All the Press is the best Medical School!

That preparation which expels the humors from the infection and virulence of all disease, and restores health to individuals from a state of suffering and misery, and to the general state of the Body, and Mental conditions of the Strong and Feeble.

DR. HALSEY'S
GUM-COATED
FOREST PILLS.

(A Sarsaparilla combination of vegetable origin.)

These Pills are prepared from the best Sarsaparilla, combined with other Vegetable properties of the highest Medicinal virtue. They are warranted not to contain any Mercury or Mineral whatever. They purge without griping, sickening or weakening; can be taken at any time without hindrance from business, change of diet, or danger of taking cold. The patient never has the trouble of smell or medicine, and are five times more effectual in the cure of disease than any Pills in use.

But a short time has elapsed since these great and good Pills were first made known to the public, yet thousands have already experienced their good effects. Invalids, given over by their Physicians as incurable, have found relief, and been restored to sound and vigorous health from their use.

TO FATHERS OF FAMILIES.

Bile and foul state of the stomach occasions more sickness and deathein families than all other causes of disease put together. In the latter part of Summer and Autumn, when the atmosphere, everywhere is poisoned from miasma, arising from stagnant pools and decayed vegetables, whole families are taken down by Malignant Fever, Fever and Ague and other dangerous disorders, all proceeding from a bilious and foul state of the stomach. No parent can be so ignorant as not to know the great danger existing from biliousness—no parent would be guilty of causing the

DEATH OF THEIR OWN CHILDREN!!!

Yet thousands of children and adults die every year through neglect of parents to attend to the early symptoms of bile and foul stomach.

Superiority of bile may always be known by some unfavorable symptom which will produce, more or less stomach sickness, lassitude, loss of appetite, bitter taste in the mouth, yellow tinge of the skin, languidness, costiveness, or other symptoms of a similar nature. Almost every person at this season of the year is bilious, the neglect of which is sure to bring on some dangerous disease, frequently terminating in death. A single 25 cent box of Dr. Halsey's Gum-coated Forest Pills are sufficient to keep a whole family from bilious attacks and sickness from six months to a year. A single dose, from 1 to 3, of these mild and excellent Pills for a child, from 3 to 4 for an adult, and from 5 to 6 for a grown person, carry off all bilious and morbid matter, and restore the stomach and bowels, curing and preventing all manner of bilious attacks and many other disorders.

SALTS AND CASTOR OIL.

No reliance can be placed on Salts or Castor Oil. These, as well as all common purgatives, pass off without touching the bile, leaving the bowels costive and the stomach in as bad condition as before. Dr. Halsey's Forest Pills act on the gall ducts, and carry all morbid bilious matter from the stomach and bowels, leaving the system strong and buoyant, mind clear, producing perfect and good health.

Dr. Halsey's Forest Pills are unlike all others. They act directly on those vital organs of the Stomach, Liver, Kidneys, &c., which secrete the fluids of the body and separate the impurities from the blood. While they purge all bilious and morbid matter from the stomach and bowels they cleanse and restore the blood, thereby destroy the seeds of disease. The Forest Pills do not weaken, but give strength and animation to both body and mind. They not her cause griping nor any inconvenience whatever, and the patient is hardly aware that they are taken, so much better is their influence than before taking Salts or Castor Oil. They are mild in operation, yet powerful in restoring health.

The great amount of good these Pills have done for the sick and afflicted has induced thousands to recommend them to their friends and the public. Individuals of worth and integrity in almost every part of the country have testified to the world in favor of their great efficacy in curing disease.

Testimonial after testimonial showing the great powers of healing in all and every class of disease have been tendered to us by individuals of undoubted character and respectability. The following is only a sample from a respectable and wealthy farmer residing near Utica, New York:—

UTICA, November 9, 1846.

DR. G. W. HALSEY,—Every fall, for several years back, I have had much sickness in my family, of Bilious Disorders, and Ague and Fever. In the fall of 1848 two of my sons were taken at the same time with Bilious Fever. In former seasons, when a sickness occurred in my family, I had always employed a Physician. But at this time having some of your Forest Pills in the house, I concluded to try them. I gave to each of them three Pills, and four hours after I gave them three Pills more. They soon operated, bringing away much black and green matter. On the following day the fever had left them, and they both recovered without any more medicine. Since this time I have always kept your Pills at hand, and in all cases of sickness we have used them with the most happy results.

(Signed) IRA S. GOODHOE.

NOTICE TO THE PUBLIC.

In 1845 Dr. Halsey's Pills were first made known to the public, under the denomination of "Halsey's Sugar-Coated Pills." Their excellent qualities soon gained for them a high reputation, and the annual sale of many thousand boxes. This great success excited the avarice of designing men, who commenced the manufacture of Counterfeit Pills, which they coated with Sugar, in order to sell them under the good will Dr. Halsey's Pills had gained by curing thousands of diseases.

The public are now most respectfully notified that Dr. Halsey's genuine Pills will henceforth be coated with

GUM ARABIC,

An article which in every respect supersedes Sugar, both on account of its healing virtues and its superiority. The discovery of this improvement is the result of a succession of experiments during three years. For the benefit of which Dr. Halsey has been AWARDED the only Patent ever granted on Pills by the Government of the United States of America.

The Gum-Coated Forest Pills present a beautiful transparent glossy appearance. The well-known wholesome qualities of pure Gum Arabic, with which they are coated, renders them still better than Dr. Halsey's celebrated Sugar-Coated Pills. The Gum-Coated Pills are never liable to injury from dampness, but remain the same, retaining all their virtues to a indefinite period of time, and are perfectly free from the disagreeable and nauseating taste of Medicine. In order to avoid all imposition and to obtain Dr. Halsey's true and genuine Pills see that the label of each box bears the signature of G. W. HALSEY.

Beware!!! If you wish to be sure of a medicine which does not contain that lurking poison, Calomel or Mercury, purchase *HALSEY'S GUM-COATED FOREST PILLS*, and avoid all others.

If you desire a mild and gentle purgative, which neither nauseates nor gives rise to griping, seek for HALSEY'S PILLS.

If you would have the most concentrated as well as the best compound *Sarsaparilla* Extract in the world for purifying the blood, obtain Dr. HALSEY'S PILLS.

If you do not wish to fall a victim to dangerous illness, and be subjected to a Physician's bill of 20 or 30 dollars, take a dose of Dr. HALSEY'S PILLS as soon as unfavorable symptoms are experienced.

If you would have a Medicine which does not leave the bowels costive, but gives strength instead of weakness, procure HALSEY'S PILLS, and avoid Salts and Castor Oil and all common purgatives.

Parents, if you wish your families to continue in good health, keep a box of HALSEY'S PILLS in your house.

Ladies, Dr. HALSEY'S PILLS are mild and perfectly harmless, and well adapted to the peculiar delicacy of your constitution. Prepared only by

THOMPSON and STARKEY, Wholesale Druggists, No. 281, Fulton Street, Brooklyn, Agents for Dr. Halsey's Celebrated Sugar-Coated Forest Pills, No. 281, Fulton Street, New York. Sold by Druggists generally throughout the United States, and by Merchants, Pedlers, Boatmen, &c. Retail for Twenty-Five Cents per Box or Pill.

For Sale by Wm. Lyman & Co., Montreal, and by all respectable Druggists.

December 23, 1850. 273

COMFORTABLE PRIVATE ACCOMMODATIONS.—MRS. ROY, No. 7, St. Henry Street, offers accommodation, on the 1st of May ensuing, to a few Single Gentlemen with comfortable Board and Lodging, on reasonable terms. She will be happy to receive visits a few Days previous. Her Rooms are pleasantly situated, and her Table will be supplied with the best the Market affords.

Montreal, April 4, 1851. 315

CRAMP AND PAIN-KILLER.

THE MOST SUCCESSFUL REMEDY KNOWN

For the Cure of all Rheumatic Affections—Pain in the Stomach, Back, Side or Limbs—Stitches in the Back, Side or Limbs—Cramp in the Limbs or Stomach—Darting Pains, Bilious Cholic, Dysentery and Diarrhœa, Colds and Sore Throat, all cases of Local Inflammation—Cuts, Wounds, Bruises, Headache, Toothache, Burns, Scalds, Frozen Limbs, &c., &c.

THIS wonderful Medicine has effected many truly surprising cures in cases of the foregoing complaints. And we say we never then somebody and Tried it, but have used it with assets, when we say there is no Medicine designed for that class of complaints, possessing more than a tythe of the power to relieve and cure of pain.

We solicit particular attention to the fact that it does not contain a particle of Opium in any form. Neither does it contain Camphor.

It is free from any deleterious article, and cannot, in any conceivable case, injure the patient.

It does not deaden the *Life Faculties*, nor produce the burning, drying, parching sensations, so much complained of in the use of other "Pain Killers."

It does not weaken the peristaltic motion of the bowels, producing Costiveness and its attendant evils, but is a stimulant of digestion, and of proper and healthy action in the stomach and intestine canal.

IN ALL RHEUMATIC AFFECTIONS,

Local Pains, &c., it has proved *surprisingly* successful, rarely failing in cure, even in the most desperate and long standing cases. (See Certificates.) In these cases, the parts affected should be freely bathed, and then rubbed lightly, but briskly—not hard enough to hurt the patient, till no irritation, then from heat, the surface, and in severe cases the patient should take half a teaspoonful on sugar or molasses.

CRAMP IN THE STOMACH OR BILIOUS CHOLIC.

We believe it will never fail to *speedily cure*. It should be a teaspoonful at a time, on sugar or molasses, or in any manner the patient can take it best, and the stomach and bowels freely bathed. And if in fifteen or twenty minutes the patient does not find relief, repeat the dose.

DYSENTERY OR DIARRHŒA.

Are speedily and easily cured by it. It should be given a teaspoonful at a time, once in an hour or two, or oftener in severe cases, and bathe the stomach and bowels with the same.

EVEN THE CHOLERA,

Which during the past season has swept off such fearful numbers, has been cured by it, we believe in every case where it has been early and faithfully applied. In Danger, where is proved singularly fatal, it was found to yield to this remedy, and CURTIS & PERKINS' *CRAMP AND PAIN KILLER*, was the Medicine recommended by the first Physicians, and by the Press, as the first, the surest remedy to be used.

As a dressing for *Cuts, Wounds, Bruises, &c.*, it is without a rival. As also in cases of *Burns, Scalds, Freezes, &c.*, relieving the pain and *healing* without scar.

FOR TOOTHACHE

It is, nine times out of ten, a *CURE*. We believe it will never fail, unless the tooth is decayed. If the tooth is hollow, saturate a little lint and put into the cavity. Hold some of it in the mouth. If the face is swollen bathe with it.

Bathing the head with it is generally a cure for the *Headache*.

We are constantly receiving certificates from every part of the country, many of which may be seen in newspapers, and in pamphlets, which may be obtained of any of our agents.

P. S.—It is the best *HORSE AND OX LINIMENT* in the world.

Please read the following statement from John Bucknam, Esq., of Lizmont, Me.:—

DIXMONT, July 11, 1848.

Messrs. Curtis & Perkins,—For two years past I have been entirely prostrated with the Rheumatism; both of my knees were swelled to twice their original size—a large tumor came out on my breast bone, appearing like a part of the bone thrown out. Another bone was thrown out of my wrist. In short, I endured the most excruciating pains for nearly three years. I obtained the best medical attendance the country afforded, and tried a great number of medicines and prescriptions without the least benefit or alleviation, when I heard of the good fortune to procure a bottle of Cramp and Pain Killer, prepared by Messrs. Curtis & Perkins, of Bangor. Soon after taking it I found I could get some rest nights, and the pain became less violent. I have continued to take it and apply it externally, until I have used eight bottles. I took much larger quantities than was recommended.—The swelling has all gone down both in my limbs and breast, and I am entirely relieved from pain. I have been able to do a good day's work at any time for the last three months, for a man of my age. No description of my case can convey the vast amount of benefit I have received from this article. I believe it is the best article in the world for Rheumatism. And I have also used it for cholic and pain in the stomach, and always found immediate relief. JOHN BUCKNAM.

CURTIS & PARKINS, Bangor, Me., Proprietors.

For Sale by B. WOSKNAP & Co., Corner of Customs House Square and St. Paul Street; and R. W. REXFORD, McGill Street, Montreal. 346

Major Ketchum, Agent.

ST. LEON AND CAXTON SPRINGS.

MONTREAL, June 3, 1850.

For the past twelve months I have frequently recommended the Waters of the St. Leon and Caxton Springs, and have formed a favorable opinion of their efficacy as aperients in various derangements and diseases. I have found both Waters well adapted, in the generality of cases, for accomplishing all the purposes of the ordinary saline aperient draughts, over which their tonic and alterative ingredients give them, for continued use, a superiority.

SCROFULOUS AFFECTIONS, &c.

In all these distressing and prevalent cases, there is no question regarding the efficacy of this Medicine, an emanation from the Laboratory of this city, writes as follows:—

Dr. Sherwood's Galvanic Embrocation, I regard as the most efficacious of all remedies in Scrofulous Affections. One of my children, a daughter of 5 years old, was afflicted with a very inveterate and protracted Scrofulous affection, which had continued its ravages nearly two years, various remedies were tried but without effect.—The disease exhibited itself in several deep-seated ulcers the discharge from which was acrimonious and very fetid. At this crisis, I commenced the treatment with Dr. Sherwood's Galvanic Embrocation—the only remedy used in connection, was a decoction of Sarsaparilla, which soon conquered the disease, and a complete cure was effected. 325.

DR. LA'MERT

ON THE INFIRMITIES OF YOUTH & MATURITY.

Just Published, 40th Edition, and may be had in French and English, in Sealed Envelope,

2s. 6d. Sterling.

SELF-PRESERVATION:

A MEDICAL TREATISE, ON THE PHYSIOLOGY OF MARRIAGE, and DISORDERS of YOUTH and MATURITY, shewing the physical and mental powers, diminish and undermine the natural feelings, and exhaust the energies of Manhood—with practical observations on the Treatment of Nervous Debility and Indigestion, whether it be from Indiscretion,—with Forty Colored Engravings, illustrating the Anatomy, Physiology, and Diseases of the Reproductive Organs, explaining their structure, uses and functions, and the various injuries that are produced in them.

BY SAMUEL LA'MERT, M. D.,

No. 37, Bedford Square, London,

Doctor of Medicine, Matriculated Member of the University of Edinburgh, Licentiate of Apothecaries' Hall, London, Honorary Member of the London Hospital.

This Work contains an accurate and complete account of the Anatomy and Physiology of the Reproductive Organs, and of their relative functions in health and disease. Nor are these the sole contents of the Work; the sane, for are these the sole contents of the danger, are means of escape, as well as the nature of the danger, are pounded out in clear and intelligible language. It deserves, and requires the closest attention and study, for what subject can be of more importance than the preservation of health, and of the physical capabilities of which every man should be possessed. It unfortunately happens that the unhappy victim of excessive indulgence and vicious habits, whether acquired in early life, or from the fallies of advanced age, which unfortunately follow, from inevitable consequences, usually contributes a fear of applying to a qualified physician for relief. Shame and the dread so frequently, but erroneously, entertained, that their complaints are beyond the reach of art, alike restrict him, and prevent the requisite assistance where alone it can be procured. In acting thus, he forgets that accurate discrimination in ascertaining the causes of disease, sympathy with the sufferer, and, above all, secrecy, invariably characterize the intelligent and practical physician, and to the medical man, who can show by his position and to the requisite legal qualification, that he is entitled to extent and respect in his professional pursuits, the utmost confidence should be extended. Dr. LA'MERT has obtained the highest medical honors, at his diplomas testify, and the great extent of his practice for many years, is a guarantee for his professional experience, which has never been equalled solely in the treatment of these diseases, whose almost solely to the treatment of these diseases.

The Work may be had in Montreal of BENJAMIN DAWSON; in St. Johns, of H. Cazan & Co., price 2s. 6d. Sterling; Halifax, Messrs. MORTON & Co.

December 30. 270

Society at large is indebted to William Bogle, 277 Washington Street, for a series of the most interesting and valuable prize essays, the result of his inventive research. His Hyeron Fluid is extensively used, and stands at the head of the list of preparations for strengthening the hair, beautifying the hair; it is refreshing, cleansing, and in the Toilet, a most valuable article. Sold by the inventor as above, and by Druggists generally. 348

THE BRITISH PERIODICALS

AND THE

FARMERS' GUIDE.

LEONARD SCOTT & Co.,

No. 54, Gold Street, New York.

CONTINUE to publish the four leading British Quarterly Reviews and Blackwood's Magazine; in addition to which they have recently commenced the publication of a valuable Agricultural Work, called

"THE FARMERS' GUIDE TO SCIENTIFIC AND PRACTICAL AGRICULTURE."

By HENRY STEPHENS, F. R. S., of Edinburgh, Author of the "Book of the Farm," &c., &c., assisted by JOHN P. NORTON, M. A., New Haven, Professor of Scientific Agriculture in Yale College, &c., &c.

This highly valuable Work will comprise two large royal octavo volumes, containing over 1400 pages, with 16 or 20 splendid Steel Engravings, and more than 600 Engravings on Wood, in the highest style of the art, illustrating almost every implement of husbandry now in use by the best farmers, the best methods of ploughing, planting, haying, harvesting, &c., &c., the various diseases of domestic animals in their highest perfection; in short, the special feature of the book is unique, and will render it of inestimable value to the student of agriculture.

The Work is being published in Semi-Monthly Numbers, of 64 pages each, exclusive of the Steel Engravings, and is sold at 25 cents each, or $5 for the entire Work in Numbers, of which three will be at least 22.

The British Periodicals Re-Published are as follows, viz.:

The London Quarterly Review, (Conservative.)
The Edinburgh Review, (Whig.)
The North British Review, (Free-Church.)
The Westminster Review, (Liberal.)

AND

Blackwood's Edinburgh Magazine, (Tory.)

Although these Works are distinguished by the political shades above indicated, yet ten a small portion of their contents is devoted to political subjects. It is their literary character which gives them their chief value, and in that they stand confessedly far above all other journals of their class. *Blackwood*, still under the masterly guidance of *Christopher North*, maintains its ancient celebrity, and is, at this time, unusually attractive, from the serial Works of Bulwer and other literary notables, written for that Magazine, and first appearing in its columns not in Great Britain and in the United States. Such works as "The Caxtons" and "My New Novel," (both by Bulwer,) "My Peninsular Medal," "The Green Hand," and other serials, of which numerous rival editions are issued by the leading publishers in this country, have to be reprinted by these publishers from the pages of Blackwood, *after it has been issued by Messrs. Scott & Co.*, so that Subscribers to the Reprint of that Magazine may always rely on having the *earliest* reading of these fascinating tales.

TERMS:	Per Annum
For any one of the four Reviews	$ 3,00
For any two of the four Reviews	5.00
For any three of the four Reviews	7,00
For all four of the Reviews	8.00
For Blackwood's Magazine	3.00
For Blackwood and one Review	9.00
For Blackwood and the four Reviews	12.00
For Farmers' Guide, (complete in 22 No.)	5,00

(Payments to be made in all cases in advance.)

Money, current in the States where issued, will be received at par.

☞ Remittances and communications should be always addressed, post-paid or franked, to the Publishers,

THIRTY-NINE PAINTINGS, as follows:

Edinburgh, New of Battle after Flodden, by Thos. Jones Barker. £120 0 0

Round him rush the people crying, 'Tell us all, oh tell us true!
Where are they who went to battle, Randolph, Murray, sworn to you?
Where are they, our brothers, children? Have they met the English foe?
Why art thou alone, unfollowed? Is it weal, or is it woe?
Like a corpse the grisly warrior looks from out his helm of steel;
But no word he speaks in answer, only with his armed heel
Chides his weary steed, and onward up the city streets ride;
Fathers, sisters, mothers, children, shrieking, praying by his side.
'By the God that made these, Randolph! tell us what mischance hath come?'
Then he lifts his riven banner, and the saker's voice is dumb."

SUBSCRIPTIONS will be Received at the STORE of CAMPBELL BRYDON, Stationer and Accountant, No. 24, St. Francois Xavier Street, GORRIE for Sorel, Berthier, &c.

Montreal, February 16, 1851.

R. P. R.

THE PROPHECY FULFILLED.

IN the month of August, 1848, we promised to the world that we would produce a Medicine that would instantly stop the most severe pangs of pain, and speedily remove its cause.

We proposed to Hospitals, and all other Institutions for the relief of the sick; to Physicians, Surgeons, and all Medical Institutions and Bodies, to introduce our Ready Relief for their investigations, and to illustrate its merits and miraculous power operating upon the patients.

We claimed that it would allay, in a few minutes, the most severe Cramps and Spasms—it would arrest the progress of that dread plague, the Cholera—that in a few minutes it would change the hard, knotty, cold, and lifeless body, to warmth, vitality, and vigor.

That in a few minutes it would relieve the most severe pains in the bowels, that in fifteen minutes it would stop all painful and diarrhœa discharges, and impart a general warmth in every organ and secretion of the body; that it would positively relieve the most severe and disagreeable pains of sick and nervous headaches in fifteen minutes, and effectually cure this distressing complaint.

That it would in an instant mitigate the cruel pangs of Neuralgic pains, and permanently cure this excruciating affection. That it would stop the most tormenting toothache in a few seconds.

That it would relieve all Rheumatic pains in fifteen minutes, and cure many Chronic cases of Rheumatism in a few hours.

That it possessed a miraculous soothing and relieving influence over all pains originating from Rheumatic, Neuralgic, Nervous and Bilious complaints, and that the patient suffering the most excruciating tortures, would feel its soothing influence in a few minutes.

The world was startled at the publication of our discovery. The wise sayings of Medical Science shook their heads in doubt. The sick and afflicted hoped yet, feared that, like other remedies, it would cure quicker on paper than by practical experiments; thousands who were suffering with the most excruciating pains, at once determined to try it; the consequence was, that from all parts of this town, from every village, town, city, within 500 miles of New York, we were the daily recipients of orders for our extraordinary remedy. The people tried it and found it good; the most torturing pains were mitigated; weak and feeble victims of Rheumatism, who had been bedridden for years, were suddenly relieved from pain and restored to health. So with the sufferers of Neuralgia, Sick and Nervous Head-Aches, Chill Fever, Diarrhœa, Cramp, Spasms, Cholera Morbus, and, in fact, all painful and distressing Acute complaints, were suddenly relieved from their tortures, and restored to health. It flowed from city to city, the people sounded its wonderful virtues far and wide, and ere the earth had run its yearly course,

FIVE MILLION BOTTLES WERE SOLD!

In every town in Maine, New Hampshire, Vermont, Rhode Island, Massachusetts, Connecticut, New York and Ohio; in Michigan, Wisconsin, Illinois, Indiana, Missouri; the people have tested its merits, and pronounced it a safeguard against disease, and a quick antidote for all pains. In New Jersey, Pennsylvania, Virginia, Maryland, Delaware, the Carolinas, Georgia, Alabama, and Louisiana—in every town in each State it has made friends, and proved its efficacy.

TO THOSE WHO KNOW NOTHING OF IT.

If you are unacquainted with the merits of Radway's Ready Relief, and if you reside in either of the States mentioned above, we refer you to the Druggists, to our Agents, and the People. Take a bottle of it to any skilful Physician, let him test it, we will risk its reputation on his opinion.

One drop has frequently cured the most tantalizing Tooth-Ache.

Forty drops, taken three times per day, will cure Sour Stomach.

Sixty drops, taken four times per day, will cure Weakness and Debility.

Ten drops, taken every ten minutes, will cure Diarrhœa.

Thirty drops has, in fifteen minutes, stopped the Sick Head-Ache.

Sixty drops, taken every twenty minutes, has cured Cramps, Spasms, &c
