The Adjourned Water Meeting.

The adjourned water meeting of the Water District of Bridgetown was held in Dennison's Hall, March 12th, H. Ruggles, Esq., in the chair, J. L. Cox, Secretary.

Minutes of the annual general and adjourned meetings read and approved.

The auditing committee appointed on the commissioner's accounts report, "That owing to the absence of some of the bills for the construction of the sewers for the year 1890, they could not audit them."

Resolved, "That the books of commissioners be referred back to the same auditors for their report, at a meeting to be held this night week and that they be paid for their services."

John E. Sancton, Esq., being the oldest commissioner, and by law retiring this year, the meeting proceeded to elect a new one. The ballots having been counted, Mr. John E. Sancton was again declared elected.

Resolved, "That this meeting adjourn to this night week."

JOHN L. COX, *Sect'y.*

Annapolis County Court.

The following causes were disposed of at the March sittings of the County Court at Annapolis last week:

APPEALS.

Elliott *vs.* Foster. Parsons for defdt. Settled.

Queen *vs.* Porter. Owen and Ervin for prosecution, Ritchie, Q. C. and Parsons for defdt. Conviction below quashed.

Bowlby *vs.* Foster. Daniels for defdt. Settled.

Graves *vs.* Downie. Chesley for ptlff, Gillis for defdt. Verdict for defdt.

DECLARATION CAUSES.

Palmer *vs.* Morse. Gillis for ptlff. Daniels for defdt. Settled.

Tupper *vs.* International Brick and Tile Co. Daniels for ptlff, Ervin for defdt. Continued.

Dodge *vs.* Baker. Ritchie, Q. C., and Parker for ptlff., Daniels for defdt. Verdict for defdt.

Messenger *et al vs.* Connell, *et al.* Ritchie, Q. C., and Parker for ptlffs., Daniels for defdt. Verdict for ptlffs.

The chief interest centred around Queen Porter and Dodge *vs.* Baker. The first case was an appeal from a conviction of O. M. Taylor, Stipendiary Magistrate. The defdt was convicted of cruelty towards a pair of oxen, but on appeal the evidence clearly showed the defdt to be entirely innocent of any guilt. The case of Dodge *vs.* Baker was an action brought to recover a steer bought by the defdt. from a Pound Keeper. The ptlff. contended that the legal formalities of the Statute had not been complied with, but His Honor Judge Savary concluded that the property in said steer was vested in the defdt.

Lawrencetown Items.

Nelson Division had another good evening on the 14th.

Several who have been seriously ill here, we are pleased to state, are improving.

The late freshet took the large balance of ice out of the river.

H. H. James is now home on a visit and rest, but will resume work soon at Truro.

Alf. H. Ellis, Fred Reid, of St. John, and Charles Stafford, of Boston, were in town this week.

The relatives and friends here of Edward Morgan, Esq., New Germany, are sorry to hear of his severe illness.

Our merchants are receiving large amount of stock this spring, as if the outlook was good for a big business.

The S. A. have a "big go" on Wednesday, 18th. A number of officers will be present.

The Cornell & Carlyle Company gave another of their very interesting and instructive concerts on the 10th. The singing by Mr. Carlyle is of the highest order.

The concert by the "Willing Workers," Mission Band (Baptist), held in the church on the evening of the 8th, was a grand success. Although the audience was not large, the entertainment was highly pleasing.

The Club, Monday evening, discused the subject: "Root culture; How to cultivate; what manures to use; and how to dispose of the crop," and as it was so very interesting it was decided to continue the same next evening. A large number of our farmers are taking hold of the Club and are gaining by so doing. Still there are many who do not know what they are losing by not belonging to the Society.

Springfield Items.

Rev. S. Langille baptized four young people in Roop's Lake on Sunday, the 1st inst. The church is in a prosperous condition through his faithful efforts.

ACCIDENT.—A few days ago, while in the woods cutting timber, Herman McNayr had the misfortune to severely cut his wrist, severing a number of cords and arteries. He proceeded at once to Middleton, and the wound was dressed by Dr. Sponagle. It is doing as well as can be expected.

M. C. Roop's mill has closed operation for a few days. He has done quite an extensive business during the past few months in sawing spool-wood. The mill has been fitted for the sawing of hard-wood staves, which branch of industry will, we trust, add to the already high reputation this mill now holds for its excellent work. The work has been under the supervision of E. L. Balcom, of Paradise.

Rev. S. Langille, assisted by a number of the members of Pearl Band of Hope, organized a Band at Falkland Ridge on Wednesday, the 4th inst., Miss Lizzie Parker, supt. The Band of Hope in this place, a week last Saturday evening, under the leadership of N. B. Dunn, supt., gave a very interesting entertainment in the hall and before the members of Woodbine Division. The exercises consisted of dialogues, recitations and music. At the close appropriate addresses were given by Rev. S. Langille, Councillor McNayr, and Joseph F. Bent, Esq.

Bellevile Bits.

Miss Annie Bent is at present visiting her sister, Mrs. L. J. Elliott, at Mount Hanley.

Mrs. John A. Bent received a short time since a gold watch as a prize won in the "Tooth Competition."

We have again with us the sparrows and robins, also the wild geese—the harbingers of spring.

The weather for the past week or so has been very changeable, resulting in much sickness throughout the community.

Mr. Wm. H. Bent and his family has the sincere sympathy of all in the serious and protracted illness of his wife.

Miss Eliza Wade, the very efficient and popular organist of St. Mary's, entertained a few of her many friends at tea on Friday evening. The occasion was very enjoyable as the accomplished hostess spared no pains to make it such. To the surprise and admiration of all, her mother who is eighty-two years of age, exhibited a quilt to the company, containing by actual count two thousand seven hundred and four pieces which she has made in less than a year. It is a most beautiful piece of work. She informed your correspondent that she was working on two more of the same pattern. She is a very genial lady, and despite her many years, her mental and physical faculties are preserved to a remarkable degree.

Lower Granville Notes.

Large quantities of wood and piling have been got out on the banks of the river for shipment.

Frederick W. Thorne, Esq., merchant of this place, has purchased the sch. *Franklin S. Chenck*, in Portsmouth, N. H., to be employed in the Bay of Fundy fishery. The *Schenck* is 45 tons, and is well suited to the business. Capt. Wm. McGrath will be in command, and we wish the enterprise success. Work has been resumed on Capt. Delap's schooner.

We notice in the papers that the International Line do not propose running a steamer between Boston and Annapolis this summer. Would it not be wise to urge the Yarmouth Company to place one of their fine ships on this route? They would be conferring a great advantage upon the commercial and travelling public of this valley by placing one of their fast ships on the line, and we are confident the move would be greatly appreciated.

Don't Feel Well,

And yet you are not sick enough to consult a doctor, or you refrain from so doing for fear you will alarm yourself and friends—we will tell you just what you need. It is Hood's Sarsaparilla, which will lift you out of that uncertain, uncomfortable, dangerous condition, into a state of good health, confidence and cheerfulness. You've no idea how potent this peculiar medicine is in cases like yours.

The Chignecto Ship Railway.

The Chignecto ship railway works are now well advanced, the roadway proper being about finished, about ten per cent. of two large cuttings being all that remains undone. The track is laid from the southern dock of thirteen miles to within four miles of the northern dock. The track as previously noted, is an ordinary double track, laid with 110lb rails, 18ft between centres, 9ft x 7 x 12in. ties, laid 2ft. centres, the two ties at each joint being 27ft long to connect the two tracks, and thus preserve exact guage for the cradle. The locomotives run on one track only of standard guage, two locomotives being used for one cradle. There are no turnouts, but traverse tables at each end; frogless switching riding the rails being used for switching the locomotives. Rock ballast under the ties is used throughout. Work on the lifting docks is in a very forward state, so as to make it fairly certain that the work will be completed in 1891. The pumping machinery at the southern end is in place and the building for it completed, and is likely to be completed by July 1st. At least 1,500 men will be employed on the works next summer.—*Engineering News.*

Boston's Gift to Springhill.

At a meeting held in Boston on the afternoon of the 16th inst., a committee appointed at a recent meeting of provincialists in this city, to collect contributions for the Springhill sufferers, it was announced that $30,000(?) had been collected. It is thought that $75,000 will be needed. It was voted to issue an appeal to all Canadian and British born residents in Boston and vicinity, and a committee was appointed for that purpose.

Provincial Paragraphs.

Acadia Mines has a baby three months old that weighs 215 lbs.

Influenza, or la grippe, is very prevalent in various sections of Digby and Yarmouth counties, Nova Scotia.

Application has been made for the incorporation of the Argentina Shipping Company, of Yarmouth, N. S., with a capital of $30,000.

Of the Springhill mine victims, 44 were Presbyterians, 28 Episcopalians, 24 Roman Catholics, 19 Methodists, 2 Baptists, and 6 unknown.

Over $16,000 has been collected in Montreal for the Springhill relief fund. The city purposes making the amount $25,000 before closing the lists.

NEW LEAD.—The New Glasgow Iron & Coal Co. have discovered a new and valuable lead of iron ore, and are to be congratulated upon their find.

Lots of household effects belonging to families moving back to St. John and the province from the United States continue to come in on the International Company's steamers nearly every trip.

The schooner *B. C. Smith*, from Fortune Bay, Nfld., for Lunenburg, with a cargo of frozen herring, struck on the Owens reef, Lunenburg Bay, last Tuesday night, and is a total wreck. She was insured for $3,500 in the Lunenburg.

Members of Western Star Lodge, I. O. O. F., Annapolis, accompanied by members of Granville Ferry, Berwick, Canning, Hantsport, Windsor and Halifax Lodges, went to Digby last Thursday, to take part in organising a Lodge of the Order in Digby.

Mr. H. S. Parlee of Smith's Creek, Kings Co., met with a painful accident on Wednesday last, by being gored by a bull. The animal's horn penetrated his left leg, and will probably result in laying him up for some time, though no dangerous results are feared.

Two of the patients at the Victoria General Hospital, who were treated with Koch's lymph, are reported to have greatly improved, but none of the others who were treated are much better than when the treatment was begun, though none of them are any worse.

On Saturday morning last John Moses, of Hebron, left home intending to go to the river, carrying a gun and an axe. Whilst breaking a road through a narrow piece of woods, he suddenly dropped to the ground, and instantly expired. The boy ran for assistance, and Mr. Moses' lifeless body was carried to his house. He leaves quite a large family.

Miss Annie B. Pineo of Waterville, Kings Co., was successful in passing the examination on the Gospel of Luke and was awarded a certificate of the first class by W. R. Harper, Prof. of Yale University and Principal of the American Institute of Sacred Literature. Miss Pineo was the only successful representative from Nova Scotia.—*Pres. Witness.*

ANTIGONISH CHEESE.—The shipment of cheese forwarded by L. C. Archibald to the World's Fair at Jamaica, was awarded the second prize. As the cheese was taken from stock not manufactured purposely for the exhibition, it is to be inferred that with an article manufactured expressly for the occasion, the first prize would have come to Antigonish.

Shortly after 11 o'clock last Wednesday night a flock of wild geese, the advance guard of the spring migration, was noticed by Harry Piers. It was passing over the city and the honk of the birds was very distinct. Mr. Piers informs us that in 1890 the birds were observed on March 17, and in 1889 they were first seen on March 8th.—*Hx. Chronicle.*

SUDDEN DEATH.—Mr. Josiah Cann, of Ohio, died very suddenly on Wednesday evening. He had finished his customary duties about the place before 6 o'clock, apparently in his usual health, when he went into the house and lay down on a couch. A girl, who was an inmate of the house, a few minutes after noticed a change in his appearance and ran for his daughter, who was at a near neighbor's. When they got back it was found that Mr. Cann had passed away peacefully and without a struggle. He was in the 72nd year of his age. Mr. Cann had been Collector of Rates in the Municipality of Yarmouth for a number of years, and was much respected.

WAS NOT MURDERED.—The body of the man Henry White, supposed to have been murdered in a drunken row at Eel Brook, Yarmouth County, the night after the election, was found in Eel Lake on Tuesday last. There was a slight mark on the nose, probably caused by coming in contact with the ice, and a bruise on the side of the face. The coroner and jury were convinced that the deceased got away from the fight, started to walk home, and going to the north of the island, in the confusion of the violent drifting storm that night, fell through the ice and was drowned. A verdict of accidental drowning was returned accordingly.

PROVINCIAL ELECTIONS.—Nearly a dozen bye-elections are soon to be held in the maritime provinces. Three of these will be in Nova Scotia and five in P. E. Island. The vacant seats on the island are Charlottetown, caused by the resignation of Speaker Blake; Fort Augustus, held lately by Mr. Ferguson; Port Hill, vacated by Mr. Yeo, and East Point by Mr. McLean. The seat held by J. M. Sutherland, who left the island under a cloud some time ago, will be declared vacant on the first day of the next session by the house, unless he returns before then. The legislature cannot meet before the early part of April. Elections for the Nova Scotia legislature will take place in Antigonish, Hants and Cape Breton, Tuesday, March 31st, being nomination day and April 7th the day of election.

Some time ago, J. L. Neary of Kentville, paid more than ordinary attention to an advertisement in a Boston paper, in which a pedigreed horse was offered for sale. Mr. Neary, says the *Star*, had considerable correspondence with the owners and at last telegraphed ordering the animal to be sent. A short time after the horse arrived in Kentville and Mr. Neary after inspecting found that an old plug worth perhaps $25 had been sent him. He refused to have anything to do with such horse flesh and it was accordingly turned over to the tender mercies of Collector Rand, and will soon be sold to cover expenses. The parties with whom Mr. Neary negotiated the sale will probably soon find that they have "caught a tartar," and will be compelled to refund the money paid them together with additional expenses. It was a scaly piece of business, but we think Mr. Neary can easily recover his money and teach the Boston sharpers a lesson.

Telegraph Flashes.

A BRITISH STEAMER CAPTURED.

London, March 15.—A despatch from Durban confirms the report that a Portuguese gunboat attacked and captured the British South African company's steamer *Countess of Carnarvon*, while the latter was ascending the Limpopo river with rifles and ammunition, taking her to Delago Bay.

BEHRING SEA QUESTION.

Paris, March 15.—The *Temps* says that Lord Salisbury's success in fixing the conditions of the Behring sea arbitration is in the interest of all the maritime powers, which would have viewed with serious apprehension the recognition of a precedent involving the dangerous doctrine of a *mare clausum.*

A WEDDING'S SAD ENDING.

Ottawa, March 15.—On Thursday evening a young Englishman named Hall was married here to a young woman named Jessie Warren. While the wedding party were assembled at the house of the bride's parents, one of Hall's relations appeared and produced documents proving that Hall had a wife in England. He was turned out by his new father-in-law, and has left the city.

PARRICIDE.

Dover, N. H. March 13.—John Davis charged with causing the death of his father Samuel Davis, March 11th, by beating him on the head with a wooden club was arraigned in the police court to-day. He pleaded not guilty.

The hearing was put down for March 30th.

Davis is 21 years old and has often been before the court for petty crimes and drunkness. He was removed to jail.

MISER MOTHER AND SON.

Philadelphia, March 10.—Surrounded with squalor and filth and worth over $50,000, and divided by a stove, the dead bodies of Hannah McWilliams and her son David were discovered last night, lying on the floor of the cheerless and filthy kitchen of their house at the corner of Mayland and Mulberry streets. The scene of the death-bed of the female miser and her son is beyond description. They apparently died from starvation, as all the surroundings seem to lead to this conclusion.

THE GREAT STORM IN ENGLAND.

London, March 11.—Snow has been falling in London all night, and the storm has taken a fresh start but in a milder form in North of England and in Scotland. In Dumfries the thermometer registers 15 degrees of frost. In Southwest of England the gale has been blowing intermittingly during last 24 hours. Business at Bristol suspended and trains snowed up in all directions. Duke of Edinburg, who was driving to Deavonport to resume his naval duties, was obliged to stop.

The blizzard raged with unabated fury at Tiverton, where snow drifts are 20 feet high. All continental mail boats are several hours late.

A Norwegian bark took fire in the Channel last night while firing light signals of distress, and destroyed.

GOOD FOR NEWFOUNDLAND.

London, March 11.—In the house of commons to-day, Chancellor of the Exchequer Goschen announced that the government of Newfoundland had been informed that under certain circumstances the government will give the imperial guarantee for a loan for building a railway on the island, and other similar purposes. Goschen added that the matter had not yet reached a definite shape, and he could not make any statement as to the terms. He admitted that there was a basis of truth in the report that the government of France and her majesty's government decided to refer the masters in dispute, in connection with Newfoundland, to arbitration. "The papers," said Goschen, "will be laid on the table of the house of commons on Monday next."

AN UNNATURAL MOTHER'S ACT.

Berlin, March 11.—An account comes from the village of Quenstedt, near Kalle, of an unheard of outrage which has been going on for six years. A man, 32 years of age, the son of a rich widow named Dorn, who was supposed by his neighbors to have emigrated to America, has been found by the police in the cellar of his mother's homestead, where he has been kept for six years. On being brought to light of day he was found to be blind and speechless and to have lost the use of both legs. He was naked, his only covering being a coarse and dirty horse blanket. The mother has admitted having kept her son imprisoned during this long period because her husband by his will left him a larger slice of his property than to her favorite son, his younger brother.

What is lacking is truth and confidence. If there were absolute truth on the one hand and absolute confidence on the other, it wouldn't be necessary for the makers of Dr. Sage's Catarrh Remedy to back up a plain statement of fact by a $500 guarantee. They say—"If we can't cure you (make it personal, please), of catarrh in the head, in any form or stage, we'll pay you $500 for your trouble in making the trial." "An advertising fake," you say. Funny, isn't it, how some people prefer sickness to health when the remedy is positive and the guarantee *absolute.* Wise men don't put *money* back of "fakes." And "faking" doesn't pay.

Migical little granules—those tiny, sugar-coated Pellets of Dr. Pierce—scarcely larger than mustard seeds, yet powerful to cure—active yet mild in operation. The best Liver Pill ever invented. Cure sick headache, dziziness, constipation. One a dose.

Halifax Market Report.

The following quotations are furnished us by Messrs. Mumford Brothers, and Messrs. Watson Eaton & Son, Halifax:—

Butter in tubs, choice dairy, per lb	.16	to 17

$745 in Gold for a Wife.

We will give to the first person telling us before June 1st, 1891, where in the Bible the word "wife" is first found $100 in gold. To the next $50. To the third $25. To the fourth $20. To the fifth $15. To the sixth $10. To the next 25 $5 each. To the next 25, $2 each. To the person sending in the last correct answer we will give $100 in gold. To the next to the last $50, and so on same as from the first. With your answer you send 25 cents in silver, or 27 cents in stamps, for a box of Dr. Cole's Blood and Liver Pills, the best Blood, Liver and Stomach Pill ever made. Sure cure for sick headache. Don't gripe. Remember the presents are *absolutely free*, being given away to advertise Dr. Cole's Perfect Pills and Family Remedies. At the close of the contest the names and addresses of all the prize-winners will appear in this paper. We refer you to the Traders' Bank of Orillia. Send at once and be first. Address, *Home Specific Co., Orillia, Ont.* 51

MESSRS. C. C. RICHARDS & CO.,

Gentlemen,—About three years ago I was taken very ill with what the doctor called diphtheria. After trying every remedy I could get and finding no relief I thought that death would soon end my sufferings, but a friend advised me to try your liniment. After using one bottle I was able to go out the same as ever. Again this winter I had another attack of the same complaint, but after using your MINARD'S LINIMENT a few times I was perfectly cured. I consider it the best remedy for sore throat ever offered to the public. Yours, JOHN A. TOREY.

Antigonish, N. S.

A GREAT SPELLING MATCH.—The greatest spelling match on record is that offered by *Our Homes* Publishing Co., in which they will award the following magnificent CASH PRIZES:—One prize of $300; one prize of $200; two prizes of $100; four prizes of $50; eight prizes of $25; twenty prizes of $10; forty prizes of $5; one hundred prizes of $2; and two hundred of $1. These prizes will be awarded to the persons sending in the largest number of correctly spelled words found in the advertising pages of the February number of *Our Homes*, in which no letters occur but those found in the sentence: "*Our Homes is Unrivalled as a Home Magazine.*" Special cash prizes will be given away each day and each week during this competition, which closes April 29th, 1891. Send ten cents in stamps or silver, for a sample copy of the February number, with rules and regulations governing the competition. Address, *Our Homes* PUB. Co., Brockville, Ont. 47 1y

A few days ago the two-year old child of John Winters, jr., of Rose Bay, Lunenburg, was choked to death by a piece of meat.

There is danger in impure blood. There is safety in taking Hood's Sarsaparilla, the great blood purifier. 100 doses one dollar.

—It is reported that English and American capitalists have purshased the Porcupine, Badger and West End silver mines, near Port Arthur, for $10,000,000.

—Rumors in London are that information has been received at Hamburg by private cablegrams from Chili to the effect that President Balmaceda has been murdered.

—The wonder of the age is *Dr. Norton's Dock Blood Purifier.* Over fifty cases of Liver, Kidney and Blood diseases have been cured the past year that all other remedies and treatments failed to do any good. Save your health by taking a bottle before the end of March.

—Farmers are coming to the front in politics in Kansas. The legislature consists of 125 members. 103 are farmers—none of whom ever sat in a legislature before except the speaker, and all the pages and bell boys are sons of farmers. And, after all, who has a better right to legislature?

—A farmer living a few miles from Oil City recently joined a chuch, and in order to avoid swearing he uses by-words at which no one could feel offended. A *few* days ago a neighbor called and inquired how many sheep he had: "I'll be lambed if I know," was the reply.

—Prairie dogs, it appears from a recent letter by Dr. Wilder, lack the sense of distance. At Cornell University several of them walked off chairs, tables and window sills unhesitatingly. This is thought to be due to the nature of their habitat, a plain, with no sharper inequalities than burrows and mounds. One adult female seems to have wonderful immunity from the evil effects of falls; she once fell from the top of an elevator twenty-one feet high, and another time from a window sill about as high, on a granite pavement, but soon recovered.

EXPERIENCES OF THE SCHOONER E. WALSH.—The schooner *E. Walsh* arrived here this morning with a cargo of coal from New York. She left there March 1st, was run aground near Hell Gate by the pilot, got off without much damage and the loss of an anchor, and at Vineyard Haven passed the schooner *Chautauquan* which had left New York a day or two before the *Walsh.* Last night, while running at the rate of about 5 knots, this side of Mount Desert, Gilbert Chase, one of the crew, fell overboard off the main-boom. Captain Heater, who was at the wheel, set it down, cut the boat away, and after about fifteen or twenty minutes hard work succeeded in rescuing Chase, in a greatly exhausted condition.—*St. John Gazette of the 12th inst.*

VALUABLE AND DESIRABLE

Property for Sale!

THE estate of the late REV. OBED PARKER. The homestead contains about fifteen acres first quality tillage land. A thrifty young orchard has put up about one hundred and fifty barrels annually, until last year. Also a fine lot of English and French Cherry Trees. A comfortable House and Barn and outbuildings, a never-failing well of water. Also a hay pasture and wood-lot of about forty acres, situated on same street, half a mile distant from homestead.

If not sold before the first day of April next, it will be offered at public auction.

For further particulars apply to

EDWARD CLARK, Hillsburg.

$3000 A YEAR! I undertake to briefly teach any fairly intelligent person of either sex, who can read and write, and who, after instruction, will work industriously, how to earn Three Thousand Dollars a Year in their own localities, wherever they live. I will also furnish the situation or employment at which you can earn that amount. No money for me unless successful as above. Easily and quickly learned. I desire but one worker from each district or county. I have already taught and provided with employment a number who are making over $3000 yearly. Reader, if you want to know of something that will pay you well, address at once, E. C. ALLEN, Box 420, Augusta, Maine.

No STABLE should be without

Dr. J. WOODBURY'S HORSE LINIMENT

It is the only **decidedly reliable remedy** for all the effections of the **Horses' Hoof.** It is equally efficacious for the removal of

SPLINTS, CURBS, BOG SPAVINS,

and in all cases of Bruise or Strain of the Joints and Tendons, and Enlargements of any and every description. Given internally, it will promptly relieve and remove any and every character of

COUGH, ENLARGEMENT of the GLANDS, AFFECTIONS of the KIDNEYS, etc.,

and in our prevailing Horse Distemper it is infallibly **THE REMEDY.**

** A Cough which cannot be removed by this Liniment may be considered incurable. **

As the proprietor of this Liniment is quite aware of the many worthless nostrums offered to the public at the present time, he would beg to say that all articles manufactured by him are strictly **WARRANTED** to effect that for which they are recommended, when used according to directions.

Use this preparation thoroughly for all and every disease of the horse for which it is recommended. Criticize it closely; carefully watch, mark, and note its effects, and, honestly judging it on its merits, you will be compelled to endorse the sentiment that **NO STABLE SHOULD BE WITHOUT IT.**

Price, 25 cents per bottle. Sold by all druggists.

F. L. Shaffner, Prop., Middleton, Annapolis Co., N.S.

Dr. J. WOODBURY'S DINNER PILLS

are not offered to the public as a remedy for all diseases, but for every form of
