For the Renewal and Permanent Cure of all
NERVOUS DISEASES,

And of those Complaints which are caused by an impaired, weakened or unhealthy condition of the
NERVOUS SYSTEM.

This beautiful and convenient application of the Galvanic Fluid, invented by GALVANI, the celebrated physiologist, both in Europe and the United States, to be the most valuable medical discovery of the Age.

Dr. CHRISTIE'S GALVANIC BELT
and
MAGNETIC FLUID,

is sold with the most perfect and certain success in all cases of

GENERAL DEBILITY,

Strengthening the weakened body, giving tone to the nervous system, and invigorating the entire system. It is in FITS, CRAMP, PARALYSIS and PALSY, DYSPEPSIA or INDIGESTION, RHEUMATISM, ACUTE and CHRONIC GOUT, EPILEPSY, LUMBAGO, DEAFNESS, NERVOUS TREMORS, PALPITATION OF THE HEART, APOPLEXY, NEURALGIA, PAINS in the SIDE and CHEST, LIVER COMPLAINT, SPINAL COMPLAINTS and CURVATURE of the SPINE, HIP COMPLAINT, DISEASES of the KIDNEYS, DEFICIENCY OF NERVOUS and PHYSICAL ENERGY, and all NERVOUS DISEASES, which complaints other form one simple cause—namely,

A Derangement of the Nervous System.

☞ In NERVOUS COMPLAINTS, Drugs and Medicines increase the disease, for they weaken the energies of the already prostrated system; while, under the Galvanic Fluid, giving vitalizing influence of Galvanism, as applied by this beautiful and wonderful discovery, the enfeebled patient and weak and suffering is restored to former health, strength, elasticity and vigor.

The great peculiarity and excellence of

Dr. Christie's Galvanic Curatives,

consists in the fact that they arrest and cure disease by outward application, in place of the usual mode of drugging and physicking the patient till exhausted Nature sinks prematurely under the infliction.

They strengthen the whole system, equalize the circulation of the blood, promote the secretions, and never do the slightest injury under any circumstances. Since they have been in use in the United States, only three years since, more than

75,000 Persons

including all ages, classes and conditions, among whom are a large number of ladies, who are peculiarly subject to Nervous Complaints, have been

ENTIRELY AND PERMANENTLY CURED,

when all hope of relief had been given up, and everything else had been tried in vain!

To illustrate the use of the **GALVANIC BELT,** suppose the case of a person afflicted with that bane of civilization, DYSPEPSIA, or any other Chronic or Nervous Disease. In ordinary cases, stimulants are taken, which, by their action on the nerves and muscles of the stomach, afford temporary relief, but which leave the patient in a lower state, and with injured nerves, which, in turn, require the excited nerves to be used to produce health during the year. As a family medicine, it is unparalleled for Coughs, Colds, and all Diseases of the Blood, and Kidney and Bowels Complaints.

ELEGANT AND INVALUABLE ARTICLES FOR THE TOILET.

BOGLE'S HYPERION FLUID,

FOR RESTORING PRESERVING, AND EMBELLISHING THE HAIR.

The following Certificate from Dr. Windsor Lewis, one of the most eminent Physicians of Boston, will show the estimation in which it is held by the scientific and learned, being one only of many similar ones.

Boston, Feb. 15, 1847.

Mr. Wm. Bogle.—Sir,—The preparation invented by you for the hair, has been extensively used in my family, and they give it the decided preference over all other compositions of the kind. It invigorates and beautifies the hair, and clears the skin of all impurities, without producing any ultimate deleterious effects, which are so frequently the result of many well-known perfumed compounds.

WINSLOW LEWIS.

It is an indispensable article for the Ladies, as it keeps the hair in place and curl, and the skin or parting of the hair free from dandruff and scurf. For children, it lays the foundation of a good head of hair.

BOGLE'S AMOLE,

A COMPOUND FOR SHAVING.

This delightful article is unlike the Cakes and for superior to anything yet invented for shaving. The base of it is derived from the *Amole*, or "soap plant," of California, an article used by the natives of that country for washing; and this the use of strong alkali, so injurious to the skin, is avoided. Its vegetable and emergent properties have the immediate and most soothing effects on the skin,—it soothes and allays irritation, and has a fine, thick, creamy lather, which does not dry on the face. It is a decided luxury to be shaved with this incomparable soap. It is done up in elegant style, calculated either for the dressing case of the fashionable and ready "traveller, or the toilet of the most fastidious connoisseur.

BALDNESS CURED.

The following is from Sumner E. Barrett, Stoughton Street, East Boston;

East Boston, Feb. 5, 1847.

Mr. William Bogle.—Dear Sir: For several years past, my hair has been gradually wearing away, and I was bald on the head, about six or seven inches in diameter, and After repeated failures of other so-called remedies, and by the advice of friends, she was induced to use your Hyperion or a week, when to my great surprise, her hair began to grow, and I now have to say that its direct use has caused the hair to grow all over the part affected. She has used only two bottles, and that very irregularly. She has used it thinner and more regular, I have no doubt that the growth of the hair would have been continued. I am, dear sir, your respectfully, SUMNER F. BARRETT.

BOGLE'S HEBEAION,

FOR REFRESHING AND RE-UTIFYING THE COMPLEXION.

Blotching Tans, Freckles, and other symptoms of the skin, and of the failing of hair, Chapped, and blooming. It is equally efficacious in protecting the skin from the hot sun of summer, and the bleaching blasts of winter, and in the most delicate and delicious article to be found on the toilet of fashion and fastidiousness.

All the above articles have stood the test of the strictest investigation, and are WARRANTED superior to anything yet invented.

CRAMP AND PAIN KILLER.

THE MOST SUCCESSFUL REMEDY KNOWN For the cure of all Rheumatic Affections.—Pain in the Stomach, Back, Side or Limbs—Stiches in the Back, Side or Limbs—Cramp in the Limbs or Stomach—Darting Pains, Bilious Cholic, Dysentery and Diarrhœa, Colds and Sore Throat, all cases of Local Inflammation—Cuts, Wounds, Bruises, Headache, Toothache, Burns, Scalds, Frozen Limbs, &c., &c.

THIS wonderful Medicine has proved to be a truly surprising cure in cases of the most severe and painful kind. And we have seen instances in which the sufferers have said it will assuage, when you may think it is beyond the power of the power to relieve and cure of more than anyone else.

We which particular attention to the fact that it does not contain a particle of *Opium* in any form. Neither does it contain any Alcohol.

It is free from any deleterious article, and cannot, in any supposable case, injure the patient.

It does not deaden the *Life Principle*, nor produce the burning, drying, and other sensations, so much complained of in the use of other "Pain Killers."

It does not weaken the peristaltic motion of the bowels, producing Costiveness, and its attendant evils, but is a powerful agent of digestion, and of proper and healthy action in the stomach, and intestine canal.

IN ALL RHEUMATIC AFFECTIONS

Local Pains, &c., it has proved *surprisingly successful*, rarely failing to cure, even in the most desperate and long standing cases. (See Certificates.) In these cases, the parts affected should be freely bathed, and then rubbed lightly, but briskly—not hard enough to hurt the patient, till an irritation is produced on the surface, and in severe cases the patient should take half a teaspoonful on sugar or molasses.

CRAMP IN THE STOMACH, OR BILIOUS CHOLIC,

We believe it will never fail to *speedily cure*. It should be a teaspoonful at a time, on sugar or molasses, or in any manner the patient can take it best, and the stomach and bowels freely bathed. And if in fifteen or twenty minutes the patient does not find relief, repeat the dose.

DYSENTERY OR DIARRHŒA

Are speedily and easily *cured* by it. It should be given a teaspoonful at a time, once in an hour or two, or oftener in severe cases, and bathe the stomach and bowels with the same.

EVEN THE CHOLERA,

Which during the past season has swept of such fearful numbers, has been cured by it, we believe in every case, where it has been early and faithfully applied. In Bangor, where it proved so fearfully fatal, it was found to yield to this remedy, and CURTIS & PERKINS' *CRAMP AND PAIN KILLER*, was the Medicine recommended by the first Physicians, and by the Press, as the first, the surest remedy to be used.

As a dressing for *Cuts, Wounds, Bruises, &c.*, it is without a rival. As also in cases of *Burns, Scalds, Freezes, &c.*,—relieving the pain and healing with out scar.

FOR A COUGH CUE

It is, nine times out of ten, a *CURE*. We believe it will never fail, unless the tooth is uncerated. Let the tooth be hollow, saturate a little lint and put it in the cavity. Hold some of it in the mouth. If the face is swollen bathe with it.

Bathing the head with it is generally a cure for the *Headache*.

We are constantly receiving certificates from every part of the country, many of which may be seen in newspapers, and in pamphlets, which may be obtained of any of our agents.

P. S.—It is the best *HORSE AND OX LINIMENT* in the world.

Please read the following statement from John Bucknam, Esq., of Dixmont, Me.:—

Dixmont, July 11, 1848.

Messrs. Curtis & Perkins.—For two years past I have been entirely prostrated with the Rheumatism; my knees were swelled to twice their original size—a large bunch came out on my breast bone, appearing like a part of the bone thrown out. Another bone was thrown out of my wrist. In short, I endured the most excruciating pains for nearly three years. I obtained the best medical attendance the country afforded, and tried a great number of medicines and prescriptions, without the least benefit or alleviation, when I had the good fortune to procure a bottle of Cramp and Pain Killer, prepared by Messrs. Curtis & Perkins, of Bangor. Soon after taking it I found I could get some rest nights, and the pain became less violent. I have continued to take it and apply it externally, until I have used eight bottles. I took about large quantities into my system, and have all gone down, both in my limbs and breast, and I am now entirely relieved from pain. I have been able to do a good day's work at any time for the last three months, for a man of my age. No description of my case can convey the vast amount of benefit I have received from this article. I believe it is the best article in the world for Rheumatism. I have also used it for cholic and pain in the stomach, and always found immediate relief.

ST. LEON AND CAXTON SPRINGS.

MONTREAL, June 3, 1850.

For the past twelve months I have frequently recommended the Waters of the St. Leon and Caxton Springs, and have formed a favorable opinion of their efficacy as aperients in various derangements and diseases. I have found both Waters well adapted, in the generality of cases, for producing the effects for which they are used in the ordinary course of practice, and I think they tonic and alterative ingredients give them, for continued use, a superiority.

JOY TO THE BED-RIDDEN.
A VALUABLE DISCOVERY FOR
THE INSTANT CURE OF PAIN.

RADWAY'S READY RELIEF

Cures the worst disease in Minutes and Hours, and stops the most cruel pangs of pain in Seconds.

SO quick and efficacious is RADWAY'S READY RELIEF, in stopping pain, and curing disease, that it has frequently raised the diseased and helpless invalid from a bed of sickness in a few hours. It has frequently cured the worst pains of—

Rheumatism	in four hours.
Neuralgia	in twenty minutes.
The Diarrhœa	in ten minutes.
Toothache	in twenty seconds.
Nervous Headache	in fifteen minutes.
Sour Stomach	in five minutes.
Heart-Burn	in five minutes.
Bowel Complaints	in thirty-five minutes.
Cramps and Spasms	in twenty-five minutes.
Dysentery	in one hour.
Inflammation of the Bowels	in thirty minutes.
Local Inflammations	in one minute.
Influenza	in twelve hours.
Hoarseness	in ten hours.

Spinal Complaints, Swellings, Bruises, Sores, Wounds, &c., it will remove ten times quicker than any other remedy in use.

LET THOSE WHO SUFFER TRY IT!

It will prove itself in a few minutes. As soon as it is taken internally, or applied externally, its beneficial effects are seen. It is better than all other remedies.

HERE IS THE PROOF.

There is no other remedy that claims to subdue the cruel pangs of pain in seconds, minutes, or even hours. They require the patient to wait some time after dose before a favorable change is promised. Not so with Radway's Ready Relief. Its effects are instantaneous; the first dose that is taken; or the first external application, commences its great work of relief from pain.

BEAR IN MIND,

That Radway's Ready Relief will cure either of the above-mentioned Diseases in one-tenth the time it takes any other Remedy to give even Partial Relief.

TAKING COLD.

This sentence is constantly in the mouth of every person, in order to explain certain complaints. Those who use it often, we think, have but a faint idea of its precise meaning. We will offer an explanation, which we believe to be the opinion of a majority of the most learned physicians. A person, for instance, has been over exerting any particular set of muscles—of the thoracic, from speaking—of the loins, by too much stooping or bending, or these or any other part of the body; these parts or muscles are, consequently, weakened and relaxed, and become a easy prey for any disease. The person who has been thus acting, accidentally or otherwise, exposes himself to the cold air, the perspiration immediately ceases, and the blood, which had been but just now circulating rapidly throughout the surface of the body, is repelled inwardly, and is sure to settle in those parts which have been previously wearied and relaxed. Here, then, we have an accumulation of blood, a congestion, which gives rise to all the pain and stiffness attendant upon such complaint. When this takes place in the throat, we have what is called Sore Throat; when in the loins, Lumbago or Stiff Back; when in the chest, Pleurisy. We also have it in the shoulder-blade, side, and other parts.

RADWAY'S READY RELIEF,

Taken Internally and applied Externally.

Its first action, when freely applied, is to blunt the acute sensibilities of the nerves, and almost instantly relieves the pain; its second ry action is to excite perspiration, and redden the parts over which it is applied almost to a glow, thereby determining the blood from the diseased parts to the surface. In these cases, the RADWAY RELIEF should be applied freely, at the same time rubbing the parts with a piece of flannel, and it will be found in every case to give immediate and permanent relief.

N. B.—If convenient, a piece of flannel saturated with the RELIEF, and tied or pinned around the parts, does good service.

A BAD COUGH CURED IN TEN MINUTES.

Mr. Rigdon, of Brooklyn, the celebrated Church Singer and Organ-Player, on the night of the 10th of December was attacked with a severe fit of coughing—so that he could not sing. Twenty drops of the Relief, in a few seconds, stopped the fit of coughing, and he sang the next morning, as usual. Mr. Rigdon, Mr. Bangs, Mr. Dwyer, and all the Clerks of Radway & Co., swear by the Ready Relief, and have been cured by it of every kind of pain, in a few hours, or a few seconds, the coughing ceased, he could expectorate freely, and raised with perfect ease a great quantity of phlegm. The Relief instantly soothed the irritation of the throat, and removed the inflammation from the lungs, and gave free action to them, produced a free and copious perspiration of the throat and chest; and in ten minutes he was entirely free from pain, and sunk into a sound and pleasant sleep. In the morning he was free from hoarseness and cough, and has not been troubled since. Let every individual who is troubled with a cough, sore throat, influenza, or hoarseness, pursue the same plan, and we will warrant them a speedy cure.

LAMENESS

If you have a stiff joint, a wrenched limb, a swelled leg, a bruise, or any thing short of a broken bone. Radway's Ready Relief will cure you. The lame have been restored to the free use of their limbs by a few applications of the Relief. The cripples who has limped from spot to spot upon his crutch, has been relieved of his painful afflictions, and enabled to stand erect, as God designed that Man should stand, by a few times using the Relief.

THE RHEUMATIC,

Who has been bed-ridden for years, and out from the busy world, and lingered with pain upon the couch of sickness, deprived of the society of friends, and of the pleasures of life, has been *raised from a lingering death* by the soothing, healing, and pain-relieving influences of Radway's Ready Relief. In all cases of Rheumatism—even the worst cases—one trial of Radway's Ready Relief will prove its superiority over all other remedies in use.

BLEEDING AND BLIND PILES,

Are instantly eased, taking the Ready Relief internally—say a tea-spoonful of the Relief in a table-spoonful of Molasses, and make a Cream of the Relief, by adding to it Sweet Oil, and anoint the parts affected. If the sores are very bad, take a leaf of tobacco, dip it in warm water, then wet it with the Relief, and lay it on the sores, you will have immediate relief and a speedy cure.

RAGE VERSUS YOUTH.

Radway's Ready Relief renews the vigor of youth in old age. The old man of seventy is invigorated by its strengthening and exhilarating effects; it arouses the vital energies to life—the heavy and languid motion of the functions of the body is quickened to a healthy action—and the hitherto dull and moping old man becomes active and vigorous in old age, and his life prolonged to the full number of his days.

FOR ALL PAINS,

Whether internal or external, take Radway's Relief, or apply it externally, it will relieve pain and cure disease quicker than any remedy in use.

RHEUMATISM CURED IN TWO HOURS.

Mr. Jones, of Clifton, Va., writes:—A lady in this place has been confined to her room for four months with Rheumatism; she purchased a bottle of Radway's Ready Relief—in two hours she was able to leave the room, and in the evening she walked out.

THIS GALVANIC EMBROCATION is an unequalled remedy for the Cure of Rheumatism, Acute or Chronic, seated in the Head, Joints or Limbs, Tic Douloureux and Gout, in its worst forms, Palsy, Fits, Scrofulous or King's Evil, Spinal and Hip Complaints, Stiffness of the Joints, Lumbago, Mumbago, Chilblains, Fever Sores, Salt Rheum, Ring Worms, White Swellings, Diseases of the Skin, Erysipelas, Tetter or Tinea Tetter. It is free of the Skin, Erysipelas, Tetter or Tinea Tetter. It is free of any injurious ingredient, and in the most confirmed cases of Scrofula and Scrofulous Affections of the Neck, Affections of the Spine, Mercurial Affections, &c., &c., &c.

It is now generally admitted, by the learned and scientific, that the mysterious power called Galvanism or Magnetism is in fact the principle of Vitality or Life, and that disease in many of its most painful forms is entirely owing to the absence of this Vital Principle in the system, or to its derangement. If, then, we can readily supply this vital power, when it is the deficient agent, we can successfully combat disease; and this has been fully and perfectly attained by this Embrocation, which, with the Galvanic Belt, Magnetic or Galvanism with a Fluid which has cost the inventor of this remedy years of study and labor.

There is not an intelligent Physician, who has kept pace with the progress of science, that does not readily agree that the use of the Magnetic power in various diseases, and there is scarcely a Medical Journal, either in this country or Europe, which does not contain reports, without the aid of Galvanic aids, showing some new effects of these wonderful agents, or corroborating previous experience of their beneficial use. The inventor of the Galvanic Embrocation has received testimonials from able men, that is equally of the most distinguished Physicians of New York, urging it to remove the Embrocation in their practice, and from many of them he has received the highest testimonials of approval and commendation.

HUMAN HAIR.—HYPERION FLUID.—This is a compound also admirably adapted to the diseases of the hair, and has the particular advantage of being free from all poisonous ingredients, and of the application to perfectly safe. How often do we perceive young persons with hair nearly gray, or afflicted with baldness, arising from inflammation of the skin of the head, caused by the use of lead, vitriol, or other poisonous ingredients. Hyperion Fluid, by a single application, is a short time they will see the effect of its use, and be convinced of its efficacy. By a few days' use, a luxuriant growth will have taken place in the section of the skin, and a rich and luxuriant growth of hair, of its original color, will be abundantly follow. Its effects are wonderful. The Hyperion should be one of the primary requisites to every lady's and gentleman's toilet.—See advertisement.

SELF-PRESERVATION:

A MEDICAL TREATISE ON THE PHYSIOLOGY of MARRIAGE, and DISORDERS of YOUTH and MATURITY, usually required at an early period of life, which enervate the physical and mental powers, diminish the enjoyments of the married state, and exhaust the energies of Manhood—with practical observations on the Treatment of Nervous Debility and Indigestion, whether arising from these causes, close study, or the Influence of Tropic Climates; Secret and Constitutional Weakness, Impotence, and all Diseases and Derangements resulting from Indiscretion,—with Forty Colored Engravings, illustrating the Anatomy, Physiology, and Diseases of the Reproductive Organs, explaining their structures, uses and functions; and the various injuries that are produced in them.

BY SAMUEL LA'MERT, M. D.,
No. 37, Bedford Square, London.

Doctor of Medicine, Matriculated Member of the University of Edinburgh, Licentiate of Apothecaries' Hall, London, Honorary Member of the London Hospital Medical Society, &c.

This Work contains an accurate and complete account of the Anatomy and Physiology of the Reproductive Organs, and of their relative conditions in health and disease. Not are these the sole contents of the Work: the means of escape, as well as the nature of the danger, are pointed out in clear and intelligible language. It deserves only reading the closest attention and study, for what subject can be of more import than the preservation of health, and of the physical capabilities of which every man should be possessed. It unfortunately happens that the unhappy victim of excessive indulgence and vicious habits, whether acquired in early life, or from the follies of advanced age, while suffering from their internal consequences, anxiously entertains a fear of applying to a qualified Physician for relief. Shame and the dread so frequently, but erroneously, entertained, that these complaints are beyond the reach of art, alike restrict him, and prevent the seeking for assistance where alone it can be procured. In acting thus, he forgets that accurate discrimination in ascertaining the causes of disease, sympathy with the sufferer, and, above all, secrecy, invariably characterize the intelligent and practical physician, and to the medical man, who can shew by his possession of the requisite legal qualification, that he is entitled to esteem and respect in his professional patronage, the utmost confidence should be extended. In LA'MERT has obtained the highest medical honors, as his diplomas testify, and the great extent of his practice for many years, is a guarantee for his professional experience, which has reference almost solely to the treatment of these diseases.

The Work may be had in Montreal, of BENJAMIN DAWSON; in St. Johns, of H. CREES & Co., price 2s. 6d. Sterling; Halifax, Messrs. MORTON & Co.

IMPORTANT TESTIMONIALS.

Copy of a Letter from "Coldcoat Hawker," (the well-known as "Guns and Shooting.")

Longparish House, near Whitchurch, Hants, October 27, 1848.

Sir,—I cannot resist informing you of the extraordinary effect I have experienced by taking only a few of your LOZENGES. I had a cough for several weeks, that defied all that had been prescribed for me; and yet I got completely rid of it by taking about half a small box of your Lozenges, which I had scarcely more than one dose left in the cough without deranging the stomach or disgusting the organs.

I am, Sir, your humble servant,
P. HAWKER.

To Mr. Keating, 79, St. Paul's Church Yard.

William Street, East India Road, Poplar New Town, Nov. 3, 1849.

Sir,—I conceive that it is merely the manifestation of a proper sympathy for the afflicted, by informing you of the very decided and extraordinary relief which I have obtained from the use of your Cough Lozenges. I have for the last four years been afflicted with a distressing cough, with a difficulty of breathing. Accidentally hearing of your Cough Lozenges, I purchased a 2s. 9d. tin of your Agent, Mr. Kernot, of Chemist's Place, Poplar New Town, by which I am now perfectly cured, and beg to return many thanks, and am,

Sir, your obedient servant,
CHARLES WOOD.

Thos. Keating, Esq.

Sir,—Having been troubled with a very bad cough for the last eight months, I applied to Mr. Hammon, Chemist of this town, for some relief; he recommended me your "COUGH LOZENGES," which I am happy to say, cured me in a week. I beg most cordially to recommend them, and beg you will not hesitate to make this letter public; such a *valuable remedy cannot be too well recommended*. I have the honor to be,

Sir, your obedient humble servant,
JOHN HILL, Bart.

Halifax, N. S., August 15, 1846.

Sir,—In mentioning the receipt of your letter, with second consignment of Lozenges, by the "Rover," we are gratified in being able to inform you that they have given very general satisfaction here, having proved singularly efficacious in the removal of COUGHS and COLDS, of which the increasing demand is a sufficient evidence. We shall, probably, require for the Winter a further supply of FORTY OR FIFTY DOZENS, which you can forward at first convenience by one of the Cunard Steamers, via Liverpool, for

PLANTAGENET WATER.

Among the objects of attraction at the late Industrial Fair, the celebrated Plantagenet Water held a conspicuous position, and its exhibition was attended, we learn, with the most favorable results. The demand for the Depot for this health-giving draught was so urgent, that it was with great difficulty strangers and visitors to the city could be supplied. The celebrity of these Mineral Springs has been so thoroughly established, and established on that testimony of the most valuable character which daily accumulating. The highly respectable certificates given in our paper of to-day will, if perused, increase their reputation, and add to the fame of Canada, the Province. The analysis by many of the medical gentlemen is certainly highly favorable to the character and quality of these Springs.—Drs. Nelson and Gibb placing them above all other Mineral waters on this Continent.

As I believe I was one of the first Practitioners of this city who recommended the use of the Plantagenet Spring Water, and since then that I have prescribed it to a very large number of my patients with so favor
