THE YORK COUNTY COUNCIL

Board of Audit Points Out Inequalities in Magistrates' Proceedings.

Vagrants Abscond When Given Time to Pay Fines—Too Many Remands Granted—More About the York Mills Difficulty—Various Appointments by the Council—Adjournment Till Tuesday.

York County Council continued in session yesterday morning and afternoon and then adjourned to meet again on Tuesday next at 2 o'clock.

Councillor Evans gave notice that on Tuesday next he would move that the Ontario Legislature be petitioned to place the street railways operating in the county under the jurisdiction of the County Council, with the right of minor municipalities through which railways pass, to appeal to the County Council should they feel aggrieved in any way.

Trio of Representatives.

A bylaw to appoint three members of the County Council as members of the Board of Directors of the Arts and Agricultural Association received its third reading. The blanks were filled with the names of the Warden and Councillors W. H. Pugsley and R. J. Bull.

York Mills Difficulty.

The County Commissioners reported that the York Mills difficulty was fast approaching a settlement. The County of Simcoe, through its defaulting treasurer, is not able to meet the county in reference to the building of the bridge across the Holland River near Bradford, so it was decided that the new bridge be not built before the winter of 1899, but that specifications should be got out during the summer and the contract let, so as to allow the timber to be got out in the summer. They also decided to move the old York Mills bridge to the township between Markham and York, where it will be used to replace the bridge over Schmidt's mill. On a vote being taken the new County Commissioners will be Councillors F. K. Reesor and W. Hall, with the Warden.

Officially Appointed.

The names of James D. Hamilton of North Gwillimbury, John Taylor of Todmorden and E. Dennis were proposed to fill the vacancy in the gift of the county of nominating a student to the Ontario Agricultural College. John Taylor of Todmorden received a majority vote.

The Committee on Bylaws and Legislation reported that it would be necessary to appoint a Commissioner of York Roads for that portion of the Kingston-road lying in the Township of Pickering. Alex. Baird received this appointment.

On motion of Councillor Woodcock the Committee on Bylaws was instructed to prepare a bylaw allowing jurors attending the High Court and Sessions of the Peace extra compensation of 5 cents per mile at any adjournments more than one day.

Justices' Justice.

The Board of Audit reported 103 constables' accounts for civil justice, amounting to $508.46. There has been considerably less vagrancy in the county than in previous years, and the Board think there might be less cases. They notice a number of cases where the magistrate imposed a fine and gave time for payment. In every case the offender has absconded and none of the fines have been paid. They recommend magistrates to enforce payment of fines or commit to jail. The subject of remands also took up a great deal of the report. Some magistrates make from one to four remands where they are entirely unnecessary. Where a remand is given they recommend that the magistrates should insist on the prosecution being ready when the case again comes up for trial. They also think expense might be saved by using local constables instead of sending county constables from Toronto to all parts of the county. The practice of some northern magistrates sitting on cases near Toronto was likewise reprehensible.

The Council then adjourned in order to give the Equalization Committee an opportunity to sit. Their report will be in when they meet next Tuesday.

TYPEWRITERS FOR EMPERORS.

Des Moines Will Make Typewriters for Emperors of Germany and Austria.

The Duplex Typewriter Company received orders Thursday from Europe to complete, in the most elaborate and costly fashion possible, a Jewett typewriting machine for Emperor William of Germany and also one for Emperor Francis Joseph of Austria. The machines are to be finished in the most expensive materials. The company does not know as yet exactly how much the machines will cost, but Superintendent Turner of the machine shop has been given carte blanche and will turn out two handsome and creditable typewriters. Incidental to the finish of them will be the plates conveying information to the European court visitors and attendants that the machines were made in the city of Des Moines, Iowa.

The above refers to the new model No. 2 Jewett, for which the Creelman Bros.' Typewriter Company, 15 Adelaide-street east, Toronto, are sole agents for Canada. This company is not in the typewriter combine, and is, therefore, in a position to deal more liberally with the public. They report greatly increased sales since the arrival of the new model.

CHANCE FOR CANADIAN CADETS.

Two Extra Commissions Granted by the Imperial Government—A Case for Methodists—Ottawa News.

Ottawa, Jan. 28.—(Special.)—A despatch has been received from the Colonial Secretary, stating that Her Majesty's Government has been pleased to grant two extra commissions in the Royal Artillery to Gentlemen Cadets of the Royal Military College at Kingston, in addition to the usual number of commissions granted for 1898. The appointments will be made right away, instead of waiting for the June examinations.

A Interest to Methodists.

Judge Mosgrove gave judgment to-day in a case in which a number of local Methodists were interested. About five years ago Mr. Pyke and a number of other Ottawa gentlemen subscribed stock in the Ontario Young Ladies' College at Whitby, on condition that the college would increase their capital stock by $50,000 in one year. The college did not do this, and nothing further was heard of the stock until action was brought. Judge Mosgrove held that, as the college had not fulfilled the agreement upon which the stock was subscribed, Mr. Pyke could not be compelled to pay the amount. Had the college secured judgment in this case action would have been taken against the other gentlemen who subscribed stock under similar circumstances.

The Carleton County Council wants a Cheese Board to be established in the City of Ottawa.

Hon. David Mills, Minister of Justice, delivered an interesting lecture in the Y. M. C. A. Hall to-night on the South African problem. There was a good attendance.

Relations are strained between City Engineer Surtees and Ald. Morris, chairman of the Board of Works. They had a hot time in the City Hall this morning.

Two freight trains collided on the C. P. R. near Winchester Station this morning. Fortunately no lives were lost, but there was considerable damage to rolling stock.

The name of Julius Scriver, M.P., is now mentioned as Lieutenant-Governor of the Northwest Territory.

Archie Stewart of Ottawa, who was deprived of his Superintendent's Canal contract by Mr. Blair, will enter suit for heavy damages against the Government.

THE TRIALS AND TORTURES OF WAR.

"To Trask's Ointment I Owe My Life."

Sandy Lake, Pa., March 30, 1896.

To Francis U. Kahle:

I give this testimonial to you to help the suffering. I am an old soldier. I entered the war before I was 18 years old. I spent three years in the front, having been in many hard fights from the Battle of Gettysburg to the Battle of the Wilderness. I was captured on the 22nd day of June, 1864, near Petersburgh, and taken to the Andersonville Prison, where I was kept and starved for five months. I was then taken to Libby Prison and Bell Island. The exposure, starvation and hard work left me a perfect wreck. My nerves were so shattered that four doctors of Kinsman, O, stated they could do nothing for me. My nerves were played out, they said, and I could never get well. My father had used Trask's Magnetic Ointment for years and years, and I concluded to try it. I took it and rubbed my throat and chest, palms of my hands and soles of my feet, heated cloths and applied them. This relieved me at once, and I got better. I had been in bed for nearly two years and the doctors said I could not live from one day to the next. I am now a well man as near as medicine can make me. The trials and tortures of war left me in such a frightful condition that only your Trask's Ointment helped me. For nervous prostration the like of it I have never known. Worn out as I was, tortured by pangs of the most hideous kind, my nerves twitching and torturing me, to Trask's Ointment I owe my life. I give you this letter with much pleasure, and trust it will serve to introduce it to other sufferers.

I am yours very sincerely,

S. L. VERNON.

C. P. R. INDEPENDENT.

Road Gives Up the Old G. T. R. Route to North Bay and Uses One of Its Own.

The agreement for the use of the old Northern line between North Bay and Toronto by the C. P. R. having run out, the latter corporation has announced a new service of its own from North Bay, via Smith's Falls and Arnprior to Toronto. The C. P. R. will have to cover double the distance done by the G. T. R., but the run by this route will be only three and a half hours longer than the other. The daily C. P. R. train from North Bay will arrive at 3.30 p.m. and leave at 12.30 p.m. The service will be begun on Tuesday.

Everett Coming to the Top.

Cleveland, O., Jan. 28.—It is stated that Hon. Tom L. Johnson has practically sold out his interest in the big Consolidated street railway in this city. Mr. Johnson originally held between 12,000 and 15,000 shares of stock, and was the largest shareholder in the company. It is understood that the stock has been acquired by friends of Henry A. Everett, the former President of the company.

Salvage From the Duluth.

Benton Harbor, Mich., Jan. 28.—During last night all the baggage and several thousand dollars' worth of merchandise was taken off the wrecked steamer City of Duluth by means of a tug and scow. It was intended to unload part of the flour in the steamer, but the sea increased to-day, making further work impossible.

Only those who have had experience can tell the tortures corns cause. Pain with your boots on, pain with them off—pain night and day; but relief is sure to those who use Holloway's Corn Cure. ed

RICHELIEU AND ONTARIO NAV. CO.

Messrs. E. B. Osler and W. D. Matthews of Toronto for the Directorate—Tarte's Campaign Against Senate Squelched.

Montreal, Jan. 28.—(Special.)—Mr. E. B. Osler, who has lately arrived in Toronto from England, took with him from Montreal the details of what took place here at the meeting of the Richelieu Company, and will of course be in a position to lay the yearly statement before his Toronto colleagues. It is generally understood that Messrs. E. B. Osler and W. D. Matthews, both C. P. R. directors, will be elected directors of the R. & O. at its annual meeting next month. It is stated also that Mr. Swift of Kingston has expressed his intention of retiring from the Board, but this has not been confirmed.

Mr. Tarte's Campaign Sat Upon.

The campaign against the Canadian Senate and Legislative Council of Quebec, which Mr. Tarte opened so merrily a few days ago, and which he said would be accentuated at the Marchand banquet last evening, has been sat upon by the other members of the party. In the first place Premier Marchand, who had been announced to declare war on the Upper House, because the latter threw out his education bill, did not as much as mention either the bill or the Legislative Council, and when Mr. Tarte's turn came to speak he also maintained the same discreet silence. The Senate and Legislative Council may therefore be counted upon to stay for a little while yet.

Electricians Looking About.

There appears to be a big electrical deal on the tapis. Three engineers—Messrs. Keating of Toronto, Pearson of New York and Wanklyn of the Montreal Street Railway—will pay a visit to-morrow to the Chambly works on the Richelieu, and their mission, it is said, is to report as to the feasibility of securing power from Chambly to operate the Montreal street railway. At present this company supplies its own power, which is about 9000 horse power per day. At $42, which is the estimated cost, the total yearly expenses reached $360,000. Now it is said that the Chambly people offer to furnish the power at $32, and this will probably be accepted if the three engineers above mentioned report favorably upon the proposition. If this deal be carried out it will mean a gain of 2 per cent. to the stockholders.

Frenchmen Buying Horses.

Agents of the French Government are now in this province buying horses for use in the army of the republic. Two gentlemen are operating in the province, and it is estimated that they have purchased from 1800 to 2000 horses in Quebec, mostly intended, so rumor says, for the train wagons of the French army.

Shot by Whiskey Peddlers.

Fort Smith, Ark., Jan. 28.—At Inola, Indian Territory, yesterday United States Marshal Gabe Buck, while arresting Bill Miller and Joe Phelps, whiskey peddlers, was shot and wounded in the shoulder by the latter, who then sought refuge in a house. Deputies Hess and Bussey then attempted to dislodge them. The peddlers opened fire from a window and both officers fell to the ground. The battle was witnessed by the passengers on a train that stood in the depot, and they brought the report to this city that both officers were killed.

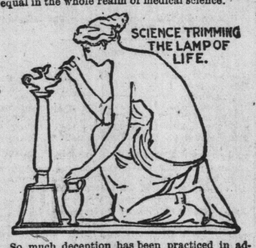
Free Trial To Any Honest Man

The Foremost Medical Company in the World in the Cure of Weak Men Makes this Offer.

HEALTH AND ENERGY ASSURED, HAPPY MARRIAGE, GOOD TEMPER, LONG LIFE.

In all the world to-day—in all the history of the world—no doctor nor institution has treated and restored so many men as has the famed ERIE MEDICAL CO. of Buffalo, N. Y.

This is due to the fact that the company controls some inventions and discoveries which have no equal in the whole realm of medical science.



So much deception has been practiced in advertising that this grand old company now for the first time makes this startling offer:—

They will send their costly and magically effective appliance and a whole month's course of restorative remedies, **positively on trial without expense** to any honest and reliable man!

Not a dollar need be advanced—not a penny paid—till results are known to and acknowledged by the patient.

The Erie Medical Company's appliance and remedies have been talked about and written about all over the world, till every man has heard of them.

They restore or create strength, vigor, healthy tissue and new life.

They quickly stop drains on the system that sap the energy.

They cure nervousness, despondency and all the effects of evil habits, excesses, overwork, etc.

They give full strength, development and tone to every portion and organ of the body.

Failure is impossible and age is no barrier.

This "Trial without Expense" offer is limited by the company to a short time, and application must be made at once.

No C. O. D. scheme, no bogus philanthropy nor deception, no exposure—a clean business proposition by a company of high financial and professional standing.

Write to the ERIE MEDICAL COMPANY, BUFFALO, N.Y., and refer to seeing the accounts of their offer in this paper.
