CUNNINGHAM IS ENGINEER

HE IS APPOINTED AS SUCCESSOR TO JENNINGS.

It Was Not a Thorny Topic—Ald. Shaw Criticizes Mayor Fleming's Inaugural Address—Figures Which Speak—Send in Your Local Improvement Petitions Before March 31.

At the meeting of the Works Committee yesterday Chairman Shaw commented on the Mayor's inaugural address in reference to the abuse of the local improvement system, and presented a report showing the number of pavements laid and streets opened during the past three years.

This is a summary of the report:

	1889.	1890.	1891.
Pavements	164	68	31
Street openings	25	10	5

The committee congratulated themselves on this excellent showing.

The question of the City Engineer was then taken up. The Chairman thought it was time the position was made a permanent one for some person. Mr. Cunningham had been assistant under Mr. Sproat and Mr. Jennings and had given good satisfaction, and, continued Ald. Shaw, "I think he is capable of filling the position of chief engineer."

Ald. Burns wanted to know if the members of the board were capable of judging the qualifications of an engineer.

Give Him the Position.

Ald. Bailey, seconded by Ald. Small, then moved that G. C. Cunningham be appointed city engineer at a salary of $— per annum and that the chairman be authorized to bring in a bylaw in council giving effect to this resolution.

Ald. Atkinson said he had nothing personal against Mr. Cunningham, but he thought Mr. Jennings' resignation had been brought about in an improper way, and that was his reason for fighting against Mr. Cunningham's appointment last year, and for wishing to have the matter referred to the new council. Now that he was assured that Mr. Jennings would not again enter the city's service, he preferred having nothing further to say in the matter.

Ald. Lamb said that Mr. Cunningham had been placed in his present position more by force of circumstances than by his ability. The alderman was willing to give him a trial at his present salary.

Ald. Bailey thought the salary should be increased $500.

Ald. Shaw agreed, and the sum of $3500 was inserted in Ald. Bailey's motion and passed.

The City Gets the Worst of It.

A letter from the City Solicitor was read recommending payments of damages allowed W. Fraser.

Mr. Fraser made a claim against the city for damages to his property by the grading of Woodlawn-avenue. The matter was referred to Judge Boyd to arbitrate; he allowed $1150; the costs were $196.98, and the experts' account $20; total $1366.98.

Ald. Bailey: It seems to me the city always gets the worst of it when anything is left to arbitration.

An application to have the local improvement payments in Lucas-street altered from 5 years to 7 years was left over, and the City Engineer was asked to report on the life of pavements and the City Treasurer to report on the extra expense.

Horace Thorne's application for permission to register a plan of a short street 50 feet wide was left over.

Local Improvement Petitions.

The Mayor brought up a point which, if practicable, is a good one: That all petitions for local improvements should be made before March 31 each year.

Ald Shaw: "I did not find the Mayor opposing the old rule when in council."

At this remark His Worship blushed.

The Mayor, continuing, said his reason for wishing the change was that the council would be in a position to know what money would be required to carry out the improvements, and that petitions would not be rushed through as formerly.

The matter was left over. The engineer's report asked for an interim appropriation of $50,000; $20,000 was granted.

A special meeting of the committee will be held next week to consider the estimates.

THE LEGAL WHEELS.

Some of the Cases Which Came Before the Judges at Osgoode Hall Yesterday.

The Chancery Divisional Court sits this morning at Osgoode Hall to deliver judgment in the following cases: Burns v. Davidson, Elliott v. Elliott, Gault v. Murray.

In the case of Mrs. Catharine O'Malley against the City of Toronto, Acting Master Winchester yesterday decided that the city should pay the costs of the action. Some time ago judgment was given against the corporation awarding Mr. O'Malley $1885 as compensation for some seven feet of the plaintiff's property encroached upon by the city in the recent widening of Carlton-avenue. Judgment as to costs was reserved and Mr. Winchester's order winds up the case.

At the sittings of the non-jury Assize Court yesterday Justice Meredith gave judgment in the case of Farnsworth v. Toronto, dismissing the plaintiff's action with costs. As stated in these columns before, the plaintiff's action was brought to recover $5000 from the city of Toronto as damages for alleged injury to the property of the plaintiff consequent on the lowering by the corporation of the level of Bloor-street west. Mr. Farnsworth's store is situated in Bloor-street and he claims that his business suffered by reason of the grading of this street. In delivering judgment Mr. Justice Meredith stated that he considered that the plaintiff's property had been improved rather than injured by the change in the level of Bloor-street. The plaintiff will appeal to the Divisional Court.

Mr. D. O'Connor, acting for William Mahaffy of Toronto, yesterday issued a writ against Graham Williamson, also of this city, claiming the sum of $5000 damages for libel and slander.

Samuel W. and Ida N. Warnica own the property on the northeast corner of Yonge and Shuter-streets, and George Pears is the possessor of some lots immediately to the north thereof. An action, in which the boundary between the two properties is to be settled, was yesterday commenced before Justice Meredith but will be continued today. The plaintiffs, the Warnicas, claim that Pears, in erecting some stores on his land, has encroached some four inches on their property.

A Prosperous Sunday School.

The teachers' society in connection with the Beverley-street Baptist Church Sunday school held their annual teachers' tea in the parlors of the church. After an enjoyable repast was partaken of the business of the meeting was entered into. The annual report rendered by the secretary, Mr. Robert Burroughs, showed the Sunday school to be on as strong a basis as ever. Much credit is due the superintendent, Mr. Hawkins, and the efficient staff of teachers and officers for the amount of work done during the year. The election of officers resulted as follows: Mr. H. G. Hawkins, superintendent; Mr. Bagley, assistant; Mr. R. Burroughs, secretary; Mr. William Hall, assistant; Mr. Pease, librarian; Miss Breathwaite, treasurer.

They Want an East End Branch.

Two energetic young men, Messrs. G. W. Fitzpatrick and T. Parkes, are endeavoring to establish a branch Y.M.C.A. east of the Don. For this purpose they attended the meeting of the Christian Endeavor Society of the Simpson-avenue Methodist Church last night and requested the co-operation of the young men of the congregation. The need of such a branch has long been felt in this part of the city, and it is to be hoped that the movement will be successful. There are branches in the west and northwestern parts of the city, which are doing good work and are highly appreciated.

STRUCK BY AN ICEBOAT.

A Boy Gets In the Way of One, and Has His Leg Broken.

Iceboats move pretty swiftly, and if a person is unfortunate enough to get in the way of one he is very likely to get severely injured. When an iceboat is seen approaching, the best thing to do is to stand still. If this is done the steersman can turn the boat to one side; but if a person commences to dodge about, trying to get out of the way, he runs a big risk of being knocked over. Bert Hockridge, a young lad, who lives at 218 Centre-street, was out on the bay Monday, and when near the Island was run down by a boat in charge of Capt. Whitney. The wing of the boat struck him, knocking him down and breaking his thigh. He was taken over to the St. James' Hotel and from there to the hospital, where he now lies.

This boy has been very unfortunate of late. A short time since he was in the hospital with diphtheria, and not long before that was in the same institution, laid up with a broken leg.
