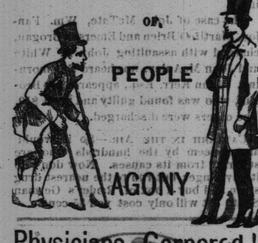
MILLIONS OF PEOPLE IN AGONY



Physicians Cornered!

I SUPPOSE there is not in the whole of a physician's experience, anything in a man's suffering which calls forth his sympathy, and pity, to such an extent, as to witness the excruciating pains of a poor mortal, cursing from that fearful disease.

RHEUMATISM!

Heretofore there has been a considerable diversity of opinion among medical men as to the true character of this disease. Some locating it in the fibrous, or muscular tissues of the system, and others viewing it as an acute nervous disease: but it is now generally admitted to occ disease arising from a poison circulating in the blood, and further it is admitted that Rheumatism can never be thoroughly cured without exterminating such poisonous matters from the blood, by a constitutional internal remedy. We feel confident that none will feel better satisfied and rejoice more, than the conscientious physician, when the fiend, out-Herod, pain for this scathing disease has been discovered. The following testimony from a gentleman of standing, and high respectability, and well known to the Canadian public, cannot fail to satisfy all that the

DIAMOND RHEUMATIC CURE!

is a wonderful medical discovery.

MR. ISAACSON'S ENDORSATION.

MONTREAL, 23rd March, 1874.

Messrs. DEVINS & BOLTON.

Dear Sirs,—I, with pleasure, concede to the agent's wish that I give my endorsation to the immediate relief I experienced from a few doses of the Diamond Rheumatic Cure, having been a sufferer from the effects of Rheumatism. I am now, after taking two bottles of this medicine, entire y free from pain. You are at liberty to use this letter, if you deem it advisable to do so.

Yours truly, your obedient servant,

JOHN HELDER ISAACSON, N.P.

FURTHER PROOF:

I AM ANOTHER MAN!

ST. JOHN, N. B., Sept. 29, 1874.

A. CHIPMAN SMITH,

Dear Sir,—I have suffered for fifteen months with Chronic Rheumatism, and could not find any relief, after trying every medicine that I saw advertised to cure it, until I was told about the Diamond Rheumatic Cure. I have used three bottles of this valuable remedy, and now can say that I am another man to what I was. I would advise anybody suffering with this terrible disease to try it, and see if it does not do the same for them that it did for me.

Yours, JAMES L. DUNCAN, Indiantown.

BARNES' HOTEL,
ST. JOHN, N. B., Sept. 29 1875

A. CHIPMAN SMITH,

Dear Sir,—I have great pleasure in stating that I put every confidence in your Diamond Rheumatic Cure. I have suffered for the past two years with Rheumatic Pains, during which time I have had the advice of some of the most prominent medical men in the Province, and experienced no relief, until I tried the Diamond Rheumatic Cure. I have now taken three bottles, and I feel greatly improved, and now am confident of a permanent cure.

Yours truly, JAMES O'BRIEN.

There is no medicine which so promptly relieves the depressed vital action, restores the general and local circulation, allays the pain, dissipates the congestion, prevents inflammation, and restores the healthy action as the

DIAMOND RHEUMATIC CURE!!

This medicine is for sale at all the druggists through Canada. If it happens that your druggist has not got it in stock ask him to send for it to

OSBORN

First, as Usual!!
THREE years in succession. The Osborn was awarded at the Great Central Exhibition Guelph, 1874, the first prize for Family Sewing Machine, and second prize as Manufacturing Machine. The new patent shuttle makes the Osborn unrivalled. In this Shuttle there is not the annoyance that is experienced in all other Shuttles; there are no holes in the Osborn Shuttle, and the thread can be put in its place in an instant. The Tension is self-regulating, which cannot be approached for smoothness.

NOTES AND NEWS.

UNITED STATES.

In Minnesota wood is only $2 a cord, but then it takes a cord of wood to warm one side of a man up there.

The Catholic Church in Willimantic, Conn., is to have an altar costing $1,400 in gold, and manufactured in Munich.

It is reported that Brigham Young has sufficiently recovered from his illness to sit up and be married occasionally.

The unruly scholars of West Grove, Iowa, took out the lady teacher lately and buried her in the snow. She rose again, and went for them.

Of the 767 bills that have been introduced during the present session of the Indiana Legislature, only twelve have become laws.

A subscriber to a South-Western newspaper died recently, leaving four years subscription unpaid. The editor appeared at the grave and deposited in the coffin a palm-leaf fan, a linen coat, and a thermometer.

Under a law of Congress authorizing the collection of the portraits of the Secretaries of War during the different Federal administrations, a likeness of Jefferson Davis has been added to the gallery of the War Department at Washington.

No man shows his insignificance and utter uselessness about the house to such a degree as when his wife is mopping up. He feels this, and so does she, and he knows she feels it, which is worse still. To offer an adverse remark on such an occasion, is about as insane an enterprise as an individual can embark upon. But a Patch street man did it, Saturday. His wife was mopping the kitchen floor, and he was moving about the room to keep out of the way of the wet mop, when he unhappily observed, that that wasn't the way his mother did it. It was done in a flash. There was a sharp report as if three pounds of very wet and very dirty clothes had settled across a human face, and in the same instant a man went over a chair, and a half way under a table, looking very much as if a mud volcano had kicked him in the head.—*Danbury News.*

GENERAL.

He said he did it with his little hatchet when the old gentleman axed him.

It's never too late to mend, except when a stocking is worn away in the instep.

No true woman will ever marry a man so tall that she cannot reach his hair.

Holland runs 12,000 windmills at a cost of $4,000,000 per annum. It is not stated how many of them are debating clubs or legislative assemblies.

About the best imprisoned woman in Boston is Mary Riley, an English dame, age 30, who has been sent to jail 44 times since the Summer of 1866.

A new non explosive oil has been named "Elaine," for the reason, probably, that Tennyson's "Elaine," no matter how much she was abused, never blew anybody up.

Another reform is about to be introduced in the Savings Bank department of the British Postal service in the employment of females. The London *Civilian* says scores of boy-writers are to be cast adrift to make room for the new force.

The Bangor *Whig* says that a man by the name of John Harrison, a native of Nova Scotia, who has been cutting wood and living alone in a camp in the south part of Sandford, York Co., Maine, was found dead in his camp Friday. It had been known by those near that he had not been well the day before.

Danbury News.

The dull times affects the prices of some articles. A very good rhinoceros can now be bought for $3,000.

A St. Louis woman received $3,500 from a dentist who broke her jaw. Her husband furnished the dentist the money.

The Danbury man who tried to start a meat market in Lent, is now travelling in Africa with a preparation for curling hair.

The most trying thing to the modern woman is to enjoy an afternoon nap without injuring her back hair.

There is hardly a home in the land that has not a Sunday school library book which ought to have been returned a year or so ago.

Miss Kellogg has extraordinary business talent. She raises $2,500 a week on her notes, and they never come back for payment.

A Danbury man being asked to contribute to the fund for Kansas, said that with a hard winter like this and strawberries at twelve dollars a quart, he did feel like giving anything.

The Civil Rights Bill.

The passage of the Civil Rights Bill is causing considerable feeling everywhere in the United States. Some of the principal hotels in Tennessee have given up their licenses and will run as private boarding houses. A white man tried to hire a negro to seat himself at the table in the Read House dining room at Chattanooga, but the negro was fearful of the consequences. There were a number of Kentuckians taking supper at the time and would have pitched the negro out of the window if he had attempted it.

In Virginia, a bill has been introduced in the House of Delegates to punish parties creating disturbances in hotels, and theatres and other places of amusement. It provides that the persons who create disturbances in hotels by boisterous demands for accommodations after the proprietor or his agent has declined to entertain for want of room or other reasonable specified causes, shall be punished by a fine and imprisonment. The theatre managers are to have the right to issue reserved seat tickets stamped "not transferable," and when a party not the original purchaser demands admittance, the doorkeeper can refuse him, but the price of the ticket must be refunded to him, and if he refuses to take the money and thereby creates a disturbance, he is liable to arrest and fine. In both cases half of the fine goes to hotel keepers or managers as the case may be. There are similar provisions regarding steamboats and railroads.

WILL BUY A
FIRST MORTGAGE PREMIUM BOND
IN THE
N. Y. Industrial Exhibition Co.
THESE Bonds are issued for the purpose of raising funds for the erection of a building in the city of New York, to be used for a
Perpetual World's Fair,
a permanent home, where every manufacturer can exhibit and sell his goods, and every patentee can show his invention; a centre of industry which will prove of vast benefit to the whole country.
For this purpose, the Legislature of the State of New York has granted a charter to a number of our most wealthy and respectable merchants, and those gentlemen have purchased no less than eight blocks of the most valuable land in the city of New York. The building to be erected will be seven stories high (150 feet in height) surmounted by a magnificent dome, and will cover a space of 22 acres. It will be constructed of iron, brick and glass, and made fire-proof. The bonds which are all for $20 each, are secured by a first mortgage on the land and building, and for the purpose of making them popular, the directors have decided to have quarterly drawings of $150,000 each; this money being the interest on the amount of the whole loan.
Every bondholder must receive at least $21, but he may receive
$100,000!
Or $85,000, or $10,000, or $5,000, $3,000, etc., etc
Fourth Serie Drawing,
APRIL 5th, 1875.
These drawings take place every Three Months, and eventually every bond will participate in them.

THE
ILLUSTRATED LIBRARY
—OF—
POETRY AND SONG!
Edited by
DR. J. G. HOLLAND,
Author of "Kathrina," "Bitter Sweet," etc.
FAVORITE SONG is a royal octave volume of over 700 PAGES, printed in the best style of the art, on the finest tinted paper, and illustrated with 125 thoroughly dainty and delicate engravings, FROM ORIGINAL DESIGNS, by the most eminent artists, together with fac similes of the original autograph copies of (20) famous poems.
The illustrations are numerous and exquisitely wrought. What can be more beautiful than the one which reflects the enchanting spot where—
"Maud Muller, on a summer's day,
Raked the meadows sweet with hay;"
One of those lovely New England landscapes, which the engraver has represented in outlines as beautiful and artistic as the song it adorns.
Conspicuous, also, for its rare beauty, is the illustration accompanying the "Song of the Brook," where the streamlet, dashing beneath the rustic bridge, goes chattering
"Over stony ways,
In little sharps and trebles,"
"Till last by Philip's farm it flows,
To join the brimming river."
Altogether, this is one of the most charming and elegant books ever issued by the American press—a fitting gift for lover or friend; an attractive ornament for the parlor table; a valuable addition to any family library.
