It is practicable for Tailors, Cap Makers, Shoe makers, Shirt Makers; in fact, almost all kinds of sewing usually done with the needle, can be done with this Machine. As for cheapness and durability, they far excel any ever offered to the public. It will seam curved or straight seams. Any child twelve years old can do the work of several persons. Every family that has much sewing should have one of these Machines, as it is truly a labor-saving Machine. The public generally are respectfully invited to call and witness the wonderful amount of labor produced by the little Seamstress. Price of Machine, $60.

PRICES OF BOARD FOR THE SEASON OF 1851:—
FIVE SHILLINGS PER DAY, or FIVE POUNDS PER MONTH.

Caledonia Springs, 2nd June, 1851.

MONTREAL, 4th June, 1851.

DEAR SIR,—In compliance with your request, I have much pleasure in giving you my opinion of the extraordinary efficacy of the Water of the Caledonia Springs, so long and highly appreciated by the Public, based upon the observations of some twenty-five years' experience, and tested as they have been by a great many patients of mine and others, labouring under Dermoidal affections and the different forms of disease to which the human frame is liable, I consider them invaluable. Few persons, except those who have suffered from the dreadful malady, can justly appreciate their wonderful salutary effects. I have often seen persons martyrs to this disease, (myself for one during ten years,) which baffled all medical skill, both in England and on this Continent, resort to the Caledonia Springs walking on crutches, and others that could not walk at all, wheeled out by patient sufferings, and their general health disordered and broken down by confinement and want of exercise, return to their homes free from pain, leaving behind (with unspeakable joy) their crutches, and with health, strength, appetite, and activity perfectly restored. Such, I say, are results are the curative action of these Waters, the intermittent and Sulphur Springs in particular, have been almost as efficient in other diseases, such as Lues, generally called *Salt Rheum*, and other affections of the skin; in a variety of Dyspeptic Complaints, Chronic Affections of the Liver and Kidneys; and I am sure that a number of those cases that leave the Springs greatly benefited, but not completely restored, would have been cured by a more extended use of the spa. That these Waters have acted in many diseases as a specific, seems to be generally admitted, and so much respectable testimony to this effect has already been laid before the Public, that to say more would be superfluous.

H. MOREY,
Member of Royal College of Surgeons, London.

To John L. Wilkinson, Esq.,
Proprietor of the Caledonia Springs.

MONTREAL, 12th December, 1848.

DEAR SIR,—I have to state that I consider the use of the Caledonia Waters a very valuable curative agent in the treatment of many forms of disease. Circumstances enable me to grant you a favorable testimony with more the usual precision, many of my own Patients tested the efficacy, and derived great benefit from the use, of the Waters. Of all diseases that have come under my notice, in which I prescribed the use of the Caledonia Waters, none appeared more beneficial results, Chronic Rheumatism ranks the first. Many of the cases in this disease have been truly astonishing. I have had lot of such sufferers, which I attended, a delicate female, who had been suffering severely for more than nine months; she had completely lost the use of her limbs, and could only walk a few steps with great pain and difficulty. After a residence of six weeks at the Springs, she returned free from pain, and strong enough to walk a considerable distance without fatigue. I have also found the Waters useful in Dyspepsia and Urinary Complaints, in Chlorosis, Secondary Syphilis, and some of the forms of Cutaneous Disease.

In conclusion, allow me to add, from a personal visit to your Establishment, that (independently of the salutary effects of the Waters) the great comfort you have bestowed on it, in the improvement of the place, and the unwearied care and attention which you bestow in the conduct and management of your Establishment, entitled you to a large share of public patronage and support.

I remain, dear Sir, yours very truly,

Geo. W. Campbell, M.D.,
Lecturer on Surgery, McGill College.

To the Proprietor of the Caledonia Springs.

MONTREAL, December 8th, 1848.

SIR,—I beg to state that I consider the Caledonia Waters efficacious in cases of Dyspepsia, Chronic Affections, or where the constitution has been impaired by the injudicious use of Mercury, and ill-treated Syphilis; I would also add, in certain Cutaneous Diseases. I have frequently recommended their use to the above class of patients, and witnessed their good effects. I hope that the benefits that are derivable from them may not be lost to society, by the indiscriminate use of Mercury, followed by repute.

I have never visited the Establishment, but I have other heard it most favorably spoken of.

I am, Sir, your obedient servant,

Thomas Cranstoun, M.D.

To the Proprietor of the Caledonia Springs.

☞ A FRESH SUPPLY of the above WATERS has been received at the Depot, which can be had at the Counter, or sent to order to any address in town or country. Price of the Water very moderate.
