GREAT CLEARING SALE.—We advise the public to read and take advantage of the inducements offered by Mr. John Harris, in his advertisement in another column.

TEMPERANCE LECTURE.—Dr. J. B. Aylesworth, delivered a very able lecture in the Temperance Hall, on Wednesday evening, to a considerable audience.

HARBOR WORKS-We understand some 60 men are at work in the woods, along the Lake shore northwards, taking out hemlock timber for the Harbor works.

CALLER HERRIN'—The fishermen are now busy setting their nets through the ice, and have been rewarded with herring and perch in abundance and an occasional lusty trout.

TECUMSETH WELL.—Mr. Fisher is constructing at the well a large pan on Mr. Platt's own principle, in a substantial and workmanlike manner.

Wingham.

To give a history of our flourishing village would perhaps take too much space in your paper, but I might give a short account of its origin, its progress and its prospects for the future. It has not been much more than ten years since the first house was erected in Wingham and since that time it has continued to increase in size wealth and commerce with unsurpassing rapidity.

The business men of Wingham are so energetic and also so enthusiastic that principally to them is due our great success. There are now in full blast two grist mills two saw mills and an oatmeal mill. In this trade alone they rival any in the County. There are a large number of merchants, mechanics, tradesmen, and we are sorry to say a few loungers (the latter may be found in any large town) so Wingham is excusable.

To judge from the meetings held by the London and Hamilton Companies we are soon to have a Railroad, as both Companies seem determined to run their line through; and the people of Wingham are not backward in encouraging them. The Winghamites are not only willing but ready to give a large bonus to one of the Companies, but as yet it is hard to tell which will ultimately succeed. It is now talked of by a number of our enterprising citizens, of petitioning Parliament to make a canal up the Maitland River, and if this great boon is realized, we may with confidence expect to see Wingham, before long a flourishing city, rivalling any in the Dominion.

Progress is our watchword and Excelsior our motto

SURPRISE—On the 5th of this month Mr. Flack our worthy citizen was waited on by a large number of his friends not only from the village but also from the surrounding country and was presented with a purse containing $120 as a token of their gratitude to him for his past labour. Mr. Flack has laboured as a local preacher for the Wesleyan Methodists for the past five or six years, and has shown himself worthy of the respect which has been conferred upon him.

London, Huron & Bruce Railway

MEETING OF THE COMMITTEE ON BONUSES AND DEPUTATIONS.

On Friday a full meeting of the above Committee took place at the office of Mr. T. Churcher. The following were present: Messrs, C. P. Smith, Williams, J. Johnston, R. Reid, L. C. Leonard, T. Thompson, Gunn, J. H. Smith, Major Walker, J. H. Flock, J. Cameron, G. Moorhead, S. Blackburn, A. Rowland, M. Anderson, J. Atkinson. Thos. Churcher, and Mr. A. Andrews of Kincardine.

Minutes of previous meeting confirmed.

Mr. R. Reid took the chair and Mr. T. Churcher officiated as Secretary.

Mr. C. P. Smith reported the proceedings of the delegates at the meeting at Crediton on Thursday, which resulted very favorably, and a resolution was carried instructing the Reeves of the County of Huron to vote a bonus of $200,000 towards the proposed railway.

Moved by Mr. C. P. Smith, seconded by Mr. T. Thompson, and resolved that the following meetings be held during the coming week:—

At Irishtown, on Tuesday, at 4 p. m.
At Ellimville, on Wednesday, at 11 a. m.
At Exeter, on the same day, at 4 p. m.
At Zurich, on Thursday, at 11 a. m.
At Varna, same day, 4 p. m.
At Clinton, on Friday, at 2 p. m., to meet the Reeves and Deputy Reeves of the County of Huron.

Mr. Andrews, editor of the Kincardine *Reporter*, made a statement to the effect that since the meeting at Kincardine, attended by the London Delegates last week another meeting had been held by the citizens of Kincardine, to promote the objects of the road, when resolutions were passed unanimously, cordially approving of the railway project, and nominating a Committee to work with the village Council.

The following gentlemen were nominated to attend forthcoming meeting next week: Messrs. E. Bynan, L. C. Leonard, Alex. Johnston, M. Anderson and T. Churcher.

Moved by Mr. Anderson, seconded by Mr. Thompson that this meeting have heard with satisfaction that the citizens of Kincardine have organized a Railway Committee to co-operate with the London Board of Trade to connect that a series of meetings be held in the townships of Kinloss, Huron, and Kincardine and that Committee at Kincardine be requested to assist the London Deputations in the arrangements necessary therefor.

☞ Twenty years experience in using Bryan's Pulmonic Wafers have proved them to be the most effectual remedy for coughs and irritation of the throat, caused by cold, or unusual exertion of the vocal organs; public speakers and singers will find them most beneficial. The entire freedom from all deleterious ingredients renders Bryan's Pulmonic Wafers, or Cough and Voice Lozenges, a safe remedy for the most delicate person, and has caused them to be held in high esteem by all who have used them. Sold by all medicine dealers at 25 cts. per box.

THE FENIAN OVATION.—We hate parades, Even when most seasonable, they are not calculated to increase the sum of human happiness, while in the dead of Winter, and over the mire and slush of thawing snow, they are nakedly abominable. Then parades are for victors, and Irish patriots are not and seldom have been triumphant. We submit, therefore, that the Fenian exiles might well have been spared the ovation of Thursday, cordial and imposing as it was. However, their admirers thought otherwise, and New York turned out imposingly to do them honor. Here, we respectfully suggest, the business ought to stop. Brooklyn, Philadelphia, and other cities stand ready to renew their welcome; but to what end? Might not the will be wisely taken for the deed?—*N. Y. Tribune of Saturday.*

Why "fall" in love? It is a period of unusual elevation! Why not soar, or float, or leap, or fly, or climb in love, according to temperament?

An unmarried preacher is wanted in Leavenworth. One (the advertisement says) desiring an engagement is requested to orrespond with Sister Kate Hanson.

Gen Butler lately answered a man who asked him how he could defend Grant:—"You forget, my dear sir, that I have always been a criminal lawyer."

The newspapers announce that a Catholic league has been formed in Belgium to prepare an armed expedition against Italy, with branches established in Austria and Spain, and some of the provinces of France, and a meeting place in some Island in the Mediterranean. The Italian Government have received information of the conspiracy.

A scientific lecturer on walking says his experiments show that one side of the body always tends to outwalk the other side. It is not possible, when the eyes are shut, to walk in a straight line for any length of time. And it will be found, where persons lose their way, that they almost invariably wander off to the right rather than to the left.

THE QUESTION SETTLED.—Those eminent men, Dr. James Clark, Physician to Queen Victoria, and Dr. Hughes Bennett, say that consumption can be cured. Dr. Wistar knew this when he discovered his now widely known BALSAM OF WILD CHERRY, and experience has proved the correctness of his opinion.

HOW TO MAKE MONEY.

A horse dealer residing in the vicinity of Keyport, N. J., and who buys up horses for the New-York market, purchases Darley's Arabian Heave Remedy by the dozen and feeds it to his horses; he says it is superior to anything that he has ever used as a condition medicine, that the horses are so much more improved by its use as to sell more readily and command higher prices. Two other horse dealers, one residing at Huntingdon, the other at Glen Cove, L. I., also purchase it by the dozen and for the same purpose: these men, as well as many others similarly engaged, know too well the value and importance of this medicine ever to be without it.

Remember the name, and see that the signature of *Hurd & Co.* is on each page.

Northrop & Lyman, Newcastle, C. W., proprietor for the Canadas. Sold by all Medicine dealers.

A BUNCH OF KEYS.—The key of the palace, lack-key; the key of the stable, jock-key; the key of the convent, mon key; the key of the kitchen, tur-key; the key of the collar, whis key; the key for curing colds, frost-bites, sprains, bruises, burns, is the "Canadian Pain Destroyer," at 25 cts. per bottle. Ayer's Hair Vigor,

For restoring Gray Hair to its natural Vitality and Color.

A dressing which is at once agreeable, healthy, and effectual for preserving the hair. *Faded or gray hair is soon restored to its original color, with the gloss and freshness of youth.* Thin hair is thickened, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed. But such as remain can be saved for usefulness by this application. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. Free from those deleterious substances which make some preparations dangerous and injurious to the hair, the Vigor can only benefit but not harm it. If wanted merely for a

HAIR DRESSING,

nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts long on the hair, giving it a rich glossy lustre and a grateful perfume.
