END OF SESSION SEEMS REMOTE

Premier Announced That Extensive Program Must Be Carried Out Before Prorogation.

By a Staff Reporter.

OTTAWA, May 4.—Premier Borden proceeded this afternoon to lay before the house the sessional program which proved to be quite voluminous. He said that in addition to legislation already noted upon the order paper, bills would be introduced respecting the curing and grading of fish, respecting the election list for voting under the Canada Temperance Act, to amend the criminal code, to amend the Superannuation Act and the Civil Service Act, to amend the Quebec Battlefields Act, the Dominion Notes Act, and the Drydocks Subsidies Act.

Also would legislation be introduced, the prime minister said, respecting the terminals of the National Transcontinental Railway at Winnipeg, respecting the storage of explosives, and to amend the Joint Stock Companies Act.

Sir Wilfrid Laurier smilingly said that the program submitted was an ambitious one. It not only made prorogation impossible for May 24, but any other date in the near future.

Hon. George P. Graham asked whether it was the intention of the government to proceed at this session with its bill to amend the Insurance Act.

Hon. Mr. White said in reply that the bill would stand over until next session in view of the representations made by many of the insurance companies.

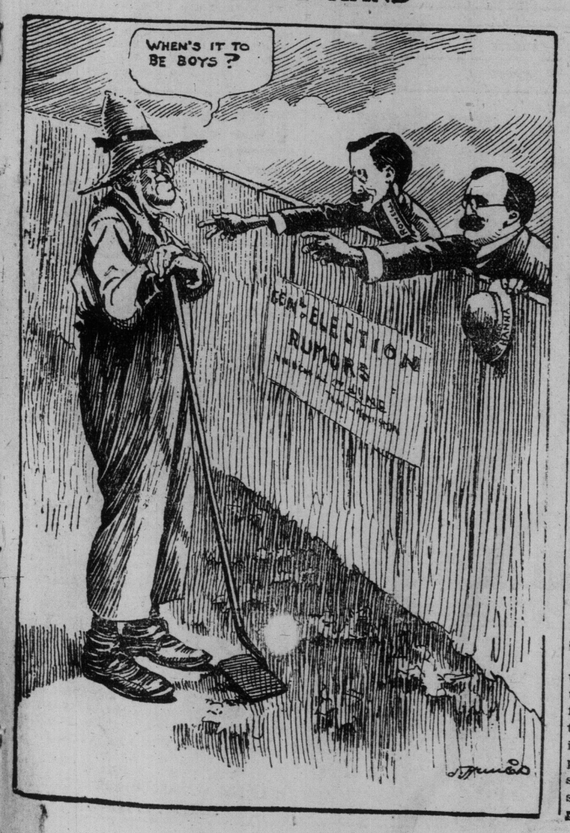
THE GLAD HAND



SIR JAMES WILL LEAD PARTY TO POLLS

Hon. J. J. Foy Tells Rousing Meeting of Ward Three Conservatives That Premier Will Again Rally His Followers Under the Same Old Banner — Addresses Forecast Early Election.

Ward three Conservatives are girding for the fray of a provincial election, and the leader they will follow to the polls is Sir James Whitney. To hear again his voice from the campaign platform, and to see him once more dominating his party in the house was the confident hope voiced at a monster complimentary banquet to the workers in the party, given last evening in the assembly hall of the Temple Building. For the first time the announcement came with authority that the premier once more in person, recovered in every way from serious illness, would rally the party under the same old banner.

"Sir James will be back in the house to lead us again," declared Hon. J. J. Foy, to the accompaniment of clamorous applause. "He will again lead us to victory. Notwithstanding that he nearly passed the portals of death, he is gaining health and strength day by day. His mind is vigorous and his strength increasing."

The note of buoyancy here touched resounded thruout the evening. That an electoral fight was imminent was apparent in the remarks of all the speakers. A few terse sentences from President Thos. Hook impressed the delegates that a call for reorganization was about to be issued. They should respond promptly. Notices would be in their hands shortly, and they should be prepared for action. One of the warnings given was that each should retain his promises of support until the proper opportunity came.

The occasion was intended to be a

PEACE ENVOYS AT MONTREAL?

Mexico City Paper Says Huerta Delegates Are to Leave for Canadian City.

Canadian Press Despatch.

MEXICO CITY, May 4.—El Pais announced today that the Huerta delegates, Augustine Rodriguez and Luis Elguero, both connected with the Mexican national railroad, and Senator Emilio Rabasa would leave here soon for Montreal to attend the mediation conference initiated by Argentina, Brazil and Chili.

This is the first indication given here that the conference to settle the differences between the United States and Mexico may be held in Canada.

At the same time it was stated that the meetings of the diplomats would not take place in Havana, as had been hinted in some quarters.

MR. BENNETT UNABLE TO KEEP APPOINTMENT

Ward Four Smoker Was Called Off Because Member Could Not Keep Engagement.

W. H. Smith, president of the Ward Four Conservative Association, stated to The World last evening that the reason the smoker, which was to have been held last night, did not take place, was that R. B. Bennett, M.P., was unable to keep his appointment. A few days ago Mr. Smith received a telegram from Mr. Bennett in Ottawa, saying he was sorry that he could not be in Toronto last night. This was followed by a letter received by Mr. Smith yesterday, in which Mr. Bennett wrote that he was very sorry to be unable to keep his appointment, and hoping to come to Toronto at some future date to speak at the Ward Four Association.

On account of the short time between the receipt of Mr. Bennett's telegram and the night of the ward four meeting, as well as the fact that the Ward Three Association was having a banquet last night, it was impossible for Mr. Smith to secure other speakers, and the ward four smoker, scheduled for last night, had to be postponed.

WRECK COMMISSIONER WILL RESIGN OFFICE

Capt. Lindsay is to Become Chief of St. Lawrence Pilots.

By a Staff Reporter.

OTTAWA, May 4.—Capt. Lindsay, Dominon wreck commissioner, will be appointed shortly chief of the pilots of Montreal and Quebec, with headquarters at Quebec. He will have jurisdiction of the pilotage from Montreal to Father Point.

It will be a considerable time yet before Capt. Lindsay retires from the position of Dominion wreck commissioner, and so the question of a successor has not so far been considered. The new appointment will be made on the recommendation of the recent pilotage commission.

BISHOP WAS CRUCIFIED BY MEXICAN REBELS

Refugees Tell of Terrible Atrocities on West Coast of Africa.

Canadian Press Despatch.

SAN FRANCISCO, May 4.—Among the tales of atrocities told today by the refugees from the west coast of Mexico, who arrived yesterday on the steamer City of Sydney, is that of the crucifixion of the Catholic bishop of Chalapa.

According to the account, a detachment of the rebel Gen. Zapata's soldiers called on the bishop to surrender the funds of his church. He refused, whereupon the soldiers are said to have nailed him to a cross and left him to die.

CREW PROBABLY RESCUED FROM BURNED SHIP

Vessel Without Wireless Equipment Believed to Have Saved All Hands of Mysterious Steamer, Sighted Three undred Miles South of Cape Breton.

Canadian Press Despatch.

HALIFAX, N. S., May 4.—An unknown steamer, on fire from stem to stern and with no signs of life on board, was discovered 300 miles south of Cape Race today by the steamer Seydlitz from Bremen for New York. Her position was given as latitude 41.27 north and longitude 51.07 west. The Seydlitz immediately called by wireless for assistance and response came from the Franconia, 50 miles to the eastward, bound for Boston and the Olympic 200 miles to the west, headed for New York.

The Seydlitz circled around the burning vessel, but the smoke hung so heavy about her that her name could not be distinguished.

All Probably Saved.

As no small boats were discovered in the vicinity, and as the Olympic had passed not far from the scene 12 or 15 hours before, it was believed here tonight that the unnamed vessel caught fire some time after midnight, and that all hands were rescued by some ship which had no wireless.

The weather on the Grand Banks today was moderate, and it was thought that any transshipment could have been accomplished with no great amount of difficulty or danger.

So far as learned tonight, no steamer equipped with wireless reported herself in distress, altho part of a wireless message picked up from some west-bound liner last night stated that she was having boiler and engine trouble and was making slow progress into New York.

The position, as given by the Seydlitz, placed the burning steamer slightly nearer to Cape Race than to Sable Island, but the radio station at Sable Island was the first to pick up the message.

Wireless Failed.

The wireless message from the Seydlitz was picked up late this afternoon. No further word from the Seydlitz had been received this evening and continued attempts of the wireless stations to communicate with her failed. The static conditions were bad, but it was believed that during the night further particulars would be received from the Seydlitz, the Franconia or the Olympic, or a dozen other steamers which are quite likely to have been within the zone of the Seydlitz's wireless call.

The marine and fisheries department tonight received a wireless despatch from Sable Island station from the steamer Seydlitz stating that the hulk of the burning ship was high out of the water. The funnel and the foremast were gone. The steamer had evidently been burning for some time. The burning ship has a high poop.

"Hurry Up" Message.

The wireless station at Sable Island last night picked up part of a message that was evidently passing between two steamers equipped with wireless. The message read:

"Hurry up; we are on fire." Atmospheric conditions then interrupted and no more details of the ocean tragedy could be learned.

It is believed that the ill-fated ship was a tramp steamer.

STREET CONTROL MAY BE LOST BY TORONTO

Lancaster, Who Moved to Strike Out Clause Protecting City's Rights Against Encroachment, Met With Some Support—Debate Was Finally Adjourned.

By a Staff Reporter.

OTTAWA, May 4.—The Toronto, Niagara and Western Railway bill was up again and it soon became evident that some of the amendments inserted by the railway commission for the protection of Toronto may be stricken out. The bill authorizes the construction of a railway from Toronto to Hamilton and thence to the Niagara and Detroit rivers. A considerable portion of the line is being built, but the time for its completion is about expired and a renewal of the charter is sought. It was stated in the railway committee by representatives of the City of Toronto that the line would be a radial railway, and, as planned, would traverse a considerable portion of the City of Toronto, crossing some 18 streets.

In the railway committee Mr. Maclean (South York) and A. C. Macdonell (South Toronto) explained the importance to their city of preserving control over its construction. Upon motion of the latter, the clauses were added to the bill for the purpose of safeguarding the rights of the city.

The bill was then reported to the house and came up today for consideration.

The Saving Clause.

E. A. Lancaster, champion of the railway, moved to strike out section seven of the bill as reported from the railway committee. It read as follows: "Unless with the consent of the City

MAY LET LOOSE OIL RESERVOIRS

Rebels at Tampico Threaten Action if United States Warships Enter Panuco River.

Canadian Press Despatch.

VERA CRUZ, May 4.—The constitutionalists at Tampico have notified Rear-Admiral Mayo, commander of the American warships stationed there, that if any of his vessels attempted to enter the Panuco River the oil reservoirs above the city would be emptied and the oil ignited, which would mean certain destruction to the town.

This situation was reported by the commander of the United States torpedo-boat destroyer Jenkins, which arrived at Vera Cruz today from Tampico.

Both the federals and the rebels are reported to have planted mines in Tampico harbor.

It is generally thought here that Admiral Mayo will await the capture of the city by the rebels thru the slow process of starving out the federals.

The commander of the Jenkins said that little firing had been heard in the last three days. The rebels were reported to be bringing up the artillery which they captured at Monterey, but there were no signs of its arrival.

REV. SILVESTER HORNE'S BODY NOW ON STEAMER

Silvester Horne, M.P., was met on arrival here by a number of clergy, prominent laymen and church workers and was taken on board the Royal George, which is due to leave port at daylight Tuesday. The noted British preacher-politician's widow accompanied the remains and will sail on the same boat.

Inspector Kennedy would like to hear from the person who picked it up.

NEGOTIATIONS WITH CARRANZA ARE ABANDONED BY MEDIATORS REBEL CHIEF SHOWS ARROGANCE

Carranza's Assumption That U.S. Should Have Asked Reparation From Him Instead of Huerta Forces Peace Envoys to Close Door —Huerta Names Delegates.

Canadian Press Despatch.

WASHINGTON, May 4. — General Carranza and the Constitutionalists today were practically eliminated from the proceedings of the three South American envoys who have undertaken to solve the Mexican problem by diplomacy.

In a telegram to General Carranza, the mediators announced that, in view of his refusal to agree to an armistice with General Huerta, they withdrew their invitation to him to send a personal representative to participate in the mediation negotiations.

Carranza Shows Arrogance.

The mediators told the Constitutionalists' chief that as long as he maintained his present attitutde they must decline to treat with him. General Carranza had inquired in a note to the envoys what subjects a special representative might be required to discuss, pointing out, if the general problem of pacifying Mexico were to be approached, he could not authorize anyone to participate in the negotiations. He reiterated that he would consent to mediation only on the incidents which had brought about a controversy "between the United States and Mexico," holding that he was the constitutionally chosen leader to whom complaint about the insult at Tampico and other offences originally should have been made.

Mediators Lose Patience.

In their telegram tonight the mediators quoted Carranza's last note to them, adding that as long as he maintained that attitude they must decline to receive a representative from him, they could not separate the incidents

HUERTA TROOPS THREATEN RISING

Gen. Velasco, Gallant Defender of Torreon, Reported to Be in Mutinous Mood.

Canadian Press Despatch.

VERA CRUZ, May 4.—The outbreak of another military revolt in Mexico, headed by Gen. Jose Refugio Velasco, who was recently driven out of Torreon by Francisco Villa, would not cause any great surprise in the federal capital, according to conservative observers among the refugees who arrived here today. Gen. Velasco is said to be grievously discontented concerning the failure of the government in Mexico City to support him properly in the defence of Torreon, and he is declared to have stated that he would never again lead a column of troops against the rebels.

The fall of Torreon and the subsequent disaster to the federal troops are asserted by Gen. Velasco to have been entirely due to the failure of the war department to heed his appeal for small arm ammunition at a time when he says it was perfectly feasible for it to have reached him.

It is asserted that there is much plotting among the federal army officers, many of whom are declared to be dissatisfied with Gen. Huerta and his conduct of military affairs.

BIG SHIPPING POOL FORMED

German Companies Combine to Crush English Competitors for Canadian Service.

Canadian Associated Press Cable.

LONDON, Tuesday, May 5.—One of the most formidable combines ever directed against English shipping was formed at Berlin yesterday at a meeting of the North German Lloyd and Hamburg-American Companies. The agreement is to establish a community of interests for the next 15 years in connection with passenger and freight services across the Atlantic and the far east.

The Koluisohe Zeitung states that the German companies had found it impossible to arrive at an agreement with the English companies for possession of Canadian service. The Canadian lines demanded that their quota in projected new pool should be based on the traffic of the last five years. To this it was objected that during the period in question Canadian traffic had assumed record dimensions, whereas recently it has greatly declined, in some cases to the extent of 50 per cent.

ON TO CAPITAL CRY OF REBELS

Proclamation Says Attack Will Be Made Today— Huerta and Blanquet Condemned to Death.

Canadian Press Despatch.

VERA CRUZ, May 4.—A proclamation dated May 1 and signed by Zapata, published today in the local Mexican papers, announces that the southern rebels will on May 5 attack Mexico City. It also condemns Gen. Huerta and Gen. Blanquet to death.

Zapata's proclamation is regarded as disposing of reports that he and Gen. Huerta were acting together and that Zapata was moving on Vera Cruz with his followers.

May 5, the day on which Zapata says he will attack Mexico City, is the anniversary of the Mexican victory over the French and is usually celebrated as a national holiday.
