AS THE OIL RUBS IN, THE PAIN RUBS OUT.—Applied to the seat of a pain in any part of the body, the skin absorbs the soothing liniment under brisk friction, and the patient obtains almost instant relief. The results of the use of Dr. Thomas' Eclectric Oil have surprised many who were unacquainted with its qualities, and once known it will not be rejected. Try it.

How to Get Up an Appetite.

Distaste for food often follows Grippe, and fevers, and is associated with a general weakness of the system. To impart a real zest for food, and give power to the stomach to digest and assimilate, no remedy can equal Ferrozone. This is a new and startling discovery. It strikes at the root of disease, and by removing the cause, cures quickly and permanently. Ferrozone will quickly enable you to eat and digest anything. Mr. Strong, druggist, can tell you a great deal more about Ferrozone, how it cures, and why it cures. Call today and see him.

Habibullah, the Amir, daily reads a copy of the Psalms, which was sent by a lady missionary at Peshawur to the bride of his "sword" marriage.

A MEDICINE FOR THE MINER'S PACK.—Prospectors and others going into the mining regions, where doctors are few and drug stores not at all, should provide themselves with a supply of Dr. Thomas' Eclectric Oil. It will offset the effects of exposure, reduce sprains, and when taken internally will prevent and cure colds and sore throat, and as a lubricant will keep the muscles in good condition.

CROPS IN MANITOBA

Good Reports From Government Agents—Most Use Term Splendid.

Winnipeg, July 8.—Some time ago J. Obed. Smith, Dominion immigration commissioner, sent a circular letter to the goverment agents at various points in Manitoba and the Northwest Territories, asking for estimates of the acreage, crop prospects and general prosperity of the country. The replies which have been received throw a very optimistic light on the situation, and the concensus of opinion seems to be that although the early and continued rains damaged the crop considerably in the early stages, it is recuperating, and although the growth was delayed the present warm weather will repair the damage. Many of the reports are enthusiastic, and the condition of the grain and the crop prospects generally are often stated as "splendid."

Twitching of the Nerves

Restlessness, Sleeplessness and Failing Strength the Symptoms That Tell You of Approaching Nervous Collapse.

Dr. Chase's Nerve Food

Nervous diseases usually come on slowly and insidiously, but are frequently not recognized until far advanced and serious. If you are easily irritated, find yourself worrying and feel out of sorts it is time to begin the use of a restorative. You can profit by the experience related in the following letter:

Mrs. Drinkwater, 5 Water street, Galt, Ont., states:—"My great trouble has been with my nerves. I was very nervous, had twitching of the nerves and could not get to sleep at night. I seemed quite worn out, and believing that I needed some medicine began to use Dr. Chase's Nerve Food. I can truthfully say that this preparation has proven suprisingly beneficial to me. It has strengthened and steadied my nerves, made me rest and sleep well and in fact built up the system generally."

Dr. Chase's Nerve Food, 50 cents a box, six boxes for $2.50, at all dealers, or Edmanson, Bates & Co., Toronto.

Mr. Hughes Will Stay.

Toronto, July 8.—There was a very considerable amount of surprise expressed in the city yesterday when it became known, upon the authority of Mr. S. Alfred Jones, chairman of the Public School Board, that he had received a letter from Mr. James L. Hughes withdrawing his resignation as senior inspector. Mr. Jones declined to make public the text of the letter, but stated that Mr. Hughes has definitely withdrawn his letter of resignation.

MEN NOT WANTED THERE

Commercial Agent Warns Canadians Away From Africa.

Are Few Openings for Newcomers in Conquered Country.

Toronto, July 9.—Mr. J. G. Jardine, the well-known Torontonian who has been sent to South Africa as commercial agent for Canada, writes os follows from Durban, Natal: Kindly find space for the inclosed paragraph from the Natal Mercury of today, "warning intending settlers of unduly rushing to South Africa." Permit me also to emphasize for the information of Canadians desiring to come here to improve their condition, that living expenses are more than double what they are in Canada. A four-roomed house in Johannesburg, Cape Town, Durban, and Pretoria rents from $30 to $40 a month, exclusive of taxes. Single men, for a bed and board (two or three in each room), pay $6 to $7 weekly, and enjoy few of the comforts and conveniences of many of our Toronto boarding-houses charging $15 or $16 monthly. Young fellows coming to South Africa require at least $600 to cover traveling expenses (second class), and a margin over their living expenses for a few weeks after arrival. It is true that clerks, mechanics, etc., receive bigger wages in South Africa than in Canada, but the purchasing power of a dollar in Ontario is at least equal to 10 shillings or $2 50 here. The Uitlander refugees and Boer prisoners (many of whom are salesmen and artisans) will shortly return to their homes, when the supply of such will be equal to the demand. We must not forget also that about 92 per cent. of nearly everything used is imported from abroad. Hence very few skilled mechanics are required. The white population being under 700,000 in the whole of South Africa, and the blacks, numbering over two millions, existing on mealies or Indian corn, and half-naked, are of no use to us commercially as consumers of our exports. Hence I imagine it will be some time, and at a vast expenditure for railways, irrigation, house-building, etc., to place South Africa within measurable distance of Canada's enviable position at present.

The following is the extract from the Natal Mercury, which Mr. Jardine incloses: "It is to be hoped that steps will be taken to prevent any undue rush to South Africa, now that peace has been declared, but from the cable messages it would appear that such a rush is imminent. It will take some time yet before the country is ready to absorb a host of newcomers, and in any case it is only fair and just that the old residents who desire to come back should be given permission to do so before the gates are thrown open to all who have the amount of their passage money. In this colony at any rate we look to the early abolition of martial law, but there are many good reasons why the permit system in connection with steamship passengers should not be too speedily relaxed. In the interests of both those in the country and those desiring to come in, it is necessary that nothing in the shape of a headlong rush should occur, as such would only entail misery and hinder the rapid recovery of the country from the effects of the war. The restarting of the gold industry will now be able to go ahead by leaps and bounds, but still the surest way to a return to prosperity will be by regulating the entry of newcomers for some little time to come."

BAN ON SHIRT WAISTS

Postal Officials Enforce Sober Garb for Letter-Carriers.

Waterbury, Conn., July 9.—Raids on the letter carriers' shirt waists are being continued in this state by the postal officials, who are determined that the men in the service shall be soberly garbed. A Washington official recently held up a New Britain carrier whose cross-bar plaids and frills were conspicuous and lectured the astonished man on the street.

A man who has been watching letter-carriers in New Haven and Bridgeport recently, it is now known, was another official, and as a result of his activity there has been a marked change in the dress of the men.

A year ago Judge George Wheeler ordered Oscar Ziegler, a carrier who appeared on the witness stand in his shirt waist, to change his costume. A compromise was finally effected by the judge allowing Oscar to swelter in the sheriff's 38-pound fur-lined ulster.

HOMESTEAD ENTRIES

Large Increase in Returns Compared With Last Year.

Ottawa, July 9.—The returns of homestead entries in Manitoba and the Northwest show an increase of 6,665 over last year, although settlers have had to go further back from the railway lines to take up land. The total entries for the year ending June 30 were 14,832, as against 8,167 in 1901. The entries in 1900 were 7,426; in 1899, 6,689; in 1898, 4,848; in 1897, 2,384; in 1896, 1,857.

The entries for 1902 represent a total area of free lands of 2,373,120 acres, compared with 297,180 acres in 1896.

The largest number of entries was received at Regina, being 2,438, and Edmonton came next with 2,245. At Alameda there were 1,979; at Calgary, 1,494; at Red Deer, 1,150; at Prince Albert, 1,010; and at Yorkton, 1,066.

The Quebec Hay Crop.

Montreal, July 9.—Reports received from different parts of the Province of Quebec are to the effect that this summer's hay crop is phenomenal, and will exceed anything in the history of the province.

The Colombian Racket.

Panama, Columbia, July 8.—General Salazar, the Governor of Panama, has received a dispatch from Bogota, the Pedroja, A. Bento, Ulloa Leal, and Teopilo Garcia and their staffs, together with General Marin, a most important Liberal leader of the Department of Tolima, have laid down their arms on account of the guarantees offered by the Bogota Government.

At Carmen General De Tacap defeated the Liberal forces under General Munoz, killing or wounding over 200 men. This general also won a victory over the forces of Gen. Garcia Rovira, this, is is claimed, rendering it useless to cause any more bloodshed.

PYTHIAN KNIGHTS AT STRATFORD

The Annual Gathering of the Grand Lodge.

LONDON'S REPRESENTATIVES

Encouraging Reports of the Order's Progress Presented—New Recipients of Degrees.

Stratford, Ont., July 8.—The Grand Lodge of the Knight of Pythias of Ontario met at the Foresters' Hall here to-day, E. K. Barnsdale, of Stratford, Grand Chancellor, in the chair, and Grand Lodge officers as follows: Grand Vice Chancellor, A. Bicknell, Woodstock; Grand Keeper of Records and Seals, W. G. Haynes, of Toronto; Grand Master of Exchequer, John Burns, Hamilton; Grand Master-at-Arms, A. G. McDonald, Bruce Mines; Grand Inner Guard, G. Burdick, London; Grand Outer Guard, Frank Edmund, Toronto; Past Grand Chancellor, R. H. McConnell, St. Thomas; Past Grand Chancellor, Geo. T. Mitchell, Toronto; Supreme Representatives, A. G. McWhinney, London; M. D. Pease, Hamilton.

The following delegates were present from London:—J. Dean, J. Parke, J. D. Wray, C. Ellis, F. Couke, H. Plastow, E. Ruse. From other western points:—W. A. Burns, E. A. Horton, St. Thomas; G. Elliott, A. Housen, Windsor; J. Read, B. Dunlop, C. H. Barrett, Petrolea; T. E. Gough, Strathroy; P. Ross, Embro; F. W. Ryerson, Brantford; F. A. Smiley, Sarnia; F. J. Currie, Charles Farquharson, Stratford.

Grand Lodge degrees were conferred on C. Ellis, E. Ruse, F. Couke, London; W. H. Mitchell, Wallaceburg; C. V. Campbell, J. A. Templeton, Sault Ste. Marie; W. A. Burns, E. A. Horton, St Thomas; C. H. Barrett, Petrolea; Peter C. Ross, Embro; R. L. Smalley, W. F. Daniel, B. D. Humphrey, Toronto; J. Thresher, No. 36, F. A. Smiley, Sarnia; Charles Farquharson, Stratford, and T. McKay, Woodstock.

The last Grand Lodge minutes were accepted as printed and adopted.

The retiring Grand Chancellor Barnsdale presented a very exhaustive report of the work done by him in the domain of the Pythians during the past year, and gave a very encouraging account of the energetic work and able assistance rendered him by the executive body and by the District Deputy Grand Chancellor, and for the order in the ensuing year and asked the cordial help and support of all the members for his successor.

Past Grand Chancellor, F. J. Currie, of Stratford, introduced Alderman J. D. Hamilton and J. L. Bradshaw, who welcomed the knights on behalf of the mayor and citizens, tendered them the the hope they would enjoy themselves and carry away a favorable impression of the Classic City.

Grand Keeper of Records and Seals W. J. Haynes, of Toronto, reported a large increase of membership in Ontario, and gave the figures of the entire order as 7,002 lodges, and a total membership of 540,138, being the largest membership in ten years. He then notified those members who intended visiting San Francisco next August at the supreme convention of the K. P.'s, to communicate with him. He would endeavor to have a special car run through the city, so that Ontario brethren could go together the entire trip without having to change cars. The report further says: "We are pleased to report that we have a balance on hand, May 31st, of $628.36—an increase over the previous year, notwithstanding the additional expenses of Grand Lodge Journal and fraternal correspondence booklet.

One year ago the department reported liabilities in the death claim department of $559,000. The claims of 1901 and so far this year aggregated in all a little more than $2,600,000. All of this sum had been liquidated and paid, with the exception of a few recently accrued claims and those in litigation. One year ago fifty-eight claims were in litigation, and at the present time there are only sixteen. There were, Jan. 1, 1901, 3,631 sections containing a membership of 57,397, and an aggregate insurance of $101,175,500. And the Supreme Lodge, representing the whole order of 540,000 members, stands prepared to back up the endowment rank for every cent of their liability, in addition to the securities held by the rank itself. Since the inception of the rank it has paid to the widows and orphans and relatives the very large sum of $17,636,754.88.

PAUNCEFOTE'S REMAINS

Two British Cruisers Will Escort Them to Southampton.

London, July 9.—The British armored cruiser Australia and the second-class cruiser Apollo will meet the Brooklyn with the late Ambassador Pauncefote's remains, outside the Isle of Wight, and escort her to Southampton, where the naval commander-in-chief, Admiral Sir Charles F. Hotham, awaits the American warship's arrival.

A hundred marines with a band will form the funeral guard. British bluejackets will act as bearers from the ship to the train.

The interment will be private. Simultaneously a memorial service will be held in London. Capt. Richardson Clover, United States naval attache here, will meet the body at Southampton in behalf of the United States.

PENSIONS FOR OLD AGE

An Explanation of the Australian System in Vogue.

New South Wales, Victoria and New Zealand—25 Years' Residence.

London, July 8.—Sir John A. Cockburn, formerly Agent-General of South Australia in London, attended the International Congress on Workmen's Assurance held in connection with the Duseldorf Exhibition, and read a paper on insurance for old age and sickness in Australia. The State of New South Wales and Victoria, following the example of New Zealand, have already passed old-age pensions acts.

The pensions are, he explained, payable to persons over the age of 65 years, who have resided 25 years in the State. No pension can be paid to anyone who has been imprisoned for a term of five years during the preceding 25 years, or for four months during the preceding twelve years, nor to any man who has deserted his wife or neglected to provide for the maintenance of his children. The applicant must, for the preceding five years, have lived a sober and reputable life.

The maximum amount of pension is £18 a year in New Zealand, £26 a year in New South Wales, and 8s. a week in Victoria. The pension is diminished by £1 of income above £34 in New Zealand, and above £26 in New South Wales. In the latter country the maximum pension for husband and wife when not judicially separated is £19 10s. each. The provisions of the act do not apply to aliens or Asiatics or Australian aboriginals. The investigation of the claim to a pension is conducted in Victoria and New Zealand in open court, and in New South Wales by local boards.

In the Victoria act there is a very important provision to the effect that the pension may be claimed by every person of any age, who is in permanent ill-health, caused by having been engaged in mining, or any dangerous or unhealthy occupation. This may be said to contain the germ of general insurance legislation. In New South Wales the pension may be paid to any person of the age of 60, who is unable, from physical causes, to earn his own living, and who at the age of 65 years would be eligible for a pension.

SOMETHING MORE THAN A PURGATIVE.—To purge is the only effect of many pills now on the market. Parmelee's Vegetable Pills are more than a purgative. They strengthen the stomach, where other pills weaken it. They cleanse the blood by regulating the liver and kidneys, and they stimulate where other pill compounds depress. Nothing of an injurious nature, used for merely purgative powers, enters into their composition.
