RALPH ROSE MOVES TO SAN FRANCISCO

Is Showing Great Form at Heaving the Shot.

San Francisco, Oct. 29.—Ralph Rose, the giant, shot putter, has taken up permanent residence in San Francisco as a lawyer. There was not much opportunity for the display of his ability in his native town, Healdsburg, so he thought he would try Frisco for better luck. Whether or not he is swamped with briefs is not known, but he is not neglecting an occasional heave of the shot and quite frequently he can be seen out at the Golden Gate stadium arrayed in his athletic toggery and working as if his life depended on every try. Rose has his eye on the team next year and intends to be in the best possible shape. He is devoting most of his attention to putting with the left hand, for the two-hand competition is on the Stockholm programme along with that for the best hand. It is said that Rose can make a total of 90 feet for the two-hand competition, so that he is a pretty sure point winner in two events for America.

"WILD BOB" BUYS NEW BENZ CAR.

Adds "Three-Mile-a-Minute" Machine to His Stable.

Indianapolis, Ind., Oct. 28.—"Wild Bob" Burman, driver of racing motor cars, has bought a new "three-mile-a-minute" Benz racer, according to a cablegram received from Manuheim, Germany, today. The car has just been completed. Burman will enter it at the Florida beach races this winter. He will return to this country in time for the fall races at Savannah.

GIANTS WILL TRAIN AT MARLIN SPRINGS, TEXAS.

New York, Oct. 29.—The New York Nationals will train at Marlin Springs, Texas, next year, reporting there late in February. The New York Americans will do their spring practicing at Atlanta, Ga., beginning March 1.

WHITNEY'S DELIRIUM WINNER.

London, Oct. 29.—The Apprentice Plate of 100 sovereigns for 3-year-olds and upward at one mile and 150 yards, run at Alexandra Park today, was won by H. P. Whitney's Delirium. There were five starters.

PAPKE GOES EAST TODAY.

Kewanee, Ill., Oct. 29.—Billy Papke finished his training today for his fight with Bob Moha next week and will leave tomorrow morning for Boston with his brother Ed., who now acts as manager. Papke has had a good deal of work during the last two weeks and appears in good condition.

SOUTH WANTS BAKER TO PLAY IN BENEFIT GAMES

New Orleans, Oct. 28.—Frank Baker, the hard-hitting third baseman of the Philadelphia Americans, who rapped out two home runs, various and sundry singles and doubles during the recent series for the world's championship with the New York Giants, has near future for the benefit of the $100,000 fund for a charity hospital. It has been planned to secure the services of the score or more professional ball players wintering in this city to compose two teams for a series of games. Baker has not yet replied to the offer.

REV. H. H. BINGHAM ON QUEST OF TRUTH

Interesting Address Delivered in the Auditorium on Sunday.

"The Quest of Truth" was the subject of an interesting and inspiring address delivered in the Auditorium yesterday afternoon by Rev. H. H. Bingham, of Talbot Street Baptist Church. His text was in part, "And ye shall know the truth and the truth shall make you free." "Questlessness is always growthlessness," said Mr. Bingham. "The scientific and progressive ago of today is asking, 'What is truth?' The purpose of all education is the attainment of truth, but to attain to the truth involves steadfast search and sacrifice.

"Be free to do your own thinking. As a man thinketh in his heart so is he. When the mind holds the true attitude the man will be right.

"The religion of Jesus Christ invotes investigation. Evolution does not eliminate God as the truth. God is back of all the wonders of science. God is the First Creator and the Eternal Truth. Evolution is merely a process, and evolutionary doctrines only push God further back in the process.

"Fallen humanity, is as it were, a mutilated picture from the hand of the Great Artist. God sent Christ the Perfect Man into the world to express the ideal in the mind of the Divine Artist. The principles and teachings of Jesus Christ are the essentials of true freedom."

An excellent musical programme was rendered by the Moelwyn Male Choir.

JOE MANDOT WINS

Put Knockout Over on Saylor in the Fifteenth Round.

[Special to The Advertiser.]

New Orleans, Oct. 29.—In a fierce battle which was anybody's fight up to the tenth round, Joe Mandot, the French lightweight of New Orleans, knocked Millbourn Saylor, of Indianapolis, cold in the fifteenth round this afternoon at the West Side A. C. in McDonogville. The battle was witnessed by 1,000 fight fans, many from Chicago and Indianapolis.

STOLEN WHEELS WERE FOUND IN EAST LONDON

Both Were Taken From the Vicinity of Victoria Park.

Two bicycles were found on Saturday morning in front of an empty house on Glebe street, near King street. The wheels had been placed there the night before and remained until late on Saturday morning when the matter was reported to the police. The owners were located Saturday afternoon and their property restored to them. One of them stated that he saw a young man running with his bicycle, but did not know it was his machine until the lad got out of sight. Both wheels were taken in the vicinity of Victoria Park, and young boys are supposed to be the guilty parties. They were apparently East London lads and after riding the bicycles out there had deserted them.

7TH REGIMENT WILL LEAVE FOR THE FRONT

War Will be Played in the Dundas Valley Today.

Sharp at 7:15 this morning the special train carrying the 7th Regiment to the scene of the military manoeuvres at Copetown will pull out of the Grand Trunk depot. The train will be composed of eight coaches in all. The rear coach is given over to Col. Campbell and his staff of officers. There are over 250 members of the regiment going to Copetown, and all are looking forward to a big day.

Owing to instructions from headquarters, the band will not go along with the soldiers. The tactics this year will be carried on minus the bands. It is expected that the train will arrive at its destination about 9:30, and the soldiers will at once march to the scene of activities. Special trains from Chatham and Guelph will also be run. The Chatham train will follow the London special, leaving here about 7:30 a. m. It is expected that about 300 men will be aboard it.

Col. Hodgins, who will command the Greyland forces, left for Hamilton on Saturday, and will be on the grounds bright and early in order to get acquainted with the lay of the land. A number of newspaper reporters accompanied the soldiers, and will act as "war correspondents" on the field during the manoeuvres.

HAYWOOD—PARSONS.

Miss Edith Parsons was on Thursday evening married at the Centennial Methodist Parsonage to Mr. Norman Haywood. The wedding ceremony was performed by Rev. G. N. Hazen. The bride was attended by her sister and the groom was assisted by Mr. Clarence Parsons. Mr. and Mrs. Haywood will reside in London.

Personal Mention

Miss Mary Dicey, of White Oak, is spending Thanksgiving Day in Detroit.

Mr. Ben Stapleton, of Detroit, is visiting his parents in London.

Dr. Bert Winnett, of Kingston, is spending the holiday with his father, Mr. W. H. Winnett, this city.

Hamilton Herald: Miss S. S. Mills, 115 North Hughson street, left Saturday morning for a week-end visit with friends in London.

Miss Irene Currie Love, of Calgary, is visiting her mother, Mrs. Frank Love, Wellington street. Miss Love will sail on Thursday next for England.

EXAMINATIONS OVER BY THE END OF JUNE

Matriculation Examinations To Be Held Early to Avoid Heat.

Toronto, Oct. 29.—Dr. A. H. U. Colquhoun, deputy minister of education, has anounced that henceforth the matriculation examination of the department of education will be held earlier in the year so as to avoid the extreme heat of July.

Dr. Colquhoun states that the regulation has not yet been adopted, but he does not anticipate any objection to it. Dr. Pyne had received many complaints last July, and then and there decided on the change. It is expected that the examinations will be over by the end of June.

DR. GRIFFITH THOMAS IN ST. JAMES' CHURCH

Former Oxford Professor Preached at Anniversary Services.

Anniversary sermons were preached in St. James' Anglican Church yesterday by Rev. Dr. H. Griffith Thomas, of Wycliffe College, Toronto, and formerly of one of the colleges of Oxford University. In the evening Dr. Thomas selected the text, Acts viii., 39: "He went on his way rejoicing."

Just as the magnet does not attract the pin as it attracts the needle said the speaker, so Jesus Christ does not attract all men equally. The fault is no more Christ's than it is the magnet's. Jesus Christ brought to bear on different men has different effects. The Ethiopian who went on his way rejoicing had come 1,500 miles to hear the gospel. He desired to know the truth, and was living up to the light which he possessed. There are many men like the Ethiopian eunuch who are men of high power, position, ability and intellect, but yet are lacking in the one indispensable, Jesus Christ.

"How can I understand unless some man guide me?" asked the eunuch. The world will never get beyond the need of the spoken voice, said Dr. Thomas, let the power of the press be magnified as it may. When men do not understand the Bible it is always owing either to prejudice or ignorance. God is unable to remove prejudice; man himself must do that. What man must do in order to be saved is to surrender and serve. There is no real satisfaction or strength outside of Jesus Christ.

At the evening service a solo was beautifully rendered by Miss Quigley. Both morning and evening services were well attended.

INTEREST IS KEEN IN RURAL ELECTIONS

Practically All the Members of Present County Council Will Run Again.

Residents of the rural communities of Middlesex are beginning to take great interest in the coming municipal elections, and it appears that the contests in the different sections will be fought keenly.

Practically all members of the present county council will again go before the people, a number of the present deputy reeves seeking higher honors.

Mr. W. A. Roberts, second deputy reeve of London Township, will go back in the field for first deputy, while the present incumbent, Mr. Chris. Brooks, will compete with Mr. Robert Jackson for the reeveship. Mr. Roberts will be opposed by Mr. George Taylor, while Mr. Thomas Clark will attempt to return as second deputy against Mr. George Hudson. A number of other names have also been mentioned in connection with London Township elections.

A New System.

A new system of electing the township councillors may be adopted in London Township as a proposition to make the term two years instead of but one is to be submitted. It is claimed that this scheme will work out more satisfactorily, as in practically every instance councillors have been given second terms. This would also result in an annual saving of several hundred dollars, supporters of the scheme claim.

The matter was voted on in McGillivray a couple of years ago and was defeated, but side issues were responsible for its downfall there, it is said.

Another bylaw to be submitted in London Township calls for the issuing of between $50,000 and $60,000 twenty-year debentures for the purchase of building and repairing bridges.

A Happy Condition.

The township thus far has no debt excepting that incurred at the time of the purchase of the Proof Line road but the last of it will be wiped out this year.

Just who will be the next warden of Middlesex is a question, and no selections will be made until after the elections, as neither political party is certain of a majority. The present council stands 15 to 15, with one man showing a degree of independence.

A CONTEST FOR THE PRESIDENCY

Western Ontario Commercial Travellers Will Hold Nomination on Saturday.

The annual nomination of officers for the Western Ontario Commercial Travellers' Association will be held on Saturday next.

It is expected that there will be a contest for some of the offices, particularly the presidency and second vice-presidency.

Mr. John M. Dillon, who has been president for the past two years, is retiring. It is expected that the contest for the office will be between Mr. Richard Davis and Mr. Donald Ferguson. The latter is at the present time first vice-president, while Mr. Davis was defeated for the presidency two years ago.

Mr. H. W. Lind is second vice-president, and he will become first vice-president. There will be a contest for second vice-president, Mr. Hugh Rennie and others being mentioned for the honor.

GOVT'S MAJORITY ABOUT 37,775

But Missing Returns May Reduce the Figures.

THE POPULAR VOTE

Outside of the City of Toronto It Was For the Liberals.

Ottawa, October 29.—Official return for 194 out of 221 constituencies for the recent general election show an aggregate Conservative vote of 569,670, and an aggregate Liberal vote of 531,896, giving a nominal popular majority for the new government on the returns so far in of 37,775.

This however will probably be reduced when all the returns from Alberta and Saskatchewan are in. Of the missing constituencies fifteen went Liberal and ten gave Conservative majorities. In addition to this it is important to note that there were three Liberals elected by acclamation.

If the net Conservative majority in Toronto, totalling some 25,000, were eliminated it is probable that the returns from the rest of the country when finally completed would show a popular majority in favor of the Liberals.

Aggregate returns by provinces with missing constituencies indicated are as follows:

Nova Scotia.
Government, 50,303.
Opposition, 52, 234.
Missing constituencies Cape Breton south.

New Brunswick.
Government, 34,134.
Opposition, 35,046.
Missing constituencies, Northumberland, Queens-Sunbury.

Prince Edward Island
Government, 14,628.
Opposition, 13,998.

Quebec.
Government, 149,305.
Opposition, 160,813.
Missing constituencies.. Montcalm, Nicolet, Joliette, Yamaska.

Ontario.
Government, 245,142.
Opposition, 190,288.
Missing constituencies, Dufferin, Glengarry, W. Middlesex, S. York, E. Simcoe.

Manitoba.
Government, 22,879.
Opposition, 20,876.
Missing constituencies, MacDonald Provencher, Winnipeg.

Saskatchewan.
Government, 25,388.
Opposition, 38,043.
Missing constituencies, Battleford, MacKenzie, Saskatoon.

Alberta.
Government, 4,875.
Opposition, 6,340.
Missing constituencies, all except Medicine Hat.

British Columbia.
Government, 23,812.
Opposition, 14,728.
Missing constituencies, Comox-Atlin.

Total Government 569,670
Opposition 531,896

Government majority 37,774

NEW YORK WOMEN PLAN FOOD REFORM

Every Housewife To Be Her Own Inspector Hereafter.

[Special to The Advertiser.]

New York, Oct. 29.—"Every woman her own food inspector." This is the slogan of the Housewives League, a new organization whose promise is to give pure, inspected food, honest weight and lower prices for better quality of food in New York.

The work of the league was outlined by Mrs. Julian Heath, chairman of the household economic committee of the City Federation of Women's Clubs at the Hotel Astor, and indorsed by this body as part of their progressive work. On Tuesday Mrs. Heath will send out a call to all the club presidents represented in the federation, asking them to co-operate in the work, and outlining its purposes.

"Every woman who becomes interested in the league will be asked to sign a pledge promising to do some actual, effective work along the lines of reform we have adopted," said Mrs. Heath today. "Every day in the week housewives are cheated by dishonest tradesmen. State and municipal laws to protect the family from poisonous and adulterated foods and impure milk are not enforced.

"While we shall punish the dishonest tradesmen through the courts, we shall at the same time protect the honest merchant and show our appreciation by giving him our trade. We shall get the record of every tradesman in the city, and punish every violator of the pure food law.

"In France the Housewives League has done splendid work in reducing the high cost of living, and with an effective co-operative force I believe we can do it here."

A BRAVE BAND FIGHTS FOR LIFE

Mexican Federals Surrounded by a Superior Force.

[Special to The Advertiser.]

Mexico City, Oct. 29.—Fighting for their lives, one hundred Federals and Maderists surrounded, by seven hundred Zapatists are holding the top of the ancient "Pyramid of Stars" at Cholulu, while the entire town burns around them. Special trains have brought practically all the inhabitants of Cholulu into Puebla, fleeing from the second looting of the city where the Aztec rulers were buried, and where Cortes with 1,500 men defeated 50,000 Indians.

The refugees report every house sacked and burning. The Federals are almost out of ammunition and annihilation seems certain. Frederick Garcia, at the head of the Maderist forces in the Puebla district issued a call this afternoon to all Maderists who had laid down their arms to take them up and follow Zapata.

Fifty Zapatists were killed in an hour's battle yesterday, and the band annihilated at Tocapixtla.

The President and minister of war tonight ordered troops rushed to Cholulu. The situation is desperate.

ENRAGED CONGREGATION ATTACK A PRIEST

Drag Him From the Pulpit for Denouncing Saloons.

[Special to The Advertiser]

Ansonia, Conn., Oct. 29.—Because he favored temperance in his initial sermon at the Russian Orthodox Greek Catholic Three Saints' Church here today, the Rev. Father Kudrivoff was dragged from the pulpit and badly beaten by angry members of his congregation.

The priest was rescued and escorted out of town by the police. Father Kudrivoff was brought here by the Austrian faction in the church who dismissed the regular pastor on Saturday. The new priest, after naming several of his congregation who owned saloons, said: "Saloons are pitfalls on the road to hell, and those that own them are allies of the devil."

Friends of a wealthy saloon keeper whose money made possible the life of the church thereupon rushed to the pulpit and the priest was being dragged along the street when rescued. His clothes were torn and his face badly cut.

A woman who helped drag Father Kudrivoff from the church attempted to set fire to the building tonight, but was frustrated.

TRIES TO EXTERMINATE HIS WIFE'S FAMILY

Succeeds in Killing His Father and Mother-In-Law.

[Special to The Advertiser.]

Parkersburg, W. Va., Oct. 29.—A tragic climax to the sensational episodes in the life of Carroll A. James during the past few weeks came this morning when, in an effort to exterminate his wife's entire family, he succeeded in killing Mr. and Mrs. Wm. A. Pritchard, his wife's parents, at their home in Pennsboro, desperately wounding his wife, and then killed himself. James' first shot his wife in the hip and then killed her parents. His four-year-old daughter clung to his neck as he ran to the rear of the house and shot himself. She did not let go until he struck her a forcible blow in the face, which, however, did not seriously hurt the child.

The tragedy is the finale of a series of sensational episodes. A few weeks ago James shot a man who he said, he found in his wife's room when he returned home unexpectedly. For two weeks before the Jameses had not lived together, owing to family disagreements. The wounded man was not seriously hurt, a trail of blood showing he had departed on the next train. Mrs. James charged her husband with conspiracy, alleged he had sent the man to her home, and that he had been there but a few minutes when her husband came and fired at him. Two days later she sued for divorce. A week after the divorce proceedings were instituted there followed another sensation when Mrs. James charged her husband with conspiracy to defraud the United States Express Company, by whom he was employed as a messenger, naming George Mittner, of Grafton another messenger, in the same complaint. James was arrested and had been out on bond.

DAN CUPID DEFEATS MARS AND WIRELESS

Daughter Caught by Father's Warship When Eloping With Turk.

Vienna, Oct. 28.—From Rome comes details of a lively skirmish between Cupid and battle-scarred Mars, that ended, as usual, in the veteran warrior being badly worsted.

Signorina Livia Malfetti, a lady-in-waiting upon the Dowager Queen Margherita, closed her ears to war's approach, and when the excitement was greatest eloped with Omar Rifaat Bey, military attache to the Turkish embassy in Rome.

While fleeting through the Straits of Messina on a passenger ship, they ran plunk into Admiral Malfetti, the young woman's father, and his big warship Doria. He sent his daughter ashore under guard, and speeded the departure of the other vessel toward its Turkish port. Once at home, the young woman twice attempted suicide. Now comes news from Mantua that her family says she may wed her Turkish lover after the war over Tripoli.

When the beautiful signorina announced her engagement some weeks ago, there was instant and bitter opposition both from the powerful Malfetti family and the Italian court. So aroused were they that a request for the young man's recall was sent to the Porte. But before action was taken the war began, and he had to make a hasty departure.

His sweetheart was true and left Rome with him. Instead of going direct to Constantinople they journeyed secretly to Genoa to elude pursuit, which had become warm. After waiting some days in Genoa, they took passage on a steamship for Turkey.

It was on this stage of their flight that they encountered the stern old Admiral Malfetti. He was watching for hostile Turkish vessels, and though he had been notified by wireless that his daughter had eloped, he did not know she was aboard the Turkish passenger ship until he halted it.

Rifaat had used the power of his office to obtain the best accommodations, and his full name and titles were on the register, so he had no trouble in nabbing the elopers.

A piteous scene on deck was witnessed by the entire ship's crew, but despite the frantic appeals of his daughter and her lover, the admiral sent her over the rail under guard.

This elopement, following less than a year after the horrible tragedy in a hotel in Rome, in which Countess Trigonia, one of Queen Helena's ladies-in-waiting, was murdered by her lover, a notorious Sicilian blackmailer, has caused a pronounced sensation.

TOWNSHIP PEOPLE ARE WROUGHT UP

Do Not Like Talk Going On in Regard to Niagara Power.

London Township officials do not take kindly to the objections likely to be made by the city to the township furnishing Niagara power to suburbs such as Ealing, Eastmount and other places. It was stated to The Advertiser on the best of authority that the city would object, Reeve S. Frank Glass does not think the city will succeed.

"I think the claim is absurd," he informed The Advertiser. "It is very kind of the water commissioners or whoever else are objecting, to take such a paternal interest in our affairs. I think we are in a position to handle our own business in a proper way. But I do not think they will succeed for various reasons. It is not our intention to divide what revenue may come to us from the sale of power in the township with the city. It would be ridiculous to do so.

"It is equally absurd for us to divide our constituency with them. The more customers we have the less the overhead charges will be per capita. In these sections there are many people closely grouped together, and it will be much easier to serve them than it would be to farmers only. By the whole township combining in the enterprise, we will be in a position to get getter rates for all parties.

"The city are not furnishing any power whatever to London Township. We tried to get it from London for Eastmount. They wanted a minimum charge, and in addition asked us 75 per cent more for the energy than was being paid in the city. As a result we could not see our way clear to accept their offer.

"As for annexation to the city, it would be better to cross that bridge when we come to it. There is no sentiment here for annexation at the present time."

SEND THE CHILDREN

You can safely send the little folks to our store on errands. There are no objectionable features here. We make a special point of waiting upon children promptly, and give them courteous attention. To avoid misunderstanding, it is well to send written orders. In fact, the written order is quite necessary when sending very young children.

LABOR CANDIDATE FOR NORTH TORONTO

Independent Party To Try for Seat in the Legislature.

[Special to The Advertiser.]

Toronto, Oct. 29.—At a meeting of the Independent Labor Party in Toronto Sunday afternoon, Mr. James Richardson was given the nomination in North Toronto. The other nomination in North Toronto was unanimously accorded to Mr. William Stevenson, who is a popular street railway conductor, and is under thirty years of age. He offered the objection that he could not make orations like Cicero, but his fellow members vouched that the average man who went to the Legislature was nothing but a "dough-head," whereas he had some practical experience in committee work, which would be very valuable. It was rather difficult to get two candidates to contest East Toronto, so the nominations were held over until next Sunday.
