Like a Waterfall
Great Suffering
After the Grip

Tremendous Roaring in the Head —Pain in the Stomach.

"To C. I. Hood & Co., Lowell, Mass.:
"Two years ago I had a severe attack of the Grip, which left me in a terribly weak and debilitated condition. Last winter I had another attack and was again very badly off, my health nearly wrecked. My appetite was all gone, I had no strength, felt **tired all the time**, had disagreeable roaring noises in my head, like a waterfall. I also had severe headaches and

Severe Sinking Pains

in my stomach. I took medicines without benefit, until, having heard so much about Hood's Sarsaparilla, I concluded to try it, and the result is very gratifying. All the disagreable effects of the Grip are gone, I am free from pains and aches, and believe

Hood's Sarsaparilla

is surely curing my catarrh. I recommend it to all." GEO. W. COOK, St. Johnsbury, Vt.

Free Trip to Chicago.

Separate "World's Fair" and use the letters to spell as many words as you can by using the letters as many times as you wish, either backwards or forwards, but not use the same letter in making any one word more times than it appears in "World's Fair."

It is said 75 small English words can be spelled correctly from the ten letters contained in "World's Fair." Example: Wad, waif soar, idol, etc. If you are good at word-making you can secure a free trip to the World's Fair and return, as the Scott Seed Company will pay all expenses, including railway fare, hotel bills, admissions to the Columbian Exposition, and $50 in cash for incidental expenses, to the first person able to make 70 words from the letters contained in "World's Fair," as above. They will also give a free trip to the World's Fair and return with $25 for incidental expenses, to the first person sending 60 words as above. They will also give a free trip to the World's Fair and return (without cash for incidental expenses) to the first person sending 55 words.

To the first person sending 50 words will be given **$50 in cash** towards paying expenses to the World's Fair; to the first sending 40 words will be given $25 in cash towards paying expenses to the World's Fair; to each of the first five persons sending 35 words will be given $10 in cash, and to each of the first ten sending 30 words will be given $5 in cash.

Only one prize will be awarded to the same person. Write your name on list of words (numbered) and inclose the same post-paid with ten three-cent stamps for a large package of our choice English cottage garden flower seeds.

This combination includes the latest and most popular English flowers of endless varieties (same as will be contained in the elaborate exhibit of English flowers at the World's Fair).

This "World's Fair" contest will be carefully and conscientiously conducted solely for the purpose of introducing our business. You will receive the biggest value in flower seeds ever offered, and if you are able to make a good list of words and answer promptly you will have a first-class opportunity to secure a free trip from your home to Chicago and return.

We are spending a large amount of money to start our trade this season, and want your trial order. You will be more than gratified with the result. Send to-day, and address the Scott Seed Company, Toronto, Canada. 24keod23u

SHE SHOOTS STRAIGHT

And Will be Backed Against Any Woman in the World.

Steps Taken to Prevent the Dunfee-Donovan Fight—John L. Sullivan Said to be Suffering from Heart Disease—A Minnesota Law Prohibits the Docking of Horses' Tails.

THE TRIGGER.

SHE SHOOTS WELL.

There are only a few women in the world who can claim any distinction to being experts with the shotgun, and one of the cleverest of these is "Miss Jennie Smith," whose performance at the traps have been of a rather extraordinary character. The young woman's proper name is Mrs. Class, wife of Frank Class, of Morristown, and the champion wing shot of New Jersey. She is 22 years old, stands 5 feet 2 inches high, weighs 135 pounds, and is quite graceful in handling a gun.

"Miss Smith" made her debut in trap-shooting a little less than two years ago at Pine Brook, N. J. In an exhibition there she broke seventeen out of twenty blue rocks, thrown at different angles from a single trap. A few weeks later, at the same place, she won her first match, defeating Samuel Castle, a veteran wing shot of Newark. Each shot at ten birds. "Miss Smith" made a clean score, and the veteran missed only one. The pair were matched again, and the result was a tie, with ten straight kills for each. Her next match was with Daniel Nafle, of Boonton, N. J. whom she defeated at 50 blue rocks, the score being 43 to 38. He next victim was R. Mahon, of Morristown, whom she beat by 41 to 30. Then came the defeat of James Wheaton, of Newark, at her hands, the score being 46 to 36. After this match there were a number of sweepstakes at blue rocks. "Miss Smith" took part in two of the events, each at ten blue rocks. She broke eight and nine, respectively, capturing second money in each, and against such cracks as Riggotts, Castle, Sigler, Class and others.

Her most notable victory was in an open sweepstake shoot held at Morristown about a year ago. She won first money from a field of a dozen crack shots by a score of 23 out of a possible 25 blue rocks.

Class will back his wife to shoot against any woman in the world under the following conditions: One hundred blue rocks each, unknown angles, American Shooting Association rules; or 50 live birds each, 30 yards rise, 50 yards boundary, under Hurlingham rules; the stakes in either match to be $100 a side.

THE KENNEL.

Several sales were made during the Detroit show, the Brant cocker kennels selling to George M. Hendrie the first prize winner, Brantford Redstone, by Jacket Rose, and listed at $150. Mr. Bell sold a fox terrier, now at Elmira, to New York parties.

THE TURF.

There were 10,002 races run in the United States and Canada during 1892, according to Goodwin's Guide, and 353 were stake events.

MUST NOT DOCK THE HORSES.

At Columbus, Ohio, the House passed a bill introduced by Representative Davis, of Mahoning, making it a crime punishable by a fine from $20 to $200 to dock a horse. The bill is aimed at young John A. Logan, who has a farm in Mahoning county where he raises fancy English hackney horses. The author explained that the custom was barbarous and was introduced into this country by those who wished to ape the English aristocracy.

BASEBALL.

Mr. Joseph Knight, who was a member of the Tecumseh Club, and who played with the Binghamton, N. Y., club last year, is on the reserve list of that club, and will play there this season.

THE WHEEL.

ROAD RACE FROM BUFFALO TO CHICAGO.

CHICAGO, March 27.—A 25 mile road race between Buffalo and Chicago bicyclists is being arranged. It will not be an inter-club contest, but one in which 25 of the best riders of each city will engage. The race will take place during the week following May 30.

ATHLETICS.

SULLIVAN SICK.

A rumor was current in New Orleans, La., on Sunday night that John L. Sullivan had been attacked by heart disease while taking part in the boxing scene in "The Man from Boston." Sullivan admitted after the play that he had a "bad spell," but said he did not think he was as sick as some thought. He does not put any stock in the report that he has heart disease, and says his ailment is pleurisy.

AGAINST THE LAW.

AUBURN, N. Y., March 27.—District Attorney Rich has written a letter to Sheriff Wethey, calling his attention to the provisions of the penal law as to prize fighting, and saying that it is his plain duty to prevent anything of the kind taking place in this county, and to arrest any person who instigates or aids. The sheriff has appointed two deputies for each town to prevent the meeting between Dunfee and Donovan, which is announced to take place near Auburn in April.

CRICKET.

THE ONTARIO ASSOCIATION.

TORONTO, March 27. — The Ontario Cricket Association held its annual meeting to-night at the Walker House, Mr. John Wright, president, in the chair. The officers elected were: Honorary president, the Lieutenant-Governor; president, Edward Martin, Q.C., Hamilton; vice-presidents, Dr. Beemer, London Asylum, B. R. McConkey, Guelph, J. M. McDonald, Rosedale, H. H. Bedford-Jones, Trinity College; honorary secretary-treasurer, K. H. Cameron; honorary assistant secretary, W. R. Wilson.

Let the World Know You Are in It.

It seems almost a crime for a man to "hide his light under a bushel." If he has something new, that will benefit the human race, he should make it known. Old-fogy physicians tread the beaten path of their grandfathers, denounce advertised remedies, and never learn anything new. Medical science knows no parallel to Dr. Pierce's Favorite Prescription, compounded by a physician of skill and long experience, especially for the maladies that afflict women. It effects a permanent cure of those agonizing disorders which attack her frail organism, and is an anchor of hope alike to delicate girls and suffering women; contains no deleterious drugs. A guarantee on the bottle wrapper, refunding the price in case of failure. Of druggists, $1.

THE BROTHERHOOD OF MAN.

Man's endowment and opportunities are capital for his investment. A wise and proper use of these are obligatory upon us all. First, because responsible to God the giver as to how we use them; whether our endowments be ten, five or one, we should prove faithful in investing them. Second, much of our power depends upon a proper and judicious use of our talents—a wise use of them will give us pleasure on earth and also profit. Third, the happiness of others such as husband and wife, children, friends and neighbors. The brotherhood of man puts us into a federation for which there is no escape for any single one, be we ever so rich or ever so poor, we are a part of the human family, and we are one in an intense sense.—[Rev. Dr. Wild.

A COW FOR SALE.

Owing to ill-health I will sell at my residence, in township 16, range 18 west, according to the Government survey, one plush, raspberry-colored cow, aged 8 years. She is a good milkster and not afraid of the cars or anything else. She is of undaunted courage and gives milk frequently. To a man who does not fear death in any form she is a great boon. She is very much attached to her house at present by means of a stay-chain, but she will be sold to anyone who will agree to use her right. She is one-fourth Shorthorn and three-fourths hyena. I will also throw in a double-barrel shotgun, which goes with her. In May she generally goes away for a week or two, and returns with a tall, red calf, with long, wobbly legs. Her name is Rose, and I prefer to sell her to a non-resident.—[Bill Nye.
