HAMILTON NEWS.

MAYOR COLQUHOUN WALKED

By an Unwritten Law He is Chief Magistrate for a Second Term.

A Host of Candidates Who Wish to Serve Their Fellow-Citizens in the Council and on the School Board—Nominations Passed Off Quietly and in Good Order—General News from the Ambitious City.

Hamilton, Dec. 27.—In accordance with the unwritten law at the City Hall, in favor of giving a second term to each Chief Magistrate, Mayor Colquhoun was elected by acclamation to-day.

With regard to the aldermen there were no stirring questions to disturb the ratepayers. Of questions of importance there were many, but none apparently had reached the "burning" stage. The questions of the Street Railway franchise, exemption from taxation, the York-street improvement and the nine-hour working day were some of the strong points in Wards 3, 4, 5 and 6. A majority of the candidates in Wards 3, 4 and 5 expressed themselves strongly in favor of giving the Street Railway no more privileges, and, if the company proved unable to run its road upon the present charter, to municipalize it. Ald. Carscallen made a capital speech on the city's finances. Ald. McDonald was roasted for his connection with the Buffalo roller, and Ald. McAndrew was "on the carpet" on the exemption question. The temperance vote in Wards 2 and 3 is being worked strongly in favor of Ald. Montague and Emory.

The following were the nominations:

Barton Township.

For reeve, L Binkley and F Wilkinson; for deputy reeve, C Vosper and R Lowden; for Councillors, H Anderson, Adam Inch, George Filman and A Gerrard.

The City Council.

Upon the advice of City Solicitor Mackelcan, that the city ran a risk in refusing to settle with the Kramer-Irwin Company's claim for extras, the Council to-night adopted the special committee's report, recommending the payment in advance of $8000 due the company in 1905.

It was decided to withhold the building of the $4000 Gower incinerator until next year. The Cataract Power Company was given until Aug. 26 to deliver electricity in the city of Hamilton, and R. Mackie will be chief engineer at the Ferguson-avenue disposal works. A cordial vote of thanks was moved to Mayor Colquhoun for his courtesy and impartiality during the year.

At the close of the session His Worship held a reception at the Hamilton Club, where choice refreshments were served and a lot of good things had.

General News Notes.

Robert Johnston of Cathcart-street, who interfered with P. C. Tuck while the constable was arresting Robert Murphy on Sunday for being drunk and disorderly, was fined $20 to-day.

Rev. G. A. Forneret, rector of All Saints' Church, has been made a canon of Christ Church Cathedral. Mr. Thomas and Mr. Quinn will be ordained at the Cathedral next Sunday.

Harry Graham, well known as the secretary of the Hamilton Gun Club, is bound for the Klondike in the spring. Harry has good, sensible ideas about training for his long tramp, and twice a week throughout the winter he will climb the mountain side near Jack Clark's Hotel with the regulation miner's pack upon his back.

This evening the Hub, the saloon owned by the late Harry Sweetman, who died recently, was purchased by C. Dressel, formerly a hotelkeeper here.

The coroner's jury empanelled on the death of Tommy Reynolds, the man who was killed by falling from a loft in the Lillis' Hotel barns on Christmas day, met and heard testimony this evening. Physicians stated that death was due to concussion of the brain, and a verdict was rendered in accordance with the evidence, which showed that Reynolds was drunk shortly before his body was discovered.

A Christmas bazaar and entertainment was held in St. Lawrence Church this evening.

The Straetna Social Club held an at home at the Jockey Club-road house to-night. A large crowd was present. Nelligan's Orchestra supplied the music.

Bicycle Briefs.

A. R. Downer, "The Flying Scotchman," is out with a challenge to run any man in the world from 220 to 440 yards for $1000 a side.

Germany wants a decrease in the cycle tax, and to show that the cyclists are in earnest, 25,000 signatures have already been adhibited to a petition with this point in view.

Forty-four thousand four hundred and ninety-two is the magnificent membership of the Cyclists' Touring Club of England—an increase of almost 10,000, compared with last year.

The latest fatal cycling accident was caused by a cat jumping between the spokes of the front wheel of the machine. The rider, a boy named C. E. Lightfoot, residing at Middlesboro, England, was thrown upon his head and succumbed to the injuries he received.

A good bicycle with decent use will last six seasons or more, and a pair of road tires of fair weight may be ridden from 6000 to 10,000 miles on ordinary roads. An English authority states that a pair of tires in one instance were known to run 25,000 miles and still be fit for use.

THE POPE LIKES CANADIANS

Expressed That Sentiment to Hon. Mr. Desjardins in Rome.

Merry Del Val's Report from This Country Was Not Agreeable at the Vatican and Archbishop Bruchesi's Mission Upset the Whole Business—Mr. Ogilvie on Northwest Wheat—General News Notes from Montreal.

Montreal, Dec. 27.—(Special.)—Hon. Alphonse Desjardins returned from Rome today, where he had an audience with the Pope, three weeks ago. His Holiness said in French: "Oh, you are from Canada. I have a great deal to do with your people, and I like them very much. I have recently prepared a document which will be to your people a message of peace. It is now ready and will be sent to the Canadian bishops."

From what Mr. Desjardins could learn at Rome, it was not the impression in Vatican circles that Mgr. Merry del Val had made a great diplomatic hit during his mission to Canada. On the contrary, most people considered that the Monsignor's mission had been a fiasco; that he had come here thoroughly prejudiced by Sir Charles Russell, and had returned chuck full of the Laurier side of the question. It appears that Mgr. Merry del Val's report was decidedly in favor of the statu quo, but that as soon as Mgr. Bruchesi reached Rome His Grace made ducks and drakes of Del Val's pretensions.

The result has been that the Papal Ablegate will be given another post at the Vatican, as the older men of the Pope's entourage now feel that diplomacy is not Merry del Val's strong point.

Mr. Ogilvie on Northwest Wheat.

W. W. Ogilvie, the big Canadian miller, returned to-day from Manitoba, where, he says, the price of wheat is 80 cents per bushel, or 35 per cent. more than last year, and 93 per cent. in advance of the year before. Mr. Ogilvie adds that the farmers still have a good deal of wheat and many have a quantity stored in the elevators.

"Are you millers not ready to buy?"

"No," he replied, "and they are not ready to sell. They are waiting for the proverbial dollar wheat."

"And will they get it?"

"You will have to put that question to Sir William Van Horne, as he is the only accredited wheat prophet in the Dominion."

Montreal General News Notes.

Ex-Mayor McLeod of Prince Albert is here. Interesting Montrealers in the Prince Albert route to the Klondike. He says it is 300 miles shorter than by Edmonton.

The Standard Electric Company has purchased the Temple Electric Company for $150,000.

La Presse announces that Sir Adolphe Chapleau will come to Montreal and practise his profession. It is stated that the Lieut.-Governor will leave Spencerwood immediately after New Year's.

The Archbishop of Montreal will not reach Montreal till Wednesday. His Grace brings the Pope's blessing to the Montreal journalists.
