BUSINESS NOTICE.

The "MIRAMICHI ADVANCE" is published at Chatham, Miramichi, N. B., every THURSDAY morning in time for dispatch by the earliest mails of that day

It is sent to any address in Canada, the United States or Great Britain (Postage prepaid by the Publisher) at the following rates:—

If paid in advance, ... $1.00.
" " within Six Months . . . . $1.50.
" " after Six Months. . . . . $2.00.

Advertisements are placed under classified headings.

Advertisements, other than yearly or by the season, are inserted at *five cents* per line nonpareil, (or sixty cents per inch) for 1st insertion, and *two cents* per line (or twenty cents per inch) for each continuation.

Yearly, or season, advertisements are taken at the rate of $6.75 an inch per year. The matter in space secured by the year, or season, may be changed under arrangement made therefor with the Publisher.

The "MIRAMICHI ADVANCE" having its large circulation distributed principally in the Counties of Kent, Northumberland, Gloucester and Restigouche (New Brunswick), and in Bonaventure and Gaspe (Quebec), among communities engaged in Lumbering, Fishing and Agricultural pursuits, offers superior inducements to advertisers. SAMPLE ROOMS.
For Commercial Men

THE demand for Sample Rooms to accommodate the commercial travellers being so great, and the supply being inadequate, causing the travellers in some instances to remain three or four days awaiting their turn, has induced the subscriber to build two Sample Rooms, well lighted, aired and warm. Commercial men can depend on obtaining just what they require, being situated in the central part of the business community, namely, corner Main and Wesley streets, they will be found to be far more suitable, comfortable and convenient. Should a horse and sleigh be required it will be furnished without additional expense. Rooms secured either by letter or telegram.

Golden Ball, Shoe Store

—AND—

FURNITURE EMPORIUM.

The Golden Ball Boot and Shoe Store is the oldest established in Miramichi. It is now fifteen years since we commenced business exclusively in the above line, and we can now point with pleasure, to lists of patrons, who have invariably, purchased from us, during that length of time. The reason is plain. We buy entirely from the best manufacturers, consequently our goods give satisfaction. We might purchase cheap, shoddy goods (that are only meant to sell and not to wear) but by pursuing that policy, it would be impossible to retain our customers. The best goods are the cheapest in the end.

We have full lines of

Infant's, Children's Misses', Youth's, Boy's Women's and Men's Boots Shoes, Slippers. etc.,

at the lowest possible price compatible with good quality.
Also a large assortment of

Trunks, Valises, and Hand Bags, Sole Leather and hoe Findings.

Seven years ago we opened our FURNITURE EMPORIUM, and have witnessed a steadily increasing business. We keep in stock all varieties of BEDROOM, KITCHEN AND PARLOR FURNITURE, LOUNGES, SOFAS, HALL STANDS, WHATNOTS, WARDROBES, BOUQUET TABLES, SIDEBOARDS, EXTENSION TABLES, SPRING BEDS, IRON BEADSTEADS, STRETCHERS, ETC.

FOR THE BLOOD

CURES SYPHILIS, SCROFULA, SALT-RHEUM, ALL SKIN-DISEASES, TUMORS, ENLARGEMENT OF THE LIVER AND SPLEEN, RHEUMATIC AFFECTIONS, DISEASES OF THE KIDNEYS, BLADDER AND URINARY ORGANS, LEUCORRHŒA, CATARRH, AND ALL DISEASES RESULTING FROM A DEPRAVED AND IMPURE CONDITION OF THE BLOOD.

A HIGHLY CONCENTRATED EXTRACT OF

RED JAMAICA SARSAPARILLA

AND THE

DOUBLE IODIDES

Space forbids the giving more testimony in this place, in favor of this great medicine. Is not one certificate, however, from an eminent and well-known Physician like Dr Bessey, of Montreal, sufficient to establish its superiority over the numerous mixtures called Blood Purifiers offered by Druggists and others?

T. C. STRATTON, Esq.

Montreal, Feb. 1st, 1877.

I cannot but regard the formula from which Dr. Channing's Sarsaparilla is prepared, as one of the best possible combinations to constitute an effectual remedy, for the cure of *Blood Impurities*. So far as my experience leads me with this remedy, I can testify to its great value in the treatment of all Strumous and Cachectic affections, as Glandular Enlargements, and a wide range of skin affections; as a reliable preparation for general use as a *blood purifier*, I know of none equal to it, combining as it does, all the imputed virtues of Sarsaparilla, and several other valuable remedies, with the extraordinary alterative properties of the "*Double Iodides*," and of none that can be more highly recommended as safe, certain and reliable, and I have every confidence that such a remedy for general use, taking the place of the many worthless nostrums of the day, will be a great boon to suffering humanity, and its use will be attended with the most satisfactory results. It should be invaluable to persons beyond the reach of medical advice, and will, no doubt, become popular with Medical men throughout the country.

Respectfully yours,

W. E. BESSEY, M D
Beaver Hall Square.

NOTE.—Dr. Channing's Sarsaparilla is put up in large bottles, with the name blown in the Glass, and retails at $1.00 per bottle, or Six Bottles, for Five Dollars. Sold by Druggists generally, and most Country Stores. Be sure, and ask for Dr. Channing's Sarsaparilla and take no other. If not readily obtained in your locality, address the General Agent.

The New House of Commons.

(Halifax Herald.)

The House of Commons consists now, if we mistake not, of two hundred and nine members. Ninety-eight of these, or nearly one half, are new men, who take their seats for the first time.

Nova Scotia supplies an unusually large contingent of new members. Thirteen of the twenty sent from Nova Scotia did not belong to the late House.

In New Brunswick the changes, though not so numerous as in Nova Scotia, are more significant and important. The Hon. Mr. Anglin, a man ability, but a sour and saturnine politician, disappears from the scene. The Hon. Sir. A. J. Smith shares the same fate, a gentleman of fair parts and goodly presence—but a failure both as a minister and a member, arising it may be, from indifferent health or natural indolence. Snowball, the hero of deal ends and timber intellect, has vanished from public view. Haddow and Rogers follow in his wake—while Mr. Domville has had the misfortune to be defeated not by a Grit, but by a fellow-Conservative. We cordially welcome the Hon. Peter Mitchell back to the public areua of the House of Commons. His talent, energy and administrative ability may be said to have created and perfected the important Department of Marine and Fisheries, of which he was the first Minister. He will be a great gain to the House, and we trust to see him acting steadily in line with his old friends, instead of weakening himself, as he did at one time, by becoming a party on his own account.

Prince Edward Island returns six members, only two of whom were in the former House.

Twenty-two of the sixty-five members from Quebec are new men. The figures of Mousseau, Masson and Huntingdon will be missed from the House; the leading accession being Mr. Chapleau, an able and successful public man, formerly leader of the Quebec Government.

The change in the representation from Ontario have been extensive—forty seven out of ninety-two. Sir Richard Cartwright leaves a vacant place. We are certain that his absence will not be deeply lamented by his own party. Mr. David Mills, philosopher and essayist, is also among the missing. The Hon. William McDougall has likewise failed to secure a constituency. In a word, the general re-election purged the new House of not a few bores and impracticables, greatly to the benefit of public business. There are people with the faculty of talking forever, and yet have nothing to say worth listening to. [*The Herald* here doubtless, refers to poor Plumb the prosy poet of Niagara.]

We are glad to find that British Columbia has very judiciously voted that Mr. DeCosmos and Mr. Bunster remain at home. They were decidedly among the low class of politicians. The House of Commons will be all the better without them.

The aggregate Libera lConservative majority will, we should think, not be less than seventy, at least. What is perhaps even more important, there will be a majority from every province. [The above being an ultra government organ is, of course, much twisted to that side, but it has, nevertheless, some fair points in it. ED. ADVANCE.]

MUNICIPAL COUNCIL.

Thursday, 18th Jan. (Continued.)

The Report of Newcastle Firewards was submitted as follows:—

REPORT OF NEWCASTLE FIREWARDS.

To the Municipal Council of the County of Northumberland.

The firewards of the town of Newcastle beg leave to submit the following report,—

We are pleased to state that our town has not been visited by any serious fires. There were several alarms, only three of which were accompanied by any loss of property, viz., an old house known as the McBride house, a barn belonging to Mr. Alex. Atchison, in which the fire had gained so much headway before discovery that it was impossible to save it, and another the wood factory buildings belonging to Mr. M. Russell, which were burned on the 26th Dec. last. On the occasion of the last fire there was considerable difficulty and delay in getting the steamer in a position to obtain water which could not be avoided under the circumstances. On being placed the engine did splendid work, fully maintaining its reputation as a well constructed and reliable piece of machinery. The engine is now in excellent condition. Early in December the Board accepted the resignation of Rich'd Fairman and have appointed Robt. Beckwith in his place as engineer. The latter performs all the duties of his predecessor and is to live over the engine room and receives a salary of $160 per annum and the use of the vacant rooms in the engine house.

During the past year the fire company with the exception of a few members appear to have lost interest in their duties and the Board have decided that a volunteer company is not at all times to be depended upon, and they would suggest that hereafter in case of fires the firewards should hire the best men available to work on the hose and pay them a certain sum per hour.

This would not prevent the public from assisting and would supply the firewards with men who would not be so apt to leave before the engine and hose are returned to the engine house.

At the last meeting it was the unanimous opinion of the Board that the engine room is too small to contain both engine and hose reels. After considerable discussion it was decided that if a building were erected alongside of the public landing at the public wharf in which the engine could be kept and under which a never failing supply of water from the river could be had with a further supply of hose the engine could remain in the building and hose could be stretched to any part of the town so that for most fires the engine would not require to be moved at all and could be kept and worked to much greater advantage. From past experience we have no doubt that the engine has sufficient power to send water through hose from this point to any building in the fire district. We would therefore request the Municipal Council to give this matter their best consideration and to give the Firewards of Newcastle the privilege of erecting a suitable building at the slip which could be done without encroaching upon the rights of the public to said slip.

We have also great pleasure in reporting that the fire engine and hose are paid for and the department is clear of debt with a surplus of $156.96.

It will be necessary to obtain a further supply of hose for which, with the amount required for ordinary purposes, the firewards will require an assessment of $1000 in the ensuing year and a resolution recommending that amount was passed at the last meeting.

Annexed hereto is a detailed statement of the receipts and expenditures during the past year which is respectfully submitted. Signed,

R. R. CALL, Chairman.
W. A. PARK, Secretary.

That we had 5 fires during the year—one on Frost st., which destroyed two buildings; two in the Chatham Foundry—not much damage done; one on Duke st., damaging Thos. McInnis' dwelling, and one which destroyed the Benson block on the 23rd Dec. last. In all cases the steam fire engine and hand engine were on duty.

That the steam fire engine and hand engine, hose and hose carts are in good order.

That the firewards will require for the year 1883 the sum of fifteen hundred dollars as per the following estimate,—

For current expenses, running the steam fire engine, including engineer's and caretaker's wages, coal and horse hire,	$350.00
New tanks and repairing old ones,	200.00
New hose building, tower to dry hose and new fire bell,	450.00
Paying wages of hose company,	150.00
Preparing engine house on Mill and rent for same,	100.00
Incidental expenses,	50 00
	$1500.00

And the firewards respectfully request the Municipal Council to grant an assessment on the fire district of the Parish of Chatham for the sum of $1,500 for the year 1883, to meet the expenses of the board, as per the above stated estimate.

Respectfully submitted,
DANIEL CRIMMIN, Chairman.
