ENQUIRIES FOR LUMBER.

The Curator of the Canadian Section of the Imperial Institute, London, England, has received the following enquiries concerning lumber:

1. A timber merchant wishes to arrange to obtain supplies from Canada for direct shipment to South Africa if he can obtain same at prices to compete with the Baltic. The classes of goods in Red Baltic deals are 3x9 principal sizes, also 3x6, 2x6, 2x 4½, 3x4½, 4x11, 3x11, 4x9, 2x9, average length 18/19 feet per cargo. Red floorings tongued and grooved 1x6½, average length per cargo 15/16 feet. Double moulded doors all sizes, sash doors, front and French casements all sizes, also mouldings of every description and skirtings, shelvings, clear pines and hardwood.

2. A firm of merchants possessing houses both in London and Natal wishes to hear from Canadian manufacturers of deals, doors, mouldings, shelvings and similar lines, who may desire to develop direct trade with South Africa.

3. A firm in Cornwall write that they require the subjoined specifications of timber. Same could be shipped via either Liverpool or Bristol direct and quotations made on that basis. It is understood that these shooks are required regularly.

One thousand boxes each 27½x20½x29½ in., 9/16 inch timber throughout.

9x2 inch triangular corner pieces all planed inside and out and grooved and tongued.

Five hundred boxes each 38x19x15. 9/16 inch timber except for ends, which must be ¾ inch, all planed inside and out dovetailed, grooved and tongued.

One hundred boxes each 26x26x20 in. 9/16 timber throughout, 2x2 in. triangular corner pieces, grooved and tongued, planed inside and out.
