Railway Notes.

Two new Mogul engines have been put into commission by the C.P.R. at Bordo Junction. They are intended for work on the heavy grades of the Bruce and Owen Sound lines.

R. Peck, a C.P.R. brakeman, was hurt while coupling cars at Apple Hill and died later at Smith's Falls.

Thomas Tait of the C.P.R. went up to Hamilton yesterday.

At Havelock yesterday morning C.P.R. freight No. 53, while in motion, came into collision with a shunting engine. Several cars were derailed and Engineer J. Paton, Fireman Curtis and Brakeman Coff, all of Smith's Falls, sustained slight injuries.

Bruce Should Get It.

Said a member of the Toronto Young Liberal Club yesterday to The World: "S. E. Bruce should get the presidency of the club, now that Walsh has resigned. A few days prior to the recent election it looked as if Mr. Walsh was to be chosen by acclamation, but the treasury of the club was in an empty condition, and a contest was needed to replenish the coffers. A deputation waited on Mr. Bruce, and he entered the breach, with the result that some 450 votes were cast, and some $450 added to the club's resources. It is, therefore, as little as the club can do now to make Mr. Bruce president."

Sale of Fancy Work.

The ladies of the Church of S. Mary Magdalene will conduct a three days' sale of fancy work in Broadway Hall, Spadina-avenue, commencing on Tuesday, Nov. 9, and two following days, from 3 p.m. to 10 p.m. Refreshments served each evening. Mr. and Mrs. Martin Cleworth and pupils will play these comedettas during the three evenings: Tuesday night, "Cut Off With a Shilling." "Good For Nothing"; Wednesday night, "Our Bitterest Foe," "Uncle's Will"; Thursday night, "Bubbles," "Good For Nothing."

Boots To-day.

The trade sale at Suckling's will be continued to-day. The balance of the John Eaton Company, as well as many other goods and clothing will commence at 10 consignments, are being offered. The dry-goods and the boots, amounting to about $4000, will be offered in detail, as well as 100 cases rubbers. The stock of A. E. Rondot, Ambersburg, drygoods, $10,000, was sold yesterday to J. B. Williamson at 60c on the dollar.

S. Ackerman, Commercial Traveler, Belleville, writes: "Some years ago I used Dr. Thomas' Eclectric Oil for Inflammatory Rheumatism, and three bottles effected a complete cure. I was the whole of one summer unable to move without crutches, and every movement caused excruciating pains. I am now out on the road and exposed to all kinds of weather, but have never been troubled with rheumatism since. I, however, keep a bottle of Dr. Thomas' Oil on hand, and I always recommend it to others as it did so much for me." ed

RICHELIEU AND ONT. NAV. CO.

Arrangements Were Completed Yesterday for Furnishing the Necessary Capital to Build Two New Steamers for This Line.

At a meeting of those interested in the building of the two new steamers for the Richelieu & Ontario Navigation Company, held at Osler & Hammond's office yesterday, arrangements were made for furnishing the necessary capital. It has been agreed on the part of the directors of the Richelieu Company to place in the hands of the Toronto shareholders the control and supervision of the building of the new boats, which will cost about $250,000 each. This arrangement will ensure the boats being built in Toronto, and, as negotiations have been in progress with Messrs. Bertram & Co. for some time, it is expected that a contract will be entered into with that firm forthwith.

Among those who have interested themselves in securing this important work for Toronto, and the improvement of the Richelieu Company's service between Toronto and Montreal, and in providing the necessary capital, are the following: Hon. George A. Cox, William Christie, W. R. Brock, J. W. Flavelle, W. D. Matthews, E. R. Osler, M.P., James Ross, A. D. Benjamin, John Hoskin, Q.C., Joseph Simpson, A. E. Ames, James Kerr Osborne, T. Eaton, William McKenzie, H. M. Pellatt, George H. Bertram. It is said that Messrs. W. D. Matthews, William Christie and J. Kerr Osborne have been appointed a special committee to act in conjunction with the directors of the Richelieu Company as to approving of plans and details in connection with the new boats. It is understood Mr. W. D. Matthews and at least one other Torontonian will join the board of the Richelieu Company.

The Richelieu & Ontario Navigation Company earned the past year, over all expenses and fixed charges, about 8 per cent. on their capital stock, and have paid 6 per cent. in dividends. The greater portion of this profit has been earned by the steamers of the company plying east of Lake Ontario, but it is confidently expected that with superb modern boats on the route between Toronto and Montreal, this part of the system will in future pay handsomely, and that the improved service and largely increased travel will be of great benefit and will largely add to the attractions of Toronto as a centre of summer travel.

Prize Day at Upper Canada.

Friday, Nov. 12, has been fixed upon as prize day at Upper Canada College. This later date has been selected in order to meet the wishes of the Governor-General, who has signified his intention of being present. His Excellency will therefore on this occasion be able in person to present the medal which he every year gives for competition in the schools. The exercises begin at 3 o'clock precisely. The public are cordially invited to attend, and the usual large attendance of old boys, parents and friends of the college may be expected.

The total sale of farm lands by this company during the same period of last year amounted to about 12,000 acres, netting an aggregate of $67,000.
