ALL THE NEWS OF THE SEASON'S SPORTS.

BASEBALL

St. John is to have some good baseball attractions this year. Arrangements have been made to bring the Ottawa champions here. They will play two games here, two in Fredericton, and two in one other city not yet selected.

The Presque Isle team and Joe Page's Montreal team will also probably be secured. Negotiations are also under way to bring the Japanese baseball team on a trip through the provinces, and should a satisfactory arrangement be made, St. John will have a chance to see what the Japs can do at the great American game.

Not the least interesting however will be the two games to be played on the 24th of May by the two local teams, St. Johns and Portlands. The boys of both teams have determined to start the league with a victory to their credit, and the result should be a well-fought and interesting contest. In looking over the line-up of the two teams it would be hard indeed to say which was the more likely to win, as both look good on paper. The morning game will be played on the Shamrock grounds, commencing at 10.30 o'clock, and the afternoon game on the Victoria grounds at 3 o'clock. The tickets which have been issued by the St. John baseball club, entitling the holder to admission to five games and grandstand seat for $1.00, are meeting with a ready sale, and as only a limited number have been issued, those wishing them should secure them at once.

Suspensions Removed.

The suspensions of Fred A. Jamieson, Newton Thomas, Edward Coleman, J. J. Gallagher, Michael Halfpenny, Philip Gogain, all of Moncton, suspended by Bulletins Nos. 232 and 4, are hereby removed from May 18th, 1905.

Declared Professionals.

H. Morton, C. D. Bovard, A. L. Donald, of the Franklin Baseball Club in 1904; Clifford Stubks, Elliott Bolser, George Bolser, Bruce Storey, C. M. Melloh, C. W. Lockhart, members of the Trojans Baseball Club in 1904, and John Weir, member of the Thistle Baseball Club of 1904, all of Moncton, N. B., suspended by Bulletin No. 232, are hereby declared professionals.

Skull Fractured by Ball

Marion Stewart Dravo of Pittsburg, catcher on the Trinity College baseball team, is in the Hartford Hospital with concussion of the brain and possibly a fractured skull. In the game with the Syracuse University team on Wednesday last Dravo was at the bat in the fifth inning, when he was struck by a ball thrown by Watkey, the Syracuse pitcher. The ball struck Dravo's bat, glanced off and hit Dravo on the side of the head. He fell to the ground and was in great pain for more than five minutes. Then he got up and continued the game until the seventh inning, when he again collapsed and was taken to the hospital.

National League

Boston, May 19—Boston outbatted St. Louis 12 hits to 6 today but was defeated 5 to 3 through poor work on the bases and inability to hit at critical times. St. Louis won by bunching hits with passes and Boston's errors in the fourth, seventh and ninth inning.

The scores:—

At Boston—St. Louis, 5; Boston, 3.

At Philadelphia—Philadelphia, 9; Cincinnati, 4.

At Brooklyn—Chicago, 2; Brooklyn, 1. (10 innings).

At New York—New York, 7; Pittsburg, 1.

Boston	10	17	.370
St. Louis	10	17	.370

American League

Cleveland, May 19—Cleveland had no difficulty in defeating Boston in the only game of the series that the two teams were able to play. Tannehill was hit hard throughout and received miserable support. On the other hand, Hess pitched steadily with men on bases except in the ninth inning, and received good support. Jackson, of Cleveland, was hit by a fly ball in the face prior to the game and was unable to play. The bus carrying the Boston players to the grounds was struck by a street car at the corner of Euclid and Dunham avenues. The players were badly shaken up but none was seriously hurt.

The scores:—

At Cleveland—Cleveland, 11; Boston, 4.

At Detroit—Detroit, 4; Washington, 2. Second game—Detroit, 2; Washington, 10.

At St. Louis—St. Louis, 0; New York, 3.

Baseball Notes

The Cornwall baseball team wish to challenge the Young Royals to a game of baseball on Hannah's field May 24. Answer through this paper.

The Young Thistles defeated the Young Emeralds last night by a score of 5-1. The batteries were McDade and McGrath for the Young Thistles and Doherty and McAnulty for the Emeralds.

The local amateur league game last evening was postponed on account of wet grounds.

INTERESTING NEWS OF HORSES AND HORSEMEN

The "Down East" sale of the Fasig-Tipton Company will open at the Readville track on Monday morning, and a total of 425 horses listed in the catalogue just issued will be disposed of during the five days. The sale opens with a consignment from the well-known nursery, the Lookout Farm, South Natick (Mass.), the home of May King, 2. 20, to high wheel sulky, and sire of the $32,000 Bingen, 2.06¼. This is an absolute dispersal sale, and every horse on the farm, numbering over fifty head, will be sold to the highest bidder. As most of the stock are closely related to Bingen, there will be a great demand for them. This consignment will be to this year's sale what the J. Malcolm Forbes horses were last year. The fastest horse by the records to be sold is the famous pacer Royal R. Sheldon, 2.04 3-4, but it does not mean that this will bring the highest price, as there are a lot of very promising green prospects which will draw horsemen from all parts of the country.

Among others the entire stables of F. G. Schmidt and Jeremiah Murphy, both of New York, will come under the hammer. In addition there will be consignments from Dreamwold, the farm of Thomas W. Lawson; Rose Hill Farm, Leach Stream Farm, Arab Stud Farm, Muster Hill farm and other leading breeding establishments. Among the horses are White Hose, 2.08¾, consigned by J. E. McKenna; Sampson, 2.08 3-4, which has shown good speed on the Harlem River Drive. E. T. Bedford, will sell among others the famous trotter, York Boy, 2.08 3-4, and the two-year-old colt, Lewis B., entered in $54,600 worth of futurities and which has shown a quarter in forty-three seconds. F. G. Schmidt has consigned the good going trotter A. J. D., 2.09½; the pacer Greenlander, 2.09 3-4, that has shown a half in 1.01, and Plumline, 4, 2.12¼, that has trailed a half in 1.02½ to a cart. Of the eight horses with records of 2.09 3-4 or better in the sale, five are consigned from New York. Judged from the records, authentic trials and breeding of the stock consigned to the "Down East" sale, the firm hopes to make as good a sale record as it did last year at the same price.

One of the most interesting consignments is made by the Arab Stud Farm of J. A. P. Ramedell of Newburg (N. Y.) Besides some well-bred trotting stock, Mr. Ramsdell will send a few horses by pure bred Arabian stallions out of trotting-bred mares, or vice versa. He owns the desert-bred mare Nedjma, considered the best and purest Arabian mare that ever went out of Arabia to any foreign country, also the imported stallion Garaveen. The mare was brought to this country during the Chicago fair and the stallion was imported later, the two costing their owner a big sum of money. Mr. Ramsdell has tried with success to demonstrate the value of the pure Arab cross with our trotters and recognized saddle breeds. While the consignment is not the very best from the Arab Stud, it is good enough to show the horse public the result of this new and much discussed method of breeding.

A Well-Bred Colt

Alexander Clark, of the North End, has in his possession one of the finest bred colts that was ever in St. John.

The colt was born on the Palo Alto Farm, California. It was sired by Monbells, who has a record of 2.23¾, and his dam was Maiden, one of the finest mares that was ever bred on the Palo Alto Farm. Her record, when three years old was 2.23.

She was also dam of Marston C., whose record when three years of age was 2.19¼. Maiden is a sister to May King, 2.20, sire of Bingen, 2.06¼.

Maiden was foaled in 1884, is 15 hands high, bay mare, and registered, Vol. VI.

Maiden is a mare of proven matronly qualities, is sired by the greatest sire of trotters, is from a record mare, and is herself the dam of a trotter.

Maiden's first foal, Marston C., was a great three year old, starting eleven times, and, with three exceptions, gaining fourth place.

The other foals of Maiden are all speedy, and, undoubtedly, Monbells, Jr., bred in May, 1903, will not be an exception.

The Times was shown the colt by Mr. Clark, and it is undoubtedly a beautiful sample of horseflesh. It stands 15 hands high. Mr. Clark is justly proud of Monbells, Jr., and looks forward to the day when he will keep the good record of his dam.

Monbells, sire of Mr. Clark's colt, is a grandson of Electioneer.

Monbells, Sr., sired Pan Michael, 2.05; Boralma, 2.07; Annie Lee, 2.07¼; Bob Fitzsimmons, 2.07¾; Silver Chimes, 2.08¼; Tom Britton, 2.07¼; Charley Herr, 2.07; Carmina, 2.07¾; Alpha W., 2.08; Col. Lumis, 2.08¼.

There is much fast stock in both Monbelle, Jr.'s., dam and sire.

Mr. Clark, who is an employe of Hilyard Bros., went to the great horse farm shortly before last Christmas. He purchased Monbells, Jr., and also the dam, Maiden. Mr. Clark has received letters from some of the greatest horse fanciers of the day congratulating him upon the purchase of such a colt.

A member of the Agricultural Society visited Mr. Clark's barn, off Main street, the other evening, and said that in all his experience he had never seen a young colt formed so perfectly.

HORSE NOTES

A Training Ring for Horses

Reginald C. Vanderbilt's Sandy Point farm is destined to be an important place. During Mr. Vanderbilt's ownership there has been a continuous march of building operations, which already makes a large and expensive group, but now a mammoth structure has been begun which promises to direct much attention to the farm. The new structure is called a training ring, and is in reality a great shed. Under its roof horses will be trained for the show ring, and it will not be surprising if it is made now and then the scene of an amateur circus or other society event. The building is to be 242 feet long by 134 feet broad and 50 feet high. This will permit a ring 80 by 100 feet. The roof will be carried by ten great yellow-pine trusses, having a clear span of 86 feet, which shows the great size of the structure. At one end, in an addition 25 by 35 feet, there will be a lounging room, while at the other there is to be a coachhouse, 56 by 84 feet, which will contain twenty-eight box stalls and room for vehicles. On the second floor there are to be ten rooms for the stablemen.

W. J. Furbush Here

W. J. Furbush, of West Newton, Mass., was at the Dufferin yesterday. Mr. Furbush will not race any horses this year as he intends selling all his string at the Fasig-Tipton sale, in Readville, on Monday or Tuesday next. Mr. Furbush says if the man who wins Phoebon W. does not want to keep him, he is willing to make a good offer for him. Mr. Furbush left for St. Stephen this morning, where Mrs. Furbush is visiting her mother Mrs. Densmore.

Moosepath Races

A meeting of the St. John Driving Club was held at the Dufferin last evening at which arrangements were made for a circuit meet here on July 19th and 20th. The classes will be as follows:

Free-for-all, trot and pace.

2.19 class, trot and pace.

2.24 class trot and pace.

A purse of $300 will be hung up for each class.

The 2.19 class and the 2.24 class will be pulled off on the 19th and the 2.40 and free-for-all on the 20th.

The circuit opens at Springhill where there will be a two days' meet, June 30th and July 1st. The other dates arranged for are: Moncton, July 7th and 8th; Fredericton, July 12. Indications point to one of the most successful meets ever held here.

"Clay Eclipse" Not Dead

NEW YORK, May 19. — Clay Eclipse, the Arabian stallion which was pronounced dead of blood poisoning yesterday, was found to be alive today. An attendant noticed a slight twitching of the animal's limbs and stimulants were poured down the beast's throat. He responded so well that a veterinary who has charge of the animal believes he will recover.

THE RING

Nelson and Attell Matched

NEW YORK, May 19.—"Battling" Nelson and Abe Attell have signed articles to fight six rounds at 130 pounds before the National Sporting Club of Philadelphia next Monday night.

Goodman and Nelson

Kid Goodman, nothing daunted after his defeat at the hands of Herrera, is willing to take chances with no less a personage than "Battling" Nelson. He received a letter from Butte (Mont.) offering him a chance to meet Nelson there June 13. The "Kid" intends to accept if he is not rematched with Herrera.

WRESTLING

Jenkins Wins Another

NEW YORK, May 19. — A whirlwind finish to a most interesting catch-as-catch-can wrestling match, between Tom Jenkins of Cleveland, Ohio, and Frank Gotch of Humboldt, Iowa, contested at Madison Square Garden tonight, resulted in a clean victory for Jenkins, who won two out of three falls.

Jenkins won the first bout in one hour, 27 minutes and 35 seconds; Gotch the second in 35 minutes and 23 seconds, and Jenkins the third and last bout in 11 minutes 10 seconds.

MARCONI SANGUINE

He Hopes For Great Things From His New Wireless Station at Glace Bay.

SYDNEY, N. S., May 20 (Special).—The new Marconi station at Glace Bay is practically completed and a test for the establishment of communication with Polhu will begin next week. Mr. Marconi is quite sanguine of success. He does not expect any difficulty in achieving the desired result of the experiments.

ALBANIANS ARE THREATENING

VIENNA, May 20.—It is reported from Belgrade, Servia, that 2,000 Albanians have surrounded the town of Guillane, Albania, and are threatening to massacre the Servian population of that place. There are 800 Turkish troops at Guillane and reinforcements are expected from Uskub.

YACHTING

Yachts Not Sighted

NEWPORT, R. I., May 19—A wireless message from the lightship, received at 4.10 p. m., said: "Wind west; stiff breeze, 28 to 30 knots an hour; very clear, sea very rough; barometer 26.97; no yachts in sight."

Yachtsmen in this city are beginning to believe that the fleet will not be sighted now from the lightship. It is thought that the main body must have gone by in the fog yesterday.

C. M. B. A. ANNINERSARY

The fifteenth anniversary of branch 134 of the C. M. B. A. will take place at the York assembly rooms Monday night.

Arrangements for the celebration have now been fully completed. It will take the form of a social assembly, and there is every indication that the affair will be by long odds the most successful of its kind in the history of the association.

There are sixteen dances on the programme, and dancing will be begun at 8.30.

THE AUSTRIAN NAVY

VIENNA, May 20. — The minister of marine has placed a primary order for six torpedo boat destroyers and ten torpedo boats with a firm of shipbuilders at Fiume. They will be the first of such vessels to be built in Hungary and will cost $3,000,000.

BRITISH BATTLESHIP

New One Launched --- Will Use Turbine Engines.

LONDON, May 20—The first class battleship Africa, of 16,350 tons was launched at Chatham dockyard today. She is of the King Edward VII type.

GLASGOW, May 20.—The British admiralty has invited engineering firms here to make tenders for the construction of turbine engines intended for the new battleships to be built in the government dockyards. The specifications demand that the engines develop 2,300 horse-power.

THE GUNNER'S MATE

It is a topical to date drama, depicting life aboard warships. The drama is in five scenes. Three of the scenes and the cruiser New York. These are from photographs of the ship. In the fire room scene in the third act there is an entirely original and thrilling episode never before shown on the stage. This episode is the sensational climax of the drama, and is expected to be very effective. It is a duplicate of an actual occurrence in the navy, where a valiant blue-jacket entered the furnace while the fire was still in it, in order to stop a leak which would have caused an explosion and possibly the loss of many lives. The sailor was afterwards rewarded by promotion and given a medal of honor. This is only one of the many incidents of sailor life shown in the play.

FAMOUS SONG WRITER

Thomas Brigham Bishop, who died Monday at his home in Philadelphia, was the composer of some of the most famous tunes used in the Civil War, notably those to which were sung "When Johnnie Comes Marching Home" and "John Brown's Body." The first of these was originally a drinking song, "Johnny, Fill Up the Bowl," and the second a hymn tune, "Glory Hallelujah." He wrote some 300 other songs which have dropped out of sight, the most popular of them being "Shoo Fly, Don't Bother Me." He also composed much guitar music, and two years ago he arranged to have a collection published, chiefly to be handed down in his family. But the manuscripts were destroyed by the stupidity of a hotel chambermaid. He was born in Wayne, Me., June 29, 1835, studied music in Providence, R. I., and became an expert guitarist. In the course of his life he was an inventor, banker, stock broker and promoter. For four years he had suffered from locomotor ataxia.

Bilbson.—"The musician touched his notes very gently."

Gilbson.—"Yes; but the banker was even more gentle; he wouldn't touch them at all."—Town and Country.

A FLOATING POOL ROOM

Detroit Sports Hit on Novel Plan to Conduct Gambling Resort.

WINDSOR, Ont., May 20.—(Special)—Floating securely at anchor in Canadian waters just above the head of Belle Isle, and a hundred yards off the Canadian shore, the old passenger steamer, Pagan State, filled up by Detroit sportsmen as a pool-room, began business as such yesterday. Racing returns are received via the wireless, and patrons are taken out from Detroit on a small excursion steamer chartered for the purpose.

The idea of doing business on the river was conceived to be a piece of brilliant strategy, but it is bound to fail, for already the word has been passed that the Canadian authorities will not permit the vessel to remain in Canadian waters.

SONS OF ENGLAND

Marlborough Lodge, Sons of England, visited the sister lodge of Portland in Orange hall, Simonds street, last evening, and a couple of hours of a very enjoyable nature were spent.

There were speeches by Leverett Thorne, president of Marlborough lodge; H. Sellen, of Portland lodge; Dr. Stewart Skinner, Henry C. Green, a past president; H. Vanwart, the chairman and others.

Songs were given by George Oram, Mr. Lewis, J. H. Tonge, H. Noakes, R. Rynes, Harry Lowe; readings by Chas. Ledford and Thos. Pile, and a recitation by R. E. Coupe. Refreshments were served.

SUMMER MEETINGS

The local government are planning to hold this year a series of summer meetings of the Farmers' and Dairymen's Association on a new system. Hon. L. P. Farris, commissioner of agriculture for the province, told a representative of The Telegraph yesterday that arrangements had been made with the department of agriculture at Ottawa to send two lecturers to New Brunswick during part of the month of June. The lecturers, he said, would be Duncan Anderson, of Rugby (Ont.), and W. F. Stephens, of Huntingdon (P. Q.), and the following dates had been arranged: June 14, Andover; June 18, Woodstock; June 19, Lower Jemseg, Queens county; June 21, Kings county; June 28, Chatham.
