A SOCIAL EVENT

Many Canadians at the Murphy-Gemmill Wedding at Lockport, N. Y.

The Lockport, N. Y., Daily Journal has the following: One of the most important social events of the season took place Wednesday, July 25, at 5 o'clock in the First Baptist Church, when Miss Anna May Murphy, of Orchard street, was united in marriage to Dr. Raeside Alexander Gemmill, also of this city, by the Rev. W. C. Gates. Promptly at the appointed hour Miss Sybil Knight Hayward, presiding at the organ, softly played the strains of Lohengrin's beautiful wedding march. Miss Caroline E. Murphy, sister of the bride, preceded the bride, who wash given away by Dr. William Harwell Hodson. The groom was attended by the best man, Mr. John N. Watson, of Stratford, Ont.

The bride wore a hand embroidered, imported Swiss mull, trimmed with valenciennes lace; her veil was fastened with sweet peas and she carried white roses. The maid of honor, Miss Carolin Murphy, wore apple green silk trimmed with cream lace, and carried white sweet peas. During the wedding ceremony, which was very short and simple, Miss Hayward played "O, Promise Me." The ushers were the Messrs. Charles A. Tovell, F. Allen Tovell, Harold P. Smith, Raymond L. Smith and Robert J. Bamber. A wedding supper was served at the Niagara House for the bridal party, covers being laid for twelve. Table decorations were in pink and white.

The out-of-town guests were Mr. and Mrs. F. A. Gemmill, of London, Ont.; Mr. John Watson, of Stratford, Ont.; Miss Mildred Gemmill, Mrs. W. R. Gemmill, of Sarnia, Ont.; Mrs. Joseph P. Dudley, of Buffalo; Mrs. Thompson and Miss Julia Thompson, of Middleport.

Mr. and Mrs. Gemmill left for an extended trip through Canada and will be at home in Orchard street about Sept. 1.

NEW BANK BRANCH

Bank of Toronto to Place One Corner of Richmond and John.

The Bank of Toronto now leads the other chartered banks in the number of branches in London.

Today the third local branch of the bank was opened at 587 Richmond street, but these quarters are only temporary, as the bank has purchased a site at the corner of Richmond and John street, where an office will be built in the near future.

The new branch will be a great convenience to the business section in the north end of the city, which has been rapidly growing of late years, and now includes a large number of first-class stores. The move on the part of the bank is also an evidence of the progressive policy being pursued by the management of the well-known institution.

A PLEASANT OUTING

McClary Company's Picnickers Enjoy Excursion to Stag Island.

The McClary Manufacturing Company employes held their annual picnic at Stag Island, on Saturday. A special train left here at 7:30 a.m., and arrived at Sarnia about 9 a.m. Thence they took the boat to Stag Island, where a general good time was enjoyed by all. About 2 o'clock they returned to Sarnia.

The next part of the programme was an excursion on one of the Lake Huron steamers. The party returned to this city about 10 o'clock in the evening.

TENNIS TOURNEY AT THE BARRACKS

Fine Court Provided by Officers—A Goodly Company and Keen Contests.

Many of London's cricket-lovers have been spending a most enjoyable time at Wolseley Barracks during the last few days. On Thursday afternoon last a tennis tournament was started, which has continued until this afternoon, when the final games will be played. The officers at the Barracks done everything in their power to make the Barracks tennis court as good a one as is to be found anywhere in this city. The surroundings are all that could be desired. A prettier little spot could hardly be found. There are shade trees in abundance, and as the Barracks is situated on a hill, there is always lots of breeze, making it one of the coolest places in town.

The attendance at the tournament has been very good so far. Saturday afternoon over 50 people were in attendance, and with games in progress on four courts, the ladies in their summer dresses and the men in flannels, the sight was very spectacular. The round resulted as follows:

FIRST ROUND.

Miss Field and Mr. Clark defeated Miss Moore and Mr. Harrison.

Miss Betts and Mr. Thompson defeated Miss Love and Mr. Fisher.

Miss Meredith and Mr. Boucher defeated Miss Hunt and Mr. St. Ledger.

Miss Harkness and Major Layborn defeated Mrs. Harper and Mr. Carling.

Miss Harkness and Major Layborn defeated Miss Meredith and Mr. Boucher.

Miss Beddome and Mr. Dann defeated Miss Macfie and Mr. Macbeth.

Miss Dann and Mr. Wilson defeated Miss Hayes and Mr. Spry.

THIRD ROUND.

Miss Field and Mr. Clark defeated Miss Harkness and Major Layborn.

The final round will be played this afternoon between Miss Beddome and Mr. Dann against Miss Dann and Mr. Wilson. This is the first tennis tournament ever held at the Barracks, and is expected to increase the interest in the game.

A match has been arranged with the St. Thomas team to be played on Saturday afternoon at the Barracks.

Y. M. C. A. CHANGES

The Physical Director and Assistant Secretary Leaving London.

Two changes in the staff of the local Y. M. C. A. will take effect after Aug. 1. Mr. McLaren, who has been the physical director for the past year or two, has secured a position as physical director in the new hundred thousand dollar Y. M. C. A. establishment which has been erected at Niagara Falls, New York.

Mr. Clarence Reid, who for some time past has been assistant secretary here, has been appointed to fill a similar position in Montreal.

Both these men are very highly esteemed by the members of the association, and have a host of friends who wish them every success in their new positions.

Appointments to fill the vacancies will probably be made this evening at a special meeting.

NUMBER TWO'S ASSESSMENT

Only Thirty-Three Protests Lodged Over 1907 Assessment.

The taxpayers of No. 2 ward must be pretty well satisfied with the assessment of the ward for 1907.

The time allowed to enter appeals against the assessment expired last week, and only 33 protests were lodged with the department. And what is more, the appeals are mostly trivial.

This is the smallest number of appeals on record for a ward. The court of revision will deal with them on the 15th of August.

GOOD FOR YOU, ASTOR!

Windsor, Eng., July 30.—Second Lieutenant John Jacob Astor, son of William Waldorf Astor, today, gallantly rescued a trooper of his regiment, the First Life Guards, from drowning in the River Thames. The latter sank in deep water, and young Astor dived in and brought up the soldier in time to enable him to be restored to life.

MUCH FREIGHT MOVING ON C. P. R.

Traffic Passing Over Line From West Especially Heavy—All Hands Busy.

The freight traffic on the C. P. R. is at present heavier, possibly, than it has been at any time since the line was opened between Detroit and Toronto. Crews are being worked to the limit in the effort to keep up with the business.

The amount of through freight passing over the line from the west is surprisingly large. It includes immense quantities of beef from Chicago and other packing-house centers, as well as general merchandise, and it is being handled in good time.

The trainmen running out of London have had their hands full for some time past, and there is no indication of a let-up in the traffic. The spare men are being utilized as they have never been utilized in the past, and at the end of the month, when the pay car rolls around, it will be found that they have made as big a pay as the regulars.

It is not at all uncommon for a crew to double the road between here and Windsor or Toronto in a day, and then be called out again for another trip, without having much rest. Of course, in cases of this kind it is optional with the men whether they go or not, as they can insist on having eight hours' rest.

NO DISORDER; CARS RUNNING

Company Says No Difficulty, and Union Says Strike Will Go On.

The London Street Railway Company this morning declared that another detachment of strikers had returned to work and that so far as the company was concerned, the trouble was at an end.

It was stated at the offices of the company that every line was being given the regular schedule service, and that no difficulty whatever is being experienced in the operation of the cars. "There are now only about fifteen of the old men who have not come back," said Mr. Benson, treasurer of the company. "Many of the men who returned after the strike have their old runs, but those who are coming back now will have to start at the bottom of the ladder again and work their way up until they get regular runs. The strike is not affecting us in any way."

Mr. Magnus Sinclair, the organizer of the Street Railwaymen's Union, who has been here since the trouble began, says the end of the strike has not been reached. He says that the men who have returned to work threw down their allegiance to the union, and that not being satisfied with this, they made it a practice to inform the people that the strike is settled. This is not the case, Mr. Sinclair said, as the strike is still on. The Trades and Labor Council is aiding the strikers in every way. It is also the intention of the railwaymen's union to flood the town with dodgers setting forth the fact that the strike is not over. This, Mr. Sinclair declared, is necessary owing to the tactics said to have been employed by the other side.

A meeting of the strikers was held this morning, and Mr. Sinclair stated there were 40 men present, including half a dozen who had gone on strike in the first place and subsequently returned to work.

So far not a single case of disorder has been reported.

HOSE WAGON TWO WAS IN PERIL

Clever Driving Saves It from Being Run Down by a G. T. R. Express.

Speedy action on the part of the driver of the hose wagon from No. 2 fire hall alone prevented a serious accident at the Waterloo street crossing shortly after 5 o'clock on Sunday morning.

The department had been called to a fire at the home of Mr. and Mrs. J. Wilson, 313 South street. The apparatus from the central station turned south on Wellington street, while the company from East London came west on York street to Waterloo, where it turned to cross the Grand Trunk tracks.

The driver of the wagon did not see any signal from the crossing watchman to warn him of the approach of a train, and he continued to drive on to the tracks, at the same time reducing the speed of the team, in accordance with the rules of the department. This latter fact, and the watchfulness of the driver, saved the apparatus from being struck by No. 7 express from the east, due about 4 o'clock, and which was running about an hour late.

The wagon was well into the center of the tracks, when the express reached the crossing. To have attempted to drive across would have been fatal, and the only thing to be done was to turn the horses sharply one way or the other. This was done, and the accident was averted. The rig was so close to the train that the wheels of the hose wagon almost scraped the sides of the coaches.

The students from the Italian universities and Government school are no longer content to seek poorly-paid Government employment or to enter into the ranks of the over-crowded professions, but are seeking technical instruction so that they may join in the new movement and make an adequate future for themselves.

A stock made up of all the important elements of saleability—the richest fashion fabrics selected here and there from among the most noted French and British makers of dress material. See our early display and watch the new clothes as they arrive.

We Invite your Attention to the exclusiveness of our early showing

The new Tweeds in dark plaids in rich autumn colorings, green and navy, green and navy and gray, maroon and myrtle and gray, dark and light gray, the new medium and hair-line checks on plain gray grounds.

Our orders for all plain cloths—Broadcloths, Vicunas, Venetians, Cheviots, etc.—were placed in some instances, a year ago, to insure giving you the coming season's fabrics without the advance in price that we would be forced to ask if bought at present market values.

Capital $3,800,000; Assets, $34,000,000; Reserve, $4,200,000.
