STATES WILL ALLOW NOTHING TO NEUTRALS SAVE UNDER LICENSE

President Enlarges List for Which License Is Required.

PROCLAMATION IS ISSUED

Will Prevent Enemies of the Allies Getting Supplies by Indirect Means.

WASHINGTON, Aug. 27.—President Wilson tightened the Government's control of exports tonight by issuing an order forbidding the shipment of any goods to European neutral countries except under license, and by extending the lists for which license is required in shipment to the Allies and neutrals, other than European countries, to include cotton, all meats, sugar and most of America's other export commodities.

In a statement accompanying his proclamation the president said one of the first intentions of the Government will be to see that no American products are made "the occasion of benefit to the enemy, either directly or indirectly." Officials interpreted the order as forecasting a vigorous use of the export control as a war weapon and a policy of the strictest rationing of countries contiguous to Germany.

Supersedes Blockade.

Exports to Germany and her allies also are formally prohibited by the president's order, and this is understood to mean that the export control is about to supersede the British system of giving letters of assurance for American cargoes. Up to now there has been nothing except the British blockade to prevent the shipment of American goods to Germany. Tonight's order in this respect accomplished one of the purposes sought in the trading with the enemy bill pending in Congress.

Coin, bullion, currency and evidences of indebtedness are placed under export license restriction to European neutrals whenever regulations governing their export have been promulgated by the secretary of the treasury. The president's order contains the first formal announcement of the transfer of administration of the export control from the department of commerce to the export administrative board, of which Vance McCormick is chairman. When the administrative board made the fact public a few days ago it was explained that the action was taken to facilitate the issuance of licenses.

Necessity of War.

Accompanying the proclamation was a statement from the president explaining its purposes. It said:

"The purpose and effect of this proclamation is not export prohibition but merely export control. It is not the intention to interfere unnecessarily with our foreign trade; but our own domestic needs must be adequately safeguarded, and there is the added duty of meeting the necessities of all the nations at war with the imperial German Government.

"After these needs are met, it is our wish and intention to minister to the needs of the neutral nations as far as our resources permit. This task will be discharged without other than the very proper qualifications that the liberalism of our surplus products shall not be made the occasion of benefit to the enemy, either directly or indirectly.

"The two lists have been prepared in the interests of facility and expediency. The first list, applicable to the enemy and his allies, and to the neutral countries of Europe, brings under control practically all the other countries of the world, makes only a few additions to the list of commodities controlled by the proclamation of July 9, 1917.

Need of Distinction.

"It is obvious that a closer supervision of control of exports is necessary with respect to those European neutrals within the sphere of hostilities than is required for those countries farther removed. The establishment of those distinctions will simplify the administrative process and enable us to continue our policy of minimizing the interruption of trade."

The proclamation makes it clear for the first time that the United States is prepared to go to almost any limit to prevent goods from going to Germany. Neutrals already have been informed, both in notes and in conversations with their representatives in Washington, that no American goods may be used even to replace indirectly goods shipped from neutral countries to Germany. Some administration officials even favor stopping food shipments to neutrals where the food is used to feed workmen engaged in manufacturing war materials for German use.

British Still on Watch.

Assumption by the United States of the burden of maintaining the blockade of Germany, in so far as it applies to shipment of American goods, gives this nation an additional responsibility which the British have sought to be relieved ever since the United States entered the war. The duty of preventing goods shipped from neutrals other than European from reaching Germany will continue to be Great Britain's, since the United States has declared no formal blockade against Germany or her allies.

EXPECTS NO TROUBLE IN MONTREAL DISTRICT

MONTREAL, Aug. 27.—Major-Gen. E. W. Wilson, head of the military in the Montreal district, says there will be no delay in proceeding with the work of enlistment here, once the military service measure is put into operation, and he does not anticipate much trouble in carrying out the law of conscription.

Canada Is Making Handsome Advances to Mother Country

$385,000,000 for Munitions; $40,000,000 for Cheese; $10,000,000 Hay

[Special to The Advertiser.]

OTTAWA, Aug. 2.—Canada is making big financial advances to the Imperial Government for munitions and war supplies purchased in Canada. The finance minister informed Parliament that in July the amount advanced by Canada was $35,000,000, and the August advance would be the same. For the balance of the year the advance by Canada to Britain will be $25,000,000 a month.

In addition Canada is advancing $40,000,000 for cheese purchased in Canada, and $10,000,000 for hay and oats.

To date Canada has advanced to the Imperial munitions board $285,000,000, and the Canadian chartered banks have advanced $100,000,000 on the same account.

ROGERS OPENS SHOP IN WINNIPEG; MAY RUN FOR MANITOU

Is Certainly Clearing Decks for Action.

ELECTION UNAVOIDABLE

Does Not Like to Talk, But Not Quitting Public Life.

[Special to The Advertiser.]

Winnipeg, Aug. 27.—Hon. Robert Rogers today again occupied his old office in the postoffice building, and is not making any move either preparatory to moving out. He appears to be installed as of yore and received many deputations.

"A general election is unavoidable. Nothing can now be done which will prevent dissolution of Parliament October 7 and an appeal to the people by the Borden Government." This is the view of Mr. Rogers. The former minister of public works refused to discuss further the situation at Ottawa.

"My sole interest at the present time is the war and the returned soldier problem," he said.

He declared that so far as he was concerned there was no truth in the rumor that he had been asked to become a fusion candidate in a Manitoba constituency.

Not Done With Politics.

"I am not in a position to discuss the prospective election at all," he said, but he intimated that he had no intention of retiring to private life. Mr. Rogers is paired off with a Liberal member of the House of Commons for the week. He expects to return to Ottawa Sunday.

"Pairs are hard to get at Ottawa these days," he said. "The Opposition is feeling very aggressive, and it is difficult indeed for any member to arrange with one on the other side for a week's absence from duties."

May Run in Manitoba.

There appears to be good ground for the belief that the former minister will run in Manitou district, not South Winnipeg. Senator W. H. Sharpe, the former member, was with Mr. Rogers constantly today. Rogers knows everyone in Manitou district. It is where he started his commercial career as general country storekeeper, at Clearwater; where he married and where nearly all of his children were born. He sat in the Legislature for many years as the district's representative.

ENEMY CANNOT LONG ENDURE SUCH BLOWS IS VIEW OF GEN. HAIG

British Field Marshal Wires Congratulations to Petain.

LONDON, Aug. 27.—Reuter's correspondent at British army headquarters in France says:

"Field Marshal Sir Douglas Haig telegraphed Gen. Petain, commander-in-chief of the French armies, as follows on the 22nd inst.:

"All ranks of the British armies in France join me in hearty congratulations to you and your gallant armies on the splendid results gained at Verdun yesterday. The enemy will not be able to endure many more such blows."

Gen. Petain replied as follows:

"Hearty thanks for the kind congratulations of the gallant British troops, who have so brilliantly distinguished themselves again during the last few days in Flanders and at Lens. It will touch the hearts of the soldiers at Verdun, who are united to their allies by a common determination to win, and a common assurance of success."

Heavy Rain Falling.

The official report from British headquarters in France tonight reads:

"A heavy rain has fallen throughout the day. This afternoon our troops attacked the enemy's positions east and southeast of Langemarck. First reports indicate that we made satisfactory progress.

"The enemy attempted a raid on one of our posts north of Lens this morning, but was driven off with loss.

"We made a successful raid this morning east of Ostlaverne and secured a few prisoners.

Seven Foe Planes Drop.

"Bombing raids and observation work for the artillery were carried out vigorously yesterday by our airplanes. The enemy's batteries, transport and infantry were effectively engaged with machine gun fire. During the fine intervals the enemy's aircraft were active and aggressive. In the air fighting four German airplanes were brought down; three others were driven down out of control. Two of our machines are missing."

S. S. MALDA SUNK

Cunard Ship Lost on Second Voyage From U. S. to England.

Boston, Aug. 28.—The sinking of the British steamer Malda, which left an American port on August 15, was reported in a cabiegram received here today by the Cunard Line. No details were given as to the fate of the crew.

The Malda, under charter to the Cunard Line, had made only one voyage to this country and was a vessel of 7,884 tons gross.

HAIL KORNILOFF AS SAVIOUR OF RUSSIAN NATION

Tremendous Ovation at Moscow for Commander of Muscovite Armies.

OPPOSES THE CABINET

"Victory and Order," Motto of Korniloff, Cossacks and Middle Classes.

Moscow, Sunday, Aug. 26—(Delayed).—A conflict at the national conference between Premier Kerensky, backed by the moderate Socialists and a majority of the Council of Workmen's and Soldiers' Delegates and the Constitutional Democrats and other non-Socialist parties, the Moscow industrial group and that part of the army which stands for ruthless army discipline is approaching. The opposition to the premier looks to Gen. Korniloff, commander-in-chief of the Russian army, as its champion. This lineup of the delegates to the conference is indicated in interviews the Associated Press has had with members of all groups represented at the conference.

In this connection the newspapers remark that Petrograd is being brought into sharp opposition with Moscow. This opposition is emphasized by the fact that the Moscow "committee of public work," which met temporarily to organize Moscow's representation at the conference today, declared that it intends to sit permanently.

Korniloff Popular.

At present the name of Gen. Korniloff is on every tongue. His coming was awaited with something akin to fear by the extreme left, which still incites against discipline in the army, and with open enthusiasm by the Opposition group. The latter group today made the general's arrival the signal for a demonstration seldom accorded even to a general victorious in battle. The import of the demonstration is emphasized by the fact that not one member of the cabinet was at the railway station, but instead there was an imposing display by the military and civilian admirers of Gen. Korniloff.

During the morning Gen. Korniloff's biography and his photographs were distributed free by the organizers of the demonstration. Officers went about the streets exhorting veterans of the war, and particularly cavaliers of the Order of St. George to go to the railway station; explaining to them that duty compelled every patriotic man to support the "destined savior of Russia" from foreign defeat and internal disintegration.

At the station when the Russian commander-in-chief arrived was Gen. Verkhovsky, commander-in-chief of the Moscow Military District, Mayor Rudniff with a representation from the municipality, a group of Socialist members of the conference, headed by M. Roditcheff, the veteran member of the Duma, as well as leaders of Moscow's industries. The sole subject of conversation appeared to be the possibility of supporting Gen. Korniloff's demand for strong measures, including capital punishment among the forces of disorder in the rear of the fighting army.

Welcomed by Cossacks.

The station was filled with deputations of Cossacks and guards of honor, the chief guard of honor being composed of the much-decorated Cavaliers of St. George, youths from a military academy and Cossacks. Every man of the guard of honor, following the Russian army practice when welcoming a specially loved commander, held a rose and another flower. There was also present a group of seven boy volunteers, none over 16 years of age, all of whom had fought since the beginning of the war, and a girl volunteer, who had been wounded twice on the field of battle.

Gen. Korniloff alighted from the train soon after noon, followed by a bodyguard of Terek Cossacks, gigantic Asiatics, in prune-colored caftans, leather belts and vest, shaggy sheepskin busbies.

Looks Like a Jap.

Gen. Korniloff, who is of Cossack parentage, resembles a Japanese. He is below middle height and medium size. He has small black eyes and a sparse Tartar beard. His manner was grave and modest as he inspected the guard of honor. He spoke to some of the soldiers, and each soldier threw a flower under his feet as he passed.

Mayor Rudniff welcomed Gen. Korniloff on behalf of the city of Moscow. The mayor declared that the general was not only the destined victor at the front, but the saviour of Russia from within at home. As Gen. Korniloff marched between lines of soldiers toward M. Roditcheff, the officers drew their swords, and the band played the "Marseillaise." Addressing the Russian commander, M. Roditcheff said:

Want Fighting Spirit.

"Russia has all her army wants, arms, supplies and a brilliant commander. All she lacks is a fighting spirit in her soldiers. It is you, general, who have the skill and the means to restore that spirit."

After kissing M. Roditcheff, Gen. Korniloff made a brief speech, roughly phrased, but impressive by its unpretentiousness.

"We expect from Moscow," Gen. Korniloff said, "a message to the army. That message, I hope, will not in this grave crisis be of liberty and equality, in the name of which, falsely interpreted, Russia's people have been driven off the right track, but a message of victory and order. For myself, at any sacrifice, I shall do all in my power to turn that message into reality. I believe in and I predict the resurrection of our army." As Gen. Korniloff left the station he was given a tremendous ovation by the military and civilian population. The working classes, however, were absent.

In view of the sharply defined attitude of Gen. Korniloff towards the cabinet and the Socialists, his declaration to the conference tomorrow is awaited with the keenest interest. He intimates, however, that owing to his position he will not indulge in party sharp attacks, but that the program of the military party and its criticism of the Government probably will appear in a speech which Gen. Alexieff, the former commander-in-chief, already has prepared.

INGERSOLL LIST IS FOUR.

INGERSOLL, Aug. 27.—That many soldiers from this town and district have been in the thick of the fighting on the west front recently has been evidenced by the large number of names appearing in the casualty list. A number of names were added today.

This morning Mrs. John Payne, of Charles street east, received official word that her son, Pte. Harry Payne, had been wounded and admitted to No. 6 Casualty Clearing Station on Saturday, August 19. He received a gunshot wound in the head, but no further particulars were given. Pte. Payne is an Ingersoll boy and went overseas with the 168th Battalion.

Thomas F. Pirie of Banner has been officially notified that his son, Acting Sergt. Peter Francis Pirie, had received a gunshot wound in the hip and had been admitted to No. 23 Casualty Clearing Station. Before enlisting Pte. Pirie was attending college at Belleville. He enlisted with the 21st Battalion.

The name of Pte. James Vance is also included in the casualty list. According to information received he sustained a gunshot wound in the wrist. Pte. Vance was born here and is a son of the late James Vance, superintendent for many years of the Noxon Works. His mother, to whom the offical word came, is now residing in Woodstock.

Pte. Ernest Daniel, son of Mr. and Mrs. W. G. Daniel, Catherine street, a well-known pupil of the Ingersoll Collegiate Institute, has also been listed as wounded. The official word received by his parents stated that he received a gunshot wound in the left thigh. Pte. Daniel enlisted with the 33rd Battalion and was afterwards transferred to the 39th Battalion, with which he went overseas. He has been in France about six months.

THIRTY FOOD SHIPS RELEASED BY STATES TO CARRY GRAIN TO DUTCH AND BELGIANS

190,000 Tons of Wheat Will Be Forwarded to Hungry Nations.

The Hague, Aug. 28.—The news from Washington that thirty or more Dutch vessels will be permitted to sail from the United States with grain owned by the Netherlands Government has been received with satisfaction here, although uncertainty still prevails as to the nature of the arrangements. It is learned authoritatively that the cargoes of all the Dutch ships in question amount to some 190,000 tons.

Some for Belgians.

The first proposal of the American authorities was that permission to export these cargoes be granted on condition that two thirds of them be turned over to the Belgian relief commission, but it was found that the amount of fodder was so large that the relief commission would be unable to take its share. Holland, therefore, offered to give the commission such part of it as it was able to use, and to bring to this country for the commission enough other grain to make up the stipulated quantity. This offer was not accepted. The American authorities finally intimated their willingness to release something more than 100,000 tons of cargoes on condition that the larger part should go to Belgium, and this is believed to be the arrangement which has now been agreed upon.

Passage Is Safe.

Passage of the released ships through the North Sea is now regarded as comparatively safe. Sailings of freighters to America will be resumed only if facilities for obtaining cargoes are assured. This whole subject is in suspension pending the outcome of the negotiations of the Dutch mission to America. The Belgian relief commission's portion of the cargoes is likely to be extremely welcome, as its provisioning is much behind and 12,000 tons of grain was recently advanced to it by Holland. The Dutch steamship Turbinia arrived at Rotterdam from the United States one day with about 6,000 tons of wheat. The minister of agriculture has decreed that from September 2 the bread ration will be further reduced, from 311 to 254 grams daily. The regulation forbids the furnishing of bread with hotel and restaurant dishes.

SOCIALIST AND LABOR MEETING TO DISCUSS A STOCKHOLM POLICY

London, Aug. 28.—The inter-allied Socialist and labor conference was opened in London this morning under the presidency of Arthur Henderson, member of the House of Commons and former minister without portfolio. Some seventy delegates, representing Great Britain, Belgium, Russia, France, Portugal, Greece, South Africa and Italy, are present. More than half of them are British, representing various sections of the Socialist and labor parties. The figures are of little significance, however, as the conference is not to vote but to consult, and, if possible, agree on the policy to be followed in regard to the international Socialist conference at Stockholm. If it proves to be impossible to reach an agreement, the various sections will put forward their own views at Stockholm.

The chief subject for consideration by the conference, however, is the war aims of the Allies. A report on this matter has been drawn up by the executive committee of the British Labor party, as well as by the French Labor party, and an effort will be made to reach an agreement. The sessions of the conference will be private. Reports of each day's proceedings will be issued.

INGERSOLL PREPARES TO GIVE SOLDIERS FINE TIME ON TRIP

Although more than a dozen automobile trips have been held for the returned soldiers here this summer, the one to be held Wednesday promises to be the equal of any of them. It is expected that more than a hundred of the men will be taken from the Central Military Hospital to Ingersoll. An excellent reception will be tendered to the men here. The Three Thousand Club has planned an entertainment and the Red Cross Society will provide refreshments.

The trip this week will be in charge of R. J. Webster. He is confident of obtaining the necessary cars, as Londoners have been generously responsive in this matter throughout the summer, and only on occasions when they were not notified in time have failed to offer their services.

Three more trips, in addition to the one on Wednesday, will be made this year, according to present plans. The arrangement followed throughout the season has been to place each trip in charge of one member of the summer outing committee, the list being made up in alphabetical order. All the members of the committee except three have been in charge of a trip now, and it is likely that the final excursion for the year will be made in September.

THOUSAND FROM FRONT ARE LANDED AT QUEBEC; LADY McBRIDE ABOARD

Quebec, Aug. 27.—A White Star-Dominion liner arriving here at midnight brought 196 officers and 994 Canadian army men of other ranks, besides 200 civilian passengers. Among the latter was Lady McBride, widow of the late Sir Richard McBride, who, up to a short while before his death in England was representative of British Columbia in London and at one time premier of British Columbia. Lady McBride returned with her six daughters and is on her way to her home.

Among the returning Canadian soldiers is Regimental Sergt.-Major Marsden of Ottawa, the first Canadian volunteer for service overseas after war was declared. Sergt. Marsden was wounded at Vimy Ridge and awarded the Military Cross for some exploit he modestly refused to speak about when approached shortly after the steamer arrived. Previously he won the D. C. M. in the South African war this warrior won the King's and Queen's Medals with the seven clasps. He is back on short leave, recovering from wounds.

DUKE'S TREASURES STOLEN.

Petrograd, Aug. 28.—Art treasures and pictures valued at 5,000,000 rubles have been stolen from the great historical museum of the late Grand Duke Michael Nickolavitch. The police have searched 150 houses but have found no trace of the booty. This robbery is one of a series that have taken place recently. Early this month six armed robbers stole silver statues and antiques valued at 1,500,000 rubles from the senate building.

BIG MARINE MAN DEAD.

Baltimore, Md., Aug. 28.—A cable received last night by officials of the Robert Ramsay Company, agents for the Johnston Line Foreign Agency, Limited, announced the death at Woodslee, Bromborough, Cheshire, England, of William Johnston, head of the steamship line of that name.

With his brother Edmund, Mr. Johnston started in the steamship business nearly forty years ago, and they eventually became owners of one of the largest steamship concerns in the world.

The company not only operated a line of steamers between this port and Liverpool, but also in the Black Sea trade and other points in the Mediterranean.

DIES IN 82ND YEAR.

AYLMER, Aug. 27.—The death occurred in Malahide on Sunday of a respected citizen in the person of Richard L. C. Lute of Malahide, after a fiveweeks' illness, in his 82nd year. He is survived by one son and one daughter, namely, Elgin Clute and Mrs. Wm. Burdick, both of Malahide.

The funeral will take place on Tuesday to the Aylmer Cemetery.

MICHAELIS FAILS TO "MAKE GOOD" WITH GERMAN LIBERALS; WANT HIM OUSTED

Chacellor Will Discuss Peace Proposal With Reichstag Today.

Copenhagen, Aug. 28.—The pope's peace note will be the principal subject of discussion at a meeting in Berlin this afternoon in which Imperial Chancellor Michaelis, members of the German Parliament and representatives of Prussia, Bavaria, Saxony and Wurtemburg will participate.

Reports from the German capital add that Dr. Michaelis will leave for Belgium immediately after the meeting, where he will have a conference with the governor-general, Baron von Falkenhayn.

WANT NEW CHANCELLOR.

Copenhagen, Aug. 28.—The possibility of another change in imperial chancellors is discussed by Georg Bernhardt in the Vossische Zeitung. He says that it is plainly evident already that the appointment of a minor official like Dr. Michaelis, without general political experience, was a great mistake and that the results desired are not apt to be reached quickly under the leadership of the new administration. Parliament, he argues, must take the matter of internal reforms and peace into its own hands. Herr Bernhard hint hopes that Chancellor Michaelis will see the error of his ways and avoid the necessity for another change in the chancellorship.

Wolff Attacks Michaelis.

Theodor Wolff of the Tageblatt dismissed the new Bundesrat-Reichstag committee as "a nostrum designed to soothe the cry of the German people for popular control of the Government." Herr Wolff attacks Dr. Michaelis' reasons for side-tracking parliamentary reform until after the war, and says that the truth is that parliamentarism is not desired just now because it would impose real control upon the Government and end the domination of secret influences.

GIVEN UP FOR DEAD, ST. THOMAS SOLDIER WRITES FROM PRISON

Pte. Salem Dean's Letter to Brother First Word in Ten Months.

ST. THOMAS, Aug. 27.—Lorne Dean, employed at Goodwin's furniture store, was today overjoyed to receive a letter from his brother, Pte. Salem Dean, from a prison camp at Gustrow, in Mecklenburg, Germany. Pte. Dean was officially reported missing on October last and nothing had been heard from him until today. His father, brother and sister had given him up as dead, it regard to the international Socialist conference at Stockholm. If it proves to be impossible to reach an agreement, the various sections will put forward their own views at Stockholm.

The chief subject for consideration by the conference, however, is the war aims of the Allies. A report on this matter has been drawn up by the executive committee of the British Labor party, as well as by the French Labor party, and an effort will be made to reach an agreement. The sessions of the conference will be private. Reports of each day's proceedings will be issued.

INGERSOLL PREPARES TO GIVE SOLDIERS FINE TIME ON TRIP

MAKES GOOD RECOVERY

Howard Township Woman, Shot by Nephew, Reported Progressing Nicely.

HIGHGATE, Aug. 27.—The condition of Mrs. Arlo Irvine, formerly Miss Helen Barr, of Duart, but now residing on the eleventh concession of Howard Township, who was accidentally shot last Tuesday by a small rifle in the hands of her nephew, is improving. Mrs. Irvine is in Chatham General Hospital, and is reported to be making a good recovery.

Mrs. Hodge, wife of Pte. Walter Hodge, has been advised that he will remain in the London Convalescent Hospital for another nine weeks. He was expected to return to his home here, the wounds received at the front having been healing nicely. However, he sustained a fall, and broke his right leg in two places above the knee.

MAKES GOOD RECOVERY

Howard Township Woman, Shot by Nephew, Reported Progressing Nicely.

HIGHGATE, Aug. 27.—The condition of Mrs. Arlo Irvine, formerly Miss Helen Barr, of Duart, but now residing on the eleventh concession of Howard Township, who was accidentally shot last Tuesday by a small rifle in the hands of her nephew, is improving. Mrs. Irvine is in Chatham General Hospital, and is reported to be making a good recovery.

Mrs. Hodge, wife of Pte. Walter Hodge, has been advised that he will remain in the London Convalescent Hospital for another nine weeks. He was expected to return to his home here, the wounds received at the front having been healing nicely. However, he sustained a fall, and broke his right leg in two places above the knee.

Financial, Market and Commercial Section

THE LOCAL MARKET

Although it was announced last Saturday that the price of live hogs had declined to a point around the $16 mark, up to date no sales have been made at that price, the majority of hog purveyors demanding a better value but receiving none.

Hog prices at Toronto were officially announced to have dropped to the $17 mark this morning, which is a decline of from $2 to $3 under the prevailing values of a few days ago. This announcement is considered to have been later than is usual with the live stock price intimations of Toronto, as London received word of the big drop some days ago.

No dressed porkers were offered on the market this morning and dressed hog figures cannot be quoted with any degree of exactness. However, it is known that a decline in the dressed variety of hogs will be shown as soon as some live porkers sell at the lower rate.

A distinct feature of the market this morning was the unlooked for drop in the price of tomatoes. This vegetable declined 50c per 17-quart basket, bringing the price down to 75c. As the drop was unexpected few purchasers were seen on the market for the occasion, but it is postive that many housewives will avail themselves of the temporary low value of tomatoes, and a good demand is anticipated tomorrow.

Cucumbers were particularly plentiful, both the common and the pickling variety showing a reduction in price. The small cucumber used for pickling purposes was evidently much benefitted by the light rains of the last week, and they sold at the lower rate from 25c to 25c per 100.

The common cucumbers sold in fair demand at 10c to 20c per dozen. This price is a sheer drop of 10c, and it is very unlikely that there will be another decline in the value of cucumbers this season.

The big feature on the fruit market today was thimbleberries. This kind of berry threatens to atone to a large extent for the comparatively poor strawberry and raspberry crops. It is very plentiful and the quality is first rate. The present price of the fruit is 20c per box, but it is likely that a drop will occur shortly.

Peaches and plums declined today, large shipments from Leamington and the Grimsby fruit district having come into the city, the price declining as a result.

Plums although not of the best quality dropped from $1 to 90c because of the larger supply. The demand for fruit appears to be good, but a real brisk demand will not be in evidence until fruit prices decline to a marked degree.

Dairy produce is firm and scarce, the present high prices remaining unchanged.

Hay is still scarce and it is expected will remain so until the district farmers conclude their busy harvesting period.
