Poplar Creek's New Rival

Stampede to Eight Mile Creek Depopulates Trout Lake.

Men, Women And Children Join Rush to Latest Gold Find.

Nelson, B. C., Sept. 1.—A rich strike of gold about three miles from Trout Lake has almost depopulated that town. The prospector who had made the strike came in on Sunday night to town for supplies, and exhibited a teaspoonful of gold dust which he had panned from a shovelful of decomposed ore. He also stated that the ledge of decomposed rock was several feet wide. Although it was dusk when he came, the excitement engendered by the find was so intense that many parties had started out for the new strike by midnight. One of the first to go was Mrs. Jowett, a woman prospector, who, riding a cayuse, went bravely up the steep and rocky trail, carrying a lantern to pick out the trail. The find was on Eight Mile creek, and is reached by an old trail leading to a mine further up the mountain. By Monday morning the trail was black with people, among whom were men, women and children, all eager to see the place where the gold could be taken out so freely. The condition of the ore in the gold makes it seem probable that there will be some rich placer diggings along Eight Mile creek, and prospectors, both young and old, are now hard at work panning the creek bottom. Eight Mile creek runs into Trout Lake, about three miles south of the town of that name, and is a little over twenty miles north of Poplar creek.

At Gerrard, at the foot of the lake, there have also been some rich strikes of ore made this week.

From the Rambler-Cariboo mine at McGuigan, comes word that the richest find of ore that has been struck on the property has been uncovered almost simultaneously in two places, one at the bottom of the seventy-foot level cut, lead to the ton. On the surface about 1,000 feet distant in a line. The new find consists of a foot of solid ore running 198 ounces in silver and 70 per cent lead to the ton. In the surface strike two men in two days have taken out five tons of the ore.

HAYTIEN FRAUDS.

Port Au Prince, Hayti, Sept. 1.—The commission of enquiry into the financial scandals is continuing its investigations. M. Gedeon and Saint Victor, former ministers under the administration of President Sam, who are accused of being bearers of Haytien government securities fraudulently issued, have been arrested. There is talk of the arrest of several persons of prominence. President Nord is determined to prosecute vigorously all those implicated in the frauds.

TORONTO'S EXHIBITION.

Forty Thousand People Attend the Dominion Fair.

Toronto, Sept. 1.—Forty thousand people visited the Dominion exhibition yesterday.

Total duty collected at Toronto for the month of August was $786,782 compared with $664,100 for the same month last year.

Nine thousand five hundred applicants for land have been registered at the Land department by veterans entitled to grants under the act of the legislature.

DUKE OF AOSTA'S VISIT.

Italian Heir Apparent Takes a Trip to See the Kaiser.

Rome, Sept. 1.—The Duke of Aosta, heir apparent to the throne, left today for Germany, where, on the invitation of Emperor William, he will attend the grand maneuvers. The duke will afterwards go to Munster to pay a visit to the regiment of White Cuirassiers, of which he is the honorary head.

He will present to the regiment three solid silver beakers, artistically ornamented.

STOLE TO BUY BIBLE.

London Servant Girl Thought End Justified the Means.

London, Sept. 1.—Decidedly queer objects have led London "bired girls" to rob their mistresses of late, the quaintest being that of a damsel of 18, who stole $2.50 in order to get a Bible. The girl had "gone in" for the Bible, which was an especially luxurious one issued by a London publisher on the instalment plan. She was to pay $2.50 a month, and had done so twice. When the time came to pay the third instalment, however, the slavey found herself short, so, rather, than loose the book of holy writ, she stole half a sovereign out of her mistress' desk and was arrested in consequence. A police magistrate, however, let the girl off after impressing her with the fact that the end does not always justify the means. Oddly enough, on the same day another servant girl was arrested for robbing her mistress in order to pay the expenses of a holiday which her "young man" was desirous of taking.

BOOKER T. DENOUNCED.

Colored Organization Passes Resolution Condemning Tuskagee Leader.

Boston, Sept. 1.—The Suffrage League of Boston, a negro organization, tonight adopted resolutions declaring: "Inasmuch as Booker T. Washington has glorified the revised constitutions of the South; has minimized the Jim Crow car outrage; has attacked the wisdom of the 14th and 15th amendments to the constitution; has deprecated the primary importance of the ballot; has preached to the colored people of silent submission to intolerable conditions, and makes his people a by-word and laughing-stock before the world, he is not a fit leader for the colored race, and no president who recognizes him as a political leader should receive the colored vote of the North. Since President Roosevelt has given him charge of the appointment of any negroes of whatever quarter in the Union, and has made him the negro adviser as to all policies affecting colored Americans, in the interests of our race, we call upon President Roosevelt to dispense with Mr. Washington as our political spokesman."

WHITE HORSE NEWS.

Lady Stakes Out Eight Claims—Prospects Bright—New Gold Fields.

White Horse, Aug. 24.—The latest arrivals from the new gold fields state that prospects are very bright. One miner washed out $25 worth of dust in one day on Ruby creek. Prices are raising on claims already staked.

One of our hardy ladies of the snows has made the trip in the new fields and returned safely after having staked out eight claims in her own name. A creek has been named in her honor, as she is the first successful lady stampeder. She describes the trip on horseback as a mere holiday outing, and judging by the glow of health on her face, she must have thoroughly enjoyed it.

The poor mushers who have to carry all their provisions on their backs and trot on shank's mares, seem to have a rather hard time of it.

In the higher lands the weather is beginning to get rather cold and damp now for camping out. In White Horse we are still enjoying salubrious summer days.

A new stampede has started to the head of the White river district, but no reliable information can be obtained at present.

Eruptions

Dry, moist, scaly tetter, all forms of eczema or salt rheum, pimples and other cutaneous eruptions proceed from humors, either inherited, or acquired through defective digestion and assimilation.

To treat these eruptions with drying medicines is dangerous.

The thing to do is to take

Hood's Sarsaparilla and Pills

Which thoroughly cleanse the blood, expelling all humors and building up the whole system. They cure.

"I was greatly troubled with small boils, caused by working among the oil at the refinery. Hood's Sarsaparilla was recommended to me as the best blood medicine obtainable. I began taking it, and though many other remedies had failed to benefit me, three bottles of Hood's fully and permanently cured me." ANGUS FISHER Enderic St., Sarnia, Ont.

Hood's Sarsaparilla promises to cure and keeps the promise.

CLERGYMEN SUED FOR LIBEL.

San Francisco, Sept. 1.—Rev. R. E. Harper, who has been pastor of the Centenary Methodist Episcopal church for some time, filed suit today for $50,000 for alleged libel. The defendants are clergymen of his church—Rev. J. E. Moore, presiding elder of the district; Rev. J. A. Wailes, Rev. W. E. Vaughn, Rev. W. O. Wagner and Rev. J. J. N. Kennedy. The alleged libel is declared to have been contained in a circular issued by the defendants, in which the plaintiff is alleged to have been accused of immorality.

Grand Trunk Scheme Passed

At Three O'clock This Morning the Final Vote Was Taken.

Blair, Tarte And Puttee Vote For Government Proposals.

From Our Own Correspondent.

Ottawa, Sept. 1.—The railway proposals were under discussion all day. Mr. Monk for Mr. Borden, who is suffering from indisposition, has given notice of an amendment setting forth the principles enunciated in the speech of the leader of the opposition.

At 2:00 a. m., a division was called on Boyd's amendment, calling for the extension of the government system of railways, and placing them beyond the influence of party politics. This was defeated by 119 to 68.

Mr. Puttee's amendment, calling for government ownership of railways, was defeated by 135 to 50. Mr. Blair voted for this amendment, but it was defeated by 117 to 70.

The main motion was then carried by 117 to 71. Messrs. Tarte, Blair, Puttee and Robinson voted for the government's proposals.

The House adjourned at 3 a. m.

Rifle men had a glorious day today. British Columbia men did well. The MacDougall challenge cup was won by Private Russell, of the Ottawa Guards. Serg. Ferris won $6. Capt. Duff Stewart won $5.

The Dominion of Canada match was won by Private Hendrie, of the 77th. Capt. Tite won $14, with a score two points behind Hendrie. Sergt. Ferris, Sergt. Richardson and Private Currie won $6 each. Private Williams and Capt. Grant, $5 each. In the Tyro match Capt. McHarg won $4.

The Davis cup, for teams of six, was won by the 43rd Ottawa, with a score of 369. Next was 6th Rifles with a score of 368. The 43rd having won the cup three times in five years it becomes their absolute property.

The fourth annual convention of the American Veterinary Medical Association convened here today, 250 delegates being present. The convention will last four days.

The city proposes to enquire into the many electric accidents recently.

R. L. Borden, leader of the opposition, is confined to his room by rheumatism.

The funeral of Mr. Martineau, M. P., took place today. Several ministers and members attended the interment.

FATAL ACCIDENT AT TAGET.

Berlin, Sept. 1.—During target practice at Wessel, Prussia, a revolver in the hands of an officer went off prematurely. The bullet struck a sergeant of an infantry regiment and killed him.

MESSAGE FROM MAGELSSEN.

Farnklin, Pa., Sept. 1.—Maj. C. J. S. Miller, of this city, an intimate friend of the United States Vice Consul Magelssen, cabled the vice consul as to his condition after the escape from assassination. Maj. Miller received the following cablegram to day from Beyrout:

"Fit as a fiddle.—Magelssen."

London, Sept. 1.—The British consul at Geirut confirms the news that the United States Vice Consul Magelssen was not killed, but only fired at when driving home at night.

Imperial Limited In Collision

A Light Engine And Caboose Block Line And Disaster Follows.

Engineer McMahon Sticks to Post And With Fireman Dies.

Grassett, Que., Aug. 31.—The Imperial Limited met with a very serious head-on collision three and a half miles west of Grassett at 8.30 o'clock this morning, caused by a light engine and caboose in charge of Conductor Charlebois, who overlooked the instructions and did not sidetrack, as directed, to allow the Limited to cross him.

Fireman P. Moran, who started to jump from his engine, was caught between the engine and tender and instantly killed.

Engineer McMahon stayed with his engine until he had reversed the machine and applied the air brakes. By that time it was too late to get clear, and when the large engine struck, Engineer McMahon was caught by one foot. His leg was scalded terribly, from the effects of which he died at 2 o'clock this afternoon.

All the passengers escaped injury with the exception of a few bruises. Conductor J. E. Larivie, who had charge of the Imperial Limited, was very anxious as to his passengers, showing them every possible care and attention. The passengers feel keenly for brave Engineer McMahon, who stuck so heroically to his post, and as some recognition took up a subscription of over one hundred and fifty dollars for the deceased hero's wife. The loss of property is not large. Four dining car employees were slightly scalded. Local officials now have auxiliary trains on the ground, and expect to clear the line by 5 o'clock this evening. The company's doctors, Corbett, of Winnipeg, and Pringle and Merrill, are in attendance.

HIGH SCHOOL BURNED.

Harrison Institute Destroyed—Lightning Strikes Barn and Season's Crop Lost.

Toronto, Sept. 1.—(Special.)—Harrison High school was burned this morning. Loss, $8,000; insurance, $5,000.

Sylvester O'Neil's barn near here was struck by lightning and burned last night, with all the season's crop.

St. Andrew's church, Orangeville, has decided to call Rev. A. L. Burch, recently of Winnipeg.

Judge Wells, of Simcoe county, is appointed Surrogate Judge, vice W. W. Fitzgerald.

THE HAGUE TRIBUNAL.

The Hague, Sept. 1.—According to authoritative information, after Baron Von Lynden, the Dutch Foreign Minister, had greeted the members of the arbitration court, M. Mouravieff, the Russian Minister of Justice, who presided, announced that he was the only arbitrator present, and that he was willing to hear any remarks.

Mr. Cohen, counsel for Great Britain, proposed that the tribunal adjourn from day to day. Wayne MacVeagh, on behalf of Venezuela, replied that, in the absence of the three arbitrators, he could not agree to Mr. Cohen's proposal. Thereupon M. Mouravieff declared that the tribunal was not yet duly constituted, and the sitting was unofficial. The French counsel asked that the present discussion should be incorporated in the minutes of the meeting. Mr. MacVeagh opposed this application on the same grounds as before. The arbitrator then adjourned the sitting and withdrew.

The Venezuelan counsel has handed a protest to the secretary of the tribunal against the delay entailed by the failure on the part of Great Britain and Germany to ask the Czar to appoint three arbitrators in time for the opening of the tribunal. It is believed that the Venezuelan counsel will insist on the nomination of arbitrators and the organization of the tribunal as soon as possible.

Rome, Sept. 1.—The Russian government has informed Italy that a Portuguese will be appointed as the third arbitrator of The Hague Court to adjudge the Venezuelan claims.

LACROSSE IN THE ROYAL CITY

Cheyne Resigns as Goal Keeper And Gives Place to Gray.

New Westminster, Sept. 1.—Word comes from Montreal that the Shamrock Lacrosse club will have to play another series of games in defence of the Minto cup, the world's championship trophy. The challengers are the Brantfords.

This will delay the departure of the team from the East from September 13 to 20. However, they will arrive here in plenty of time to participate in the big lacrosse tournament at the Provincial exhibition here, beginning September 29.

After the tournament here it is likely that the Westminsters and Shamrocks will play a series in Seattle.

Mayor Keary, who is manager of the exhibition, states that he sees no reason why the games should not be arranged. Already several prominent citizens of Seattle are interesting thmselves in the matter.

Since last week Bob Cheyne, who was the greatest goalkeeper in the world when in his prime, has resigned his position on the team, but still acts as field captain. The loss of the veteran is badly felt, but Cheyne predicts that the new goalkeeper, Sandy Grey, a young chap of 18, will be a world beater. Young Gray is just as good a stop as Cheyne, but he has not the veteran's knack of clearing the ball away from the nets.

The line-up of the team now will be something like this: Goal, Alex. Gray; point, Wells Gray; cover point, Galbraith; first defence, Tom Gifford; second defence, George Rennie; third defence, "Biscuits" Peele; centre, Alex Turnbull; third home, W. Gifford; second home, Harry Latham; first home, George Oddy; outside home, F. Lynch; inside home, Charley Latham; field captain, R. H. Cheyne; spareman, Tom Rennie.

Among the many trophies in the club rooms, and one of the most valued, is the Tacoma Ledger cup, which the team won in the Sound city a few years ago, in a series of exhibition matches with the Victorias.

There is talk here of sending the team to San Francisco this fall as a reward for their season's work, but this has not been settled.

CUBA TREATS WITH FRANCE.

Havana, Sept. 1.—Negotiations have been begun between Cuba and France for a treaty covering the general relations between the two countries. It is expected that a similar treaty with Spain will be concluded later.

SILVER FOR PHILLIPINES.

San Francisco, Sept. 1.—The transport Thomas, which will sail tomorrow noon for the Phillipine islands, touching at Honolulu and Guam, will carry $5,000,000 in Phillipine silver, accompanied by a guard of twenty-five enlisted men for the Fourteenth cavalry.

ENGINE AMPUTATES ARM.

Fisherman Run Over at Vancouver and Loses Limb.

Vancouver, Sept. 1.—(Special)—Jack Thomas, a fisherman, had his right arm amputated by the train from Seattle this evening. He was crossing the track at Evans, Coleman & Evans. Only the engine went over him. The man was taken to the city hospital, and is reported to be doing well. The arm was taken off close at the shoulder.

MONUMENT UNVEILED.

Rome, Sept. 1.—At the congress of the Italian Alpine Club, which met at Courtmayeur, near Turin, this morning, a monument erected by the Duke of Abruzzi to the Italian guide, Ollier, who died during the duke's expedition to the North Pole, was unveiled amid great enthusiasm. Speeches were made recalling the intrepid bravery displayed by the members of the expedition.

ITALIAN MANOEUVRES.

Rome, Sept. 1.—Some alarm was caused here today by a rumor of an accident to the royal motor car at the manoeuvres around Undine. It was stated that the King had been thrown out. It transpired, however, that the report was inaccurate and that it was an automobile occupied by three staff officers which had run into a milestone. One of the occupants, Capt. Gaulitieris, suffered a broken arm, but the other two, Admiral Deldbro and Capt. Asogodro, escaped unhurt. The King is showing extraordinary interest at the military manoeuvers. He is the first sovereign to use a motor car in inspecting and directing the movements of troops. He is out every morning at 5 o'clock and travels from point to point, now in the automobile, now in the saddle, with a rapidity that has greatly impressed the troops. The new Marconi apparatus for wireless telegraphic communications is being used with excellent results.

NEWS OF ARMY AND THE NAVY

Well Known Naval Captain On This Station On Retired List.

London, Aug. 19.—Captain Arthur C. Clarke, C. M. G., who commanded the sloop Espiegle on the Pacific station in the early nineties, has just gone on the retired pay of his rank. He was promoted captain from the Espiegle, and stood eighth on the list, but had no chance of reaching flag rank. He saw active service in the Abyssinian expedition of 1868, and in China in 1901 he earned the C. M. G. When he paid off the Espiegle at the close of 1891 he received from the Admiralty a letter expressing their Lordships' pleasure at the splendid efficiency of his ship.

Captain C. H. Versturme-Bunbury, Royal Engineers, who has taken over command of the 44th company Esquimalt was lately in command of the 3rd company at Bermuda. He joined the Engineers in 1886 and attained his present rank in 1898.

"Man stopping" ammunition has been sent out to Somaliland, the War Office having recognized that a campaign against fanatics cannot be carried out on grandmotherly principles.

The news that the Admiralty has decided to reduce the Pacific Squadron from a Rear Admiral's to a Commodore's command, was long anticipated. The reduction of the squadron has been going on steadily for some years, and if not stopped it bids fair to emulate the story of the nine little nigger boys." During the Chinese troubles the second-class cruiser Arethusa was detached from the squadron to the China station; it had been decided to reduce it by one sloop, when the awful storm of December, 1901, anticipated the Admiralty by sending the ill-fated Condor and her 70 gallant officers and men to the bottom of the Pacific, and in a few weeks it was further reduced by sending the destroyer Virago to China to act as tender to the Tamar receiving ship at Hongkong. For over half a century the command was a Rear Admiral's, and was held by some of the ablest officers in the navy. Prior to 1840 it was the Pacific division of the South American station.

Major E. H. Hills, C. M. G., Royal Engineers, of the Intelligence Department, has been appointed to examine the military surveys of Canada and prepare ordnance maps.

Gentleman Cadet Guy L. Peterson, from the Royal Military College, Kingston, Canada, has been appointed to a second lieutenancy in the Army Service Corps.

The armored cruiser Warspite, late flagship on the Pacific station, is to be overhauled, refitted and rearmed, at a cost of close on £9,000. It is doubtful if the expenditure be a wise one. It is rumored that she will be sent to Indian waters when renovated.

KILLED BY JOY.

San Juan, P. R., Sept. 1.—Joseph Marrero, a non-leprous patient who was liberated from the leper colony, as a result of the recent investigation, died yesterday of heart disease superinduced by joy at his release.

NOT THE PLAGUE.

Havana, Sept. 1.—Dr. Findlay, the head of the health department, says there is not the slightest foundation for a statement published in the United States that a disease resembling the plague had developed at Daiquiri, province of Santiago. There are no cases of fever at Daiquiri, he said, except of the ordinary kind.

Stricken With Pneumonia

Almost Ready to Die—Alonzo W. Douglas, of Woodbridge, Was Saved by

FERROZONE

"For the benefit of others," writes Mr. Douglas, "I desire to state the results I derived from the use of Ferrozone. Two years ago I was stricken with pneumonia. So severe was the attack and so reduced was my strength that my life was despaired of. I had the very best medical attention, but made no progress towards recovery. When reduced to practically a skeleton, a kind friend told me of the remarkable powers of Ferrozone. An improvement began almost at once. I gained steadily in weight and strength until Ferrozone made me a new man. I will gladly answer inquiries from other sufferers if they care to have further particulars about my recovery. Ferrozone deserves its great measure of success."

This is but one of the many cases that are being cured every day by Ferrozone. No treatment was ever known to supply a weak system so quickly with strength and energy. No tonic does its work so thoroughly. It is a specific for tiredness, languor, loss of appetite, weakness after fevers, and all debilitating diseases. Ferrozone makes you strong and keeps you strong—in a word, it assures health and costs but 50c. a box, or six boxes for $2.50, at any drug store. By mail from The Ferrozone Company, Kingston, Ont. Get a supply to-day without fail.

Organized for Hotel By-Law

Citizens Get In Harness to Work For Passage of Important Measure.

Well-Attended And Enthusiastic Meeting Was Held Yesterday Evening.

That the more enterprising of Victoria's citizens are determined to take off their coats and work hard for the passage of the municipal by-law which will ensure the building of a great tourist hotel here was exemplified at a public meeting held in the Board of Trade rooms yesterday evening. Not only was the meeting a thoroughly representative and well-attended one, but the enthusiasm evinced over the scheme in hand indicated that at last Victorians are aroused to a proper sense of the duty they owe themselves in dealing with an enterprise of the dimensions of the one just now at stake.

Charles Hayward occupied the chair, and present also were: R. Hall, R. H. Swinnerton, C. F. Todd, L. G. McQuade, D. B. Bogle, F. M. Rattenbury, Col. Prior, A. Robertson, J. A. Mara, C. A. Holland, John Douglas, Capt. Gibson, Dr. T. J. Jones, E. V. Bodwell, E. B. Marvin, A. Henderson, F. B. Pemberton, Jas. Forman, T. M. Henderson, J. L. Beckwith, A. B. Fraser, Jr., J. E. Church, Thos. Hooper, W. H. Price, H. Bambeyant, His Worship the Mayor, George Carter, P. R. Smith, John McCurrough, T. G. Fox, H. E. Levy, T. Goodacre, Wm. Prout, D. Spencer, Jr., J. P. Burgess, B. Boggs, J. Allan, S. Matson, H. D. Helmcken, E. E. Wescott, G. W. Smith, G. Knight, H. G. Brown, W. B. Smith, H. M. Grahame, Dr. Milne, J. J. Shallcross, J. A. Church, Mrs. Helmcken, Mrs. Gordon Grant and Mrs. Jenkins.

Herbert Cuthbert was appointed secretary of the meeting.

The necessity of the united action being taken to ensure the passage of the hotel by-law was explained very clearly by Chairman Hayward, after which in support of his views a number of enthusiastic speeches were delivered. Then the meeting got down to business and took the individual steps in perfecting organization.

Charles Hayward was named chairman of the committee which will direct the general citizens' movement; C. A. Holland was made chairman, and Herbert Cuthbert, secretary.

Sub-committees were appointed for the preparation of literature, and the selection of sub-committees, and Mrs. Herbert Kent was named to preside over a strong ladies' committee, which it is hoped will be formed.

It was decided to hold a public meeting on Tuesday evening next in support of the by-law.

In recognition of the importance of the meeting the Chamber of Commerce adjourned its usual weekly session, the members going down to the Board of Trade building in a body.

Any person willing to act on the committee, whose name has not been mentioned, please hand in their names to Charles Hayward, C. A. Holland or Herbert Cuthbert.

"Broken Gods" is the title of a book written by that eminent surgeon, Dr. Edward Berdoe. The work is a reply to Mr. Stephen Paget's volume "Experiments on Animals." For the past 25 years both by pen and voice he has strenuously opposed the practice of vivisection on live animals, as a violation of the principles of humanity and religion. Born 67 years ago in London, he was educated at Regent Park college and the London hospital. He is the well-known author of "The Origin and Growth of the Healing Art," "The History of Medicine in All Ages," "Dying Scientifically," etc.

The past, present and future of Hood's Sarsaparilla are: It has cured, it is curing, it will cure.

LOU DILLION THE QUEEN OF THE TURF

Famous Trotter Crowned in Presence of Five Thousand Spectators.

Cleveland, Ohio, Sept. 1.—Lou Dillon, 2:00, was crowned Queen of the Turf this afternoon in the presence of 5,000 persons at the inter-city matinee. Led by a band and the famous trotter, the members of the Gentlemen's Driving Club, with their guests from New York, Boston, Syracuse, Pittsburg, Columbus and Detroit, marched on the track, where, in front of the grand stand, a floral blanket bearing appropriate inscriptions, was placed on the new champion trotter.

HAPPENINGS IN POLICE CIRCLES

The Ancient Chinaman Who Sold Whiskey to the Festive Siwash.

It was down on Turret Rock—down where the fish nets are tanned and the languages are many. Ning Jew, a Chinaman, with two little joss-like beards on either side of his chin, lives there, or rather has lived there; his present address is at Warden John's hotel.

Bold, bad Ning Jew. He is an old man 75 years of age, but he still peddles the firewater to the festive Indian, and now that the Siwashes are coming home from the Fraser with chickamon from the fishing, he got busy.

Sergt. Walker and Thos. Deasy, of the police, one of the city, the other of the government, knew about Ning Jew's domgs, and they laid in wait for him. They have done so before—but when they broke into the habitat of old Ning Jew he was either feeding the chickens near the hearth or some other peaceful and lawful deed.

He has been indignant on those occasions when the officers spoke of him selling whiskey to Indians. "Whasamalla you," said Ning Jew, "you thinkee my belong bad man, what for? You come anulla time."

This time they found him in the act of peddling the firewater. They saw the Siwash hand him the money and heard the Indian warn the chink that there were lots of police about—in fact, they had all the necessary evidence.

Yesterday morning Ning Jew was found guilty by Magistrate Hall, and he goes to jail for three months. He was fined $100 dollars—but what's the use? He says his funds are not so many.

He says his age is 75 years—and how many times he has sold liquor to the Siwashes at the shack on Turret Rock he can't say.

The police have been watching for some time, but Ning Jew has been as full of tricks as he is of years, and he remained free.

Constable Joseph Northcott has resigned his position on the city police force, having decided to leave the city. He left on Monday evening.

PLAYED DETECTIVE WITH BAD RESULTS

Thought to Catch Green Goods Man And is Robbed And Stoned.

New Albany, Ind., Sept. 1.—As a result of his efforts in the capacity of an amateur detective to run down a billraiser, Chas. Marshall, of Rego, Ind., was so badly beaten by his prospective captive that he will die. Marshall is a young countryman, who, shortly after joining an amateur detective association, received a letter from a man in Chicago offering to sell $500 in genuine currency for $200. The letter was so worded as to give the idea that the bills were raised. Marshall opened the correspondence and arranged to meet the man, who gave his name as "Hite," in a secluded spot near New Albany. The amateur detective borrowed $200, and when the negotiations with Hite reached the point where the money was to be exchanged, he told Hite he was under arrest. Hite knocked Marshall down with a large stone and started to batter his victim's head into a pulp. When Marshall was found, horribly beaten, several hours later, the $200 he had taken to the spot were gone. Physicians at Stewards say there is no chance for his recovery.

ESQUIMALT SCHOOL.

Committee of Residents Interview the Minister of Education Yesterday.

Hon. R. F. Green, Minister of Education, received yesterday morning a deputation representing the residents of Esquimalt school district, who came to day before him their protest against the manner in which school matters had been conducted in that district. The minister heard the deputation's complaint, and after a full discussion of the whole question, he told that in view of the fact that Inspector Wilson had referred the report to the Attorney-General's department, and also in view of the fact that the voice of the people had been heard in the matter, he saw no reason to change his decision. Therefore, the matter must stand as it was. Hon. Mr. Green said he had, however, a pleasing bit of information to give them, namely, that Mr. Nicholson had resigned his position as second assistant of the school. The deputation expressed their satisfaction with this and withdrew.

LOOK ON THE BRIGHT SIDE.

The sufferer from nervous exhaustion is generally blue and discouraged. He looks on the dark side of things and fears paralysis, locomotor ataxia or insanity. All this is changed by the persistent use of Dr. Chase's Nerve Food, which gradually and naturally rekindles and revitalizes the wasted nerve cells and instils new vigor and energy into the whole system.

Voters' List Completed.—The total number of names on the voters' list as completed is 4,496. The five names objected to and which Harvey Combe, the collector for Victoria district, submitted to the Chief Justice, have been allowed to remain on the list.

After the Lampless.—The city police are keeping a special lookout for cyclists who use the streets awheel after dark without lamps. It is the intention to inforce the ordinance strictly.

DR. J COLLIS BROWNE'S CHLORODYNE

Vice Chancellor Sir W. Gage Wood stated publicly in court that Dr. J. Collis Browne was undoubtedly the inventor of Chlorodyne, that the whole story of the defendant Freeman was literally untrue, and he regretted to say it had been sworn to.—Times, July 13, 186.

Dr. J. Collis Browne's Chlorodyne is the best and most certain remedy in Coughs, Colds, Asthma, Consumption, Neuralgia, Rheumatism, etc.

Dr. J. Collis Browne's Chlorodyne is prescribed by scores of Orthodox practitioners. Of course it would not be thus singularly popular did it not "supply a want and fill a place."—Medical Times, January 12, 1885.

Dr. J. Collis Browne's Chlorodyne is a certain cure for Cholera, Dysentery, Diarrhoea, Colics, etc.

Caution.—None genuine without the words "Dr. J. Collis Browne's Chlorodyne" on the stamp. Overwhelming medical testimony accompanies each bottle. Sold at 1s. 1½d., 2s. 9d., 4s. Sole manufacturers, J. T. Davenport, Ltd., London.

THE NEW FRENCH REMEDY

TRADE THERAPION MARK

This successful and highly popular remedy, as employed in the Continental Hospitals by Ricord, Kostan, Jobert, Velpeau, and others, combines all the desiderata to be sought in a medicine of the kind and surpasses everything hitherto employed.

THERAPION No. 1 in a remarkably short time, often a few days only, removes all discharges from the urinary organs, superseding injections, the use of which does irreparable harm by laying the foundation of stricture and other serious diseases.

THERAPION No. 2 for impurity of the blood, scurvy, pimples, spots, blotches, pains and swelling of the joints, secondary symptoms, gout, rheumatism, and all diseases for which it has been too much a fashion to employ mercury, sarsaparilla, &c., to the destruction of sufferers' teeth and ruin of health. This preparation purifies the whole system through the blood, and thoroughly eliminates every poisonous matter from the body.

THERAPION No. 3 for nervous exhaustion, impaired vitality, sleeplessness, and all the distressing consequences of early error, excess, residence in hot, unhealthy climates, &c. It possesses surprising power in restoring strength and vigour to the debilitated.

THERAPION is sold by all the principal Chemists and Merchants throughout the World. Price in England 2/9 & 4/6. In ordering, state which of the three numbers is required, and observe above Trade Mark, which is a fac-simile of word 'THERAPION' as it appears on British Government Stamp (in white letters on a red ground) affixed to every package by order of His Majesty's Hon. Commissioners, and without which it is a forgery.

Sold by Lyman Bros. & Co., Ltd., Toronto. Price $1; postage, 4 cents.
