EXPECT CANADIAN LINES TO MEET CUT

Montreal, Sept. 26—There is another move in the rate war which has been precipitated by the recent actions of the Canadian lines in reducing their rates for express steamers between the St. Lawrence and Liverpool. Today the local agents of the Mercantile Marine, which comprises the American, White Star, Atlantic Transport, Red Star and Dominion lines, were notified from New York of the cut in rates for eastbound and westbound travel.

There is considerable conjecture here as to what will happen when the passenger managers of the Canadian lines get together tomorrow to draw up a plan of campaign to meet the new requirements. The Empress boats and turbiners are now charging $55 for minimum saloon passage and if they want to retain their trade they will have to make further reductions.

DOUBLE WEDDING CELEBRATION HERE

Rev. B. H. and Mrs. Nobles of North End and Dr. and Mrs. W. H. MacDonald of Hampton Nineteen Years Married.

A unique anniversary was that celebrated at the home of Rev. B. H. Nobles, 185 Victoria street, Thursday, when two couples celebrated the nineteenth anniversary of their wedding.

They are Rev. B. H. and Mrs. Nobles, and Dr. and Mrs. M. H. MacDonald, of Hampstead. Mrs. Nobles and Mrs. MacDonald are sisters, the daughters of the late Leonard S. Vanwart, of Wickham, and nineteen years ago they were married at the same time in Fredericton. Rev. Dr. McLeod united the doctor and his wife, and the late Rev. J. W. Clarke, of revered memory, tied the knot which made Miss Vanwart Mrs. Nobles.

Dr. and Mrs. MacDonald, accompanied by their one child, a daughter, arrived in town yesterday morning, and are staying at the Victoria street Baptist parsonage, the home of Rev. Mr. Nobles, where there are three children, all boys. The evening was spent in a quiet way, the occasion calling forth many delightful reminiscences of the past and of the double wedding nineteen years ago.

REPORT THAT JAP IMMIGRATION WILL BE STOPPED DISCREDITED

Vancouver's Despatch Says Orders Have Been Issued to Stop All From Landing Not Having Passports.

(Special to The Telegraph.)

Ottawa, Sept. 26—A press despatch from Vancouver says that the dominion immigration agent has notified all steamship and transportation companies that no more Japanese will be admitted without passports from Japan to Canada. In this way the importations from the Hawaii Islands will be stopped.

The state department has charge of passports. Being interviewed, the secretary of state said that he knew of no such arrangement between the two powers. The information in the despatch was the first he had heard of it. Hon. Frank Oliver, minister of the interior, is in the west. His deputy, W. W. Cory, being interviewed, said that he knew of no such order going to the agent in Vancouver from the immigration department. Elsewhere it was ascertained that some time ago a suggestion of this kind was made, but nothing came of it. However, the superintendent of immigration, W. D. Scott, is on the Pacific coast looking into the whole subject of Oriental immigration, and it may be that he contemplates such a change as outlined in the report, but before it could come into force he would have to obtain the sanction of the government. It is also possible that he is in communication with his minister, Mr. Oliver, who, as already said, is in the west.

There are different opinions as to whether such a step as suggested would or would not interfere with the treaty with Japan. Consul-General Nosse, being interviewed, said he had no information upon the subject, but without some understanding with Japan it is not likely that an order of this kind would be put in force.

Hampton S. S. Association.

Hampton, Kings county, Sept. 26—The annual meeting of the Sunday school association for the parishes of Hampton and Rothesay was held this afternoon and evening in the Baptist church at Hampton Village.

At 2.30 a short devotional service, with singing, scripture reading and prayer, was held, and the Rev. Mr. Allaby was appointed temporary chairman. A committee of three ministers was named to submit a list of officers for the current year, and as a result the following were elected:

Rev. E. J. Grant, Baptist, Hampton Village, president; James W. Smith, Methodist, Hampton Station, vice-president; Miss Lizzie Duke, Methodist, Hampton Station, secretary.

President Grant, having taken the chair, Miss Helen Thomson, of Rothesay, secretary for last year, reported the proceedings of the annual meeting of 1906, which were approved.

Very interesting and satisfactory reports were submitted by representatives present, for their respective schools, and encouraging references were made to some districts not represented by delegates. Among those reported were Hampton Village Baptist, by S. H. Flewwelling; Hampton Station Baptist, by Mrs. John March; Hampton Station Methodist, by Miss Lizzie Duke; Norton Baptist, by Rev. Mr. Perry; Bloomfield Methodist, by Rev. G. A. Ross; Rothesay Baptist, by Miss Roberts; Mercer Settlement Union, by Rev. Mr. Perry.

There were also other reports, written and verbal, and all breathing the same warm and earnest interest in this department of religious effort.

Miss Close, of Ellinor Farm, was among those present and was so impressed with the nature of the reports that she extended a most earnest request that their next gathering should be held with her at Nauwigewauk. The idea was very cordially received and immediately adopted, with a vote of thanks for the invitation.

President Grant suggested that a profitable question to consider was the best method of securing and holding the interest of adults in Bible study, which was followed up by valuable suggestions from Rev. Messrs. Alton, of Sussex; Ross, of Hampton; Perry, of Norton, and Allaby, of Upperton.

An interesting report was that of Mrs. John March, on Temperance Army Work in the Sunday Schools of the Association. The methods pursued and the increasing growth of members were clearly set forth and an appeal to the ministers and delegates for more interest and wider endeavor was responded to by many taking pledges and certificates of membership for use in their own local districts, and promising to push the work along.

The session closed with singing and prayer.

At 7.30 the closing session was held, when platform addresses of a very pleasing and instructive character were delivered by the Rev. Messrs. Ross, Alton and Perry.

The number of prisoners committed in Ireland in 1906 was 21,863, and the daily average in custody 2,541—a decrease of 373 in commitments and of 60 in the daily average as compared with the previous year.

The rot among the potatoes is abating to some extent, and potatoes of a much better quality are coming in. The utmost care is being exercised in sorting them, and it is not likely that any more of inferior quality will reach the market from this county. John W. Bohan, of Bath, a prominent shipper, says he does not intend to begin buying until the potatoes are done rotting, when he will make a bid for the good ones that are left. It would have been a good plan for other dealers to have followed. The price still remains at 80 cents per barrel of 186 pounds. Cars for shipment are now easily available.

The other day an Englishman named William Poole had a narrow escape from death. He was walking across the steel railway bridge that spans the Becaguimac when a gravel train came backing up. He had no time to get off the bridge and stepped to one side where he was jammed between a flat car and the side of the bridge, bruising him so severely that he has since been under surgical treatment. Dr. Curtis, who attends him, said that had Poole not been of unusually slight build very serious injuries would have resulted. He with his wife came to this country only a few weeks ago and are stopping at William Dickinson's.

ST. JOHN MARKETS

Within the last week or ten days the price of flour has again advanced, on Manitoba fifteen cents a barrel and Ontarios twenty-five cents. The market is reported to be very firm with a prospect of still higher prices. Oatmeal, both standard and roller, has jumped twenty-five cents a barrel.

In the feed line, oats have reached the highest point obtained in September for two or three years. As yet there are no provincial oats on the market and Ontario oats in small lots are held for sixty and sixty-two cents a bushel in small lots. With the advent of the hunting season all meats are easier on the produce market, although so far country beef and lambs are the only varieties which have dropped in price. Butter is said to be scarce and eggs are higher with every likelihood of increasing in value. Poultry of all kinds about holds its own and there is not much stock offering. The folowing were the principal wholesale quotations Thursday:
