A BEAUTIFUL PICTURE.

A NEW LABEL—STEEL ENGRAVING.

To protect the public against purchasing counterfeits of Radway's Chinese Medicated Soap, R. D. Radway, the celebrated Chemist of New York, has at a great expense engaged the services of one of the first artists of steel engraving in America, and will on the first of April, 1850, issue Radway's Medicated Soap in its new label. It is a beautiful steel engraving, it represents two female figures of health and beauty, reclining on a tablet and scroll work, on which are the words *RADWAY'S MEDICATED SOAP* in illuminated letters. On the opposite side of the tablet is the fac-simile signature of R. G. Radway. The design is neat, chaste, artistic, and elegantly executed

THE VIRTUES OF THE SOAP

are also improved, the high popularity which this excellent soap has attained for its superiority over all others for Toilet, Medicinal, and Shaving purposes, has impelled us to strive and improve upon its merits, instead of resting satisfied on its already gained laurels. We have now entered into arrangements for the importation direct from our correspondents in Constantinople in Turkey, and Canton in China, for our several oils, gums, balsams, and extracts of rare medicinal virtues, which we use in the manufacture of Radway's Soap, instead of receiving them from third parties, so that now we have the satisfaction of knowing that the highly medicinal and balsamic properties of our Soap are pure and unadulterated.

Of hoary shapes proclaim the toilet rights—

To dress and beautify their lovely Hair,
Which makes the maids of Circassian sires
Within the breasts of kings pure love inspire.

ELEGANT AND INVALUABLE ARTICLES FOR THE TOILET.

BOGLE'S HYPERION FLUID,

FOR RESTORING, PRESERVING, AND EMBELLISHING THE HAIR.

The following Certificate, from Dr. Winslow Lewis, one of the most eminent Physicians of Boston, will show the extent, study and care of this elegant and scientific and curious preparation.

BOSTON, Feb. 16, 1847.

Mr. Wm. Bogle,—Sir,—The preparation invented by you for the hair, has been extensively used in my family, and they give it the decided preference over all other compositions of the kind. It invigorates and beautifies the hair, and cleans the skin of all impurities, without producing any ultimate deleterious effects, which are so frequently the result of many well known patented compounds.

WINSLOW LEWIS.

It is an indispensable article for the Ladies, as it keeps the hair in place and curl, and the skin or parting of the hair free from dandruff and scurf. For children, it lays the foundation of a good head of hair.

BOGLE'S AMOLE,

A COMPOUND FOR SHAVING.

This delightful article is totally different and far superior to anything yet invented for shaving. The base of it is derived from the *Amole*, or "soap plant" of California, an article used by the natives of that country for washing; and thus the use of strong alkali, so hurtful to the skin, is avoided. Its vegetable and detergent properties have the marvellous most soothing effects on the skin,—it soothes and allays irritation, and has a fine, thick, creamy lather, which does not dry on the face. It is a decided luxury to be shaved with this incomparable soap. It is done up in elegant style, calculated either for the dressing case of the "rough and ready" traveller, or the toilet of the most fastidious connoisseur.

BOGLE'S HEBREAIONA,

FOR REFRESHING AND BEAUTIFYING THE COMPLEXION,

Eradicating Tans, Pimples, and other eruptions of the skin, and rendering it fair, delicate, and blooming. It is equally efficacious in protecting the skin from the hot suns of summer, and freezing blasts of winter, and is the most fragrant and delicious article to be found at the toilet of fashion.

All the above articles have stood the test of the strictest investigation, and are WARRANTED superior to anything yet invented.

PROFESSOR BARRY'S TRICOPHEROUS OR MEDICATED COMPOUND—Infallible for renewing, invigorating, and beautifying the Hair, removing Scurf, Dandruff, and all affections of the Scalp, and curing Eruptions on the Skin, Diseases of the Glands, Muscles and Integuments, and relieving Stings, Cuts, Bruises, Sprains, &c.—With this preparation "there is an end to all the ills." The first journals in America, medical men of the highest eminence, and prominent citizens of all professions, and ladies who have used it for years in their dressing-rooms and parseries, admit, with one accord, that, for imparting vigor, gloss, luxuriance, and curl to the hair, eradicating scurf and dandruff, healing wounds, curing eruptions, sprains, stings, &c., and relieving diseases of the skin, the glands and the muscles, it has no equal among the multitude of compounds offered to the public prime, or need the patronage. In changes of climate, and bathing when the hair is out of order, this invaluable preparation
