The Insurance and Finance Chronicle of Montreal speaks as follows of the Liverpool and London and Globe Insurance Co.:—Since it entered the Dominion just forty three years ago the Company has deservedly won a very large share of the patronage of Canadians. In the year 1893, its Canadian branch had about $50,000,000 at risk and paid nearly $300,000 in losses. The Company is a large investor in Canadian securities; its total assets aggregating about $1,500,000, a fact which entitles it to reciprocal confidence and liberal support at the hands of Canadians. R. Cunningham, Agent.

Fell From the Train.

On Monday afternoon, as the east going express was passing through Jeanette Creek, near London, Mr. Albert Smith, an old resident of this city, who is over 80 years of age, and who was returning from a visit to his son, in Detroit, either fell or walked off the train. He had been seen wandering about on the farm of Albert Baguell, a short distance from the track, Tuesday morning, and his dead body was discovered in the evening.

The injuries received were not sufficient to cause death, and it is supposed that when the deceased fell from the train he was stunned and probably lay in the rain all night, and slightly recovering in the morning, he was overcome by the heat and sun, and succumbed to the exposure. The remains were brought to the city on the 5.40 train last night.

A son of the deceased drives for Dr. Howitt.

BARN RAISING.—A most successful raising took place Thursday afternoon on the farm of Mr. Thomas Coghlin, Guelph Township, about three miles from the city. There were about 150 present, a large number being from the city. The captains were Benjamin Tolton and Daniel Redmond. The structure went up in quick order, so far as Tolton's side was concerned, but as regards the other side Tolton's men question if they have it finished yet. The reason ascribed is that the city folks, who not being used to such work, unfortunately got on one side, and some of them scarcely knew the difference between a purline plate and a pencil point. Editor Downey of the Herald, under the shade of an apple tree, took notes, and coached the city men to do their duty, but it was no good. John McAteer had a sudden call for home, and so had a prominent dentist. Under these and other unfavorable circumstances it is no wonder that the city men got left. The barn is 72x56. The mason work was done by Mr. Murnahan, and the foundation is considered about the best, if not the best, of any barn in the country. The same remark will apply to the framing, which was done by Mr. M Sims. After the raising the company were most hospitably entertained on the lawn by Mr. and Mrs. Coghlin. The older folks had a social chat with each other, while the young folks enjoyed themselves in tripping "the light fantastic toe" on a large platform erected in the open air. It was well on to morning before the party broke up. The only thing which occurred to mar the pleasure of the raising was that Mr. J. Swackhammer, Erin, had the misfortune to have the point of the first finger of the left hand crushed by a plate dropping on it while being turned. It was so badly crushed that it had to be amputated between the first and second joints.

AN EX-WARDEN OF BRUCE.—Mr. Wm. Dickieson, Carrick, Bruce county, is visiting his brother Richard, of Guelph Township. He went into Carrick 51 years ago, when he was a lad of only 16 years of age and hewd out for himself a home in the forest. He was industrious and persevering, and after a time made a comfortable home for himself. Sixteen years he represented Carrick in the County Council, and when he attained the honor of being elected Warden of Bruce some six years ago, he retired from municipal affairs. All honor to such men.

THE closing exercises of the Bishop Strachan school, Toronto, were held on Thursday. The Globe says: Miss Winnifred McKinnon's rendering of the well known Hollaender March deserves favorable mention. Among the prizes given was one to Miss McKinnon for instrumental music, first in Mr. Harrison's class, and one to Miss Bond, first in Miss Gordon's music class. The friends of these Guelph young ladies will congratulate them on their success.

I had a severe cold, for which I took Norway Pine Syrup. I find it an excellent remedy, giving prompt relief and pleasant to take. J. Paynter, Huntsville, Ont.

WEDDING AT WESTON.—Mr. Wilbur Grundy, operator, Galt, and Miss Josephine Robinson were married on Wednesday evening at the residence of the bride's father, Mr. James Robinson, merchant, Weston. A large number of guests were present and the event was one of the most pleasant ever held in Weston.

THE Toronto Presbytery met in the Presbyterian church, Brampton, on Thursday afternoon and ordained and inducted to the pastoral charge of the Brampton Presbyterian church Mr. W. C. Clarke, who has lately ocmpleted his theological course in Montreal Presbyterian College.

CHALMERS CHURCH S. S. PICNIC.—The annual picnic of Chalmers Church Sabbath School was held yesterday afternoon at Mr. W. W. Macalister's Camp, near the waterworks. There was a very large attendance. The children, in charge of their teachers, drove out in carryalls, while the older scholars walked the short distance. Several availed themselves of a boat ride to the grounds. A most pleasant afternoon was spent, and all arrived in the city about dusk, well pleased with the outing. There were a large number from the country present, and it was pleasant for them to renew friendships with the city folks. It was suggested that the next annual picnic should be held in Paisley Block, but this matter will be under consideration later on.

DOMINION DAY.—Those who wish to have two days' solid enjoyment should not fail to attend the demonstration on the 2nd and 3rd of July, under the auspices of the S. O. E. Benevolent Society and 30th Battalion Band. An interesting programme of sports, music, etc., has been arranged. Lovers of athletic sports should not fail to attend.

Two cases of truancy came up before the Police Magistrate this morning. Dr. Lowry testified that the accused were sick. The cases were dismissed.

BURGLARY.—Another serious burglary was committed in Burlington Village last Thursday night. Mr. James Allen's carriage factory was the place visited by the robbers, who blew open the safe in the office with dynamite, and got away with about $75, statute labor tax, held by Mr. Allen, who is the village Treasurer. A young lady visiting at Mr. John Campbell's residence near by was awakened, and she saw two men leave the factory. One of them was limping, and she heard him tell his companion he was hurt.

Fatal Boiler Explosion.

Cayuga, Ont., June 28.—This afternoon at Cayuga station the boiler in the saw mill of Wm. Stevenson, sr., of Indiana Township, exploded, killing John Commer, the engineer, and fatally injuring Franks, a sawyer from Welland, Ont. Commer was cut in two and Franks' skull was fractured. Wm. Stevenson, jr., was badly scalded about the face. Frank Lathrum was also scalded, but not seriously. The mill is a complete wreck. The boiler was thrown 200 feet.

WAS HE MURDERED?

One of Cook & Whitby's Employees Found Dead on the Railway.

(Special to the Mercury.)

PETERBORO, June 29.—The body of Frank Beaton, canvas foreman in the employ of Cook & Whitby's circus, which left here last night, was found beside the railway track a short distance from the town this morning.

The indications are that deceased was murdered and his body thrown from the train. He had been in the circus employ for over two years. His home is said to be in Belleville.

BOARD OF HEALTH.

The Question of Vaccination Discussed Again.

A meeting of the Board of Health was held Thursday evening in the city hall. There were present the Mayor in the chair, Dr. Howitt, Medical Health Officer, Dr. Nunan, D. Coffee, A. Robertson, R. Melvin, H. Murton and R. Mitchell, Secretary.

Mr. Mitchell handed in a list of the names of the pupils attending the public and separate schools that had not been vaccinated. There were about a couple of hundred names on the list.

Dr. Howitt wished for further time to report on the milk question. This was granted.

Dr. Howitt was authorized to make provision for the vaccination of pupils whose parents were unable to pay for the same.

Moved by Dr. Mackinnon, seconded by Mr. Melvin, that this Board instruct the Inspector of Public Schools, and the chairman of the Separate School Board that no pupil be permitted to return to school after the holidays until they present a certificate of vaccination. Carried.

A petition was presented from G. W. Williams and others, asking the Board to take immediate action to have the nuisance caused by the stench from Geo. Woods' pig yard, on Hooper street, abated.

A petition from Mrs. S. Soule and 18 others, in reference to the nuisance caused by Levy & Freeman's bone boiling factory, near the diamond crossing, was also presented. The petitioners stated that the stench was very offensive and dangerous to the health of the locality, and desired the Board to take action.

It was resolved that the Sanitary Inspector notify Geo. Woods and Levy & Freeman to abate the nuisance on their premises which have been complained of, and, if they do not do so, to take the necessary steps to have said nuisances abated.

Resolved that the Clerk, on behalf of the Board, thank the Inspector of Public Schools and the chairman of the Separate School Board for their kindness in furnishing the lists of non-vaccinated pupils at the various schools in the city.

After a talk on sanitary matters generally, the Board adjourned.

Suicide of Santo's Accomplice.

Paris, June 28.—President Casimir-Perier has accepted the resignation of Premier Dupuy and the other members of the ministry, to go into effect after the funeral of M. Carnot on Sunday, on which occasion M. Dupuy will deliver an oration in the Pantheon on behalf of the Government. The President has asked Deputy Auguste Burdeau, who is his particular friend to form a Cabinet. In defiance of precedent President Casimir Perier insists upon honoring the memory of M. Carnot by attending the funeral.

It is asserted that the murder of Carnot was planned in London on the evening of Feb. 6, the day after the execution of the Anarchist Vaillant in Paris. It is also said circulars counselling the assassination were found among the papers seized at the Autonomie Club by Police Inspector Melville.

When the police arrived at Granier's lodgings they ordered him to surrender. With a quick movement Granier, without uttering a word, seized a large knife which was lying upon a table and plunged it into his abdomen, falling dead at the feet of the police. The police are now certain that the murder of President Carnot was the result of a conspiracy between Santo, Laborie, Granier and others to avenge the executions of Vaillant and Henry.

Paris, June 28.—The police visited the lodgings of a man named Granier in Montpellier this morning with a view of ascertaining his connection, if any, with the murder of President Carnot. It is alleged that about 4 o'clock Sunday afternoon Granier was heard to say, "By this time Carnot must have received his account."

Tried to Blow Up The Witness.

Montreal, June 28.—A deliberate attempt was made about midnight tonight to blow up The Witness office with dynamite. The cartridge was thrown into the press room from the rear, but fortunately did no damage beyond making a hole a foot square in the planks of the flooring. It is supposed to have been the work of someone opposed to the temperance principles of The Witness, as a very bitter feeling has been aroused here between the licensed victuallers and the temperance societies over the granting of licenses.
