MASONIC ENGAGEMENTS.

June, 1890.

The following meetings will be held at the Masonic Hall, Germain street, during the present month at 8 o'clock in the evening:

Wednesday, 18th—Carleton Royal Arch Chapter.
Thursday, 19th—The Union Lodge of Portland, No. 10.

POINT LEPREAUX, June 13, 9 a.m.—Wind east, strong, cloudy. Therm. 47. One three-masted, one other schr. inward, two schrs. outward.

REV. MR. PAYSON will hold service again in Fredericton jail on Sunday morning.

LIGHT THE BAND STAND.—Arrangements are completed for starting an electric light on the Carleton bandstand whenever it is required.

FIRST PICNIC.—Leinster street Baptist Sunday school have decided to hold their annual picnic at Grand Bay on Thursday the 26th inst., just the first day of the public school holidays.

NEW CARS FOR THE INTERCOLONIAL.—Messrs. J. Harris & Co. have lately received a contract to build eleven cars for the Intercolonial railway. Work has been commenced on the cars.

MR. CHAS. T. WHITE of Apple River, N. S., formerly of Sussex, is building two large schooners at that place. He has working on the same between one hundred and fifty and two hundred men.

THE ST. JOHN SCHOOL OF MUSIC" has closed for the summer holidays; will reopen Sept 1st. Miss Parker, graduate of Boston school of Oratory, has been engaged as instructor of elocution for next year.

THE NORWEGIAN BARK HUGIN arrived this morning from Liverpool. She had a rather tedious passage of 43 days and had calms and squalls for fourteen days in lat. 37 deg. lon. 30. The Hugin has 500 tons of salt far E. Turnbull & Co.

PICNIC AT LORNE GROVE.—Tilley Lodge of Carleton will hold a picnic at Lorne Grove, Grand Bay, on the 24th of this month. There will be a 100 yards dash and a 220 yards dash for which valuable prizes will be given. A base ball match will also be played.

BARK MAIDEN CITY, Capt. Humphreys, arrived this morning from Liverpool, making the passage in 27 days. She had good weather all the passage. When off the banks about thirty large icebergs were sighted. The Maiden City is laden with a general cargo.

NO CHANGE IN THE TRAINS.—The statement in the Fredericton Gleaner a day or two ago to the effect that the train on the New Brunswick road would leave for Fredericton at 7 p. m. is incorrect. The train service will be continued on the old time table for the present.

ORDER RAILWAY TELEGRAPHERS.—Mr. T. J. Murphy, of Florenceville, leaves for New York tomorrow morning as the delegate of Division No 82, Order of Railway Telegraphers, to the annual convocation of Grand Division, Order of Railway Telegraphers to be held at New York Wednesday next. He will be accompanied by Mr. Wm. F. Noble of the New Brunswick railway general offices in this city, Mr. T. E. Smith, train despatcher of Woodstock, and Mr. W. E. Scully of Carleton, train despatcher of the Shore Line.

PREPARING FOR THE VISITOR.—The pretty little port of Mulgrave is fast becoming a favorite summer resort for tourists. Its natural beauty has always impressed the visitor with delight, and now that arrangements are being made for bettering the accommodation for the summer traveller, it is probable that Mulgrave will become a favorite stopping off place. Mr. P. A. Grant is erecting an hotel at this place, with eighteen rooms for guests. This hotel will be found not only convenient to the visitor, but a decided advantage to the pretty little place itself.

PAGE'S TWIST, the celebrated Smoking Tobacco, guaranteed not to bite the tongue. The purest tobacco in the market to-day. Sold only by LOUIS GREEN, 59 King street.

MR. LEARY'S LETTER.

He Meets the Dock Committee and Submits His Plans.

The dock committee of the Common Council met at the City Hall yesterday afternoon. There were present the Mayor and Aldermen Baskin, Stackhouse, Peters, Kelly, Allen, Forest, Likely, the recorder and the common clerk. Mr. James D. Leary was also present and submitted a letter containing proposals in regard to the dock. It was decided by the committee to submit the letter to the Council for its consideration.

Mr. Leary's letter is as follows:

To His Worship the Mayor of the City of St John:—
To the Dock Committee of the Council:—
To the Common Council of the City of St. John:—

GENTLEMEN:—Again referring to your letter addressed to me, and bearing date the 13th of May last, and also having reference to my answer to that letter bearing date the 17th day of May last, I have now to say that I think your honorable body will, on further reflection, agree with me that it would not only be unreasonable to expect me to sign an absolute contract to build and complete the dry dock, wharves, warehouses and elevator according to the plans and specifications approved by you, and which will involve the expenditure of $1,000,000 until I have been assured of the additional subsidies required; but it would also be contrary to the understanding I have had with your honorable body that I should be asked to do so, and that from the first there has been such understanding is apparent from the memorial which was presented by the common council to the government of New Brunswick, under date of the 14th of December last, asking for a provincial subsidy towards the proposed works in which memorial the common council say:—"That your memorialists have received a proposition from Mr. James D. Leary of New York, an experienced and responsible contractor for such works, who upon receiving assurance that public subsidy will be given is prepared, as he states, to build and equip a dock suitable for a graving dock at Carleton on the western side of the harbor of St. John at an estimated cost of about $1,000,000,"

Then, after considering that the council had concluded to aid the work, including wharves and warehouses, to the extent of $10,000 a year for 20 years the council in their memorial further say: "That having thus to the extent of their ability offered aid towards the construction of the proposed improvements, the memorialists, knowing that the work cannot proceed without liberal subsidy from the provincial government and from the dominion government, and feeling assured that the work proposed to be constructed by Mr. Leary will be a great advantage," etc. "your memorialists therefore pray that liberal subsidy will be granted by your honor in aid," etc.

I also clearly understood that as soon as the plans and specifications were approved of a committee of your honorable body would memoralize the dominion government and urge the granting of the subsidy that was expected from them.

I have from the first acted in good faith with the city. I have acquired at a large cost the property at Sand Point necessary for a dry dock, with a large portion of land necessary for the remaining parts of the work, and spent large sums in preparing plans and other preliminary work, and I think it would be most unfair to now ask me to sign an agreement to begin and carry on the work, before we ascertain whether or not the additional aid will be granted and contrary to the understanding had with me by the common council as expressed in there memorial hereinbefore referred to.

But in order to show that I am desirous of meeting your honorable body in a fair spirit in accomplishing, as far and as speedily as possible, the completion of all these works, and being informed that there is a great desire on your part and on the part of the citizens generally to first have the wharf, warehouse, elevator and the deep water accommodation rather than the immediate construction of the dry dock, I am willing to allow that portion of the scheme that has reference to the dry dock to remain to be carried out after the other portions of the work are completed, and in order to accomplish this work and meet the more urgent present requests of your citizens, and without waiting for the legislature to again meet, I submit the following propositions, namely:—

To let one half of your proposed subsidy of $10,000 per year for 20 years to stand for the dry dock and your honorable body to allow $5,000 the other half of the $10,000 for 20 years for the wharf and warehouse accomodation as and in the connexion proposed below, if in addition to this amount there can be secured for this project from the dominion government and N. B. government a promise to favorably recommend to the local legislature and parliament the granting of $10,000 per year in all addition for 20 years, I will without waiting for the legislature to meet proceed with the work and complete the same in the shortest possible time, and provide all that portion of the wharf and warehouse accommodation as shown on the (L) plan already approved by you, and in addition I will dredge out the inner face of the wharf to a depth of 20 feet so as to accommodate sailing and steamships ordinarily engaged in ocean commerce, to secure which inner berths it will be necessary to make the wharf to the width of 70 feet and dredge the outside of the wharf so as to give a depth of water at low tide of 27 feet, thereby affording accommodation to the steamships and other vessels afloat.

In addition to the above I will also construct at Sand Point a grain elevator thereon of 50,000 bushels capacity, with the necessary wharf and other accommodation required therewith and give a depth of water at low tide of 27 feet for ships using the elevator.

Should it only be possible to secure from the dominion and local governments $5,000 per annum in all, instead of $10,000 a year, I am willing to construct all of said works except the wharf and grain elevator at Sand Point.

I would expect, as previously understood from you, to get the land from you in Carleton on which the L wharf will be built at a rent similar to that obtained by you from the lessees of other water lots in that vicinity.

I would respectfully ask if you approve of the proposals I now make that you grant say 20 days to ascertain what the two governments will do in the matter, and that you send memorials to the dominion and local governments asking the aid desired and that the committee should have the necessary power to enable them to confer with them without delay in matters of detail.

If my propositions are accepted by you I guarantee to have one of my large dredges here in three weeks from the signing of the contract, and I will commence the work without delay and the L. wharf and warehouse ready to be utilized for next winter's business by the 15th day of January next the whole to be completed in 60 days thereafter.

I have the honor to be your obedient servant,

(Sgd.) JAMES D. LEARY.

RECORD BREAKERS.

The other day H. C. Downs, of Harvard, ran half a mile in 1.57 2-5 on the college track, the previous record over which was 1.59¾.

Never since that marvellous jumper, Joseph Darby, of Dudley, lowered the colors of W. G. Hamilton, the American champion, at the Lea Brook grounds, Wednesbury, for £200, and the championship of the world, on January 21, 1888, has a jumping contest of any note been decided in the Midlands. For a considerable time, however, a great spirit of rivalry has existed between Darby and Joseph Parker, of Tipton, and despite the former's most brilliant records Parker has had the idea that he was the champion jumper. The men met at the Castle grounds, Dudley, in a series of forward and high jumps so as to settle who was the champion. Previous to stripping it was agreed for young G. Short, Darby's novice to join in the sweep stakes. Great excitement prevailed over the affair, and fully 20,000 people assembled. Darby, who was trained by Mr. J. Jones, of Birkenhead, was very confident of winning, and offered to bet Parker £100 to £50 on himself, but the Tipton man would not accept the offer. In the result Darby beat Parker easily.

Five (standing) jumps forward, with weights—Darby 1. Short 2. Parker 0. The distance covered by Darby was 76 ft. 6 in.

Five (standing) jumps—Darby, 61 ft. 5½ in. 1.

High (standing) jump without weights—Darby 1. Short 2. Parker 0. Darby won easily; clearing 5 ft. 2 in.

One broad jump, with weights (standing)—Derby 14 ft. 2 in, 1; Short 2, Parker 0.

One broad jump, without weights (standing)—Darby 12 ft. 1½ in, 1, Short 2. Parker 0. Darby thus won very easily, his novice also beating Parker.

All these performances break the world records, excepting the single jump with weights, Hamilton having cleared 14 ft. 5½ in. that way at Romeo, Mich., October 3.

The Ring.

BOSTON, June 13.—The following was received at the Police Gazette office yesterday: "San Francisco.—The California Athletic Club offer a purse of $1,800 for Fitzsimmons of New Zealand and Jack Dempsey to fight for in August. Fitzsimmons agrees to fight Dempsey for the purse and if he refuses he will challenge the winner of the Young Mitchell and LeBlanche fight, which takes place on the 27th.

Billy Murphy, of Australia, has postponed his departure to fight Larkin, the New Jersey champion, for $1,800

THE Y. M. C. A. SPORTS.

If the weather is favorable the Y. M. C. A. sports will be held in the A. A. C. grounds to-morrow, beginning as soon after 2 p. m. as possible. The number of entries for the sports is large, the medals are tasteful and the events will all be well contested. A particular rivalry prevails amongst the boys, and although this rivalry is in every way friendly, yet this spirit will assist in making the contests better and better worth seeing. This is the first out-door meet of the season and should be well patronized.

THE NEW ENGINE HOUSE.

No. 3 Fire Engine House on Union Street to be Torn Down and be Replaced by a Fine Brick Structure.

Tenders for the construction of the new engine house on Union street for No 3 company will close on Thursday, 19th inst. The old wooden engine house will be torn down and the new brick structure to be reared in its stead will present a very fine appearance. The main building will be three stories high, and will have a large cellar. The building will front 37½ feet on Union street and runs back 45 feet. The front is of a handsome design, the first story has three double doorways over 9 feet wide with a single door on the west side. There are large lights in each door, and also over the door ways. The second story is lighted by three large double square mullion windows and one smaller one, while the windows of the third story have half arch tops. The pressed brick front will be nicely set off with free stone trimmings, and a large tower on the eastern corner of the building surmounted by a flagstaff gives a fine effect.

The first floor of the main building will be occupied by the apparatus including the engine, hose cart, and salvage corps wagon. On the west side of the room stairs leads to a large hall on the second floor off which there will be two large sleeping rooms in the front of the building and a small chamber and bathroom in the rear. In the front on the third floor will be two large assembly rooms for the firemen and salvage corps. The one on the east side will be 21 feet square, while that next it will be 15 feet front by 26 feet deep. In the rear will be a large battery room in which the battery for the whole fire alarm, and next it a small room for repair or work shop.

At the rear of the main building will be a brick ell two stories high, measuring 30 feet wide by 72½ long. In the front of it and opening on the apparatus room will be the stalls for the horses four in number. Back of this will be a large box stall and a wash stand on which to wash the horses and apparatus. The second floor of the ell will contain a work shop 30 feet wide and 38 long.

Altogether the building will be not only handsome in appearance but well adapted for the purpose it is intended for. Mr. H. H. Mott is the architect.

ADVANCE IN WAGES.—On account of the scarcity of sailors coasting wages have advanced $2. The rates now quoted are U. K. or Continent, monthly $20; runs $35; coasting, monthly $22 and West Indies or South America $18.

THE FOLLOWING DIRECTORS were elected at the adjourned meeting of the Home for the Aged held yesterday:—T. W. Daniel, R. W. Crookshank, R. P. Starr, W. K. Crawford, H. L. Sturdee, Joseph Allison, Dr. D. E. Berryman, J. M. Robinson, Mrs. T. A. Temple, Mrs. T. W. Daniel, Mrs. J. L. Dunn, Mrs. G. Prescott, Mrs. R. Thomson, Mrs. G. M. Armstrong, Mrs. R. T. Clinch, Mrs. A. L. Palmer, Mrs. J. R. Ruel, Mrs. J. DeW. Spurr, Mrs. J. P. C. Burbee and Mrs. H. L. Sturdee.

LIQUOR SEIZURES.—Captain Rawlings on Wednesday evening last raided John Jones establishment, the West End House on South wharf, and was successful in capturing a bottle of liquor for which Jones paid $20 at the police court today. The captain last evening raided Sarah Bartlett's place on Erin street and took back with him to the police station 2 kegs of ale; 1 half-jug of rye whiskey; 1 bottle of gin and 2 part bottles of brandy. The magistrate fined the fair delinquent $20 this morning and ordered the liquor to be destroyed.

HIGH JINKS IN ST. STEPHEN.—On Saturday, a party of Indians and squaws numbering in all about fifteen, with a few white guests, had a jollification in the vicinity of the N. B. depot. They were well supplied with fire water. Among the features of the occasion was an impromptu war dance and a love making match, in the latter of which a white brave from Milltown and a buxom squaw were the prominent figures. One of the party was escorted to the lockup by the marshal and compelled to pay a fine as a slight mark of the appreciation of the citizens for the entertainment afforded. The entire party left by the noon train for other parts.—St. Croix Courier.

"RUNNING WILD."—The 'Running Wild' company made their first appearance at the Institute, last night, to a large audience. There is comparatively little plot in the piece, but it is made for laughter, and many of the situations are really very comical. Miss Gipsey Warde, in the role of Dollie Skylark, the milliner, acquitted herself to the satisfaction of everyone. In her songs and dances and the duet "Lawn Tennis" with Mr. Kane she was quite successful and was several times recalled. Miss Mills and Miss Campbell played their roles quite well. The company will appear again this evening.

NEW BRUNSWICK TELEPHONE CO.—At the annual meeting of the New Brunswick Telephone Co, at Fredericton on Tuesday, the following directors were elected for the current year:—Hon. A. G. Blair, Hon. F. P. Thompson, Secretary W. E. Smith. It is understood that the company have declared a dividend of 5 per cent for the past year.

PRIER ISLAND CO.'S Grape Juice is invaluable for sickness and as a tonic is unequalled. It is recommended by Physicians, being pure, unadulterated juice of the grape. Our agent, E. G. Scovil, Tea importer, No. 13 North Wharf, can supply our Brands of Grape Juices by the case of one dozen.

A HARDY MARINER.—The greatest sensation of the season was the entering at Port George, N. S. three or four days since, of a craft, with a native of Virginia as master, without sailing papers. He was reported to the Customs, and that officer took immediate steps to ascertain the facts, which run as follows: The occupant was a negro who styled himself "Colored Joe." He was born in slavery, passed through the civil war unhurt. Last September, he landed at the Sand Banks, where he lived in a hovel till last Thursday, when he started for his native land on a raft, the dimensions of which are 15x8, and without any provision, water, or anything else, save a wooden tub with sand in it, which he called his stove. His raft drifted into the weir of C. Fitch, where it grounded, but on the flood tide "Colored Jo" pushed out to sea again, and with a rag on a pole for a sail, aided by a southerly breeze, disappeared from sight.—Bridgetown Monitor.

CLIMO'S WORK should be seen at his rooms by those who desire the finest art effects in photography, 85 Germain street.

MACAULAY BROS. & CO.,

Macaulay Bros. & Co.

Inspection of the Schools.

The Board of School Trustees have almost completed a most thorough inspection of the schools, only the West side yet remaining to be visited. Yesterday the board inspected the Grammar school, Madras, St. Peters and the Winter street school. They found both departments of the Winter street building in good condition throughout, as this building was put into thorough repair last fall. St. Peters was found to be in only fair condition. The sanitary arrangements need to be improved largely as do those also of the Madras school. The trustees propose having these improvements effected as soon as possible. The Grammar school is a rented building and is in first-class repair, although it has somewhat inconveniences.

The Board will visit the Carleton schools next week. They are taking a commendable interest in the various educational institutions throughout the city.

Police Court.

Edward Richardson, drunk on the ferry floats, was fined $8.

John Collins, charged with using profane language on Prince William street and wanting to fight, was fined $8.

James Ferguson, and James Stafford, drunks, were fined $4.

John Jones, proprietor of the West end house, and Sarah Bartlett, paid $20 each for keeping liquor on sale without a license.

Wm. White was fined $4 for abusive language to Robert McKenzie on board of the ferry boat.
