Guns for sale, $4.50 and up. Ammunition of all kinds, at

SCRIBNER'S Fishing Tackle Store,

59 King Square.

COMMERCIAL.

WALL STREET.

NEW YORK, Oct. 25.—Opening prices of stocks here adapted themselves to the lower level of the London parity, resulting in fractional declines throughout. Reading and National Lead were down nearly a point, and Union Pacific, Smelting, Colorado Fuel and Pressed Steel Car large fractions. The market was dull.

NO REDUCTION IN DISCOUNT RATE.

LONDON, Oct. 25.—The Bank of England's rate of discount remained unchanged today at 6 per cent.

ONTARIO BANK FIGURES ARE OUT.

A statement of the position of the Ontario Bank has been issued.

It is signed by W. E. Stavert, curator of the bank, and the statement appears in this month's Government bank statement.

Mr. Stavert explains that the figures are subject to correction.

Liabilities: Capital paid up, $1,500,000; rest, $500,000; notes in circulation, $1,351,400; balance due Dominion government, $23,037; balance due provincial government, $16,695; deposits demand, $2,965,038; deposits, notices, $9,591,264; due to other banks, $280,891; balances due U. K., $6666,619; balances due elsewhere, $217,322. Total liabilities, $15,272,271.

Assets: Specie, $105,003; Dominion notes, $268,545; deposits with government, $70,000; notes, other banks, $546,882; balances due from other banks, $600,486; balances due from U. K., $14,912; balances due from elsewhere, $23,273; government securities, $20,683; municipical securities, $242,317; railway debentures, $917,503; call loans, Canada, $589,402; call loans, elsewhere, nil; current loans, Canada, $12,287,691; overdue debts, $23,242; real estate, $25,000; mortgages, $1,500; premises, $151,568; other assets, $22,696. Total assets, $15,920,107.

Loans to directors, $17,859; average specie held, $135,700; average Dominion notes held, $251,500

FOUR BILLIONS ON THE MARKET.

The total capital of industrial stocks listed on the New York Stock Exchange amounts to $4,002,938,000.

Capital of railroad securities amounts to $5,330,000,000, and the total is $9,332,938,000.

No data are kept of the daily transactions in industrials, as distinct from railroads, but they may be conservatively estimated at 40 per cent of the whole; on this basis the par value of industrial shares traded in daily for the last two months would be about $40,000,000, or roughly $12,000,000,000 a year—twelve billions, or almost equal to the grand total for all stocks in 1903.

It is a suggestive coincidence that the aggregate industrial capital listed today on the stock exchangs is about equivalent to the par value of the industrial securities floated during the 1899-1901 epidemic of industrial consolidations.

BANK OF ENGLAND.

LONDON, Oct. 25.—The weekly statement of the Bank of England shows the following changes: Total reserves, decreased, £64,000; circulation, decreased, £72,000; bullion, decreased, £745,746; other securities, increased, £374,000; other deposits, increased, £1,604,000; public deposits, increased, £1,306,000; note reserve, decreased, £592,000; government securities, unchanged.

The proportion of the bank's reserve to liability this week is 36.64 per cent., as compared with 37.70 per cent. last week.

RAILWAY ACROSS THE ISTHMUS OF PANAMA

Will be Opened With Elaborate Ceremony Early Next Month

MEXICO City, Oct. 25.—El Imperial, the official organ of the Mexican government, says this morning in an inspired article, that the Tehuantepre railway will be opened the first of next month, with elaborate ceremonies. This railroad project is the favored idea of President Diaz and recently in an interview with the representative of the Associated Press, the chief executive said he believed that the line would tend as much toward civilization for many years to come, as will the the Panama canal and will continue to do large volume of business even after the completion of the canal.

CONTRACT FOR LIGHTING SUMMERSIDE STREETS

CHARLOTTETOWN, P. E. I., Oct. 25.—The conference betweeen the Summerside town council and the Electric Light Company, burned out at the recent fire, resulted in an agreement by which the latter accepts a contract to light the streets for a period of three or five years on condition that should the town at any time decide to operate a plant of its own the street lighting contract will be cancelled.

T. B. Grady, manager of the Electric Light Company, says they purpose going ahead at once with their construction work, and that they will have the machinery Saturday night for the new plant.

POPE WELL ENOUGH TO RECEIVE A DELEGATION

ROME, Oct. 25.—Dr. Lapponi, this morning found that the Pope's condition had been improved. The swelling of his foot had almost disappeared, the pains had ceased and his temperature was normal. He was therefore allowed to receive the British pilgrimage. The audience was held in the throne room. The pope was carried to the throne and the pilgrims filed before him and kissed his hand. Although languid and pale, his general condition seemed satisfactory.

A WET DAY FOR FOOTBALL

FREDERICTON, N. B., Oct. 25—It has been raining heavily here all morning much to the disappointment of football enthusiasts. The contest between Acadia and the U. N. B. begins at 2.30 and the prospects are that it will be on a muddy field and abundance of rain. Under the circumstances victory may rest with anybody.

FATAL WRECK IN OHIO RAILWAY YARD

Two Men Killed—Hundreds of Sheep Which Were in the Cars Were Also Killed.

KENTON, Ohio, Oct. 24—In a freight wreck in the yards of the Cleveland, Chicago and St. Louis R. R. here this afternoon, two men were killed and two seriously hurt.

The dead are:

George Neff, fireman, Springfield, O.

Henry Miller, brakeman, West Liberty, Ohio.

The injured:

Bert Cool, engineer.

J. H. Forster, a conductor, Toledo, O.

A fast freight, drawn by two engines, crashed into a cut of cars standing on the main track in the yard. The engine and four cars were wrecked and hundreds of sheep were killed. The dead and injured trainmen were all on the fast freight. They were caught under the wreckage. Engineer Bedinger, of the switch engine, saw the collision coming and reversing his engine, he jumped. The engine broke loose and ran wild under a full head of steam to Grant station five miles away when it was ditched by section hands who had been notified by telegraph to do so.

SUNDAY SCHOOL WORKERS IN SESSION YESTERDAY

At the afternoon session of the Sunday school convention yesterday, R. B. Wallace gave an interesting address.

A discussion took place in which T. S. Simms, E. R. Machum, Robt. Reid, and Rev. W. W. McMasters took part.

T. S. Simms read a paper on "How the pastor can help the superintendent." Others who spoke were Rev. T. F. Fotheringham, Rev. Z. L. Fask, Rev. C. P. Wilson, and Dr. J. R. Inch.

The evening session opened with a service of praise, in which Messrs. Meredith and Tullar led the singing.

Rev. H. E. Thomas, the president of the S. S. Association, spoke, paying a high tribute to Messrs. Tullar and Meredith.

Speakers at last evening's meeting were Rev. A. D. McLeod, W. N. Hartshorn, and W. E. Pearce. Mr. Pearce spoke on Sunday school work, and said that the great army of children was moving on to victory. "The Sunday school plants the word of God in the hearts of children in order that it may grow and bear fruit to purify the world."

The following committees were appointed last night:

Nominating committee—R. T. Hayes, A. A. Graham, Miss Addie Calder, Mrs. M. J. Steeves, W. L. MacFarlane and Rev. J. H. Brownwell.

Credential committee. — Miss Ethel Hawker, Robert M. Currie, J. Hunter White.

After Mr. Pearce's address and the usual exercises the gathering adjourned.

Persian Lamb Jackets

Manufacturing Furriers. - - - 63 King Street.

MAYER SAYS HEARST IS ALL SORTS OF A LIAR

Contradicts Statements Made by the Democratic Candidate and Declares They Are Deliberate Untruths.

BUFFALO, N. Y., Oct. 24.—At a Republican mass meeting here tonight, Attorney General Mayer replied to a statement made in New York last night by William R. Hearst, in which Mr. Hearst stated:

"I fought the gas trust and filed an appeal with the attorney general to dissolve the trust as an illegal combination." Mr. Mayer declared that Mr. Hearst's statement was "absolutely false," and added:

"He did file an application with my predecessor, Attorney General Cuneen, who on December 14, 1904, decided against him upon what, in his best judgment, he believed to be the law on the case. No application in this matter of any kind or description was ever so made by Mr. Hearst to me, and he knows it.

"Early in the first year of my tenure, the Stevens' investigation committee was appointed, and the whole matter was taken up by the legislature. The work begun by Mayor Low, of New York, progressed by the legislature, and the 80 cent. gas law is now being defended by Mr. Hughes, myself and our associates, in the United States court, and with your votes will continue to defend it.

"How much faith can be placed in man who so gravely misinforms the people from a public platform, when the people have their right in this, as in every campaign to know the truth?

"So, too, with the decision to the mayorality in New York, he has not stated the facts in a single speech; he confines himself to one phrase, and that phrase that his rights were not accorded to him. The truth is that he did not apply to the Attorney General for leave to bring an action to test the title of the office of mayor until well on in the spring, although his council conceded that every fact which was presented to the attorney general could have been presented on January first, 1906. He never intended that there should be presented to the Attorney General a case upon which that officer could grant his application. His plan then was, as it has been with regard to every move, to outline a campaign for Governor, and one of the incidents of that plan was to present himself to the people as a martyr."

Referring to the labor question, Mr. Mayer said:

"Mr. Hearst is seeking to deceive men into believing that legislation can be passed to regulate the hours of labor between private employers and employees when he and his attorney well know that the constitution forbids the passing of any laws interfering with the liberty of contract between individuals."

Mr. and Mrs. F. Cockrane have returned home from Boston.

Miss Ida L. Smith, professional nurse, went to Digby this morning.

TOO LATE FOR CLASSIFICATION.

WANTED — Baker wanted. Apply HYGIENIC BAKERY. 25-10-tf
