Suburban.

The pavement in Queen-street east across the Don is in a very bad condition at the present time, and something will have to be done very soon to place it in a better condition. The business people and property-owners think that it would be better to asphalt the street than spend money in repairs. It would no doubt improve property and fill up many of the vacant store if, when the street is to be asphalted to the Don bridge, the work be continued on east.

The East York spring horse show will be held at Markham on Thursday, 26th inst. There will be trotting and running races in connection with the show.

The residents along the Kingston-road from the Woodbine to Little York want police protection at night. The parties interested think the council should at least assist in the payment of a couple of night policemen.

The Railway Committee of the County Council will meet in the County Clerk's office to-day to complete the agreement with the Metropolitan Street Railway Company for the extension of its line to Richmond Hill. County Engineer McDougall has about completed the plans of the proposed extension, which will be submitted at to-day's meeting.

Mr. George Mason, fireman at No. 2 Fire Hall, Toronto Junction, was married to Miss Davidge on Wednesday evening. The ceremony took place in St. Mark's Church.

FINANCE AND TRADE.

Wheat dealers generally are in much better spirits owing to the advance in prices the past two days. There was more than the usual excitement on the local board yesterday and all kinds of prices are predicted.

"The drygoods trade has been quiet this week," said a representative of one of our large wholesale houses yesterday. "The weather has militated against the movement of spring goods, and for the next few weeks the volume of business will be governed by the temperature."

There is another decrease in the number of failures. According to R. G. Dun & Co. the number in the Dominion this week is 26, as against 30 last week and 32 the previous week. Ontario had 15, a decline of 2; Quebec 7, a decline of 2; Manitoba 1, a decline of 2. Nova Scotia had 1, N.B. 2 and B.C. 2.

At yesterday's meeting of the Manufacturers' Executive Committee, Messrs. H. N. Baird, J. Murray, Robert Maclean, J. J. Taylor, E. Gurney, J. K. Osborne, J. Kemp, R. Warren and Lyman Jones were appointed a deputation to wait on the Government and present the complaint of that section of the board at the continued high duties on pig iron, bar iron, steel and raw material.

Arlington Hotel.

The following are the arrivals at the Arlington Hotel: S. Goldstein, J. Saunders, Montreal, Que.; Miss S. C. Vankeoskett, Winnipeg; Dewill H. Haneirstain, Buffalo; R. J. Hoffman, Binghamton, N.Y.; W. H. Havill, Halifax, N.S.; Miss Worthington, C. Pearse, Brockville; Miss E. B. Torrance, St. Barsbers; Mrs. Grant, Miss Grant, Fort William; F. H. Radford, Montreal; Carrie Edmunds, Cleveland, Ohio; John McKeown, St. Catharines; J. E. Hagin, Mrs. Hagin, Hartford; J. Misell, H. W. Webster and wife, Joseph Youngheart, J. Gibbolr, Montreal; W. The Rifle Ranges.

Some time ago the City Clerk communicated with Col. Fred. C. Denison, asking him to speak to the Minister of Militia with a view to deferring action in regard to the old rifle ranges and the fence in front of the Exhibition grounds until the city has considered the matter.

Yesterday an answer was received from Col. Denison, declining to take any action in the matter, as he thinks the city should hold to their agreement.

A meeting of the Parks and Gardens Committee has been called for Saturday afternoon at 3 o'clock to consider the matter, and Mr. Withrow and Mr. Hill have been asked to be present to represent the Industrial Exhibition Company.

Street Car Accident.—Mr. Thomas Sabin says: "My eleven-year-old boy had his foot badly injured by being run over by a car on the street railway. We at once commenced bathing the foot with Dr. Thomas' Eclectric Oil, when the discoloration and swelling was removed, and in nine days he could use his foot. We always keep a bottle in the house ready for any emergency."

Presentation At Grace Hospital.

At the Homœopathic Hospital yesterday afternoon His Worship Mayor Kennedy, in the presence of a large assemblage of friends of the institute, presented a medal given by Prof. Vandermissen to Miss Clarke, this lady being voted the most proficient and attentive nurse. The new electric elevator presented to the hospital by Lady Wilson, wife of the late Chief Justice Sir Adam Wilson, was also dedicated. The gift included a beautiful ward carriage, especially adapted for the elevator car.

So rapidly does lung irritation spread and deepen that often in a few weeks a simple cough culminates in tubercular consumption. Give heed to a cough, there is always danger in delay. Get a bottle of Bickle's Anti-Consumptive Syrup and cure yourself. It is a medicine unsurpassed for all throat and lung troubles. It is compounded from several herbs, each one of which stands at the head of the list as exerting a wonderful influence in curing consumption and all lung diseases.

Approaches to John-Street Bridge.

The G.T.R. Chief Engineer had a talk with City Engineer Keating yesterday with regard to filling in the approaches to the John-street bridge. The G.T.R. officials claimed that by the agreement they were only called on to fill in 100 yards of the approaches, but the Engineer claims that they have to fill in all of it. Mr. Keating thinks that the railway company will conclude to fill it in.

If your children are troubled with worms give them Mother Graves' Worm Exterminator—safe, sure and effectual. Try it and mark the improvement in your child.

WHAT THE C. P. R. COMPANY ASK.

Special Meeting of the Public Works Committee Yesterday.

The concessions asked by the C.P.R. from the city are: An assurance that the lease of the property in Dufferin-street granted to the C.P.R. will be renewed, the construction of a stone ramp at the southern end of the John-street bridge at an extra cost of about $30,000, and the opening of a new street 66 feet wide, from Yonge-street to Berkeley-street, south of the C.P.R. track, or as an alternative an abatement of $2500 a year on the rent of $11,600, which the company must pay for the alternative site. At a special meeting of the Board of Works yesterday morning City Solicitor Meredith advised that the contention between the city and the C.P.R. be decided in the courts, and in the meantime some arrangement should be entered into with the C.P.R. by which the city would lease to the railway company the land stated in the agreement and the railway company convey to the city the land specified in the agreement. If the courts sustain the railway company's contention the city will pay the value of the interests which in that event it will be necessary for the city to acquire, with a reasonable rate of interest on the sum so fixed from the date when the exchange is made.

Mr. Meredith's report was unanimously adopted, and it was decided to have it at once carried out. The recommendation of the Engineer, that the Toronto Railway Company be authorized to lay down a X in Price-street, was unanimously adopted.

Ald. Gowanlock objected to the insertion of gaskets in some of the joints of the extension of the Yonge-street sewer, saying that the joints would rot in five or six years.

Ald. Sheppard believed that if the joints were properly covered with cement the wooden gaskets would last as long as the pipe.

The matter was referred to Engineer Keating, who was requested to take such action as he deems necessary.

Do More Harm Than Good.

The Property Committee yesterday endorsed the action of the Board of Works in endeavoring to enter into an arrangement with the C.P.R. by which their contention can be settled in the courts. Mr. A. D. Hagel waited on the committee and asked that he and some fellow-workers be granted the free use of St. Lawrence Hall on Sunday afternoons for the purpose of holding gospel meetings. Aldermen Hewitt and Sheppard thought that these meetings do more harm than good to the workingmen and the committee agreed with them, adjourning without taking any action in the matter.

The committee decided to call for tenders for the lease of the Yonge-street wharf for one year.

Canadian Institute.

Dr. Clark, medical superintendent at the Lunatic Asylum, read an interesting paper before the historical section of the Canadian Institute yesterday evening on the "Pioneer Gold Hunters of California." The lecturer, who spoke from personal experience, gave vivid descriptions of camp life, of the motley crowd of fortune-seekers who gathered at the "diggings," of the climate and of the rough and ready modes of administering justice.

There was a very large audience, including numbers of ladies. Mr. James Bain, on the conclusion of the lecture, proposed a vote of thanks to Dr. Clark, which was seconded by Mr. J. G. Ridout and carried with acclamation. Dr. J. C. Hamilton presided in the unavoidable absence of the president of the section, Dr. Canniff.

LOSS OF POWER and Manly Vigor, Nervous Debility, Paralysis, or Palsy, Organic Weakness and wasting Drains upon the system, resulting in dullness of mental Faculties, Impaired Memory, Low Spirits, Morose or Irritable Temper, fear of impending calamity, and a thousand and one derangements of both body and mind result from pernicious secret practices, often indulged in by the young, through ignorance of their ruinous consequences. To reach, re-claim and restore such unfortunates to health and happiness, is the aim of an association of medical gentlemen who have prepared a book, written in plain but chaste language, treating of the nature, symptoms and curability, by home treatment, of such diseases. The World's Dispensary Medical Association, Proprietors of the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., will, on receipt of this notice, with 10 cents (in stamps for postage) mail, sealed in plain envelope, a copy of this useful book. It should be read by every young man, parent and guardian in the land.

Tips From Wall-Street.

The market closed irregular at about top prices for the majority of stocks.

Sugar sold up to 2 per cent. this afternoon.

L. & N. earnings for fourth week of March decreased $57,024.

Earnings of Missouri Pacific for fourth week of March decreased $144,000.

The quo warranto proceedings are decided against Distillers.

It is intimated that a proposition will soon be made to fund the floating debt of Missouri Pacific into a trust bond.

Ryan & Co.'s advices: The buying of D. & H. is attributed to shorts and others for election purposes. Opinion is very much divided, but it is thought that the buying of Mo. P. has been for Gould. Wabash is a strong feature. The sentiment in the room on this stock is bullish and the traders are the principal buyers.

Henry A. King & Co.'s special wire from Hubbard, Price & Co., New York: Traders are of a reactionary turn of mind, but they are limiting their commitments on the short side of the market. Missouri Pacific sold down by the traders because of the inevitable showing of earnings that the company continues to make. They overlooked the fact, however, that these reports related solely to gross returns and did not indicate net results. They succeeded in getting Missouri Pacific within a fraction of 30, but at these figures a resting place for all stock was found. There came a rally of 1½ per cent. before the last of the professional traders were driven to cover. The stock was a little slow in starting since we drew attention to it on Thursday of last week, when it sold in the neighborhood of 15¾. St. Paul, upon which bear points are numerous, was as strong as any of the Grangers. A statement, subject to expert analysis, indicates that for the first three months this year St. Paul has not earned its fixed charges within $385,000. Distillers was raided to-day, and it fell below 25 before it met with any inside support. Perhaps the word "raided" is misapplied. The truth is the Whisky crowd discovered that somebody had a few thousand shares of Whisky to sell, and they helped them to dispose of it. The quo warranto proceedings before Judge Gibbons were of secondary importance.

R. Cochran received the following from Kennett, Hopkins & Co.:

CHICAGO, April 5.—The market opened stronger on renewal of crop damage reports, but offerings were so liberal that prices gave way slowly until a full cent had been lost. At this point a couple of prominent traders began to cover shorts and scalpers tailed on. There was little for sale, and a quick rally of 1 cent was established. It is probable that damage reports will be very numerous for some time, but careful examination indicates that the injury has been greatly exaggerated. Meanwhile the Chicago market is kept above and out of line with other markets. Export business is checked. Primary receipts are increasing and general rains would probably knock the bottom out of the bull movement. Corn and oats were dull and inclined to be weak early, but strengthened on a better speculative demand and look like gradually working higher. Provisions continue to show much strength, reacting now and then on realizing, but have a healthy look.

Norton & W. wired Dixon: It was known early that there had been good rains in California, which, together with the fact that The Cincinnati Price Current review was less bullish than expected, took the edge off the buying fever during the first part of the session. Just before the close, however, without any special reason, the market commenced to harden, and the bullish ones say that the offerings were light. They commenced bidding it up, and closed it at the highest point of the day. We are now out of line with all the markets of the world, and it is simply a question of speculative demand. As soon as that is satisfied we look for a sharp reaction.

Henry A. King & Co.'s special wire from Logan & Co., Chicago:

Crop reports do not show any improvement in condition, and especially from Kansas they give a still lower condition. Two weeks ago estimates were for about 100,000,000 bushels. This is now changed to from 35,000,000 to 45,000,000, which, if true, will be a small crop and higher prices. Weather is still the important factor of near future. Foreign advices are strong with higher quotations.

Provisions active and at times nervous. Early strength was due to buying by those who recently sold.

Packers—Moderate sellers, and there was considerable realizing by holders.

Receipts—Hogs are easing off somewhat. Hogs to-morrow 24,000. Cash demand for products continues good.

British Markets.

LIVERPOOL, April 5.—Spring wheat, nominal; red, 5s 0d; No. 1 Cal., 5s 1½d; corn, 3s 11½d; peas, 4s 11½d; pork, 67s 6d; lard, 37s 6d; bacon, heavy, 32s 0d; light, 33s 6d; tallow, 23s 6d; cheese, white and colored, 50s 6d.

LONDON, April 5.—Beerbohm says: Floating cargoes of wheat firm and on passage held higher. Maize steady.

Liverpool—Spot wheat enhanced pretensions on part of sellers prevent business. No. 1 cal. and that 1½d, 1¼d dearer; red winter 4s 10½d, 1¼d dearer. Maize 3s 11¾d, ¼d dearer. Peas 4s 11d, unchanged.

French country markets quiet.

Weather in England very fine.

4.30 p.m.—Liverpool—Wheat futures quiet; red winter 4s 10¼d for May and 4s 10¾d for June and July. Maize quiet at 3s 9¼d for May. Paris—Wheat and flour firmer, wheat 10 to 20 centimes higher, and flour 50 to 70 centimes higher. Antwerp spot wheat 13f 62½c, was 13f 50c.

Business Embarrassments.

Assignee Clarkson has declared the first and final dividend in the estate of H.M. Melross, dry-goods merchant of Galt, amounting to 53c on the dollar.

The stock of N. H. Weinberg, clothier, this city, sold at 35c on the dollar.

John Graham & Sons, planing mill, Inglewood, have assigned.

T. Fuge, tea agent, London, has assigned to A. Robinson.

Kyle & Barnett, hardware, Mitchell, are financially embarrassed.
