara Falls and visited a number of persons there.

Frank R. Pohlmann, the prisoner, took the witness stand in his own defence. He identified postal cards as written by him and posted on April 22 at Niagara Falls.

Pohlmann absolutely denied any knowledge of the check for $65. He had not forged the check and knew nothing whatever about it. Pohlmann's explanation for having pleaded guilty in police court was that he was advised to plead guilty by Detective Down. Pohlmann swore the detective had informed him that to plead guilty was the easiest way out. Pohlmann stated that he left his home in Hamilton early on Monday morning, April 22, and had arrived in Niagara Falls about noon.

Detective Harry Down was recalled, and denied having made any statements to Pohlmann in which it was suggested Pohlmann could escape punishment if he made good the $65 and pleaded guilty.

QUERIES REGARDING MILITARY SERVICE

Send In Your Problems and They Will Be Answered From Official Information by The Advertiser.

W. H.: Q.—1. Is the report correct that the 19 year class will not be needed to fill the 100,000 draft?
2. When will these be likely to be called?

A.—1. Not correct.
2. No information. They will not be called before July 1.

R. F. D.: Q.—A man whose occupation is farming has reported for duty under the M. S. A., and on the last examination was placed in Category C. He received leave of absence for thirty days, understanding that he was to report at the end of that time by letter to the officer commanding, asking for another leave.

In the meantime he has received an exemption certificate from W. E. Wismer, stating that he is exempted until his services are required. Being in the age for which exemptions received last fall were cancelled, is the exemption certificate received since reporting satisfactory, or should he write to the O. C. for another leave?

A.—Better write to the O. C., according to instructions, before expiration of your leave. Mention in your letter that you have received an exemption certificate from the registrar.

W. J. D.: Q.—I am a widow, the mother of two children. One is a nurse in one of the recently bombed hospitals in France. The other, my son, was placed in a category lower than A-2 last November, but was re-examined in April, and is now in A-2, and notified to report June 18 in London. My son is now farming in Northern Ontario. How can he secure exemption or leave of absence?

A.—As you do not mention his being given an opportunity to place any other claims for exemption before a tribunal after he was placed in A, it is presumed here that he was under 23 at the time of claiming exemption last fall. If so, there is no exemption for him, but he may claim leave of absence on reporting to his unit on the ground of the service of other members of his family. He will need to report and apply to his officer commanding.

PELEE ISLAND: Q.—I have been living in Canada for thirteen years, and have my papers of citizenship. The Government would not allow me to vote at the last election. Can my boys be drafted?

A.—If your sons had not on polling day (December 17) attained legal age (presumably 21 years), they are entitled to exemption from combatant military service. They can be drafted for service in a non-combatant capacity.

G. A. R.: Q.—May a man of Category B enlist in the Canadian Garrison Regiment directly, or is it necessary for him to enlist in the W. O. R. first and obtain a transfer?

A.—If he comes under the M. S. A. he must go through the 1st Depot Battalion, W. O. Regiment. If he is actually a volunteer he can enlist directly in the C. G. R. He will probably be transferred by the W. O. R. without applying, as men lower than A are usually turned over to the C. G. R. He can apply to his commanding officer.

JAPAN WILL EXPLAIN STAND TOWARD RUSSIA

LONDON, June 12.—As an outcome of recent conferences, Japan is preparing a declaration defining her attitude toward Russia, according to a Tien Tsin dispatch to the Exchange Telegraph Company.

PORT STANLEY IS WIDE OPEN, DECLARE METHODIST PASTORS

Conference Asked To Assist in Stopping Violation.

WALKERVILLE, June 12.—After ten days of almost continuous work the 35th annual London Methodist Conference adjourned sine die this afternoon.

Speaking of the sessions as a whole, Rev. J. E. Holmes, of London, the newly-elected president, this evening expressed his satisfaction at the manner in which the various committees and in particular the laity have devoted themselves to the arduous task which confronted them.

"Our laymen never took such an interest as they have shown this year," he said. "There are many live questions to the front now, perhaps more than in any previous year, but our laymen are going strong and becoming more and more a power in the work of the conference. The evangelical spirit displayed has been wonderful and has been dominant throughout. With war conditions and the many demands upon our people for patriotic purposes, our finances have not only not suffered any, but are actually on the increase. We are looking forward to the coming general conference as the greatest in church history."

Criticizes League.

At this afternoon's session Rev. J. F. Knight of Hensall sharply criticized the manner in which the Epworth League was being conducted, declaring it was "being slowly murdered and departmentalized to death."

The report showed that the league membership had decreased by 592 within the jurisdiction while nine leagues were defunct. The debate wound up with the conference consenting to the recommendation going to the General Conference that one of the league secretaries devote his entire time to furthering the interest of the organization.

Rev. W. E. Millson of St. Thomas and Rev. C. G. Gifford of Port Stanley told of the wide-open town at Port, and asked the conference to back the Lord's Day Alliance in putting an end to this open violation of the Sabbath.

NO PROHIBITION BUT TEMPERANCE FOUND IN FRANCE

Bishop Fallon of This City Commends Sobriety of Canadian Soldiers Overseas.

SAW NO SOLDIER DRUNK

In Interview Church Dignitary Declares Stories of Drunkenness Untrue.

Bishop Fallon, head of the Roman Catholic Diocese of London, who has been overseas on a visit of inspection to the battlefront, gives the lie direct to all stories of drunkenness among Canadian soldiers.

In an interview, cabled from Old London, he says:

"Either the Canadian army took the total abstinence pledge for the period of my visit, or wholesale charges of drunkenness sometimes made against them are groundless. During my tour in France I met tens of thousands of Canadians, under all conditions, and I did not see one man under the influence of liquor. I do not say there was no drinking there. Inns and canteens show the contrary, which is the best testimony to the strength of character of our men in this regard. No prohibition, but temperance, was the condition which I found existing.

"You ask me about conditions in London. I declare at once I have seen only one soldier under the influence of liquor, but I do feel there are moral dangers, that the civil authorities might deal with more completely. I had several conversations with Canadian generals, medical officers and chaplains, on this matter, and was pleased above all to find a whole-hearted agreement amongst them as to the means of dealing with this particular problem. I think there may have been exaggeration in certain quarters, but the evil, as the most superficial student of social matters well knows, is so serious that I am glad to find the military authorities fully prepared to deal with it, and I recognize that it can only be done completely by stimulation of the moral character of every individual man."

Bishop Fallon said while in France he was invited to go into every aspect of the life of the Canadian army and was amazed at the perfection of the transportation system, and when visiting forestry units he could almost believe he was in a lumbering district in Canada.

Visiting men in billets, he found them reasonably well housed, and very well fed, and was particularly struck with the methods adopted for the prevention of sickness and the accommodation of the wounded. Canadian hospitals were model institutions, and the same may be said of the casualty clearing stations, many being within range of shell fire. Another striking feature was the care taken of the effects of those fallen; even the tiniest souvenir from the body of a dead soldier, in itself of no trinsic value, was most carefully preserved for the comfort of the bereaved widow or mother.

Finally, Bishop Fallon spoke of the wonderful impression made upon him by the absolute confidence manifested throughout the corps in Gen. Currie. The deep regard shown by all ranks for the corps commander was the most delightful recollection he brought back with him.

LOBO UNION PICNIC WAS HUGE SUCCESS IN SPITE OF RAIN

Splendid Program of Sports Put On Before Big Crowd.

110 RETURNED SOLDIERS

Men Well Looked After by Women of the District.

Despite disagreeable weather conditions, a large crowd gathered at Campbell's Grove, Poplar Hill, Wednesday afternoon, for the Lobo Township Union School picnic. About 110 returned soldiers from the Central Military Convalescent Hospital motored out through the courtesy of local motor owners, who loaned their cars, Messrs. J. C. Beemer and C. W. McGuire having charge of arrangements. The party left London about 2 p.m., James Gray having charge of the loading, and on arrival at Poplar Hill the returned men headed by the sports committee, paraded from the school house to the picnic grounds, where they were tendered a hearty welcome by the picnickers.

The Marconi Band, under Professor P. Venuta, of this city, was also present, and a band concert was given in a temporary grand stand. The grove and village were decorated for the occasion, and the returned men were seated on benches beneath the trees.

Good Sports Program.

A good program of sports was run off, their being some events for returned soldiers only. At the conclusion of the sports, the party sat down to lunch on the grass, and the returned boys filled up on chicken and other good things provided by the Women's Institute and ladies of the district.

A good musical program was provided by local talent, and Chris Pink rendered solos which were heartily encored. A grand concert was held in the grove last night, but the London party did not remain for this, leaving Poplar Hill at 7 p.m. with a warm spot in their hearts for the Lobo people responsible for the very successful entertainment tendered them. There were 25 cars provided by local citizens, and Ald. F. S. Harley and Ed. Lance of the Soldiers' Aid Commission looked after the boys at Poplar Hill. On Wednesday afternoon next the soldier patients at Byron Sanatorium will be taken for a trip, and those volunteering the use of their cars should notify J. C. Beemer, of this city.

THERE never was a year of plenty without pest or plague. Community gardeners are testifying to this already, and much damage is reported through bug and fly to early vegetables. This is also true of "the moth," and people who never had them to contend with before are fighting them now. We never sold so many moth balls before, and we have them in packages to store away your winter things safely. 15c package.

At Toilet Counter.

THE preserving season will be here in a few days, and we have been scouring the markets for utensils to lessen the labor. We have found wire racks to set in your boiler, holding half a dozen jars of fruit for this new process of canning. We have also found a maker of new tops for old jars. Many will need these. They are very inexpensive. New tops and new rubbers will save buying many new jars.

Basement.

THE new process of making two pounds of butter from one is made easy by the new "butter merger." This is real conservation and cuts your butter account in half. This will be shown and explained in the basement.

Some use a good strong double egg-beater. We have the right kind.

Basement.

THERE never was so many refrigerators sold before. That is what we are told. Suppose it is the campaign for conservation of food. We find most people asking for the "Glacier," one piece, lined, with no cracks, seams or crevices for food to decay in; no corners either, all rounded corners. So easy to clean and wipe out. Always sweet and fresh. The inside is cut all in one piece of porcelain, and the walls of wood are built around it. All sizes in the Basement.

THE conservation campaign is keeping the manufacturers of wax paper running overtime. People are using "Para Sana" wax paper now who never knew its use before—to keep unserved cooked foods fresh and free from flies and pests. We have handy little oak finished cabinets to fasten on the kitchen wall to hold the large rolls, which are the cheapest by far to buy. It's very inexpensive to buy this way, and will conserve dollars' worth of food—"DON'T WASTE."

At Stationery Counter.

AFTERNOON TEA, 3 TO 5:30

Sliced Tomatoes, Thin Bread and Butter, Cup of Tea or Coffee, 25c.
Cucumber and Lettuce Salad, Brown Bread and Butter, 20c.

70 CIVIC WORKERS TO SHARE THROUGH INCREASED WAGES

If Council Agrees, $5,950 Goes On Payroll.

NO SPECIAL MEETING

Council Will Not Meet Until Monday, Declares the Mayor.

About 70 city employees will benefit by the decision of the board of works to increase their wages 10 per cent, if the council looks at the case in the same light as did the committee.

There is a slight doubt as to this. However, it is thought that there is a safe majority in favor of the garbage men's increase, and the opinion is that they will look at the increase for others in a philosophical "what is sauce for the goose is sauce for the gander" manner.

Mayor C. R. Somerville says the question has got to have careful consideration. "Such an increase was not arranged for. There is nothing in the estimates that provides the money," he declared.

The exact amount involved is not known. The engineer is preparing an estimate.

There are 31 garbage men. Their increase will be 25 cents each, or a total of $7.75 a day.

40 More Included.

By extending the increase to the other laborers, 40 more will benefit. These include the street sweepers and men engaged on other works. The street cleaners get 25 cents an hour, and the others up to 30 and 31 cents an hour. Striking 27½ cents as an average the amount so involved would be $11 a day, or a total for the 71 workers of $18.75 a day, $112.50 a week, or $5,950 a year.

City Engineer H. A. Brazier states that he believes that there will be sufficient saved out of the estimates for the garbage this year to meet the increase in the cost of collection. This is a matter easily arranged, however, as the cost of collection this year will be collected in taxes next year. It just means that the ratepayers will have to pay.

Should Go On With Bids.

"While I still feel that day labor is the best method of collecting the garbage yet I believe that we should go ahead with the tenders," said Controller Moore today. "So many citizens are clamoring for letting the work by contract we ought to at least secure prices," he declared.

Controller Moore says the garbage collection has been steadily improving and he was sure that it would continue to improve. "It is going to be the hardest department of the city to run, however, as it hits the back door of every resident of the city," he added.

No Special Meeting.

While No. 2 committee voted to have the mayor call a special meeting of the city council at once to ratify committee's action as to the increase, Mayor Somerville will not call a meeting. He says it is too late to do anything this week, and there is a meeting on Monday night. The men will have to wait until then. It looks as if garbage collection may be resumed on Wednesday next, certainly not before.

WESNOSKE—HOWARTH.

ST. THOMAS, June 12.—The wedding of Miss Sarah Howarth, daughter of Mr. and Mrs. W. Howarth of 60 Redan street, and Peter Wesnoske was solemnized today in St. John's Church by the rector, Rev. W. F. Brownlee. Miss J. Denton of Buffalo was bridesmaid. After a honeymoon trip to Buffalo Mr. and Mrs. Wesnoske will reside at 19 Woodworth avenue.
