THE STANDARD, ST. JOHN, N. B., WEDNESDAY, MARCH 30, 1921 PAGE 3

A PAGE OF NEWS ABOUT THE MARITIME

PROVINCE MAY HAVE WOMEN ON THEATRE CENSOR BOARD; BUDGET IS EXPECTED TODAY

Legislature Assembles at Capital After Easter Recess — Evening Spent in Introduction of Several Measures and Work in Committee — Moncton Bills Are Introduced.

Fredericton, N. B., March 29.—After its Easter recess the House met at 8.30 o'clock tonight when Mr. Hayes, St. John, presented the first report of the Committee on Municipalities. Tomorrow the budget will be introduced by Hon. Dr. Hetherington.

Hon. Mr. Baxter said he had been requested to ask that certain documents relating to mineral right in Albert and Westmorland counties, which had been before the Governor-in-Council, be laid upon the table of the House.

Hon. Mr. Foster said that the documents referred to had been before the Governor-in-Council and he would lay them on the table for the information of the House.

Notice of enquiry was given for Friday next by Mr. McManus:—As to whether the Dominion Government ha dmade any allowance to the Province for railways recently taken over; as to amount of money and land grants contributed by the province in aid of railways; as to what railways have had their bonds guaranteed by the province and as to whether the province has been called upon to pay interest on such bonds?

Petition of Moncton.

Hon. Mr. Robinson presented the petition of the City of Moncton to amend the act relating to the division of the province into counties, towns and parishes. He explained that there was a movement on foot to separate the City of Moncton from the municipality of Westmorland and the County Council was to meet shortly to consider the question.

Mr. Baxter said that the petition was all right, but in regard to the bill the matter might be one of grave concern. The bill if passed would raise the question of an additional Sheriff, Registrar of Deeds and other officers, and it should be determined whether it could properly be introduced as private legislation.

Mr. Robinson said in the past the House had allowed different localities to present bills relating to sewers and marsh lands. In fact where bills had a special local application they had been allowed as amendments to the General Act. He thought the matter of introducing the Moncton bill as government or private legislation could be looked into later.

Judicature Act.

Hon. Mr. Bryne introduced a bill to amend the Judicature Act, 1909. He explained that in 1913, the Supreme Court was divided into Appeal and Kings' Bench divisions. It was provided that judges of each division should reside in St. John, and in subsequent amendment it was provided that the act should not apply to one judge of the Appeal division. That left Judge White free to continue his residence at Sussex. Provision had also been made whereby two judges of the King's Bench division could continue to reside at Fredericton, but no provision was made in the case of Judge Chandler. The present amendment provided that the act would not apply to the King's Bench judges residing in Fredericton and Moncton.

Hon. Mr. Byrne introduced a bill to amend the Jurors Act, 1919 so that in case of the "non attendance" of the juror, the judge or a member of the board could appoint a substitute.

Hon. Mr. Byrne introduced a bill to amend the act relating to rates and taxes. The law now allowed collectors and assessors a sum not exceeding ten per cent on the amount collected. The object of the amendment was to give municipalities the right to increase the rate to fifty per cent.

Selling Railways.

Hon. Mr. Foster introduced a bill to amend the act relating to the sale of certain lines of railway to the Dominion of Canada. He explained that in the act, 1918, it was provided that roads to be transferred must have been in operation for twenty-one years.

It was afterwards found that the York and Carleton Railway had been in operation only nineteen years, and was therefore unable to hand over a proper title. Under the amendment the transfer could be made on proof being furnished to the Governor-in-Council that proper title deeds of the right of way were possessed by the company.

Want Woman Censor.

Hon. Mr. Foster introduced a bill to amend the Theatres and Cinematographs Act. He explained the representations had been made to the government for the appointment of a woman to the Board of Moving Picture Censors, and he proposed when the bill reached the committee stage to invite a full discussion on the whole question. He thought a Board of four members was sufficient for the purpose, and the amendment provided that it should be composed of two men and two women.

House in Committee.

The House then went into committee with Mr. Hayes in the chair, and took up consideration of a bill to amend the Provincial Loans Act.

Hon. Mr. Foster in explanation said that the Provincial Loans Act provides that the rate of interest should not exceed six per cent. During the year it had been found that issues of six per cent bonds sold under par. The question was raised if the issues were legal under the act. A legal firm had been consulted and decided that an amendment would be necessary to meet the situation. He said the Comptroller General had prepared the amendment and it had been accepted as meeting the situation.

Hon. Mr. Byrne said that the purpose of the amendment was to rest the power of fixing the rate of interest in the hands of the Lieutenant Governor-in-Council.

Hon. Mr. Baxter said that even so, if bonds sold below par, the province would be paying more than six per cent interest. However, he recognised that the province often had to meet objections which did not seem to have very valid reasons for existence.

Mr. Peck asked what the total value of the bonds sold under par had been.

Hon. Mr. Foster said that there had only been one or two issues in February and December, 920. The total value about $3,800,000.

Mr. Baxter asked if they were payable at New York.

Hon. Mr. Foster said that as far as possible the province avoided making bonds payable in the United States, but in some cases had been compelled to.

Dominion Issue.

Mr. Peck asked what the valuation of the December issue had been.

Hon. Mr. Foster said $1,750,000 payable in Canada.

The bill was reported as amended.

The committee took up consideration of the bill to Promote Fire Prevention.

Mr. Baxter said that it was important to know the value of uninsured property destroyed by fire as that was a loss not distributed through the community.

Hon. Mr. Foster said that was a matter of statistics and could be provided for.

Mr. Baxter said this legislation had a strong approval, and he realized that a strong hand was needed to accomplish anything under it, still it must be recognised that private property rights existed.

It was going too far to place a person at the mercy of an official, possibly arbitrary. He at least should have the right to invoke the jurisdiction of a judge of the supreme court, or someone who would give a judicial hearing.

Mr. Baxter said that it might be provided that a cash deposit of $25 could be made optional with a bond.

Hon. Mr. Byrne said he agreed with this suggestion concerning a cash deposit.

Mr. Baxter said that a section repealing legislation inconsistent with the bill was not necessary, as this was the first legislation of its kind in the province.

Hon. Mr. Robinson said that he had doubts because of possible conflict with rights possessed by certain officials of the department of lands and mines.

Hon. Mr. Byrne said the section could be left in. There might be inconsistent legislation which was not recollected just at that time.

The bill was reported. The committee arose and reported progress.

Hon. Mr. Byrne said that he had come to the conclusion that there was a scarcity of private legislation, judging from the few petitions which had been presented after the adequate notice which had been given prior to recess. However, it was moved that the time for introduction of private and local bills be extended up to and including Tuesday, April 4.

Hon. Mr. Foster moved that Mr. Hayes be chairman of the committee of supply and ways and means. The House adjourned at 11.10 o'clock.

SHOT BY RAIDERS.

Dublin, March 29.—Forty armed civilians called at the home of William Fleming early this morning, and demanded that he and his son Robert hand over a gun in their possession. They refused and the raiders set fire to the house. Fleming and his son attempted to escape, but the son was killed on the highroad and the father was badly wounded. He crawled into an outhouse, where he was found by the police.

STOP IRISH CATTLE.

London, March 29.—In consequence of the outbreak of foot and mouth disease in Ireland the ministry of agriculture has prohibited the importation of cattle from that place. All cattle landed from Ireland since March 26, will be re-examined, and all animals in England suffering from the malady will be quarantined.

Early Spring Golf when the ground is soft and mushy

Sealers Find Big Herd Off St. John's

Already 40,000 Pelts Have Been Secured and "White Coats" Still Numerous.

St. Johns, Nfld., March 29.—Sealing steamers operating off the coast of Newfoundland have struck a big herd of seals and prospects are now good for a profitable voyage for both owners and men, according to radio messages received here today. Latest reports stated that the fleet had secured 40,000 seals and that white coats were still numerous in their vicinity.

A wireless from the sealer Viking in the Gulf of St. Lawrence says she has almost twenty thousand seals on board.

The airship which was intended for patrol work over the sealing fleet, but which has been disabled by breakage of some engine parts, made a flight with mail from Botwood to Fogo yesterday.

St. John Musician To Lead The Band

W. A. Porner Selected as New Head of the Fredericton Band.

Special to The Standard.

Fredericton, N. B., March 29.—A freak in eggs was discovered this morning when a member of the household of the Earl of Ashburnham in opening an egg to take out the yolk for a salad found a perfect egg inside the other one. The inner egg is about the size of a robin's egg with a perfectly formed shell.

At the meeting of the directors of the United Farmers' Co-operative Co. of New Brunswick Ltd., this morning, Clarence Goodspeed was re-appointed manager of the company's store for the ensuing year.

Leads the Band.

W. A. Porner of St. John, has been selected as bandmaster of the Fredericton Brass Band. The selection of Mr. Porner as a bandmaster is a popular one, as during his recent stay in this city he has made many friends. For many years he was band sergeant in the Imperial Army and during the war he served with his regiment at the front.

Mrs. John Douglas of Stanley has received word that her brother, Neil McKinnon, had been kicked by a horse at his home at Bridgewater, Maine, and was instantly killed. He was a former resident of Stanley, but some years ago, removed to Bridgewater.

YACHT IS SOLD.

Annapolis, Md., March 29—The yawl Siesta, the first entrant in the projected ocean sailing yacht race next July 4, from Sandy Hook to Ostend, Belgium, for a cup offered by King Albert of Belgium, has been sold and will not start. Her owner announced today that he would withdraw the entry.

Easter Meeting of Kingston Church

Church Report Showed Good Cash Balance on Hand for Year—Officers Elected.

Kingston, N. B., March 29.—The annual Easter meeting for the Parish of Kingston was held on Easter Monday afternoon in the church school, Kingston. The Rector, the Rev. Henry Waterton, presided over a good attendance of parishioners. Colonel O. W. Wetmore, M. P. P., presented a very satisfactory statement, showing a balance on hand on the general account of $34.37, and a balance on hand of $84 on the account for missions. The retiring church wardens, Colonel O. W. Wetmore, M. P. P., and H. E. Northrup, were re-elected. The following were elected members of the church corporation: R. H. Foster, Frank S. Northrup, Ray Coffey, Frank Paddock, A. G. Breen, M. Wright Flewelling, A. T. Perkins, Perry Fairweather, W. P. Giggey, R. MacFarland, F. B. Gorham, T. R. Seely. Vestry Clerk, L. T. Crawford. Building committee, R. H. Foster, L. Belyea, G. W. Bruce. Churchyard committee, F. S. Northrup, G. D. Jones, H. H. Kierstead, P. H. Northrup.

Chapel wardens—St. Paul's, Whitehead—W. P. Giggey and J. R. MacFarland; St. James' Long Reach—Frank B. Gorham and T. R. Seely.

Lay delegates to annual Synod—Roy P. Breen, Dr. W. S. Carter, A. T. Perkins; substitutes, Ray Coffey, L. Belyea and P. H. Northrup.

Newcastle Anglicans Hold Easter Meeting

Voted One Hundred Dollar Increase to Rector—Reports Showed Good Year.

Special to The Standard.

Newcastle, N. B., March 29.—The annual Easter vestry meeting of St. Andrew's Church was held last evening, the Rector, Rev. W. J. Bate, presiding. The annual reports showed much good work having been done in the past year. An increase of $100 was voted to the Rector's salary. A hearty vote of thanks was tendered by the Rector to Mrs. Fred Uncles for the gift of a new pulpit lamp recently. The officers were elected as follows: Wardens, E. E. Benson, David Ritchie. Vestrymen, W. F. Trueman, H. S. Miller, H. B. Maltby, Ray Russell, T. M. Maltby, Harold W. Ritchie, Allan J. Ritchie, J. H. Lindon, F. Morrell, J. G. Kethro, J. W. Davidson, F. Uncles. Vestry clerk, J. E. T. Lindon. Delegates to Synod, John C. Kethro, Harold H. Ritchie; substitutes, Chas. Sargent, Fred Uncles. Auditors, H. Kethro, F. Uncles.

Refuse Bail Application

Halifax, N. S., March 29.—Application for bail made by Alva Peel of Amherst, who was convicted last June of arson and was sentenced to four years in the penitentiary, but who was granted a new trial by the minister of justice, was refused today by the Supreme Court of Nova Scotia. The court held that it had no jurisdiction in the matter.

Cold Snap Stops New Brunswick Floods

Washouts Reported on Several Railways and Train Service is Curtailed.

Fredericton, N. B., March 29—Part of the immense ice jam which had formed on the St. John River at Crock's Point, nine miles above Fredericton, still remained there this morning although most of it had broken away yesterday afternoon.

The breaking away of the jam and the sudden change to extremely cold weather—a drop of a maximum of 57.5 degrees yesterday afternoon to 15 above zero during the night with a fall of several inches of snow—prevented what gave indications of being one of the most serious floods along the river in recent years.

The water this morning had subsided sufficiently for large crews of men to commence work replacing the C. N. R. tracks which had been carried away from over 1,200 feet across the interval territory north of McGinley's Ferry station. It will probably be Thursday before trains can run over the line again.

Meanwhile there is a similar washout on the Canada Eastern division of the C. N. R. near McNamee's station, where more than 3,000 yards of material were washed away when the waters of the Miramichi backed up and overflowed the banks as the result of a jam which formed near Doaktown. The express for Newcastle sent out last evening from here did not get through, the passengers spending the night at Bolestown and today passengers, mails, etc., are being transferred. It will probably be late tomorrow night or Thursday before trains are able to pass over that line also.

RIOTS IN ITALY.

Alessandria, Italy, March 29.—Two persons were killed and several wounded in fighting between Nationalists and Socialists here last night. The police have restored order and have made a number of arrests.

Beauty Hints

By Louise Glaum

That beautiful actress, Louise Glaum, says: "A girl or woman who is passed by without a glance of admiration has only herself to blame. No matter how irregular the features anybody who possesses a beautiful complexion will attract attention anywhere. It is now possible through the use of Derwillo for anyone to have a beautiful rosy-white complexion." If you would have a beautiful skin, soft, smooth, and velvety, just follow Miss Glaum's advice. You can get Derwillo from the toilet counter of any up-to-date drug or department store. It is famous for the instant results it gives. Put it on one side of your face and compare it with the other, you will need no further argument to convince you that it is away ahead of face powder or other beautifiers. Be sure to read large article by Miss Glaum on the care of the skin soon to appear in this paper In the meantime get Derwillo and try it today, you will be astonished at the quick results it gives. For sale by Ross Drug Co., and Wasson's Drug store.

GOOD ROADS ASSOCIATION CONVENTION

Halifax Will Entertain Visitors from All Over Canada.

THREE PROVINCES ARE CO-OPERATING

Reception Committee Planning a Great Reception for Road Makers.

Halifax, March 29.—His Honor the Lieutenant-Governor of Nova Scotia, the Hon. McCallum Grant, has announced that he will formally open the eighth annual convention and exhibition of the Canadian Good Roads Association which will be held at the Technical College, Halifax, on May 10, 11 and 12 next, thus following in the footsteps of his colleagues in all the provinces which have welcomed this great gathering of road builders and other public officials since the formation of the association, and giving the official stamp of approval to the educative campaign which is the sole object of its existence.

Although the convention is still some weeks off, the tentative program which has been prepared, and the many public men who have already signified their intention of being present, practically ensures that the delegates from all over the Dominion, as well as the visitors from across the border, will find this gathering as instructive and interesting as any that have been held. The fact that it is being held this year in the Maritime Provinces, in the land of Evangeline, one of the most scenic parts of Canada, is perhaps one of the reasons why so many prominent people have already signified their intention of being present—they will combine business with pleasure under the most ideal conditions, for the local committees have felt that the reputation of their province is at stake, and are showing an enthusiasm for the convention that assures success.

Many Notables To Attend.

Supporting the Lieutenant-Governor at the opening session are expected to be the Hon. G. H. Murray, Premier of Nova Scotia; the Hon. W. Pugsley, P. C., Lieutenant-Governor of New Brunswick; Hon. W. E. Foster, Premier of New Brunswick; Hon. L. A. Taschereau, the new Premier of Quebec; Hon. T. C. Norris, Premier of Manitoba; Premier E. C. Drury, of Ontario; Premier J. H. Bell, of Prince Edward Island; Premier C. Stewart of Alberta; Premier W. M. Martin of Saskatchewan; Premier John Oliver of British Columbia; Premier R. A. Squires, of Newfoundland; and the Ministers of Public Works and Highways from practically all the provinces as well as most of the members of the Nova Scotia Government. It being recognized that this convention of road builders plays an important part in the shaping of the good roads policy of the whole Dominion. President R. H. Murray of the Nova Scotia Good Roads Association; President F. A. Gillis, of the Nova Scotia Motor League; President T. J. Mahoney of the Ontario Good Roads Association; President S. R. Henderson, of the Manitoba Good Roads Association; Mayor Parker of Halifax; Mayor J. W. Bidlto, Dartmouth, N. S.; Mayor E. A. Schofield, of St. John, N. B., and President Michael J. Flaherty, of the American Road Builders' Association, Chicago, will be among the speakers on the opening day of the convention in addition to many of the Cabinet Ministers above named; S. L. Squire, chairman of the executive, responding to the welcomes on behalf of the Association.

Dr. E. M. Desaulniers, M.L.A., the president, will occupy the chair at the opening session, and thereafter the direction of the meetings will be placed in the hands of other prominent good roads enthusiasts, who will be announced later.

Warm Welcome For Visitors.

The reception committee is headed by R. H. Murray, and as he has as his colleagues, the Hon. H. H. Wickwire, the Hon. Sam J. Latta, of Regina; Messrs. H. H. Show of Charlottetown, P. E. I.; B. Michaud, Deputy Minister of Highways, Quebec; G. Fred. Pearson, T. P. Regan, S. A. Churchill, J. M. Robertson, A. S. MacMillan of Halifax; nothing will be lacking to give the visiting delegates a warm welcome, and look after their comfort while in the city. The entertainment committee comprises A. G. Watson, chairman; Russel T. Kelley, F. A. Gillis, J. A. Duchastel, M. R. Archibald, F. J. Mahar, C. P. Wood, R. U. Parker and E. A. Saunders, whose united object is to see that agreeable surprises await the delegates after every session of the convention. The formation of a special Ladies Reception Committee is a new departure brought about by the desire of the ladies of Halifax to entertain the many ladies who will accompany the delegates. Headed by Mrs. G. Fred Pearson, the committee comprises Mrs. W. H. Dennis, Mrs. F. A. Gilles, Mrs. R. W. Hendry, Mrs. R. H. Murray, Mrs. F. H. Sexton, Mrs. A. G. Watson, Mrs. J. H. Winfield, and Mrs. C. P. Wood, and they are arranging a complete program such as will astonish those who have attended conventions elsewhere, for Nova Scotians do not do things by halves. W. H. Dennis is the head of the publicity committee, having as his colleagues E. C. Young, J. W. Power, Frank Wallace and I. C. Stewart, with R. Holmes Parson as official recorder of proceedings.

Three Provinces Co-operating.

The convention is being held under the auspices and with the co-operation of the Nova Scotia Good Roads Association, the New Brunswick Good Roads Association and the Prince Edward Island Good Roads Association, and apart from the regular sessions there will be an inter-provincial conference of highway officials in the afternoons, at which will be discussed uniform traffic regulations, inter-provincial highway connections, federal aid methods of financing good roads, and matters affecting automobiles taxation and traffic, as well as the methods of maintaining various types of roads to suit the traffic using them. There will be other conferences and meetings held during the convention, of which announcement will be made later by Secretary George A. McNamee, who is arranging several special features for this the first general convention in the Maritime Provinces.

ZERO WEATHER FOLLOWS STORM WITH THUNDER

Ice Bridge at Chatham Breaks Under Continued Spell of Warm Weather.

WILLIAM KERR DIES IN HOSPITAL

Easter Vestry Meeting Shows Church to be in Healthy Condition.

Special to The Standard

Chatham, N. B., March 29—The ice bridge here is now in an almost impassable condition even for pedestrians. Several teams have broken through within the last few days and were only rescued with some difficulty; only the most venturesome will attempt to cross the ice on foot. The early loss of this very essential means of communication is a great inconvenience to the community. After enjoying a long spell of real spring weather with a thunder and lightning storm yesterday morning this district was visited by a return of winter last night when the temperature took a sudden drop to nearly zero and about two inches of snow fell, accompanied by a cold north wind.

William Kerr Dead

The death of William Kerr, one of Chatham's oldest and most highly respected residents, took place at the Hotel Dieu Hospital last evening after a six months' illness. He was 77 years of age and is survived by two sons and two daughters, Adam of Nelson, William of Chatham, Mrs. Edward Quinn of Philadelphia and Mrs. Freeman Godfrey of Winnipeg.

Easter Meetings

The Easter meeting of St. Paul's and St. Mary's congregations was held in the Sunday School Monday evening, the rector the Venerable Archdeacon Forsythe, D. C. L., in the chair. The Treasurer's report showed the finances of the churches to be in a very satisfactory condition, there having been a marked increase in the free will offerings during the year and a balance to the credit of the corporation of $187. During the year nearly $400 has been spent in repairs on shingling and painting the rectory. The diocesan apportionment for missions, $505, has been met in full a most satisfactory showing in every respect.

Mr. Cecil Markham, the senior student at Kings College, Windsor, who will be ordained on Trinity Sunday, has been engaged as assistant to the rector. The following officers were elected for the ensuing years. Hon. J. C. Burchill and F. E. Neale, church wardens, V. A. Danville, W. H. Baldwin, S. A. Frost, Jas. MacLaughlin, G. Burchill, M. M. Gogin, D. T. Johnston, H. P. Searle, W. P. Eaton, W. J. Baldwin, George Vye, Hector Astles, vestrymen Treasurer, V. A. Danville. Vestry Clerk, S. A. Frost. Assistant Treasurer, G. P. Burchill. Delegates to Diocesan Synod, Hon. J. P. Burchill, F. E. Neale, W. H. Baldwin. Substitutes G. Stead, S. A. Frost and W. J. Baldwin.

St. John Man In Film Company

Wm. C. Smith in Organization to Produce Photoplays at Hamilton, Ont.

Hamilton, Ont., March 29.—A company has been organized to produce photo-plays here for distribution throughout the British Empire. The company has taken out a Dominion charter and is capitalized at $1,500,000. Among those named in connection with the proposed local film industry are Gerald McTorgus and John Churchill, Montreal, and William C. Smith, St. John, N. B. Several American financiers are said to be interested.
