HANDICAP GOES TO COLLINS' HANOVIA

Takes Sandwich Handicap at Devonshire on Tuesday—Results From Three Tracks.

Windsor, Ont., May 15.—Hanovia, carrying the colors of E. T. Collins, won the Sandwich Handicap from a small but select field. This mare was short in her previous starts, and this afternoon had to be shaken up in the stretch run to get the decision over Baby Lynch, who, under a change of riders, also showed a better race, and found the going more to her liking.

There was another good attendance at the course, which was accounted for thru the greatly-improved weather conditions and transportation facilities. The track has become faster, as the racing proceeds, have outstanding time on the horses.

The fields have been record ones during this meeting, all of them filling to the limited number of twelve, with the exception of the handicaps, which, of any course, see smaller fields go to the post.

There will be a meeting of the horsemen who race over the half-mile tracks in Canada tomorrow morning. At this meeting the purses to be given at the half-mile tracks will be dealt with. A ship from here to Montreal Thursday, so as to be at Delorimier Park for the racing on Monday.

Jockey Anderson was set down by the stewards for incompetent rides on Baby Lynch and No Manager.

FIRST RACE—Purse, $600, 2-year-old maidens, 4 furlongs:

1. Sam Pickett, 111 (Pickens), $4.50, $2.10, $2.20.

Petition Governor-General On Behalf of John Ness

A petition was circulated around the Labor Temple last evening addressed to the governor-general-in-council, on behalf of John Ness, who was recently sentenced to 30 days' imprisonment for remarks stated to have been made at a recruiting meeting. The petition, which has been extensively signed, asks clemency and concludes with the following: "We are told we are fighting for liberty, and a Canadian citizen is forced to answer questions in public, and failing to answer satisfactorily, be thrown in jail. We respectfully urge it is against such methods that our brothers at the front are so nobly sacrificing their lives."

RUSSIANS TAKE BACK POSITION FROM KURDS

Continue Fighting With Turks on Left Bank of Diala.

Petrograd, May 15, via London.—An official statement issued today by the Russian war department says:

"Western and Rumanian fronts: There have been fusilades and scouting reconnaissances.

"Caucasian front: In the region of Keller Kamiak Baba, south of Erzengan, our counter-attacks drove the Kurds from the trenches which they had occupied the day before.

"Mesopotamian front: On the River Diala, in the region of Sheik Said Kouchirwan and opposite Omarga, a fight continued thruout May 10. We captured some prisoners. Our losses were insignificant."

CONGRESS TO VOTE BIG APPROPRIATION

War Army and Navy Deficiency Bill Passed by Committee.

Washington, May 15.—All appropriations records of congress were broken today when the senate appropriations committee reported the war, army and navy deficiency bill, carrying a total of $3,396,946,000, including $400,000,000 for construction and purchase of an American merchant marine. The committee added $563,392,000 to the bill. Among the senate increases were $500,000 for the council of national defence; $1,000,000 for detention of interned Germans; $26,000,000 for army machine guns, and $25,000,000 for heavy army ordnance.

The conference accepted without change the house provision for the Roosevelt volunteers. As the senate by a large vote previously approved the volunteer force, its final adoption by both houses of congress is regarded certain unless something unexpectedly develops in the senate. The full force of the administration is against it. Whether Col. Roosevelt and a volunteer force go abroad, however, remains for the president to decide, as the provision agreed to by the conference makes it optional and not mandatory upon the president.

STRIKING ENGINEERS GO BACK TO DUTIES

Fifty Per Cent. of Workers Have Returned After Brief Holiday in Manchester.

London, May 15.—About fifty per cent. of the engineers on strike in Manchester returned to work this morning, and it is expected that others will follow them tomorrow. Many of those who are idle today seem to be infected with the holiday spirit, joining the crowds which welcomed the King and Queen to the city. Many of the men returned to work in the factories in Surrey, where the feeling against the young strikers is so strong that convalescent soldiers quartered near the factories have been denied permission to enter the affected district. Striking engineers in Liverpool also returned to work today, and only a comparatively small number of men remained out.

WEST FRONT IS QUIET.

Berlin, via London, May 15.—The supplementary official report from headquarters, issued this evening, says: "On the Aisne-Marne canal there has been violent artillery fire. The remainder of the fronts in the west have been somewhat quieter, bad sighting conditions prevailing in some places."

GERMANS EMPLOY INFERIOR TROOPS

Eighteen-Year-Old Lads Attack Avion Hour After Arrival.

ARTILLERY ENGAGED

Captured Documents Prove Value Enemy Set Upon Holding Vimy Ridge.

By Stewart Lyon.

Canadian Army Headquarters, May 15.—Some prisoners recently taken on this front are far below the general standard of physique of the enemy troops. It has been learned that in the disastrous attack at Avion on Friday last the troops employed by the Germans included drafts of 18-year-old lads who had reached the front only an hour before the attack was made. This indicates the serious shortage experienced by the enemy troops on this front.

The artillery of the Canadian corps continues to be engaged all day in duels with the enemy guns in Lens and the regions south and east with the most satisfactory results. Many direct hits have been obtained during the past two days and the German fire has materially lessened. A heavy mist prevails, making aerial observation impossible.

The most remarkable testimony yet obtained as to the importance attached to Vimy Ridge in the enemy's defensive scheme is contained in a recently captured document in which a commander tells his officers of his desire that every officer and man of the First Bavarian Reserve Division should be acquainted with the decisive importance of Vimy Ridge. The First Bavarian Division, he stated, "will be called upon in the impending defensive battle to hold these commanding heights, which we are radically strengthening, down to the last man. The more energetically we work at the consolidation of this position the more calmly shall we be able to contemplate the coming tremendous attacks which will decide the campaign."

This order, together with the detailed instructions as to the procedure to be followed in resisting the expected attack, was sent out on March 1 from the command post of the northern group of the enemy's armies. It disposes of the ridiculous theory that the enemy meant to retire from the ridge. The commanding heights of Vimy Ridge were held to be of decisive importance and the German army leaders are not in the habit of giving up such positions until compelled to do so.

Members of a veteran battalion of the Canadian corps are now holding a part of the ridge on which, two years ago, many French soldiers, killed in attacks, remained unburied because they fell in No Man's Land. Our soldiers found time, despite the pressure of the duties of active service, to collect the bones of our gallant allies and bury them reverently in several mounds. These places of burial are marked by large crosses composed of pieces of chalk set into the surface of the ground. Suitable inscriptions have also been placed on the mounds.

New Officers Are Elected For Seventy-Fourth Auxiliary

The annual meeting of the executive of the 74th Battalion Women's Auxiliary was recently held at the home of Mrs. Ross Gooderham, 199 St. George street, at which the different company captains gave very satisfactory reports of their meetings. During the first quarter of the year 1917, 2,855 pairs of sox have been knitted, making a total of 7,055 pairs knitted and sent overseas to the men of the 74th Battalion since the first meeting in March, 1916. Many of the packages contained, as well as sox, some of the most needed comforts for the men.

The election of officers followed, when Mrs. Ross Gooderham was unanimously re-elected as president. The other officers are as follows: Vice-presidents, Lady Hearst, Miss Currie; secretary, Miss Armour; treasurer, Miss Edith Wilson. Mrs. Manning was again elected as the distributor.
