GREAT ENGLISH REMEDY!!—THE MOST VALUABLE SPRING AND SUMMER MEDICINE IN THE WORLD!

HALSEY'S FOREST WINE!

Patronized by the Nobility and Medical Faculty of England, and returned the most extraordinary Medicine of the age.

MEDICINES containing Molasses or Liquorice, like the boasted Sarsaparillas, require many large bottles to produce the slightest change in health. The *Forest Wine* is altogether a different article. It contains no Syrup to give it consistency, but acquires the excellent flavor and powerful medicinal qualities from the vegetable plants of which it is composed. The *Forest Wine* combines the virtues of the

WILD CHERRY, DANDELION, YELLOW DOCK, and SARSAPARILLA.

With other valuable Plants whose properties are still more powerful.

Its high concentration renders it one of the most efficient Medicines now in use. Less than a single bottle restores the long-lingering Patient from weakness, debility, and sickness, to strong and vigorous health. Every dose shows its good effects on the constitution, and improves the state of the health. The *Forest Wine* is recommended, in the strongest terms, for all complaints of the

STOMACH, LIVER, KIDNEYS, NERVOUS DISORDERS, BILIOUS AFFECTIONS, DROPSY, DYSPEPSIA, LOSS OF APPETITE, DISORDER, FEMALE COMPLAINTS, SCROFULA, AND ALL DISORDERS ARISING FROM BAD BLOOD AND IMPURE HABIT OF THE SYSTEM.

SAVED FROM DEATH!!

Testimony of Mr. NATHAN MATHEWS, a highly respectable and wealthy citizen of Newark, N. J.

DR. G. W. HALSEY:—I believe your Forest Wine and Pills have been the means of saving my life. When I commenced taking them, I laid at the point of death, with Dropsy, Piles, and Asthma. My Physicians had given me over as past cure, and my family had lost all hope of my recovery. While in this doleful situation, your Forest Wine and Pills were procured for me, and before I had finished the first bottle of the Wine, and box of Pills, I experienced great relief; my body and limbs, which were greatly swollen, became sensibly reduced. Hopes of my recovery began now to revive, and after continuing the use of your medicines for about a month, the Piles and Asthma were completely cured. The Dropsy, with which my life was placed in such great danger, was also nearly gone. I have continued the use of your Medicines until the present time, and I now enjoy as perfect health as ever I did in my life, although I am more than sixty years of age.

I ascribe my recovery entirely to the use of your excellent Medicines. Several of my neighbors have also used them with similar success in obstinate complaints, and I can cheerfully recommend them to the public.

Yours, respectfully, N. MATHEWS.

Newark, Dec. 19, 1847.

GREAT CURE OF LIVER COMPLAINT OF TEN YEARS STANDING!

NEW YORK, Jan. 9, 1848.

DR. HALSEY—DEAR SIR:—Having taken your Forest Wine and Pills to remove a disease of the Liver, from which I have suffered severly for upwards of ten years; and, having adhered exactly to the directions which accompany the Medicines, I have recovered my health, notwithstanding all who knew me thought my case incurable. Previous to taking the Wine and Pills, I had recourse to the best medical treatment, but continued to grow worse to an alarming degree. Some of my friends spoke despairingly of my case, and tried to persuade me from making use of any advertised remedies; and, I doubt not, but what there are hundreds who are dissuaded from taking your excellent Medicines, in consequence of the deception and inefficiency of many advertised remedies put forth by unprincipled men, in flaming advertisements. But, what a pity it is that the deception used by others should be the means of disuading many laboring under disease, from making trial and being cured by your excellent remedies. Humanity speaking, they have saved my life; when I commenced making use of them, I was in a wretched condition, but began to experience the good effects in less than three days; and, in six weeks from the time I purchased the Medicines, to the great surprise of all my friends, I was entirely cured, and had increased fifteen pounds in weight, having taken one box of the Pills and two bottles of the Wine. Would to God that every poor sufferer would avail himself of the same remedies!

Yours, &c., JAMES WILSON.

Dr. David Marvin, celebrated Practitioner of New York, declared publicly, that one bottle of Halsey's Forest Wine contained more virtues than fifty of the large bottles of Sarsaparilla. Messrs. Sykes, Lampman & Co., the largest and most respectable Druggists in Syracuse, in a letter, says: "From what they have heard and seen of Halsey's Forest Wine, it is an excellent and good Medicine, and will, undoubtedly, become the leading Medicine of the day." Dr. Mott, of New York, also subscribed to the virtues of Halsey's Forest Wine, by recommending it to many of his Patients.

Seven hundred Certificates from Physicians, Clergymen, and individuals of known respectability, have been given, testifying to the great cures made by "*Dr. Halsey's Forest Wine and Pills.*" Among them is the cure of Mr. John Syms, of 525 Pearl Street, New York, cured of Affection of the Liver and Bad Cough, after having been given over by his Physicians, who pronounced his case seated Consumption. A child of Mr. William Bowers, Broadway, New York, who had been dreadfully afflicted with Scrofula, of four years standing, cured in less than six weeks time. Mary J. Brown, daughter of the Rev. James R. Brown, of Disease of the Heart and incipient Consumption. Others of Jaundice, others of Piles, others of General Debility, others of Gravel, Female Complaints, &c., &c.

ELEGANT AND INVALUABLE ARTICLES FOR THE TOILET.

BOGLE'S HYPERION FLUID,

FOR RESTORING PRESERVING, AND EMBELLISHING THE HAIR.

The following Certificate from Dr. Wistar Evans one of the most eminent Physicians of Boston will show the estimation in which it is held by the scientific and learned, being one only of many similar ones.

BOSTON, Feb. 15, 1847.

MR. WM. BOGLE,—Sir,—The preparation furnished by you for the hair, has been extensively used in my family, and they give it the decided preference over all other compositions of the kind. It invigorates and beautifies the hair, and clears the skin of all impurities, without producing any ultimate deleterious effects, which are so frequently the result of many well-known patented compounds.

WINSLOW LEWIS.

It is an indispensable article for the Ladies as it keeps the hair in place and curl, and the skin or parting of the hair free from dandruff and scurf. For children it lays the foundation of a good head of hair.

BOGLE'S AMOLE,

A COMPOUND FOR SHAVING.

This delightful article is totally different and far superior to any thing yet invented for shaving. The base of it is derived from the *Amole*, or "soap plant," of California, an article used by the native Californians for washing; and thus the use of strong alkali, so hurtful to the skin, is avoided. Its vegetable and detergent properties have the purest and most pleasing effects on the skin, it softens and allays irritation, and has a fine, thick, creamy lather, which does not dry on the face. It is a decided luxury to be shaved with this incomparable soap. It is also in a liquid state, can be used either for the dressing case or the "rough and ready" traveller, or the toilet of the most fastidious connoisseur.

BALDNESS CURED.

EAST LONDON, Feb. 8, 1847.

Mr. William Bogle,—Dear Sir; For several years past my wife has been troubled with bald patches on the Crown of the head, about six or seven inches in circumference. After repeated failures of other so-called remedies, and by the advice of friends, she was induced to use your Hyperion as a wash, for the purpose of restoring her lost hair, and I am happy to say that its effect has been to cause the hair to grow all over the part affected. She has used only two bottles, and that very irregularly; had she used it oftener and more regular, I am convinced that the growth of the hair would have been accelerated. I am, Sir, yours respectfully, SUMNER F. BARRETT.

UQUHART'S

CONCENTRATED COMPOUND DECOCTION,

OR FLUID EXTRACT OF

JAMAICA SARSAPARILLA,

As ordered by the

Pharmacopœia of London College of Physicians.

PREPARED BY

ALEXANDER URQUHART,

AT THE

Medical Hall, 7, Great St. James' Street.

THIS Valuable Preparation has been before the public for many years, during which time it has been extensively used, and has proved eminently successful in all those diseases in which this medicine is prescribed. It is considered by Physicians of the present day the very best Medicine for re-establishing the constitution after it has undergone the effects of Mercury. In Chronic Rheumatism, the most marked effects have been produced by the use of Sarsaparilla; and its continued use is often attended with improvement of appetite and digestion, increase of strength, the production of a more healthy state of mind, and the palliation, or, in some cases, complete disappearance of various morbid symptoms, as Eruptions, Ulcerations, pains of a Rheumatic character, &c., &c.

Drs. McCulloch, Campbell, McDouall, and Fraser, who have extensively used it in their practice, have kindly favored the Proprietor with the following Certificates:—

ALEX. URQUHART, Esq.—DEAR SIR,—I have much pleasure in bearing testimony to the faithful manner in which you prepare your Fluid Extract of the Compound Decoction of Sarsaparilla. This I am enabled to do, on account of several of my patients having derived the greatest benefit from its use.

For Constitutional Syphilis and Chronic Rheumatism, I have prescribed it with the most marked effects. I can, therefore, without the least hesitation, recommend your preparation as one possessing all the Medicinal qualities of the Compound Decoction of Sarsaparilla, while it is at the same time more palatable and less apt to derange the Stomach. Your most obedient servant,

W. FRASER, M.D.,

Lecturer on Medical Jurisprudence, McGill College, Montreal, 9th February, 1847.

MONTREAL, February 10th, 1847.

I beg to certify, that I have employed very extensively, the "Fluid Extract of Sarsaparilla," made by Mr. Urquhart, in all those diseases in which that Medicine is usually prescribed, and that I have found it a most valuable preparation. I can, moreover, state, from personal investigation, that the Proprietor employs none but the purest ingredients, and bestows the greatest care and attention upon the mode of preparing this remedy.

RODRIC MCDOUALL, M. D.,

Lecturer Institutes of Medicine, McGill College, Physician to the Montreal General Hospital.

MR. URQUHART'S Sarsaparilla is the only preparation of this valuable Medicine that I can, with entire confidence, recommend to my patients. M. MCCULLOCH, M. D.,

Montreal, 10th February, 1847.

DEAR SIR,—I have frequently prescribed your Fluid Extract of Sarsaparilla, and I have no hesitation in recommending it as a very elegant and convenient form for administering that Medicine. Yours, very truly,

GEO. W. CAMPBELL.

MINERAL WATERS

OF

POINT DU JOUR, PARISH OF DASSOMPTION

THESE truly valuable WATERS are distinguished for the large quantity of Bromine and Iodine they contain, and are acknowledged superior to all other Medicinal Waters. They are the most agreeable refreshment of the description that have yet appeared. They can be used cold to the greatest degree in the most oppressive heat of Summer, and that without altering or affecting injuriously the health of the person using them; upon the contrary, they are found to improve and strengthen. The large number of cures effected by the use of the above Waters, enable us to reconmend them to the public as an excellent remedy in a very great number of cases. The names of a few only of the persons of celebrity, who have given their written recommendation of the Waters, are here given. These, however, show the happy results arising from their application:—

R. Evq de Kingston,	A. Nelson, M. D.,
Jos. M. Belanger, Ptre.,	J. B. Meilleur, M. D.,
P. C. A. Munro, M. D.,	A. E. Regnier, M. D.,

R. L. Macdonnell, M. D.,	L. LaFontaine, M. D.,
G. B. Bibaud, M. D.,	Dr. Dorion.

Persons who have not received the little volume containing these certificates at length, can obtain it at the Depots, where the Waters are Sold; by reading it they will feel convinced that they have effected wonderful cures in various cases, and that they have been found superior to all others.

RIVIERE DES PRAIRIES, March 1, 1850.

SIR,—Since you are desirous to ascertain the effect which the Waters of the Point du Jour Spring have produced on my patients, I must inform you that I have used them medicinally at their Source, and have found them highly salubrious. I was at the time so afflicted by the consequences of a severe disease of the Digestive Organs, that my Physicians had thought it right to suspend for a time all other remedies, in order to the repression of Dyspepsia and an abscess in the Bowels, upon the last of which I was suffering severely. Yet I have refused no other relief than the Mineral Waters, and I made use of those of the Point du Jour, as being the nearest. I was at the time of weak, that I was with difficulty able to walk. I kept my bed two days, and I was confined there weeks. I was recommending the Waters. These Waters drank to quench the thirst, containing a large quantity of iodine, particles and organic substances, that are strong and active, but their purgative properties are conditioned with astringents, which have been among me to have not the effect of purging, but on the contrary to assuge the irritation, upon the digestive organs, and to produce a blood more nectarial. After drinking the Waters for the space of two months, I was able to resume my business, and I have continued to drink them ever since, and I have enjoyed a perfect health, and I have no complaint to make against the Waters, but, on the contrary, I owe to them my recovery. I have, since, drunk of the Waters in the same circumstances, and I have recommended them to many persons, who have experienced the same effects. I have, since, recommended the Waters to the recommendation of my extensive experience in the same effects. To conclude, I have no reason to complain of the Waters. Advice made by Dr. Jamot, Esq., that Physicians might employ it successfully in the same diseases for which the Planting or Waters are so highly recommended.

AMABLE SIMARD M.D.

ST. JOSEPH DE CHAMBLY, May 14, 1850.

SIR,—I always with pleasure that the Mineral Waters of the Point du Jour Parish in the Assumption (L'Assomption) are acquiring the credit they deserve, for myself, who am, perhaps, one of the first that made use of them, to tell you that I was perfectly cured in 1848, I can testify that some time I have made use occasionally of the Mineral Waters, nevertheless I have never doubted that my health would be given to the care of God the Jour—have never made much experience.

IMPORTANT TESTIMONIALS.

Copy of a letter from "COLONEL HAWKER," (the well known Author on "GUNS & SHOOTING,") Longparish House, near Whitchurch, Hants October 21st, 1846.

SIR,—I cannot resist informing you of the extraordinary effect that I have experienced by taking only a box of your LOZENGES. I had a cough for several weeks, that denied all that had been prescribed for me; and yet I got completely rid of it by taking about half a small box of your Lozenges, which I find are the only ones that relieve the cough without deranging the stomach or digestive organs.

I am, Sir, your humble servant,

P. HAWKER

ANOTHER INSTANCE OF THE GOOD EFFECTS OF KEATING'S COUGH LOZENGES, UPWARDS OF TWENTY—ONE YEARS' STANDING.

LIVERPOOL, 6, Bold Place, Jan 26, 1848

MY DEAR SIR,—I have great pleasure in informing you that my wife has received great benefit from the use of Keating's Cough Lozenges, you recommended her a short time since. Previous to this she had been troubled with a severe cough, and was under some of our first medical men here, without experiencing any relief; however, Keating's Lozenges have done wonders.

With respects, believe me, your's faithfully,

THOS. MAYOR.

To Mr. GEORGE H. HOWELL,

Chemist, 73, Dale Street.

RESTORATION OF VOICE BY KEATING'S COUGH LOZENGES.

GLASGOW, 12th January, 1847.

SIR,—I have great pleasure in informing you of the great good your excellent COUGH LOZENGES have done me. In December, 1845, I caught a severe cold from riding two or three miles, one very wet night, which settled in my lungs, and quite took away my voice, so that I could not speak above a whisper from that time until December last. Tried all kinds of medicines, but they were of no avail. I was then advised to try your Lozenges, which I did only to please my friends; but before I had finished a 2s. 9d. tin, my voice, to my great joy, came back as strong as ever.

I am, Sir, your's respectfully,

JAMES MARTIN.

LET THE SKEPTICAL READ THIS.

From Edward Brinley, Esq., N. Y. Sun Office Fire Hall, Boston.

BOSTON, Jan. 19, 1847.

DEAR SIR:—Having for some time purchased of your agent the article of hair restorative, popularly styled "having found it the most valuable preparation for the hair in my estimation, ever offered the Public. I feel it my pleasure, as well as duty to offer you my humble testimony as to its worth, begging you to make such use of it as you seem best to you.

The public has long been deluded and imposed upon and still are, by thousands of nostrums promising a growth to the hair, which has always proved futile. But the article you have produced, I look upon as a reality, as the most agreeable preparation for dressing the hair, and keeping it in a healthy, vigorous condition, that I have ever known. And wishing you that success in its sale which its merits so fully and unpretentiously entitle it to I am, dear sir, very respectfully, your obedient servant.

EDWARD BRINLEY.

ON THE INFIRMITIES OF YOUTH AND MATURITY.

Just Published, 40th Edition, and may be had in French and English, in Sealed Envelope, 2s. 6d. Sterling.

SELF-PRESERVATION

A MEDICAL TREATISE ON THE PHYSIOLOGY OF MARRIAGE, and DISORDERS OF YOUTH AND MATURITY, usually acquired at an early period of life, which enervate the physical and mental powers, diminish and enfeeble the natural fire of age, and exhaust the energies of Manhood—with practical observations on the Treatment of Nervous Debility and Indigestion, whether arising from those causes, disease, or the Influence of Tropical climates; Local and Constitutional Weakness, Syphilis and all Diseases and Derangements resulting from Indiscretion,—with Forty Colored Engravings, illustrating the Anatomy, Physiology, and Diseases of the Reproductive Organs, exposing their structures, uses and functions, and the various injuries that are produced to them.

BY SAMUEL LAMERT, M. D.,

No. 37, BEDFORD SQUARE, LONDON.

Member of Medicine, Matriculated Member of the University of Edinburgh, Licentiate of Apothecaries' Hall, London, Honorary Member of the London Hospital, Medical Society, &c.

Marriage requires the fulfilment of several conditions, in order that it may be really the cause of mutual happiness. Could the well, which covers the origin of domestic unhappiness, be raised, and the true cause in every instance disclosed, to view, how could it be traced to proceed from ignorance, and their effects not thought of in marriage.

Excesses are always injurious; the gift which, when used in moderation, is fraught with advantage, becomes, when abused, the prolific source of mischief, and of grievous injury to the constitution and vital powers.

The particular excesses on the nature and consequences of which this Treatise professes to dilate, are productive of greater misery to the human frame than any other to which it is subject.

This Work contains an accurate and complete account of the Anatomy and Physiology of the Reproductive Organs, and of their relative conditions in health and disease. Nor are these the sole contents of the work; the means of escape, as well as the nature of the danger, are pointed out in their and possible bearings. It deservedly requires the client attention and study, for with subject can be of more importance than the preservation of health, and of the physical capabilities of which every man should be possessed. It unfortunately happens, that, the unhappy victim of excessive indulgence and exposure to be tempted to resort to empirics, or from the foolish, whether acquired in early life, or from the loss of such a sacred age while suffering from their invariable consequences, unwisely entertains a fear of applying to a qualified physician for relief. Shame and the dread so frequently, but erroneously, inverted, that these complaints are beyond the reach of skill, and are consequently in possession of a better market than any other person. Prices, 7½d. per gallon, and 2s. the dozen, (in bottles.) Sick persons unable to pay for it, can obtain a flow of it gratis, by producing a certificate from their Physician, since we are unwilling that any should be deprived of these healing and wonderful Waters, prepared by Providence for his creatures, which are apparently designed for the alleviation and cure of many protracted and dangerous diseases.
