CLAIMS THAT HABEAS CORPUS RIGHT SHOULD BE FIRST RESPECTED

Argument That Gove. Did Not Sanction April 30th Order-in Council.

MONTREAL, July 22.—Argument was advanced in the supreme court today that the supreme court judgment of Friday last in the Gray case, while it upholds the validity of the order-in-council of April 20 last cancelling the exemptions of all men between the ages of 20 and 22, is not applicable to the order-in-council passed on April 30 professing to abolish the rights of habeas corpus in regard to men who are arrested under the military law. It was insisted that the right of habeas corpus still exists, and must be respected by the military authorities, notwithstanding the order-in-council.

Mr. Justice Monet, who heard arguments on both sides of the question, was struck by the admitted fact, that while the order-in-council of April 20, referring to the cancellation of exemptions was approved by parliament, the order of April 30, regarding habeas corpus, was not so pronounced, although the parliament was in session at the time.

A Fine Question.

"It raises the whole question of constitutionality again, and may mean that the judgment of the supreme court does not apply to the point as regards habeas corpus."

Mr. P. B. Mignault, K.C., counsel for the minister of justice, replied by quoting from report of the supreme court judgment to the effect that the resolution of both Houses of Parliament approving the order-in-council of April 20 did not add anything to its legal force as an enactment, that it would have been equally valid without Parliament's sanction. Therefore, counsel said, the order-in-council of April 30 relative to habeas corpus was equally valid. The same reasoning as was applied in the supreme court judgment to the one order, it was insisted, should be applied to the order as to habeas corpus.

Judgment was reserved.

BOWS TO SUPREME COURT.

CALGARY, Alta., July 22.—Before Chief Justice Harvey in chambers today, the application of J. E Varley, asking for a stay of proceedings pending the hearing of the Lewis appeal, was refused by his lordship, stating that the judgment of the supreme court of Canada must be upheld. Notice of appeal was then given by Mr. Varley, and it was suggested that the men could formally be released by the military order given and they could at once be taken under the M. S. A. The court stated that the previous order made by Mr. Justice Stuart could only be enforced by order of the court or flat from the judge.

SUBSTITUTES FOR WHEAT FLOUR TO BE DOUBLED NOW

Will Be at Least 20 Per Cent, London Miller Believes, in Near Future.

PREPARING MILLS NOW

Meeting Held at Toronto on Saturday to Arrange Ontario Details.

C. R. Hunt of Hunt Bros., Limited, has returned from Toronto, where he attended a meeting of Canadian millers, called by the Canada Food Board for the purpose of discussing the manufacture of wheat flour substitutes.

In an interview with The Advertiser, Mr. Hunt stated that the twelve milling companies represented volunteered to equip their mills in order to turn out in large quantities the following products: White corn flour, white and yellow blended corn flour, oats, barley, rye and buckwheat flour. The food board made the request that certain mills increase the output of barley flour, owing to the apparent excellence and the abundance of the barley crop this season. But the experience of the American millers with barley flour has been unsatisfactory. The cost of grinding a high grade of the flour is very great, owing the small amount of flour and the correspondingly large amount of cattle feed that results, while a poor quality of barley flour, though cheap in the manufacture is unsatisfied from the standpoint of food and keeping purposes.

The Hunt Mills have already begun the manufacture of corn flour on a small scale, and within a week, they will be fully equipped to turn out daily 350 barrels of a high-grade flour. A small output of barley flour will be the only other substitute that this company will attempt.

Mr. Hunt said that he believes it is the intention of the Canada Food Board to insist upon 20 per cent substitution in the manufacture of all food demanding wheat, in order to release as much wheat as possible for overseas utilization. At present the substitution is on a ten per cent. basis. According to this, the required output of wheat flour substitutes will be about 750,000 barrels per year. On a 20 per cent basis, one million and a half barrels will be necessary. Just twice as much wheat must be allotted for the army's use in order to compensate for submarine loss.

The Canada Food Board, according to Mr. Hunt, will probably restrict the use of white corn flour to confectioners and biscuit manufacturers, urging bakers and householders to use the white and yellow blended variety.

The drain upon the countries' reserve supply of wheat has been very great, and this together with the comparatively small crop this season, makes it probable, Mr. Hunt believes, that even if peace were declared, wheat flour substitutes will be necessary for several years.

REJUVENATION TO SEEK NEW OUTLET IN OLD-TIME PICNIC

St. Andrew's Society Members Go to Port Tomorrow.

"Should auld acquaintance be forgot
And never brought to mind,
We'll take a cup of kindness yet
For the sake of Auld Lang Syne."

Thus after four years of inactivity as far as picnics are concerned the St. Andrew's Society of this city will hold its annual picnic at Port Stanley on Wednesday, July 24. The picnic spirit of this society, which was formerly kept alive by the older bloods of the organization, has this year been renewed by the younger bloods who have succeeded in once more setting the "Auld Tyme Spirit" on its feet.

J. B. M. Ferguson of the sports and prize committee told The Advertiser today that everything had been completed for the affair which will in the future be held annually. An excellent prize and program has been arranged, and after the wet weather of today tomorrow is expected to be an ideal day, and if so with the early morning the happy picnickers, together with the Kilts and the Pipe Bands from here, will journey to the lakeside to renew old acquaintances and spend a happy time together.

Some excellent prizes are being offered. The feature of the prize list is the list of silver and bronze medals which are now on exhibition in the window of Purdom's hardware store. These medals, together with two large silver cups, will be awarded to the best dancers, a competition to decide on these being held for the occasion.

TEN TIMES OVER TOP

Soldier Now on Furlough Had Long Trench Service.

Pte. Joseph Fountaine, a returned soldier, is spending his fourteen days' leave at Highland Home, the residence of his friend, William Mair of Brick street. Pte. Fountaine has been the greater part of two years on the firing line in France. He has gone "over the top" no less than ten times, and got his "blighty" wound in the battle of the Somme. Previous to this his good fortune was phenomenal, for twice he came unwounded from engagements where his platoon was almost wiped out. He was wounded in the left arm by shrapnel, and paralysis of the limb has been the result. However, he has great faith in London's military hospital, and hopes to have his arm at least partially restored.

REGISTRATION CARDS CAN BE REPLACED IF LOST

OTTAWA, July 22.—It is announced by the Canada Registration Board that persons losing their registration certificates should make application to the central registrar, Canada Registration Board, Ottawa, for a new one. When making such applications persons should give all the information possible as to the number of the lost certificate, the name and address of the registrar who issued it, etc. Communications of this nature addressed to the central registrar may be sent free, and there is no charge for the new certificate.

Jam Must Be Used Largely This Winter as Butter Substitute

OTTAWA, July 22.—The Canada Food Board calls upon the people at summer resorts and residents in suitable areas to make an immediate drive on the wild berry patches. Small fruits in general are scarce this year, but the wild berries are as abundant as usual. The main argument for gathering the wild berries freely is the shortage of butter in Europe. During the winter of 1918-19, jam must be used extensively on this continent as a substitute for butter and the finest flavored jam in the world is that which is made from wild berries.

GRAIN.

Winnipeg, July 23.—Oats opened ⅛c higher for July at 89¼c; October, ⅛c lower to ⅛c higher, at 80¼@80½c.

Chicago, July 233.—Opening: Corn—July, $1 48¾; August, $1 49.
Oats—July, 73c; August, 68c.

Chicago, July 23.—Big receipts and continued favorable weather brought fresh weakness in the corn market. At first there was some buying of strength as a result of transient scarcity of offerings. Buying, however, lacked force. Opening prices, which varied from the same as yesterday's finish to 1¼c higher, with August at $1 48½@1 49⅛, and September at $1 49¾@1 50⅜, were followed by a decided general setback.

Liberal offerings to arrive weakened oats. Hedging pressure was evident. After opening ⅛c off to ¼c advance, prices hardened a little and then underwent a material sag.

WALL STREET.

New York, July 23—Wall Street, 10:30 a.m.—Specialties furnished the only diversion at the dull and irregular opening of today's stock market. Sumatra Tobacco and Industrial Alcohol gaining 1 to 2 points. The balance of the active list included United States Steel, and the several war groups showed little change from yesterday's final quotations. Rails were apathetic, and coppers, motors and oils moved sluggishly. A firmer tone was manifested before the end of the first half hour. Liberty bonds were steady.

Noon.—Renewal of pressure against United States Steel, which reacted a point from its best, was the overshadowing feature of the morning. Trading became active and more diversified, but continued to embrace many stocks under professional domination. The heaviness of telegraph and telephone shares, with Western Union dropping 3 points, suggested early action by the federal authorities in that quarter. Canadian Pacific and New Haven again represented the rails, the former gaining 2 points. Price movements at noon were very irregular.

MONEY.

London, July 23.—Bar silver, 48 13-16d per ounce.

CHARGED WITH HAVING NO USEFUL OCCUPATION

GODERICH, July 22.—High Constable Whitesides and County Constable Gundry rounded up a bunch of young men recently and charged them with not being employed in any useful occupation. They also appeared in police court and were instructed to find useful work and return to their respective places. They are to report once a week, and also to report to the court on a certain date.

Fred Meehan appeared before Magistrate Reed here and the evidence being taken in connection with the breaking into and stealing from the Ocean House, at the harbor. He was sent up for trial.

Another young man who appeared before Magistrate Reed on two charges of false pretences, was also sent up for trial before a judge.

ACTION TO PREVENT U. S. SHIPPING PLANS BEING SMUGGLED OUT

WASHINGTON, July 22.—An order issued today by Secretary McAdoo instructing customs collectors to refuse permits to all except Government officials for taking ship and ship-yard plans out of the country, revealed that agents of the shipping board recently seized a large amount of valuable ships' plans en route to Scandinavian points.

The ship plans dealt with American shipbuilding, and also with vessels under construction in this country for the French navy. Some of them were the property of American builders, who explained that they had been asked for plans as a basis for post-war orders. Investigation is being made of the purpose for which the other shipments were intended.
