THRASHING MACHINES.

LETTERS PATENT.

TIME AND LABOR SAVED IS MONEY EARNED.

THE subscribers having secured to themselves the exclusive right of manufacturing and vending to others to use within the territory of Upper and Lower Canada,

SEVERANCE'S CELEBRATED IMPROVED HORSE-POWER & THRASHING MACHINE,

one of the most valuable time and labor saving Machines ever devised by human ingenuity, respectfully inform the public, that they have just completed a new and extensive Factory on Wellington Street, extending from Prince to George Street, which gives them more than double the accommodations they had at the old shops, which will hereafter, they trust, enable them to supply the whole farming community of the United Provinces with a machine that will thrash and clean more grain in a day, with less expense and with greater cleanliness, than any other known invention—only requiring two horses.

We beg leave to say to our customers and friends, that we are again prepared to furnish those in want of Thrashing Machines with an article superior even to those heretofore manufactured by us.

Our long experience in making, and the very liberal patronage we have enjoyed in the sale of our Machines, has, together with a constant determination to produce an article that will never fail to excel all others, caused us to watch carefully all the improvements that could be made from time to time, until now we feel confident in saying, that for durability, neatness of work, and amount of it they can do, our Thrashing Machines are unequalled by any in use. And while the grain is thrashed clean, and none of it break or wasted, it is, at the same time, perfectly cleaned, fit for the Mill or any Market.

All orders addressed to us, or our Agent, WM. JOHNSON, will be promptly attended to.

Machines shipped to any part in Canada, and every one warranted to be as good as recommended.

Liberal terms of payment allowed.

B. P. PAIGE & CO.

Whereas, Letters Patent were obtained, bearing date March 5, 1849, on said Machine, the public are cautioned against purchasing, using, or manufacturing any imitation article, as all infringements will be dealt with according to the law of the land.

All genuine Machines will be accompanied by a Deed signed by B. P. PAIGE, the owner of the right, giving the purchaser the right to use or transfer the same. Without such a Deed, no person will be safe in purchasing or using and Machines.

B. P. PAIGE.

Analysis of the Water of the Georgian Spring.

I have made a careful quantitative analysis of a quantity of this Water sent me by the Proprietor of the Spring, Captain Kains. It is a Saline Water, containing earthy Chlorides, with portions of Bromids and Iodids, thus resembling the Plaisantest Water, from which it differs chiefly in the presence of a portion of Sulphates, which are not often met with in Waters of this class in the Province. It has a specific gravity of 1008.78, and contains in one pound avoirdupois, the affixed quantities of the following substances:—

	Grains.
Chlorid of Sodium	66.2209
Chlorid of Potassium	.72809
Chlorid of Calcium	.31003
Chlorid of Magnesium	3.45982
Bromid of Magnesium	.02016
Iodid of Magnesium	.01904
Sulphate of Lime	1.35014
Carbonate of Lime	2.08600
Carbonate of Magnesia	2.54016
Carbonate of Iron	Traces
Silica	.14350
	76.87015

T. S. HUNT,
Chemist to the Geological Commission.

Office of the Geological Survey,
Montreal, May 26, 1851.

Having compared T. S. Hunt's, Esq., analysis of the Mineral Water of the Georgian Spring with the analysis made by him of the Plaisantest Spring Water, I may mention that the Water of the Georgian Spring contains all the ingredients found in the Plaisantest, with the addition of Sulphate of Lime, differing however in some respects as to quantity.

I have delayed giving my opinion of the efficacy of the Georgian Water, in order that an opportunity might be afforded me of speaking more confidently of the advantages to be derived from its employment. I have witnessed beneficial results from its use, as an aperient, antacid and diuretic, and also in allaying the distressing gastric derangement attendant upon the early months of pregnancy. I have no doubt but the Georgian Spring Water will be found equally beneficial in the cure of Rheumatism, Scrofula, and dyspepsia Affected, as any other Mineral Water met with in the vicinity of this city.

EDUCATION.

THE central position of Three Rivers in Eastern Canada, its quietude and healthfulness, and its possession of the advantages of ready communication with other parts of the Province by means of Telegraph, Stage and Steamboat, seem to point it out as a place well suited for the establishment of Seminaries for the education of youth.

The undersigned, a Graduate of Corpus College, Cambridge, who enjoyed the happiness and advantage of being one of the pupils of that distinguished scholar, and very admirable teacher, the late Rev James Tate,* A. M., Master of the Grammar School of Richmond upon Swale, Yorkshire,—has been engaged for several years in the tuition of his own sons, and now proposes to undertake the instruction of a few additional pupils.

The charges, which are payable each Term in advance, are as follows:—

	Per Term.
Tuition for Boys under 12 years of age	£2 0 0
Do. do. above 12 do	2 10 0
Tuition, Board, &c., &c., for Boys under 12 years of age	9 0 0
Do. do. do. above 12	10 0 0

No extra standing charges.

Commencement of Terms: January 13, March 30, July 22, October 6.

Vacations: from December 23 to January 12, and from June 16 to July 21.

School Hours: from 7 to 8, A. M., 9 to 12, and 1 to 2, P. M.

Evening: Exercises and partial preparation for the next day.

Some additional time would be devoted to youths who may be desirous of studying the higher Classics, and the Rudiments of Mathematics, in preparation for a College or University Course. For such pupils, ordinary charge per

Term in full.....£12 10 0
Do. with single room..... 17 10 0
