M. the Forest is the best Medical School!

That predisposition which exposes the human frame to the injection and virulence of all diseases, proceeds directly or indirectly from a disordered state of the System, caused by Impure Blood, Bilious and Morbid condition of the Stomach and Bowels.

DR. HALSEY'S
GUM-COATED
FOREST PILLS.

(A Surrogate preventive of unnecessary efficacy.)

These Pills are prepared from the best Sarsaparilla, highest Medicinal virtues. They are warranted not to contain any Mercury or Mineral whatever. They purge without griping, nauseating or weakening; can be taken at any time with slight restriction from business, change of diet, or danger of taking cold. They without have the taste or smell of medicine, and are five times more effectual in the cure of disease than any Pills in use.

But a short time has elapsed since these great and good Pills were first made known to the public, yet thousands have already experienced their good effects. Invalids given over by their Physicians as incurable have found relief, and been restored to sound and vigorous health from their use.

TO FATHERS OF FAMILIES.

Bile and foul state of the stomach occasions more sickness and deaths in families than all other causes of disease put together. In the latter part of Summer and Autumn, when the atmosphere everywhere is poisoned from miasma, arising from stagnant pools and decayed vegetation, whole families are taken down by Malignant Fevers, Fever and Ague and other dangerous disorders, all proceeding from a bilious and foul state of the stomach. No parent can be so ignorant as not to know the great danger existing from biliousness, no parent would be guilty of causing the

DEATH OF THEIR OWN CHILDREN!!!

Yet thousands of children and adults die every year through neglect of parents to attend to the early symptoms of a bad and foul stomach.

Superfluity of bile may always be known by some unfavorable symptom which it produces, such as sick stomach, headache, loss of appetite, bitter taste in the mouth, yellow tint of the skin, languidness, costiveness, or some other symptoms of a similar nature. Almost every person at this season of the year is bilious, the neglect of which is sure to bring on some dangerous disease, frequently terminating in death. A single 25-cent box of Dr. Halsey's Gum-coated Forest Pills are sufficient to keep a whole family from bilious attacks and sickness from six months to a year. A single dose, from 1 to 2, of these mild and excellent Pills for a child, from 2 to 4 for an adult, and from 3 to 6 for a large person, carry off all bilious and morbid matter, and restore the stomach and bowels, curing and preventing all manner of bilious attacks and many other disorders.

SALTS AND CASTOR OIL.

No reliance can be placed on Salts or Castor Oil. These, as well as all common purgatives, pass off without touching the bile, leaving the bowels costive and the stomach in as bad condition as before. Dr. Halsey's Forest Pills act on the gall ducts, and carry all morbid bilious matter from the stomach and bowels, leaving the system strong and buoyant, mind clear, producing permanent good health.

Dr. Halsey's Forest Pills are unlike all others. They act directly on those vital organs of the Stomach, Liver, Kidneys, &c., which separate the fluids of the body and separate the impurities from the blood. While they purge all bilious and morbid matter from the stomach and bowels they cleanse and renew the blood, thereby destroy the seeds of disease. The Forest Pills do not weaken, but give strength and animation to both body and mind. They neither cause griping nor any inconvenience whatever, and the patient is better able to attend to business while under their influence than before taking them. They are mild in operation, yet powerful in restoring health.

The great amount of good these Pills have done for the sick and afflicted have induced thousands to commend them to their friends and the public. Individuals of worth and integrity in almost every part of the country have testified to the world in favor of their great efficacy in curing disease.

Testimonial after testimonial showing their great powers of curing in all and every class of disease have been tendered to us by individuals of unblemished character and respectability. The following testimony is from a respectable and wealthy farmer residing near Utica, New York:—

UTICA, November 9, 1848.

DR. G. W. HALSEY,—Every fall, for several years back, I have had much sickness in my family, of Bilious Disorders, and Ague and Fever. In the fall of 1846 two of my children were taken at the same time with Bilious Fever. In former seasons, when sickness occurred in my family, I had always employed a Physician. But at this time having two boxes of your Forest Pills in the house, I concluded to try them. I gave to each of them six Pills, and four hours after I gave them three Pills more. They soon operated, bringing away much black and green matter. On the following day the fever had left them, and they both recovered without any more medicine. Since this time I have always kept your Pills at hand, and in all cases of sickness we have used them with the most happy results.

NOTICE TO THE PUBLIC.

In 1845 Dr. Halsey's Pills were first made known to the public, under the denomination of "Halsey's Sugar-Coated Pills." Their excellent qualities soon gained for them a high reputation, and the annual sale of many thousand boxes. This great success excited the avarice of designing men, who commenced the manufacture of common Pills, which they coated with Sugar, to give them the outward appearance of Dr. Halsey's, in order to sell them under the good name of Dr. Halsey's Pills had gained by curing thousands of disease.

The public are now most respectfully notified that Dr. Halsey's genuine Pills will henceforth be coated with

GUM ARABIC,

An article which in every respect supersedes Sugar, both on account of its healing virtues and its durability. The discovery of this improvement is the result of a succession of experiments during three years. For the invention of which Dr. Halsey has been awarded the only Patent ever granted on Pills by the Government of the United States of America.

The Gum-Coated Forest Pills present a beautiful transparent glazed appearance. The well-known wholesome qualities of pure Gum Arabic, with which they are coated, renders them still better than Dr. Halsey's celebrated Sugar-Coated Pills. The Gum-Coated Pills are never liable to injury from dampness, but remain the same, retaining all their virtues upon indefinite period of time, and are perfectly free from the disagreeable and nauseating taste of Medicine. In order to avoid all impositions and to obtain Dr. Halsey's true and genuine Pills see that the label of each box bears the signature of G. W. HALSEY.

Remember!!! If you wish to be sure of a medicine which does not conceal that barbing poison, Calomel or Mercury, purchase *HALSEY'S GUM-COATED FOREST PILLS*, and avoid all others.

If you desire a mild and gentle purgative, which neither nauseates nor gives rise to griping, seek for HALSEY'S PILLS.

If you would have the most concentrated as well as the best compound Vegetable *Extract* in the world for purifying the Blood, obtain Dr. HALSEY'S PILLS.

If you do not wish to fall a victim to dangerous illness, and be obliged to send to a Physician's bill of 20 or 30 dollars, take a dose of Dr. HALSEY'S PILLS as soon as unfavorable symptoms are experienced.

If you would have a Medicine which does not leave the bowels costive, but gives strength instead of weakness, procure HALSEY'S PILLS, and avoid Salts and Castor Oil and all common purgatives.

Parents, if you wish your families to continue in good health, keep a box of HALSEY'S PILLS in your house.

Ladies, Dr. HALSEY'S PILLS are mild and perfectly harmless, and well adapted to the peculiar delicacy of your constitutions. Procure them.

Travellers and Mariners, before undertaking long voyages, provide yourselves with Dr. HALSEY'S PILLS, as a safeguard against sickness.

The Rector's Terms are £50 a Year; those of the First Master at from £35 to £45.

The French Master, also, is prepared to take Boarders on the same terms.

HUMAN HAIR.—HYPERION FLUID.—This is a composition admirably adapted to the diseases of the hair, and has the particular merit of being prepared purely from vegetable ingredients, so that its application is perfectly safe.

How often do we perceive young persons with hair nearly gray, or affected with baldness, arising from inflammation of the skin of the head, caused by severe study, vicious grief, and other mental afflictions. By a liberal use of the Hyperion, in a short time they will find, to their delight, a complete change will have taken place; the hair will grow again, and a rich and luxuriant growth of hair, of its original color, will shortly follow. Its effects in cleansing the hair from scurf and dandruff are also truly wonderful. The Hyperion should be one of the principal appearances to every lady's and gentleman's toilet.—*See Advertisement.* 102

PLANTAGENET WATER.

Among the objects of attraction at the late Industrial Fair, the celebrated Plantagenet Water held a conspicuous position, and its exhibition was crowned, we learn, with the most favorable results. The demand at the Depot for this health-imparting draught was so urgent that it was with great difficulty messengers and visitors in the city could be supplied. The celebrity of these Mineral Springs has been so thoroughly and satisfactorily established that testimony of the most unimpeachable character daily accumulating. The highly respectable certificates given in our paper of to-day will, if possible, increase their reputation, and add to their value throughout the Province. The testimony of the medical gentlemen is certainly highly favorable to the character and quality of these Springs.—Dr. Robson and Gibb placing them above all other Mineral waters on this Continent:—

"I believe I was one of the first Practitioners of this city who recommended the use of the Plantagenet Spring Water, and since that time I have prescribed it to a very large number of my patients with invariable advantage.

"Two members of my family, of long and definite duration, have derived great benefit from the use of the Water. One had nearly lost all power in the right arm, the result of a severe and protracted attack of Rheumatism; the other was completely debilitated from disease of the digestive and alimentary organs.

"The administration of the Water is attended with the most salutary effects, in many instances, arising from sedentary habits, and in aged persons.

"In heartburn, morning sickness, and the other complaints to which females are peculiarly liable, during their condition, it acts most agreeably and effectually, but in these derangements, as well as where there is over action of the kidneys and bowels, it should be taken in larger quantities at a time, but more frequently.

"From an extensive experience I am well satisfied with the opinion of the Water; to which I possess it is quite plausible, and I deem it preferable to any other of the Mineral Waters I am acquainted with. I look upon many of the Mineral Waters as a great boon conferred by Providence on mankind.

"WM. SIMSON, M. D., V. R. C.,
"Phy. & Sur., Quebec Hos."

"Many months experience in the use of the Plantagenet Waters in my practice have fully convinced me of their value as a medicinal agent, and I feel, and have reason on my side, every occasion to regret their use. I find that they seldom disagree with the stomach, and always act as a gentle aperient and alterative, and, in many cases, possess, in addition, decidedly tonic properties.

"Certainly, no much has not been said in their favor, for they, probably, the most valuable Waters on this Continent.

"GEORGE D. GIBB, M. D.,
"Licentiate Royal College of Surgeons, Ireland,
"Physician to the Montreal Dispensary.

"Montreal, 6th August, 1850."

The following certificate is from the Hon. Peter McGill, a Member of the Legislative Council of the Province, and President of the Bank of Montreal:—

"CHARLES LA ROCQUE, Esq.

"SIR,—Having during the year just were the Plantagenet Water, so well known and so highly recommended in public favor by many of our most eminent Medical Practitioners, I can bear testimony to its salutary effects on my own family, which I have found it to be, from its use, most conducive to strengthen and invigorate the constitution of those who may freely use it. The tones of the water has been, in my family, decidedly beneficial in the cure of dyspepsia, and my own experience of its excellent qualities, I, of course, am in giving my testimony to its beneficial effects.

"PETER McGILL.

R. R. R.
THE PROPHECY FULFILLED.

IN the month of August, 1845, we promised to the Public that we would produce a medicine so powerful that would instantly stop the most severe pangs of pain, and speedily remove its cause.

We presented to Hospitals, and all other Institutions for the reception of the sick; to Physicians, Surgeons, and all Medical Institutions and Bodies, to introduce our Ready Relief for their inspection, and to illustrate its merits and miraculous power over pain upon the patients.

We claimed that it would allay, in a few minutes, the most severe Cramps and Spasms, and would arrest the progress of that dread plague, the Cholera—that in a few minutes it would change the hard, knotty, cold, and lifeless body, to warmth, vitality, and life.

That in a few minutes it would relieve the most severe pains in the bowels, that in fifteen minutes it would stop all painful and diarrhoea, dysentery, and purgings, and warmth to every organ and secretion of the body; that it would positively relieve the most severe and disagreeable pains, sick and nervous head-ache in fifteen minutes, and effectually cure the distressing complaint.

That it would in an instant mitigate the cruel pangs of Neuralgia, Gout, and permanently cure their excruciating affliction. That it would stop the most tormenting tooth-ache in a few seconds.

That it would relieve all Rheumatic pains in fifteen minutes, and cure many Chronic cases of Rheumatism in a few hours.

That it possessed a miraculous soothing and relieving influence over all pains originating from Rheumatic, Neuralgic, Nervous, and Bilious complaints, and that the patient suffering the most excruciating tortures, would feel its soothing influence in a few minutes.

The world was startled at the publication of our discovery. The wise sayers of Medical Science shook their heads in doubt. The sick and afflicted hoped but feared this, like other nostrums, it would cure quicker on paper than by practical experiments; thousands who were suffering with the most excruciating pains, at once determined to try it; the consequence was, that from almost every village, town, city, within 500 miles of New York, we were the daily recipients of orders for our extraordinary remedy. The people tried it and found it good; the most torturing pants were mitigated; weak and feeble victims of Rheumatism, who had long been fettered down, like other cripples
