Hints of Coming Fashions

The new woolens for autumn wear are in solid colors woven in stripes; as for instance repped stripes alternating with diagonal stripes, corded stripes with satin finished, while others are the plain weaves with borders of stripes or cashmere figures. Henrietta cloth is holding its own as a fashionable material, and one who has contemplated the purchase of a dress of this goods need not change her mind as to the desirability of the investment. Rough cassimeres and serge are popular, and the soft finished dudah cloths. Drap d' alma is very fashionable; it is a very durable material in far more expensive qualities: and ladies' cloth is imported in all the new colors for winter street wear.

Never allow the bowels to remain constipated lest serious evil ensue. Carbolic Pills are unsurpassed as a remedy for constipation. 1m

Green promises to be one of the favorite colors for autumn wear, especially *reseda*, which is the green of mignonette, and dark and bronze shades. Grey will also be much worn, especially in the new *oxide*, the dull darkness of oxydized silver. There are also green shades which are quiet and stylish. Red is also to be worn again, in mahogany shades as well as those much brighter in color. Dark blue is "out."

Worms cause much sickness among children. Freeman's Worm Powders prevent this, and make the child bright and healthy. 1m

Ribbons and plumes are to trim fall hats, which it is said are to have lower crowns and wider brims. The trimming is to be massed upon the top of the hat, however, a large bow of ribbon being on top of the crown, with its long ends pointing forward. Black hats are stylish wear with any colored dress. Ribbons are very fancy, woven in stripes; the ribbons are solid color, the contrast is afforded by the weaver's art. We are told the plumes used are to be large handsome ones laid flat on the rimb of the new style hat. Whether this will prove a "taking" fashion remains to be seen.

"For years I suffered from loss of appetite and indigestion, but failed to find relief until I began taking Ayer's Sarsaparilla. This medicine entirely cured me. My appetite and digestion are now perfect."—Fred G Bowers, 496 Seventh-st., South Boston, Mass.

For Rickets, Marasmus, and all Wasting Disorders of Children.

Scott's Emulsion of Pure Cod Liver Oil with Hypophosphites, is unequaled. The rapidity with which children gain flesh and strength upon it is very wonderful. "I have used Scott's Emulsion in cases of Rickets and Marasmus of long standing. In every case the improvement was marked." J M Main, M D, New York. Sold by all Druggists, 50c. and $1.00.

Tell but once concerning anything in government. Twice told is too much by one-half, and thrice told is worse than not told at all. Once told, if understood, is enough, once telling will generally suffice. Tell it in a firm, medium or low tone of voice, and let the eyes say the same thing. A very slight punishment will suffice if given at the second offence. It is not so much the severity of the punishment as the certainty of it that prevents.—L. P. Cravens.

A Terrible Ten Years.

Mrs Thomas Acres, of Huntley, Ont., suffered all the tortures of liver complaint for ten years. Four bottles of B. B. B. entirely cured her, making her like a new woman again, after other medicines had failed to relieve her. 2

Give Them A Chance.

That is to say, your lungs. Also all your breathing machinery. Very wonderful machinery it is. Not only the larger air-passages, but the thousands of little tubes and cavities leading from them.

When these are clogged and chocked with matter which ought not to be there, your lungs cannot half do there work. And what they do, they cannot do well.

Call it cold, cough, croup, pneumonia, catarrh, consumption or any of the family of throat and nose and head and lung obstructions, all are bad. All ought to be got rid of. There is just one sure way to get rid of them. that is take Roschee's German Syrup, which any druggist will sell you at 75 cents a bottle. Even if everything else has failed you. you may depend upon this for certain. eowly

John Thomson and his wife sometimes indulge in midly philosophical discussions. John, however, makes frequent jokes at his wife's expense when discussing, much to her disgust. The other night they talked of the women's rights movement. "Women are happiest," observed John, "in being loved by a man." "But, my dear," put in his wife, "how do you explain the fact that some women don't love men?" "By the law of reciprocity, my dear," replied John. "The men don't like some women."

A Plain Statement.

All poisonous waste, and worn out matter ought to escape from the system through the secretions of the bowels, kidneys and skin. B. B. B. cleanses, opens and regulates these natural outlets for the removal of disease. 2

More Trouble May be Expected.

If you do not heed the warnings of nature and at once pay attention to the maintainance of your health. How often we see a person put off from day to day the purchase of a medicine which if procured at the outstart of a disease would have remedied it almost immediately. Now if Johnston's Tonic Liver Pills had been taken when the first uneasiness made its appearance the illness would have been "nipped in the bud." Johnson's Tonic Bitters and Liver Pills are decidedly the best medicine on the market for general tonic and invigorating properties. Pills 25c. per bottle. Bitters 50 cents and $1 per bottle, sold by Goede the druggist, Albion block, sole agent. [b]

Missed Her Chance.

"Dear! dear!" he said, as he laid down his paper and looked around the car, "but a hundred million dollars is too much for any one man to have."

"Who's got it?" asked the man on the right

"Jay Gould."

Then for a moment everybody was silent. An old woman with a bundle on the opposite seat began to move about uneasily, something like a blush came to her cheeks, and she finally leaned forwar dand hoarsely whispered:—

"And he isn't a widower, is he?"

Everybody laughed, and she got huffy and left the car at the next crossing. Luck always runs against some people.

Dangerous Counterfeits.

Counterfeits are always dangerous, more so that they always closely IMITATE THE ORIGINAL IN APPEARANCE AND NAME. The remarkable success achieved by Nasal Balm as a positive cure for Catarrh and Cold in the Head has induced unprincipled parties to imitate it. The public are cautioned not to be deceived by nostrums imitating Nasal Balm in name and appearance, bearing such names as Nasal Cream, Nasal Balsam, etc. Ask for Nasal Balm and do not take imitation dealers may urge upon you. "Ay," growled old McNab, "they crack aboot lawyers' fees, but I'm thinkin' doctors are jist as bad as lawyers for robbin' folk." "What way dae ye think that?" asked McKenzie. "Weel, oor doctor cam doon to lance oor Jenny's arm an' forgot his lancet. He gaed back for it, an when the bill cam' in he charged twa visits.

A Good Neighbor.

"Late last fall I was laid up in bed three days with a very severe attack of diarrhœa and vomiting. Nothing benefited me until my neighbor, Mrs Dunning, recommended Dr Fowler's Extract of Wild Strawberry, and brought me a half bottle, which she had in her house. In three hours the vomiting was stopped, and I was able to sit up by night. I would not now shink of using any other medicine," Columbus Hopkins, Hamilton, Gnt. 2

Eli Perkin's Short Courtship.

"The quickest courtship I ever heard of," continued Eli, was when my Uncle Consider Perkins courted the Widow Jenkins up in Connecticut."

"How sudden was the courtship?"

"Well, my Uncle Consider cantered his horse over to the widow's farm before breakfast one morning, hustled into the house and gasped:

"Widder Jenkins, I'm a man of business. I am worth $10,800, and want you for a wife. I give you just three minutes to answer."

"I don't want ten seconds, old man," she replied, as she shook out the dish cloth "I'm a woman of business, worth $16,000, and I wouldn't marry you if you were the last man on earth! I give you four seconds to git!"

Hay fever is a type of catarrh having peculiar symptoms. It is attended by an inflamed condition of the lining membranes of the nostrils, tear-ducts and throat, affecting the lungs. A Severe Attack.

Miss Bella Elliot, of Pontypool, Ont., writes—"My brother and I were both taken ill with a severe attack of diarrhœa, having tried other remedies, we tried Dr Fowler's Extract of Wild Strawberry, which gave immediate relief." 2

A little girl out visiting was given the album of the family photographs to look at while the hostess attended to other affairs. "Well, dear," asked the latter on returning, "did you look at the album?" "Oh, yes," answered the little maid brightly; "and we've got one zactly like it, only the pictures are prettier."

How a Dude Caught Cold.

A slim young man in the height of fashion was violently sneezing in a street car, when a companion remarked, "Aw, Chawles, deah boy, how d'ye catch that dweadful cold." "Aw, deah fellah, left my cane in the lower hall tother day, and in sucking the ivory handle, so dweadful cold, it chilled me almost to death." Some one sent Henry Ward Beecher on a 1st of April an envelope inclosing a sheet of paper, on which were only the words "April fool!" The distressing paleness so often observed in young girls and women. is due in a great measure to a lack of the red corpuscles in the blood. A Popular Girl.

What qualities go to make a popular girl! Study the girl everybody likes, and see wherein lie the reasons of her popularity. Very often she is not pretty, or she is devoid of the clothes wearing faculty we call style; she may not even be accomplished; but we all like her. The most popular girl we know is always called pretty, though her features are irregular and she belongs to no decided type. But the moment she meets one her whole face lights up with friendliness and her first speech is either some merry quip or bit of kindly sympathy. So you see it is not very strange that she is loved. She is not rich; her own lively fancy and nimble fingers must do much to provide her simple gowns, but somehow she always has time to do so much for other people. Whatsoever her hand finds to do she does with all her might.

More Remarkable Still.

Found at last, what the true public has been looking for these many years and that is a medicine which although but lately introduced, has made for itself a reputation second to none, the medicine is Johnson's Tonic Bitters which in conjunction with Johnson's Tonic Liver Pills has performed some most wonderful cures impure or impoverished blood soon becomes purified and enriched. The First Symptoms

Of all Lung diseases are much the same: feverishness, loss of appetite, sore throat, pains in the chest and back, headache, etc. In a few days you may be well, or, on the other hand, you may be down with Pneumonia or "galloping Consumption." Run no risks, but begin immediately to take Ayer's Cherry Pectoral.

Several years ago, James Birchard, of Darien, Conn., was severely ill. The doctors said he was in Consumption, and that they could do nothing for him, but advised him, as a last resort, to try Ayer's Cherry Pectoral. After taking this medicine, two or three months, he was pronounced a well man. His health remains good to the present day.

J. S. Bradley, Malden, Mass., writes: "Three winters ago I took a severe cold, which rapidly developed into Bronchitis and Consumption. I was so weak that I could not sit up, was much emaciated, and coughed incessantly. I consulted several doctors, but they were powerless, and all agreed that I was in Consumption. At last, a friend brought me a bottle of Ayer's Cherry Pectoral. From the first dose, I found relief. Two bottles cured me, and my health has since been perfect."

In Brief, and to the Point.

Dyspepsia is dreadful. Disordered liver is misery. Indigestion is a foe to good nature.

The human digestive apparatus is one of the most complicated and wonderful things in existence. It is easily put out of order.

Greasy food, tough food, sloppy food, bad cookery, mental worry, late hours, irregular habits, and many other things which ought not to be, have made the American people a nation of dyspeptics.

But Green's August Flower has done a wonderful work in reforming this sad business and making the American people so healthy that they can enjoy heir meals and be happy.

Remember:—No happiness without health. But Green's August Flower brings health and happiness to the dyspeptic. Ask your druggist for a bottle. Seventy-five cents. eowly

Not a Book Agent

Mr Goode, druggist, is not a book agent, but has the agency in Goderich for Johnston's Tonic Bitters, which he can heartily recommend for any complaint to which a tonic medicine is applicable. This valuable medicine has been with most astonishingly good results in cases of general debility, weakness, irregularities peculiar to females, extreme paleness, impoverishment of the blood, stomach and liver troubles, loss of appetite, and for that general worn out feeling that nearly every one is troubled with at some part of the year. Don't forget the name Johnston's Tonic Bitters 50c. and $1 per bottle at Goode's drug store, Albion block, Goderich, sole agent. a

"He Never Smiled Again!"

No "hardly ever" about it. He had an attack of what people call "biliousness," and to smile was impossible. Yet a man may "smile and smile, and be a villain still, still he was no villain, but a plain, blunt, honest man, that needed a remedy such as Dr Pierce's "Pleasant Purgative Pellets," which never fail to cure biliousness and diseased or torpid liver, dyspepsia and chronic constipation.
