"German Syrup"
G. Gloger, Druggist, Watertown, Wis. This is the opinion of a man who keeps a drug store, sells all medicines, comes in direct contact with the patients and their families, and knows better than anyone else how remedies sell, and what true merit they have. He hears of all the failures and successes, and can therefore judge: "I know of no medicine for Coughs, Sore Throat, or Hoarseness that had done such effective work in my family as Boschee's German Syrup. Last winter a lady called at my store, who was suffering from a very severe cold. She could hardly talk, and I told her about German Syrup and that a few doses would give relief; but she had no confidence in patent medicines. I told her to take a bottle, and if the results were not satisfactory I would make no charge for it. A few days after she called and paid for it, saying that she would never be without it in future as a few doses had given her relief."

Personals.

—In accordance with his expressed wish the body of Sir Samuel White Baker, the African explorer, who died on Saturday last, will be cremated at Woking

—Mr. Andrew Carnegie is said to be going to Egypt next month. He is also said to have ordered all his mills to be kept running during the winter, and to have ordered the expenditure of $1,000 a day during the winter for the relief of the unemployed poor of Pittsburg.

—Walter Campbell, of Chicago, president of the Illinois Electric Fencing Company, has disappeared and many stockholders in the company whose subscriptions amount altogether to $215,000, are looking for him.

—Mr. Theodore Bent, the distinguished archæologist, whose excursion into Mashonaland led to such interesting discoveries, is about to explore Hadramaut, the frankincense country, one of the four ancient kingdoms of Southern Arabia. It lies along the coast about about 300 miles up from Aden, and is practically unknown.

—The preliminary arrangements for the Queen's visit to Florence are completed, and the contract for the tenancy of the Villa Fabbricotti has been signed by Colonel Slade, military attache at Rome. The Queen intends to stay in Florence between three and four weeks, after which she is most likely to proceed to Coburg, where she will be the guest of the Duke and Duchess at their palace. It is probable that there will be a family gathering in Coburg including the German Emperor and Empress, the Prince and Princess Henry of Prussia, the Grand Duke of Hesse, the Princess Alix and the Prince and Princess of Leiningen. The Queen will stay there about a week.

—Much is heard about bomb-proof fortresses, but the great want among legislatures in Europe at the present time is a bomb-proof suit which they can wear with a sense of security when sitting under the public galleries.

—The Scottish Liberal Association has adopted an address to Mr. Gladstone, partly endorsing his policy, and declaring their belief that the House of Lords ultimately will be compelled to yield to the people's will in regard to Home Rule for Ireland.

—A bushel of corn makes four gallons of whiskey, which retails for $16 Out of this the government gets $3 the railroads $1, the manufacturer $4, the vendo $7, the farmer forty cents, and the drunkard gets the delirium remens.

—At an early hour on New Year's Day numerous groups were hastening through the streets in the French section of Montreal These consisted of whole families following the old French-Canadian custom, going to get the blessing of their old parents at the beginning of the New Year.

—The Archbishop of Canterbury has declined to sanction special sermons and collections on behalf of the unemployed on the ground that it has been proved that special efforts in any one particular direction by their sensational character bring about results contrary to those anticipated.

—A conference of the Scottish labor party was held a few days ago, at which Mr. James Keir Hardy, a socialist member of the House of Commons, presided. The executive Board of the Baker's Union on Saturday night ordered a strike of the eighty-five men employed by Heissler & Jungle and George Schwenfurth The Chicago Baker's Association has now taken up the fight and in seven other leading bakeries when the men reported for duty they were confronted with the alternative of going to work under new rules to be laid down by the bosses or giving up their positions.

—Old records say that the law once took a hand in reducing the size of women's sleeves in Venice That was in 1803, and the effect was soon seen in the extravagant train that women added to their gowns. As soon as the puzzled dressmakers realized what was the matter, they curtailed the skirt by a second edict to be again circumvented by the great magnificence of both skirts and sleeves, which were blazoned with embroideries of gold, and set with precious stones, These, too, were enacted out of fashion, but only while the women were getting breath for a fresh contest, and a sleeve that exceeded in cost anything that had gone before, for they were both wide and long, reaching even the hem of the dress These were the arm coverings that called forth the last fiat from the Venetian Senate.

You didn't mention no names, but I knew who you was driving at, and I must say, Elder, that I don't like this way of—'
'But my dear Deacon Ironside, you totally misapprehend. The subject this morning was The Rebellion in Heaven, and when you came in I was trying to picture the depravity of Lucifer, the arch apostate, I am truly sorry, Deacon, if I seemed to—'

IN SESSION AT DORCHESTER

THE PROCEEDINGS OF THURSDAY AND FRIDAY.

The Council began session Thursday morning at 9.30, Warden Kay in the chair. A petition was presented by Coun. Petition laid aside as the council has no power in such matters.

Coun. Hennessey presented a petition to make School District No. 8 Moncton a pound district. Granted.

By Coun. Lowerison, that no horses or cattle go at large on road through Dixon Island marsh, Sackville, from road near Richardson's to gate near James Robinson's Marsh.

SCOTT ACT BUSINESS

At 11.45 the committee on public accounts rose and Warden Kay took the chair, when Scott Act Inspector McCully was heard from in re Scott Act. His explanation differed slightly from Mr. Powells on something the Judges did not decide positively upon.
Following is a summary of Scott Act business:
Total cases tried, 32; total amount of fines, $1200; Receipts, 1026 15 Expenses 763.60; Bal. in favour of Act, 262 55
Coun. Alward then reported that he had been requested to call on F. W. Emmerson, Stipendiary Magistrate, of Petitcodiac, in re $100 in Mr. Emmerson's hands, and that Stipendiary Emmerson said he had a claim against the county for some $46 and would pay the county the $54 as he proposed last year that Mr. Emmerson thought as the justices had been settled with and paid for summary conviction cases, that he should too.
The Council held that were Mr. Emmerson's bill correct he could get it but it would be illegal for it to take Scott act money to pay him. Adjourned.

AFTERNOON SESSION.

DORCHESTER, Jan 4.—Council met at 1.30 p. m, Warden Kay in chair. Coun Smith presented a petition asking for horses, cattle, &c, to be allowed to run at large in all roads, except main roads, in Pound District No 11 the fees of a number of the collectors and assessors were then fixed:
Moncton—Collector, 5 per cent.; assessors 1½ per cent.
Shediac—Collector, 4 per cent.; assessors, 3 per cent.
Salisbury—Collector, 4 per cent.; assessors, 2 per cent.
Sackville—Collector, 3 per cent.; assessors, 3 per cent.
Dorchester—Collector, 3½ per cent.; assessors, 2 per cent.
Westmorland—Collector, 3 per cent.; assessors 2 per cent.
Botsford—Collector, 3 per cent.; assessors, 2 per cent.
In every case the Collector's percentage is on the actual amount collected, the assessor's on the whole assessment.

Dr. Mitchel's bill for expert testimony in Stevens' case was discussed at some length Ex-Warden Ogden said it was before the court and the judge wanted to rule on it so their decision could be a precedent for future cases W. B. Chandler, attorney for Dr Mitchell came before the council and was understood to say that no order for mandamus was asked for therefore it was not before the court Mr Ogden was certain he was served with the order so it was decided to lay it over till to-morrow to hear.

Mr. Powell and Walter Dobson made application to lease old registry office. Referred to committee on public buildings, &c.

Committee on Public Accounts then resumed work.

Coun. LeBlanc made a motion compelling butchers to register mark of sheep slaughtered by them and name of party from whom purchased Motion ruled out.

Committee on Public Accounts rose to receive Auditor's report before a full board Coun Trueman in the chair. At 5 p m the auditor's report was read He reported that he found the Treasurer's accounts agreed with the bank accounts and vouchers were on file for all checks issued.
The receipts for the year 1893 were $34, 999 78, expenditure $32,720 68 including $1 219.33 interest on current account and leaving a balance due banks, Dec. 31st 1893 of $6060 96 against $8338.06 balance for previous year. The largest part of this balance has since been paid as is more particularly shown by accounts submitted The accounts of different parishes are as follows:

Parish of Botsford, bal. due Co		$ 89 77
" Dorchester	"	827 96
" Shediac	"	217 18
" Sackville, bal due parish.		35 21

It will be noticed that while all the other parishes are indebted more or less deeply to the county, Moncton owing $551 and Dorchester $827, Sackville stands, not only clear of debt but with a credit of $35. It will also be noticed that in Sackville parish a so the commission of an assessor is equal to that of a collector or in other words the amount assessed and the amount collected are practically the same Moncton shows an improvement and the councillors speak well of the system of refunding 5 per cent to those who pay their taxes before S pt. 1st
W. Hazen Chapman, clerk of county court, appeared before the council and explained that the water closet in court house was in a bad state and dangerous to health, and the council decided to have a new building erected and proper sanitary measures taken. Coun Ogden and Dr. Gaudet were added to the committee on court house and jail.
In the evening Warden Kay gave an oyster supper to his brother councillors and a number of the citizens of Dorchester.

THURSDAY EVENING.

After tea Warden Kay took the chair and the matter in re McNutt incarcerated for Scott act fine was taken up. A statement was read from the prisoner stating that he was imprisoned wrongfully, and had only one leg and his wife was in a suffering condition physically and his family needed his presence at home.
Coun. Gaudet then made a motion requesting sheriff to allow said prisoner to go home.
Several expressed deep sympathy for he man and wished to see him released.
Coun. Atkinson said while he sympathized deeply with the poor man he thought it very imprudent to recommend the sheriff to do a thing he could not do and he did not think it would be doing justice to the public business of the county to do so. Coun. Atkinson showed how in Moncton the same course was pursued in some criminal charges and now on account of the dangerous precedent established several applications of a like character had been made.
Sheriff McQueen endorsed Coun. Atkinson's ideas and felt it would be dangerous to take such a course, as others would seek the same redress who are not as deserving of consideration as this unfortunate man who is now incarcerated and deserving of our sympathies.
The motion was carried.
The Board were unanimously in sympathy with the unfortunate man and several expressed regret that the inspector would incarcerate such physical wrecks and not punish men prepared to pay.

FRIDAY MORNING'S SESSION.

Friday, Coun. Riley moved the adoption of list of parish officers for Botsford. Carried.
Coun. Atkinson introduced a memorial from York municipality asking co operation of Council in bringing pressure to bear on the Local Legislature to relieve the municipalities of burdens lately imposed.
Coun. Atkinson and others thought the Local Legislature was competent to deal with such matters and the memorial was dropped.
Coun. Peacock moved the adoption of the Division of Road Districts for Botsford. Carried.
Also to repeal pound law in Cape Bauld, District No. 1. Carried.
Coun. Smith moved that pound keepers and field-drivers fees in Shediac be same as Sackville. Carried.
Moved by Coun. Alward seconded by Coun. Riley that two constables be employed at Court instead of one. Carried.
Coun. LeBlanc moved adoption of list of parish officers for Shediac. Carried.
Coun. Alward moved adoption of list of parish officers for Salisbury. Carried.
Coun. Ogden moved that all surplus money from Sackville be voted overseers of poor for Sackville. Carried.
Coun. Lowerison moved that all road surveyors and commissioners in the County, report acording to law and if not that the secretary issue his warrant, compelling them to do so. Several road surveyers and commissioners have not reported and as this is an easy thing to do, the motion is not an unreasonable one.
Mr. Powell then came before the Board and explained that the ex-warden was slightly in error in the Dr. Mitchell matter as no order had been served upon Mr. Ogden. It was another paper that Mr. Ogden thought was this paper. The matter is now before the court. Mr. Powell also stated that there was last winter a bill before the Legislature to give M. D's. not less than $5, or more than $10, but did not become law. It would be up again next session of legislature and he (Mr. Powell) would like to know if the council had any recommendation in the matter. Mr Powell then explained, as he did before, that costs or expenses, in 145, Sect. of Liquor License Act, did mean legal costs and nothing more.
Coun. Lowerison seconded by Coun. Alward, that a committee be appointed to wait on Dr. Mitchell to compromise in regard to his bill against the county.
On motion of Coun. Hennessy the committee appointed are Couns. Smith, Lowerison and Hennessy.
On motion of Coun. Trueman, list of parish officers of Westmorland was passed.
Coun. Atkinson moved and Coun. Alward seconded to memorialize the Legal Legislature to fix the fees of the medical profession in attending as witnesses and giving expert testimony. Carried.
Moved by Coun. Atkinson seconded by Coun. Riley that section passed this morning be rescinded and the following substituted that not more than 2 constables be employed to attend courts and their pay $1.50 per day only for actual number of week days they may be employed. Carried.
Moved, seconded and carried that the tenders of E. Ayer, D. Gotreau and S. Cole to take care of court house be referred to the committee on public buildings. Carried.
Coun. Alward suggested that a contract be written and entered into by the party so that no trouble would arise in the future as to the duty of such caretaker.
Secy. Oulton replied that such course would be pursued in this case, although it had not been done in the past. Adjourned till 1 o'clock.

AFTERNOON SESSION

After dinner a vote of thanks moved by Coun. Alward and seconded by Coun. Atkinson was voted to Coun. Odgen, thanking him for his very efficient services during his incumbency of the Wardenship of this county for some 12 or 13 years.
Moved by Coun. LeBlanc, seconded by Coun. Smith, that School Dist. No. 3 Shediac, be a pound district. Carried.
Coun. Atkinson then introduced Scott Act matters and moved that the following bills be paid:

Geo. Lawrence	$35 25
P. J Sweeney	17 25
S Estabrooks	17 90
R Carter	47 65
W Cahill	45 65
