A BY-LAW

To authorize the Municipal Council of the Township of Stanley to borrow the sum of Two thousand Five hundred pounds on the credit of the Consolidated Municipal Loan Fund, for the purpose of building a Harbour at the mouth of the River Bayfield in the said Township.

WHEREAS by an Act of the Provincial Parliament, 16th Victoria chapter 22, entituled "An Act to establish a Consolidated Municipal Loan Fund for Upper Canada," it is enacted "that it shall be lawful for the Corporation of any County, City, Incorporated Town, Township, or Village, by By-Law to authorize any sum of money to be raised on the credit of the said Consolidated Municipal Loan Fund, and to appropriate such sum or so much thereof as may be found requisite to defray the expense of building or improving any Gaol or Court House for the use of such Municipality, or for acquiring, making, constructing or completing or assisting in the making, construction or completion of any Railroad, Canal or Harbour, or for the improvement of any navigable River, within or without the Municipality, but the acquisition making or construction whereof will benefit the inhabitants of such County, City, Town, Township or Village." AND WHEREAS the building of a Harbour at the mouth of the River Bayfield, on the boundary of the Townships of Stanley and Goderich, in the County of *Huron*, one of the United Counties of Huron and Bruce, would greatly benefit the inhabitants of the said Township of Stanley, and increase the value of property therein, and the inhabitants of the said Township are desirous of having the said Harbour built, and are willing that a special sum of money be borrowed upon the credit of the Consolidated Municipal Loan Fund aforesaid, for the purpose of building and completing the same, and that the rateable property within the Township should be taxed for the period of thirty years from the first day of January next, for the purpose of redeeming the interest and principal of the said Loan.

AND WHEREAS, it appears, by Plans and Estimates of the said Harbour submitted to the Municipal Council of the said Township, that it will require the sum of Two thousand Five hundred pounds to build and complete the said Harbour—and it will require the sum of Two hundred pounds to be raised annually upon all the rateable real and personal property within the said Township to pay the sum of eight per cent. —to redeem the interest and form a sinking fund for the redemption of the principal,—in addition to any further sums that may be required from time to time by the Receiver General of the Province, in term of the above cited Municipal Loan Fund Act.

Be it therefore enacted by the Municipal Council of the Township of Stanley,

1st. That the Municipal Council of the Township of Stanley under and by virtue of the before mentioned Act shall raise the sum of Two thousand Five hundred pounds on the credit of the said Consolidated Municipal Loan Fund Act, to be expended on the building and constructing the Harbour aforesaid, which said sum of £2500 shall be repaid with interest at the expiration of thirty years from the date of first payment on account of the said Loan received from the Receiver General on the authority of this By-Law.

2nd. That the Treasurer for the time being of the said Township of Stanley, shall on the first day of January in each year during the continuance of the said Loan, pay over to the Receiver General of this Province, all profits received by the Council of the said Township on account of any toll, wharfage, custom, rent or otherwise received on account of the said Harbour by the said Council, or as much thereof as may be required by the said Receiver General in terms of the above mentioned Act.

3rd. That for affording additional security for the due payment of the interest and principal of the said Loan there shall be raised annually, upon all the rateable real and personal property within the said Township of Stanley, during the continuance of the said Loan the sum of Two hundred pounds over and above and in addition to all other rates or taxes imposed upon the rateable property of the said Township, any further sum or sums that may be required from time to time by the Receiver General of the Province in terms of the above mentioned Act, as may be required by him in addition to the profits mentioned in the preceeding section of this By-Law.

NOTICE.

THE above is a true copy of a By-Law to be taken into consideration by the Municipal Council of the Township of Stanley after the expiration of one month from the seventh day of April, instant (the date of the first publication of the said By-Law) at Cooper's Tavern, Goshen Inn, in the Township of Stanley, and that on Friday the twenty ninth day of April next, at the hour of eleven of the clock in the forenoon at Cooper's Tavern aforesaid, a general meeting of the qualified Municipal electors of the Township of Stanley will be held for the purpose of considering the said By-Law, and approving or disapproving of the same.

A BY-LAW

To raise by way of Loan the sum of Five thousand five hundred pounds, and interest payable within ten years, for the erection of a Bridge across the River Maitland at the Town of Goderich.

WHEREAS it is expedient to raise by way of Loan, the sum of Five thousand five hundred pounds for the purpose of defraying the expense of building a Wire Suspension Bridge over the River Maitland at Goderich, and it will require the sum of Seven thousand three hundred and fifteen Pounds, to be raised as a special rate for the payment of such Loan and the interest thereof for the space of ten years from the sixth day of May next ensuing, until the sixth day of May in the year of our Lord one thousand eight hundred and sixty two both years inclusive.

AND WHEREAS the amount of the rateable property within the United Counties of Huron and Bruce amounts to seven hundred and seventy five thousand, four hundred and ninety one pounds three shillings and one penny, assessed value for the year one thousand eight hundred and fifty-two—including the value of assessed rateable property within the Town of Goderich—the assessed real or capital value of the rateable property within the said Town being for the year one thousand eight hundred and fifty-two, the sum of £96,700, and the assessed value of the rateable property within the remaining portion of the United Counties of Huron and Bruce for the same year being £678,791 3 1—and it will require the several rates in the pound mentioned in the Schedule appended hereto and forming part of this By Law, upon all the rateable property within the United Counties aforesaid, including the incorporated Town of Goderich, as a special rate for the payment of said interest and for the creation of a sinking fund for the payment of the principal of such Loan, according to the requirements of the 17th section of the Act 12th Vic. chap. 81.

AND WHEREAS the consent of the Corporation of the Town of Goderich has by a resolution of the said Corporation been obtained, to the effect that the rateable property within the said Town, will be taxed in an equal proportion with the rest of the rateable property within the United Counties aforesaid, during the continuance of this By-Law, or until the whole of the above mentioned sum and interest is fully satisfied and discharged.

Be it therefore enacted by the Municipal Council of the United Counties of Huron and Bruce.

1st. That it shall and may be lawful for the Warden of the said United Counties to raise by way of Loan, and at a rate of interest not exceeding six per cent per annum, from any person or persons, body corporate or politic, who may be willing to advance the same upon the credit of the Debentures hereinafter mentioned, a sum of money not exceeding in the whole, the sum of Five Thousand five hundred pounds, and to cause the same to be paid into the hands of the Treasurer of the said United Counties.

2nd. And be it further enacted, That for affording evidence of the said Loan, and for securing the payment thereof with interest, it shall be lawful for the Warden to cause to direct any number of Debentures, to be made in sums of not less than Twenty-five pounds each, and not exceeding in the whole, the sum of Five thousand five hundred pounds, as any person or persons, body corporate or politic, shall agree to advance on the credit of such Debentures—which Debentures shall be sealed with the seal of the said Municipal Council, signed by the Warden and Treasurer respectively, and countersigned by the Clerk of the said Council, and made out in such manner and form and payable at such periods not exceeding ten years, as the Warden shall think fit.

3rd. And be it further enacted, That the interest on such Debentures shall be made payable half yearly at the County Treasurer's Office in Goderich, and the sum of Five hundred and fifty pounds being the tenth part of the said Five thousand five hundred pounds shall be made payable yearly at the office of the said County Treasurer in Goderich.

4th. And be it further enacted, That the Special rates enumerated in the Schedule appended to this By Law shall be raised levied and collected over and above and in addition to all other rates whatsoever in each year for the payment of the said debt to be created by the said Loan with the interest thereon, until the same shall be fully paid and discharged, upon all the rateable real and personal property within the said United Counties, including the incorporated Town of Goderich, and upon the rateable property within every Incorporated Town or Village which shall hereafter be incorporated within the United Counties during the continuance of the said Loan, such and the proceeds of Special rate so to be raised levied and collected, shall be applied solely to the payment and satisfaction of such Debentures, and the interest thereon until such Debentures and the interest thereof shall be fully paid, satisfied and discharged.

5th. And be it further enacted, That the said sum of Five thousand five hundred pounds when so paid into the hands of the said Treasurer shall be appropriated towards defraying the expense of building the said Wire Suspension Bridge.

6th. And be it further enacted, That this By-Law shall be in force only and take effect from and after the sixth day of May next.

The great popularity which Moffat's Life Pills and Phœnix Bitters have attained, in consequence of the extraordinary cures effected by their use, renders it unnecessary for the proprietor to enter into a particular analysis of their medicinal virtues or properties. Having been more than twenty years before the public and having the united testimony of more than Three Millions of persons who have been restored to the enjoyment of perfect health by them, it is believed that their reputation as the best vegetable medicine now before the public, admits of no dispute. In almost every city and village in the United States, there are many who are ready to testify to their efficacy in removing disease, and giving to the whole system renewed vigor and health.

In cases of Scrofula, Ulcers, Scurvy or Eruptions of the skin, the operation of the Life Medicines is truly astonishing, often removing in a few days every vestige of these loathsome diseases, by their purifying effects on the blood. Fever and Ague, Dyspepsia, Dropsy, Piles, and in short most all diseases, soon yield to their curative properties. No family should be without them, as by their timely use much suffering and expense may be saved.

GEO. W. MERCHANT'S
CELEBRATED GARGLING OIL
UNPARALLELED IN THE HISTORY OF MEDICINE
As the most remarkable External Application ever discovered.

"They can't Keep House without it."

Experience of more than fifteen years has established the fact that Merchant's Celebrated Gargling Oil, or Universal Family Embrocation, will cure most cases, and relieve all such as

Spavins, Sweeney, Ringbone, Windgalls, Poll Evil, Callous, Cracked Heels, Galls of all kinds, Fresh Wounds, Sprains, Bruises, Fistulas, Sittfast, Sand Cracks, Strains, Lameness, Foundered Feet, Scratches or Grease, Mange, Rheumatism, Bites of Animals, External Poisons, Painful Nervous Affections, Frost Bites, Boils, Corns, Whitlows, Burns and Scalds, Chilblains, Chapped Hands, Cramps, Contractions of the Muscles, Swellings, Weakness of the Joints, Caked Breasts, &c. &c. &c.

GREAT IMPOSITION AND FRAUD!
CAUTION TO PURCHASERS.

This oil has become so celebrated in the treatment of diseases, and as a consequence, the demand becoming great throughout the country—the cupidity of designing men, have induced them to palm off unos unsuspecting persons an imitation article for the *Genuine Gargling Oil*, fearing thus to rivle their base MATTER into market upon the popularity of the only true article, which now sustains an enviable reputation, which it has acquired by nearly sixteen years use in the United States and Canada. Its increasing demand and wonderful success, in the cure OF ALL FLESH, and HORSES in particular, induced some persons to ATTEMPT its imitation in various ways, which is a CONVINCING PROOF OF ITS INTRINSIC VALUE.

The most unblushing knavery however, is practised by certain unscrupulous dealers who are imposing upon the victims of their avarice, a counterfeit for the genuine Gargling Oil. The possible sacrifice of the life or property of a fellow man is a secondary consideration with these unprincipled druggists. Who, then, can be safe? Men who will thus impose on the credulity of their customers; may they not be guilty of the same cupidity in regard to any or all other medicines of known reputation? What confidence can you place in them?

The proprietor would therefore caution those who purchase. *Be sure that the name of the proprietor is on his own handwriting over the cork, and three words are blown in the glass of the bottle:* "G. W. Merchant, Lockport, N. Y." who is the ONLY LEGITIMATE PROPRIETOR. None other can be genuine. This is done that the public may not have away their money for a worthless and counterfeit article.

All orders addressed to the proprietor will be promptly responded to.

JUDSON'S
CHEMICAL EXTRACT OF

CHERRY AND LUNGWORT,
FOR THE CURE OF
Coughs, Colds, Hoarseness, Spitting of Blood, Night Sweats, Asthma, Liver Complaints, and
CONSUMPTION.

DEATH can be and has been prevented in thousands of cases by this nature's own remedy, Judson's Chemical extract of CHERRY and LUNGWORT. This medicine unlike most of the patent remidies of the day is the result of careful study and experiments of a scientific and experienced Physician. The two principal ingredients have long been known and celebrated. WILD CHERRY BARK. When the strength of this is properly extracted is the best medicine known for curing the worst Coughs and other Pulmonary diseases, it loosens the phlegm and enables the sufferer to expectorate easily, and alone will cure the worst cold or cough, which if neglected always leads to Consumption.

LUNGWORT.—This is a plant the virtues of which are known to but few, it has been said by the most learned men of all times, that "nature has provided a remedy for each and every disease," and the discoveries that are daily made, go to prove its truth. Lungwort is doubtless the remedy designed by nature for Consumption. Its healing properties are truly wonderful, and the rapidity with which it cures the worst cases of Ulcerated Lungs, soothing and subduing all irritation, almost immediately, is a proof of its adaptation to this disease.

These two articles combined with other purely vegetable ingredients, form a medicine that is certain to cure the worst cases of Consumption if taken before the sufferer is entirely prostrated.—Do not be discouraged, a trial can do no harm, but will convince the most sceptical of its real worth. Thousands of Consumptive persons have been deceived repeatedly in buying medicines which were said to be infallible cures, but which have proved only palliatives, but this medicine is not only palliative but a cure for ulcerated lungs. It contains no deleterious Drugs and one trial will prove its astonishing efficacy better than any assertion or certificate in curing consumption and all diseases of the Lungs and Liver, such as Spitting of blood, Coughs, pain in the side and chest, night-sweats, &c.

CAUTION.—To protect our own as well as the interest of the consumptive sufferer, we are obliged to caution all to find the signature of COMSTOCK & BROTHER on the wrapper, without this it is a worthless counterfeit. Remember this.

Its positive qualities are as follows: 1st It frees the head from dandruff, strengthens the roots, imparts health and vigor to the circulation, and prevents the hair changing colour or getting gray. 2d. It causes the hair to curl beautifully when done up in it over night. This Balm is made from the original receipt procured from the original Turkish Hakim (physician) of Constantinople, where it is universally used.—The Turks have always been celebrated for their wonderful skill in compounding the richest perfumes and all other toilet articles. In Turkey the aromatic herbs, &c. of which this Balm is composed, are almost universally known and used for the hair. Hence a case of baldness or thin head of hair is entirely unknown in that country. We wish but one trial to be made of it, that will do more to convince you of its virtues than all the advertisements than can be published, and that all may be able to test its virtues, it is put up in Large Bottles at the low price of 50c per Bottle.
