PIANOS. PIANOS.

The Musical Opinion and Music Trade Review, published in London, Eng., April 1, 1887, under the heading "CANADIAN MUSICAL EXHIBITS AT THE COLINDIES EXHIBITION," has the following:

Referring to Piano Fortes of Messrs. Heintzman & Co., Dr. Stainer says as follows: "I much regret that, owing to the late period at which I was called upon to make a report, all the more important instruments exhibited by this firm HAD BEEN SOLD AND REMOVED. But those remaining fully justified their high reputation. An Upright Grand, which I examined was in every respect a fine instrument; the touch was sympathetic and had a good repetition; the tone was full and rich. I also tried a specimen style No. 9, which was equally deserving of unqualified praise."

NEW YORK, April 13.—A Panama letter says that work on the canal progresses, and now that the lock system has been definitely adopted Eiffel's men declare that they can easily effect the work they have undertaken.
